RESOLUTION NO. 03-06

RESOLUTION OF THE BOARD OF DIRECTORS OF THE GROSSMONT HEALTHCARE DISTRICT ORDERING AN ELECTION TO AUTHORIZE THE ISSUANCE OF GENERAL OBLIGATION BONDS, ESTABLISHING SPECIFICATIONS OF THE ELECTION ORDER, AND CERTAIN RELATED MATTERS

WHEREAS, in the judgment of the Board of Directors (the "Board") of the Grossmont Healthcare District (the "District"), it will serve the best interests of the District to call an election and submit to the electors of the District the question whether general obligation bonds of the District shall be issued and sold for the purpose of raising money for the expansion, improvement, acquisition, construction, and renovation of health facilities of the District; and

WHEREAS, Article XIII A, Section 1(b), of the California Constitution ("Article XIII A") provides an exception to the limit on *ad valorem* property taxes for bonded indebtedness for the acquisition or improvement of real property approved by two-thirds (2/3) of the votes cast by the voters voting on the measure; and

WHEREAS, the Board is specifically authorized to pursue the authorization and issuance of bonds by a two-thirds (2/3) vote of the electorate on the question of whether bonds of the District shall be issued and sold for specified purposes, pursuant to section 32300 *et seq.* of the California Health and Safety Code (being the California's Local Health Care District Law) the ("Law"); and

WHEREAS, in accordance with the provisions of the Law, in the judgment of the Board, the financing and refinancing of the acquisition, construction, expansion, improvement and renovation of certain property and structures necessary for the purposes of the District, including the purposes described above, reasonably requires an expenditure in excess of available funds raised by the regular annual assessment for the running expenses of the District and, in the opinion of the Board a special assessment would be inadvisable; and

WHEREAS, after a properly notice public hearing, and pursuant to section 10403 *et seq.* of the California Elections Code, it is appropriate for the Board to request the San Diego County Registrar of Voters to perform required election services for the District; and

WHEREAS, certain provisions of the California Government Code (sections 53410 *et. seq.*) require that a local agency submitting a bond measure to the voters provide specific accountability measures; and

WHEREAS, it is the intent of the Board to set forth by this Resolution the specified accountability measures with respect to the proceeds of the bonds to be authorized by the election called pursuant to this Resolution;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE GROSSMONT HEALTHCARE DISTRICT AS FOLLOWS:

Section 1. Recitals. The Board hereby finds that the above recitals are true and correct in all material respects.

Section 2. Call for Election. The Board hereby orders an election and submits to the electors of the District the question of whether general obligation bonds (the "Bonds") of the District shall be authorized to be issued and sold in the principal amount of $247,000,000 for the purpose of financing the expansion, improvement, acquisition construction, and renovation of health facilities of the District (the "Property"), and to pay costs incident thereto, as set forth more fully in the ballot measure approved pursuant to Section 4 of this Resolution. This Resolution constitutes the order of the District to call such election.

Section 3. Election Date; Request for Consolidation; Election Procedures. The Board of Directors hereby calls for this measure to be placed on the June 6, 2006 primary election, to be held pursuant to Elections Code 10406 and as otherwise allowed by the laws of the State of California and procedures applicable to the District. The Secretary shall file (or cause to be filed) a certified copy of this Resolution no later than March 9, 2006, with the Clerk of the Board of Supervisors of the County of San Diego (the "County") and with the Registrar of Voters of the County. Pursuant to Part 3 (commencing with Section 10400) of Division 10 of the California Elections Code, the Board of Supervisors of the County is hereby requested to order consolidation of this bond election with such other elections called for June 6, 2006 in the same territory. The Board of Supervisors of the County is hereby authorized and requested to canvass the returns of the election pursuant to Section 10411 of the Elections Code.

(a) The election shall be held and conducted, and the votes thereof received and canvassed by the County on behalf of the District, and the returns thereof made and the result thereof ascertained and determined as required by law, and in all particulars not prescribed by this Resolution the election shall be held as nearly as practicable in conformity with the Law and the election laws of the State of California. Only qualified voters of the District may vote at the election.

(b) The precincts, polling places and officers for the election shall be as set forth in the Election Order to be published by the Registrar of Voters.

(c) The Registrar of Voters of the County is hereby requested to reprint the full text of the Measure contained in Section 4 hereof (that portion of Section 2

appearing in bold-face type) in the voter information pamphlet to be distributed to voters pursuant to Section 13307 of the Elections Code. In the event the full text of the Measure is not reprinted in the voter information pamphlet in its entirety, the Registrar of Voters is hereby requested to print, immediately below the impartial analysis of the bond proposition, in no less than 10-point boldface type, a legend substantially as follows:

> "The above statement is an impartial analysis of Measure ___. If you desire a copy of the measure, please call the San Diego County Registrar at (858) 565-5800 and a copy will be mailed at no cost to you."

Section 4. Purpose of Election; Ballot Measure. The purpose of the election shall be for the qualified resident voters in the District to vote on a ballot measure (the "Measure") containing the following question:

> **"To improve life-saving emergency care in East County, reduce emergency room overcrowding and improve medical facility access following earthquakes, wildfires or other disasters, shall Grossmont Healthcare District issue $247,000,000 of bonds to complete Grossmont Hospital's Emergency and Critical Care Center, expand cardiac care, acquire, construct, repair and improve medical facilities, add patient beds, modernize medical technology, and improve seismic safety, with independent citizens' oversight and with all funds used locally to improve medical facilities in East County?"**

A copy of the full text of the Measure is attached hereto as Exhibit A, together with the tax rate information attached hereto as Exhibit B as required by the Law. The Chief Executive Officer, (the "CEO"), the General Counsel, and each of them, or their respective designees(s), are hereby authorized and directed to make any changes to the text of the Measure or its abbreviation as required to conform to any requirements of Article XIII A, the Law, the California Elections Code or the County Registrar of Voters. Pursuant to Section 13247 of the California Elections Code, the Board hereby directs the Registrar of Voters to us the bold-faced abbreviation of the bond proposition contained above in Section 4 hereof on the official ballot.

Section 5. Authority for Election; Legal Bonding Limit. The authority for ordering the election and for the specification of this election order are contained in section 32301 of the Law and Article XIII A, Section 1(b)(2), of the California Constitution. The District hereby finds that the bonded indebtedness proposed herein, together with all outstanding bonded indebtedness of the District, shall not exceed two and one-half percent (2½%) of the assessed value of taxable property in the District as shown by the last equalized assessment role of the County, as of the time of issuance of any of the bonds

authorized hereby, in accordance with 32308 of the Law. Pursuant to Section 18 of Article XVI and Section 1 of Article XIII A of the California Constitution, the Measure shall become effective upon the affirmative vote of at least two-thirds (2/3) of those voters voting on the Measure.

Section 6. Terms of the bonds upon Approval by the Electorate. As required by section 32302 of the Law, in the event two-thirds (2/3) of the voters voting in the District approve the issuance of the Bonds, the Board shall cause the bonds to be issued in one or more series in an aggregate principal amount of $247,000,000; provided that such aggregate maximum amount shall be equal to the par amount of the Bonds, which shall not include any bond premium at which the Bonds or any series thereof may be issued. The Bonds shall bear interest payable at a rate not exceeding the legal limit (at the current time twelve percent (12%) per annum), and any series of which shall have a maturity date no later than forty (40) years following the date of issuance of such series (pursuant to the provision of California Government Code section 53508 or any law applicable at the time of issuance of such series). The Board shall apply the bond proceeds only to the specific purposes stated in the text of the Measure and the proceeds shall be spent only for such purposes. Principal of and interest on said bonds shall be collected and paid in accordance with the Law.

Section 7. Accountability Provisions. Proceeds from the sale of the bonds authorized by the Measure shall be used only for costs incurred for the purposes set forth in the Measure and for costs of the issuance of the bonds, and not for any other purposes, including staff and administrative salaries and other operation expenses. The board hereby directs that a separate account shall be established for deposit of the proceeds of the sale of the bonds if the Measure is approved by the District voters. For so long as any proceeds of bonds remain unexpended, the CEO shall cause to be filed with the Board no later than five (5) months after the end of each fiscal year, commencing with the first fiscal year during which any proceeds of the bonds authorized by the Measure shall have been received. The report shall state (1) the amount of bond proceeds received and expended in such fiscal year and (2) the status of any projects funded or to be funded from the proceeds of bonds authorized to be issued by the Measure. The report may be incorporated into or filed with the audit or other appropriate routine report provided to the Board. Audited financial statements of the District will continue to be made available in accordance with applicable requirements.

Section 8. Request for Election; Costs. The District hereby requests that the County Registrar of Voters take all steps necessary to hold the election pursuant to the California Elections Code and the District agrees to reimburse the Registrar of Voters for all actual costs incurred by it for the District election, as set forth in the current election allocation procedures of the County.

HOSPITAL, EMERGENCY AND CRITICAL CARE IMPROVEMENT AND REPAIR MEASURE

This Measure shall be known and referred to as the "Hospital, Emergency and Critical Care Improvement and Repair Measure" or as "Measure __."

FINDINGS

Grossmont Hospital is the major provider of health care services, including emergency and acute care services, to the communities of East San Diego County.

Over the next decade Grossmont Hospital faces a number of critical challenges to continue to provide quality health care services. These include:

- A dramatically increasing population that will soon reach 500,000 residents while four area hospitals have shut down during the past 10 years, including one hospital in East County.

- Grossmont Hospital is 50 years old and facility upgrades are needed to support the latest advances in medical technology for patient diagnosis, treatment and recovery.

- East County residents depend on Grossmont Hospital for emergency care. The *Emergency and Critical Care Center* must be completed to reduce overcrowding and ER wait times at Grossmont Hospital.

- Seismic upgrades must be made to meet stricter California legal requirements. Stronger buildings are likely to ensure that Grossmont Hospital remains operational for East County residents in the event of an earthquake, wild fire, or other major disasters.

Grossmont Hospital and the Grossmont Healthcare District (the "District"), with input from Grossmont Hospital's medical and nursing staff, professional and support personnel and members of the public, has developed a comprehensive Facilities Master Site Plan to address the future health care needs of the increasing population of the District, calling for (i) completion of the Grossmont Hospital's Emergency and Critical Care Center, (ii) addition of new patient bed-space, operating rooms and medical facilities (iii) upgrades to rapid-response cardiac care facilities, (iv) completion of certain seismic upgrades for earthquake safety, (v) repair and replacement of medical facilities, and (vi) providing facilities to accommodate the latest medical technology for diagnosis, treatment and recovery for hospital patients.

A local general obligation bond was identified as one component in meeting the overall financing needs identified in the Facilities Master Site Plan for Grossmont Hospital. In addition, the Board of Directors of the District (the "Board"), has identified a variety of other funding

sources to achieve the purposes outlined in the Facilities Master Site Plan, including hospital revenues, potential revenue bonds and private donations. Grossmont Hospital expects to draw on these other sources of funds to finance facilities and equipment not funded from a local general obligation bond.

BOND AUTHORIZATION

By approval of this Measure by at least two-thirds of the qualified voters voting, the District shall be authorized to issue and sell bonds in the principal amount of $247,000,000 to provide financing or refinancing for hospital and health care facilities projects consisting of the improvement, acquisition, construction and renovation of facilities for hospital and health care purposes on the Grossmont Hospital and District campuses, subject to all of the accountability safeguards specified in this measure.

The Board plans and expects to use proceeds of the bonds authorized by this Measure to finance or refinance various components of Grossmont Hospital's Facilities Master Site Plan, which are expected to include the following project elements:

Complete Grossmont Hospital's Emergency & Critical Care Center

- Build-out of the remaining three shelled floors to provide approximately 90 additional patient rooms

Earthquake Safety Upgrades

- Upgrade Grossmont Hospital to help ensure acute care patient and treatment areas meet current State seismic requirements

Additions, Repairs and Upgrades to the Grossmont Hospital campus

- Add new patient bed-space
- Construction of a three-story surgical link building that will provide approximately nine new operating rooms and/or interventional suites, including catheterization labs and interventional radiology labs
- Renovate and remodel patient rooms to accommodate developing medical practices and technology and support future advances for improved patient care
- Repair and replace deteriorated plumbing, electrical systems, elevators, ventilation, and other major building systems
- Upgrade rapid-response state-of-the-art cardiac care facilities

- Expand the Hospital's central plant to accommodate growth demands

- Land acquisition and construction of nurse training and healthcare education facilities

The District Board has reserved the right to change its Facilities Master Plan from time to time, and to finance authorized projects with the bonds as it deems advisable and necessary. The inclusion or specification of a project in the foregoing list or in the Facilities Master Plan is not a guarantee that such project will be constructed or completed, or that it will be constructed or completed as described above or in the Facilities Master Site Plan, at any particular time or in any particular order of priority. Projects and upgrades will be completed as needed at a particular site according to Board-established priorities. This Measure authorizes the financing of projects, and shall not be deemed to be an approval of any "project" for purposes of the California Environmental Quality Act.

Specific Purposes. All of the purposes enumerated in this measure shall constitute the specific purposes of the bonds, and proceeds of the bonds shall be spent only for such purposes, pursuant to California Government Code Section 53410.

ACCOUNTABILITY PROVISIONS

Independent Citizens' Oversight Committee. If this Measure is approved, the Board shall establish an independent Citizens' Oversight Committee within ninety (90) days of the date the Board enters the results of the election, such independent Citizens' Oversight Committee (i) to be comprised of at least nine (9) members, each member to be selected by the Board through a public application process and to serve without compensation, (ii) to include one member active in a taxpayers' organization, one member active in a senior citizens' organization, one member active in a business organization, (resignation from such taxpayers' organization, senior citizen's organization or business organization, as applicable, to be deemed a concurrent resignation from the Citizens' Oversight Committee), one nurse or physician, and five at-large members. Three members of the Committee shall be appointed by the Board to serve for an initial term of one year, three members of the Committee shall be appointed by the Board to serve for an initial term of two years and three members of the Committee shall be appointed to serve for an initial term of three years, each member thereafter appointed to the Citizens' Oversight Committee by the Board to serve for a term of two years and each member to serve for no more than two consecutive terms, (iii) to be provided with each report provided to the Board under this Measure and (iv) to remain in existence for so long as any bond proceeds remain unexpended. If this Measure is approved, the Board shall establish by one or more resolutions such additional provisions and procedures as shall be necessary to provide for the formation and operation of the Citizens' Oversight Committee.

No Money for Administrators' Salaries. Proceeds from the sale of the bonds authorized by this Measure shall be used only for costs incurred in connection with expansion, improvement, acquisition and construction of medical facilities, and the costs of the issuance of the bonds, and not for any other purpose, including staff and administrator salaries and other operating expenses.

Special Bond Proceeds Account, Annual Audit and Report to Board. The Board hereby directs that a separate account shall be established for deposit of proceeds of the sale of the bonds authorized by this Measure if this Measure is approved by the District voters.

For so long as any proceeds of bonds authorized by this measure remain unexpended, the Chief Executive Officer of the District (the "CEO") shall cause a report to be filed with the Board no later than five (5) months after the end of each fiscal year, commencing with the first fiscal year during which any proceeds of bonds authorized by this measure shall have been received. The report shall state (1) the amount of bond proceeds received and expended in such fiscal year and (2) the status of any projects funded or to be funded from the proceeds of bonds authorized to be issued by this Measure. The report may be incorporated into or filed with the audit or other appropriate routine report provided to the Board. Audited financial statements of the District will continue to be made available in accordance with applicable requirements.

OTHER TERMS OF BONDS

The bonds authorized hereby, in an aggregate principal amount of $247,000,000 shall be issued upon the order of the Board in one or more series and at one or more times as may be necessary and most advantageous to raise money for the purposes set forth herein.

The bonds shall bear interest payable at a rate not exceeding the legal limit (at the current time twelve percent (12%) per annum).

The bonds, or any series thereof, shall have a maturity date no later than forty (40) years following the date of issuance of such series (pursuant to the provisions of California Government Code Section 53508 or any law applicable at the time of issuance of such series).

Principal of and interest on said bonds shall be collected and paid in accordance with Section 32312 of The Local Health Care District Law.

TAX RATE STATEMENT EXHIBIT B

An election will be held in Grossmont Healthcare (the"District") on June 6, 2006, to authorize the sale of up to $247,000,000 in bonds of the District to finance health care facilities as described in the ballot measure. If the bonds are approved, the District expects to sell the bonds in more than one series. Principal and interest on the bonds will be payable from the proceeds of tax levies made upon the taxable property in the District. The following three paragraphs are being provided in compliance with Sections 9400-9404 of the Elections Code of the State of California.

1. The best estimate of the tax rate which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the first series of bonds, based on estimated assessed valuations at the time of filing of this statement, is 1.989 cents per $100 ($19.89 per $100,000) of assessed valuation in fiscal year 2008-09.

2. The best estimate of the tax rate which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the last series of bonds, based on estimated assessed valuations at the time of filing of this statement, is 1.989 cents per $100 ($19.89 per $100,000) of assessed valuation in fiscal year 2012-13.

3. The best estimate of the highest tax rate which would be required to be levied to fund this bond issue, based on estimated assessed valuations at the time of filing of this statement, is 1.989 cents per $100 ($19.89 per $100,000) of assessed valuation. The tax rate is expected to remain the same in every year.

Voters should note that the estimated tax rates are based on the ASSESSED VALUE of taxable property on the County's official tax rolls, not on the property's market value. Property owners should consult their own property tax bills to determine their property's assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that the foregoing information is based upon the District's projections and estimates only, which are not binding upon the District. The actual tax rates and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on need for construction funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale, which in any event will not exceed the legal limit then in effect. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and equalization process.

This Tax Rate Statement has been prepared by and is submitted pursuant to direction of the Board of Directors of the District.

PROP G

To improve life-saving emergency care in East County, reduce emergency room overcrowding and improve medical facility access following earthquakes, wildfires or other disasters, shall Grossmont Healthcare District issue $247,000,000 of bonds to complete Grossmont Hospital's Emergency and Critical Care Center, expand cardiac care, acquire, construct, repair and improve medical facilities, add patient beds, modernize medical technology, and improve seismic safety, with independent citizens' oversight and with all funds used locally to improve medical facilities in East County?

COUNTY COUNSEL IMPARTIAL ANALYSIS

This measure, if approved by two-thirds of the voters voting on the measure, would authorize the Board of Directors of Grossmont Healthcare District (the "District") to issue and sell $247,000,000 in general obligation bonds in one or more series and at one or more times.

The issuance and sale of general obligation bonds is for the purpose of raising money for the District and represents a debt of the District. In exchange for the money received from the holder of the bond, the District promises to pay the holder a set amount of interest for a certain period of time, and to repay the loan on the maturity date.

The proceeds of these bonds of the District would be used to provide financing or refinancing for hospital and health care facilities' projects consisting of the acquisition, construction, and improvement of real property for hospital and health care purposes, including renovations and improvements to Grossmont Hospital and construction or acquisition of additional health care facilities.

The interest rate on any bond, which is established at the time of bond issuance, may not exceed twelve percent (12%) per annum. The final maturity date of any bond may be no later than forty (40) years after the date of the bond. The dates of sale and the amount of bonds sold at any given time will be determined by the District Board of Directors based upon need for construction funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale, which in any event may not exceed the legal limit then in effect.

The proposition incorporates the bond accountability requirements of state law as well as establishment of an independent citizens' oversight committee.

Principal and interest on the bonds would be paid by revenue derived from an annual tax levied upon the taxable property within the District in an amount sufficient to pay the interest as it becomes due and to provide a sinking fund for payment of the principal on or before maturity. Article XIII A of the California Constitution exempts from the one percent property tax rate limitation ad valorem taxes to pay the interest and redemption charges on any bonded indebtedness for the acquisition or improvement of real property approved by the voters on or after July 1, 1978. The approval must be by two-thirds of the votes cast by the voters voting on the proposition. Legal authorization is contained in state law permitting healthcare districts to issue bonds at the interest rate, for the period of time, and for the specified purposes, subject to two-thirds voter approval.

A "yes" vote is a vote in favor of authorizing Grossmont Healthcare District to issue bonds for the purposes stated in the measure.

A "no" vote is a vote against authorizing Grossmont Healthcare District to issue bonds for the purposes stated in the measure.

TAX RATE STATEMENT

An election will be held in Grossmont Healthcare (the "District") on June 6, 2006, to authorize the sale of up to $247,000,000 in bonds of the District to finance health care facilities as described in the ballot measure. If the bonds are approved, the District expects to sell the bonds in more than one series. Principal and interest on the bonds will be payable from the proceeds of tax levies made upon the taxable property in the District. The following three paragraphs are being provided in compliance with Sections 9400-9404 of the Elections Code of the State of California.

1. The best estimate of the tax rate which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the first series of bonds, based on estimated assessed valuations at the time of filing of this statement, is 1.989 cents per $100 ($19.89 per $100,000) of assessed valuation in fiscal year 2008-09.

2. The best estimate of the tax rate which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the last series of bonds, based on estimated assessed valuations at the time of filing of this statement, is 1.989 cents per $100 ($19.89 per $100,000) of assessed valuation in fiscal year 2012-13.

3. The best estimate of the highest tax rate which would be required to be levied to fund this bond issue, based on estimated assessed valuations at the time of filing of this statement, is 1.989 cents per $100 ($19.89 per $100,000) of assessed valuation. The tax rate is expected to remain the same in every year.

Voters should note that the estimated tax rates are based on the ASSESSED VALUE of taxable property on the County's official tax rolls, not on the property's market value. Property owners should consult their own property tax bills to determine their property's assessed value and any applicable tax exemptions.

Attention of all voters is directed to the fact that the foregoing information is based upon the District's projections and estimates only, which are not binding upon the District. The actual tax rates and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on need for construction funds and other factors. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale, which in any event will not exceed the legal limit then in effect. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and equalization process.

This Tax Rate Statement has been prepared by and is submitted pursuant to direction of the Board of Directors of the District.

ARGUMENT IN FAVOR OF PROPOSITION G

For over half a century, residents of El Cajon, La Mesa, Santee, Lakeside, Lemon-Grove, Alpine, Spring Valley, San Diego, and East County's rural communities have relied on Grossmont Hospital for life-saving emergency care and healthcare. Proposition G will complete the hospital's Emergency & Critical Care Center so local victims of heart attacks and automobile accidents, seniors and families will be treated promptly and receive the best medical care available.

In the past ten years four local hospitals have closed while Grossmont Hospital has remained open and independent as a community-owned hospital dedicated to serving East County. Established in 1955 to serve a population of 70,000, Grossmont Hospital today serves a population of nearly 500,000.

Though well maintained, after decades of constant and increasing use the hospital's core medical facilities built through a citizen approved bond measure over 50 years ago have become outdated and overcrowded.

Proposition G will:

- Upgrade and expand advanced, rapid response cardiac care facilities.
- Provide the latest medical technology for patient diagnosis, treatment and recovery.
- Complete Grossmont Hospital's Emergency & Critical Care Center to reduce overcrowding and ER wait times.
- Rehabilitate deteriorated plumbing, electrical, ventilation, and inadequate medical facilities.
- Add patient beds, operating rooms and medical facilities to serve our growing community.
- Make seismic upgrades for earthquake safety.

All Proposition G funds will be used locally to improve medical facilities in East County.

Proposition G requires strict fiscal controls and accountability. No monies can be used for administrative salaries. An independent Citizens' Oversight Committee will ensure funds are spent properly.

No one knows when a life-threatening emergency or natural disaster will strike. Proposition G will help ensure that quality medical care will be available locally when you need it.

East County firefighters, police, nurses, doctors and emergency providers urge your support.

HOSPITAL, EMERGENCY AND CRITICAL CARE IMPROVEMENT AND REPAIR MEASURE

This Measure shall be known and referred to as the "Hospital, Emergency and Critical Care Improvement and Repair Measure" or as "Measure G."

FINDINGS

Grossmont Hospital is the major provider of health care services, including emergency and acute care services, to the communities of East San Diego County.

Over the next decade Grossmont Hospital faces a number of critical challenges to continue to provide quality health care services. These include:

- A dramatically increasing population that will soon reach 500,000 residents while four area hospitals have shut down during the past 10 years, including one hospital in East County.
- Grossmont Hospital is 50 years old and facility upgrades are needed to support the latest advances in medical technology for patient diagnosis, treatment and recovery.
- East County residents depend on Grossmont Hospital for emergency care. The *Emergency and Critical Care Center* must be completed to reduce overcrowding and ER wait times at Grossmont Hospital.
- Seismic upgrades must be made to meet stricter California legal requirements. Stronger buildings are likely to ensure that Grossmont Hospital remains operational for East County residents in the event of an earthquake, wild fire, or other major disasters.

Grossmont Hospital and the Grossmont Healthcare District (the "District"), with input from Grossmont Hospital's medical and nursing staff, professional and support personnel and members of the public, has developed a comprehensive Facilities Master Site Plan to address the future health care needs of the increasing population of the District, calling for (i) completion of the Grossmont Hospital's Emergency and Critical Care Center, (ii) addition of new patient bed-space, operating rooms and medical facilities (iii) upgrades to rapid-response cardiac care facilities, (iv) completion of certain seismic upgrades for earthquake safety, (v) repair and replacement of medical facilities, and (vi) providing facilities to accommodate the latest medical technology for diagnosis, treatment and recovery for hospital patients.

A local general obligation bond was identified as one component in meeting the overall financing needs identified in the Facilities Master Site Plan for Grossmont Hospital. In addition, the Board of Directors of the District (the "Board"), has identified a variety of other funding sources to achieve the purposes outlined in the Facilities Master Site Plan, including hospital revenues, potential revenue bonds and private donations. Grossmont Hospital expects to draw on these other sources of funds to finance facilities and equipment not funded from a local general obligation bond.

BOND AUTHORIZATION

By approval of this Measure by at least two-thirds of the qualified voters voting, the District shall be authorized to issue and sell bonds in the principal amount of $247,000,000 to provide financing or refinancing for hospital and health care facilities projects consisting of the improvement, acquisition, construction and renovation of facilities for hospital and health care purposes on the Grossmont Hospital and District campuses, subject to all of the accountability safeguards specified in this measure.

The Board plans and expects to use proceeds of the bonds authorized by this Measure to finance or refinance various components of Grossmont Hospital's Facilities Master Site Plan, which are expected to include the following project elements:

Complete Grossmont Hospital's Emergency & Critical Care Center

- Build-out of the remaining three shelled floors to provide approximately 90 additional patient rooms

Earthquake Safety Upgrades

- Upgrade Grossmont Hospital to help ensure acute care patient and treatment areas meet current State seismic requirements

Additions, Repairs and Upgrades to the Grossmont Hospital campus

- Add new patient bed space
- Construction of a three-story surgical link building that will provide approximately nine new operating rooms and/or interventional suites, including catheterization labs and interventional radiology labs
- Renovate and remodel patient rooms to accommodate developing medical practices and technology and support future advances for improved patient care
- Repair and replace deteriorated plumbing, electrical systems, elevators, ventilation, and other major building systems
- Upgrade rapid-response state-of-the-art cardiac care facilities
- Expand the Hospital's central plant to accommodate growth demands
- Land acquisition and construction of nurse training and healthcare education facilities

The District Board has reserved the right to change its Facilities Master Plan from time to time, and to finance authorized projects with the bonds as it deems advisable and necessary. The inclusion or specification of a project in the foregoing list or in the Facilities Master Plan is not a guarantee that such project will be constructed or completed, or that it will be constructed or completed as described above or in the Facilities Master Site Plan, at any particular time or in any particular order of priority. Projects and upgrades will be completed as needed at a particular site according to Board-established priorities. This Measure authorizes the financing of projects, and shall not be deemed to be an approval of any "project" for purposes of the California Environmental Quality Act.

Specific Purposes. All of the purposes enumerated in this measure shall constitute the specific purposes of the bonds, and proceeds of the bonds shall be spent only for such purposes, pursuant to California Government Code Section 53410.

ACCOUNTABILITY PROVISIONS

If this Measure is approved, the Board shall establish an independent Citizens' Oversight Committee within ninety (90) days of the date the Board enters the results of the election, such Independent Citizens' Oversight Committee (i) to be comprised of at least nine (9) members, each member to be selected by the Board through a public application process and to serve without compensation, (ii) to include one member active in a taxpayers' organization, one member active in a senior citizens' organization, one member active in a business organization, (resignation from such taxpayers' organization, senior citizen's organization

or business organization, as applicable, to be deemed a concurrent resignation from the Citizens' Oversight Committee), one nurse or physician, and five at-large members. Three members of the Committee shall be appointed by the Board to serve for an initial term of one year, three members of the Committee shall be appointed by the Board to serve for an initial term of two years and three members of the Committee shall be appointed to serve for an initial term of three years, each member thereafter appointed to the Citizens' Oversight Committee by the Board to serve for a term of two years and each member to serve for no more than two consecutive terms, (iii) to be provided with each report provided to the Board under this Measure and (iv) to remain in existence for so long as any bond proceeds remain unexpended. If this Measure is approved, the Board shall establish by one or more resolutions such additional provisions and procedures as shall be necessary to provide for the formation and operation of the Citizens' Oversight Committee.

No Money for Administrators' Salaries. Proceeds from the sale of the bonds authorized by this Measure shall be used only for costs incurred in connection with expansion, improvement, acquisition and construction of medical facilities, and the costs of the issuance of the bonds, and not for any other purpose, including staff and administrator salaries and other operating expenses.

Special Bond Proceeds Account, Annual Audit and Report to Board. The Board hereby directs that a separate account shall be established for deposit of proceeds of the sale of the bonds authorized by this Measure if this Measure is approved by the District voters.

The report shall state (1) the amount of bond proceeds received and expended in such fiscal year and (2) the status of any projects funded or to be funded from the proceeds of bonds authorized to be issued by this Measure. The report may be incorporated into or filed with the audit or other appropriate routine report provided to the Board. Audited financial statements of the District will continue to be made available in accordance with applicable requirements.

OTHER TERMS OF BONDS

The bonds authorized hereby, in an aggregate principal amount of $247,000,000 shall be issued upon the order of the Board in one or more series and at one or more times as may be necessary and most advantageous to raise money for the purposes set forth herein.

The bonds shall bear interest payable at a rate not exceeding the legal limit (at the current time twelve percent (12%) per annum).

The bonds, or any series thereof, shall have a maturity date no later than forty (40) years following the date of issuance of such series (pursuant to the provisions of California Government Code Section 53508 or any law applicable at the time of issuance of such series).

Principal of and interest on said bonds shall be collected and paid in accordance with Section 32312 of The Local Health Care District Law.

By: 

Michael Emerson, RDO, FNAO
Secretary of the Board of Directors

RESOLUTION NO. 10-10

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE GROSSMONT HEALTHCARE DISTRICT AUTHORIZING THE ISSUANCE OF GROSSMONT HEALTHCARE DISTRICT (SAN DIEGO COUNTY, CALIFORNIA) GENERAL OBLIGATION BONDS, 2006 ELECTION, 2011 SERIES B, IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED $150,000,000 TO FINANCE THE ACQUISITION, CONSTRUCTION AND IMPROVEMENT OF CERTAIN MEDICAL FACILITIES, AND AUTHORIZING THE PREPARATION AND DELIVERY OF A PRELIMINARY OFFICIAL STATEMENT AND PURCHASE CONTRACT, AND CERTAIN ACTIONS AND DOCUMENTS IN CONNECTION THEREWITH

WHEREAS, a duly called election was held in the Grossmont Healthcare District (the "District"), County of San Diego (the "County"), State of California (the "State"), on June 6, 2006, pursuant to Section 1(b) of Article XIIIA of the State Constitution and Section 32300 *et seq.* of the California Health and Safety Code, and thereafter canvassed pursuant to law ("Proposition G"); and

WHEREAS, at the election there was submitted to and approved by the requisite two-thirds vote of the qualified electors of the District a question as to the issuance and sale of general obligation bonds of the District for the various purposes set forth in Proposition G, in the maximum principal amount of $247,000,000, payable from the levy of an *ad valorem* tax against the taxable property in the District; and

WHEREAS, the Board of Directors of the District (the "Board") has, pursuant to its Resolution No. 06-07, adopted on June 15, 2007 (the "Series A Bond Resolution"), issued the first series of bonds, in the principal amount of $85,627,075.50; and

WHEREAS, the Board has determined that it is necessary and desirable to authorize the issuance of the second series of bonds, in the aggregate principal amount not to exceed $150,000,000, which may consist of current interest bonds (the "Current Interest Bonds") and capital appreciation bonds (the "Capital Appreciation Bonds" and, together with the Current Interest Bonds, the "Bonds"), to be designated "Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B"; and

WHEREAS, in the opinion of the Board, a special assessment would be inadvisable, and the expenses of the various purposes authorized by Proposition G will be in excess of an amount which can reasonably be raised by the regular annual assessment for the running expenses of the District; and

WHEREAS, all acts, conditions and things required by law to be done or performed have been done and performed in strict conformity with the laws authorizing the issuance of general obligation bonds of the District, and the indebtedness of the District, including this proposed series of bonds, is within all limits prescribed by law.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD AS FOLLOWS:

SECTION 1. Authorization and Purpose of the Bonds. This Board hereby authorizes the issuance and sale of the Bonds. The Bonds shall be issued, pursuant to Section 32300 *et seq.* of the State Health and Safety Code, in an aggregate principal amount not to exceed $150,000,000. The proceeds of the Bonds will be applied for the purposes specified in Proposition G. The Bonds shall be sold in accordance with this Resolution.

"Bond Payment Date" means January 15 and July 15 of each year, commencing July 15, 2011, with respect to interest on the Current Interest Bonds, and July 15 of each year, commencing on the date set forth in the Purchase Contract, with respect to payments of Accreted Value and Principal of the Bonds, all as further set forth in the Purchase Contract.

"Bond Register" means the registration books kept by the Bond Registrar pursuant to this Resolution.

The Capital Appreciation Bonds are not subject to redemption prior to their fixed maturity dates (unless otherwise provided in the Purchase Contract).

(ii) Mandatory Sinking Fund Redemption. Certain of the Current Interest Bonds and the Capital Appreciation Bonds may be subject to redemption prior to their stated maturity dates, without a redemption premium, from mandatory sinking fund payments in the amounts and on the dates, and in accordance with the terms set forth in the Purchase Contract.

(iii) Selection of Bonds for Redemption. Whenever provision is made in this Resolution for the redemption of Bonds and less than all Outstanding Bonds are to be redeemed, the Bond Registrar, upon written instruction from the District, shall select Bonds for redemption from such maturity dates as are selected by the District, and by lot within each such maturity in such manner as the Bond Registrar shall determine; provided, however, that the portion of any Current Interest Bond to be redeemed in part shall be in the Principal Amount of $5,000 or any integral multiple thereof and the portion of any Capital Appreciation Bond to be redeemed in part shall be in integral multiples of the Accreted Value per $5,000 Maturity Value. In the event no direction is given, the Bond Registrar will select Bonds for redemption in inverse order of maturity, and, if less than all the Bonds of any one maturity date are to be redeemed on any one date, the Bond Registrar will select the Bonds or the portions thereof of such maturity date by lot.

(iv) Notice of Redemption. When redemption is authorized or required pursuant to Sections 4(b)(i) and 4(b)(ii) hereof, the Bond Registrar, upon written instruction from the District, shall give notice (a "Redemption Notice") of the redemption of the Bonds. Such Redemption Notice shall specify: (a) the date of such Redemption Notice, (b) the name of the Bonds, (c) the Bonds or designated portions thereof (in the case of redemption of the Bonds in part but not in whole) which are to be redeemed, (d) the date of redemption, (e) the place or places where the redemption will be made, including the name and address of the Paying Agent, (f) the redemption price, (g) the CUSIP numbers assigned to each maturity of the Bonds to be redeemed, (h) if less than all of the Bonds of any maturity are to be redeemed, the Bond numbers of the Bonds of each maturity to be redeemed and, in the case of any Bond to be redeemed in part only, the Principal Amount (in the case of Current Interest Bonds) or the Maturity Value (in the case of Capital Appreciation Bonds) of the Bonds to be redeemed, (i) the original issue

date, interest rate and stated maturity date of each Bond to be redeemed in whole or in part, and (j) in the case of conditional redemption, that such redemption is conditional upon certain circumstances. Such Redemption Notice shall further state that on the specified date there shall become due and payable upon each Bond or portion thereof being redeemed the redemption price thereof, together with the interest, in the case of the Current Interest Bonds, accrued to the redemption date and, in the case of the Capital Appreciation Bonds, accreted to the redemption date, and that from and after such date, interest with respect thereto shall cease to accrue or accrete in value.

The Bond Registrar shall take the following actions with respect to such Redemption Notice:

(A) Notice of redemption of any Bonds shall be given by the Bond Registrar upon the Written Request of the District to the Bond Registrar at least 35 days prior to the date designated for redemption.

(B) At least 20 but not more than 45 days prior to the redemption date, such Redemption Notice shall be given to the respective Owners of Bonds designated for redemption by first class mail, postage prepaid, at their addresses appearing on the Bond Register.

(C) As may be required in accordance with the Continuing Disclosure Certificate of the District as described in Section 18 hereof.

Neither failure to receive any Redemption Notice nor any defect in any such Redemption Notice so given shall affect the sufficiency of the proceedings for the redemption of the affected Bonds. Failure by the Bond Registrar to give any Notice of Redemption pursuant to this Section 4(b) to any one or more of the respective Owners of Bonds shall not affect the sufficiency of the proceedings for redemption with respect to Owners to whom such Redemption Notice was mailed. Each check issued or other transfer of funds made by the Paying Agent for the purpose of redeeming Bonds shall bear or include the CUSIP number identifying, by issue and maturity, the Bonds being redeemed with the proceeds of such check or other transfer.

(v) Partial Redemption of Bonds. Upon the surrender of any Bond redeemed in part only, the Bond Registrar shall execute and deliver to the Owner thereof a new Bond or Bonds of like tenor and maturity and of authorized denominations equal in Transfer Amount to the unredeemed portion of the Bond surrendered. Such partial redemption shall be valid upon payment of the amount required to be paid to such Owner and the District shall be released and discharged thereupon from all liability to the extent of such payment.

(vi) Effect of Notice of Redemption. Notice having been given as aforesaid, and the monies for the redemption (including the interest to the applicable date of redemption) having been set aside in the Debt Service Fund (defined in Section 7 hereof) or held in trust for such purpose as provided by law, such Bonds shall become due and payable on such redemption date.

If on such redemption date, money for the redemption of all the Bonds to be redeemed as provided in Section 4(b)(i) hereof, together with interest to such redemption date, shall be held by the Paying Agent so as to be available therefor on such redemption date, and if notice of redemption thereof shall have been given as aforesaid, then from and after such redemption date, interest with respect to the Bonds to be redeemed shall cease to accrue or accrete and become payable. All money held by or on behalf of the Paying Agent for the redemption of Bonds shall be held for the account of the Owners of the Bonds so to be redeemed.

All Bonds paid at maturity or redeemed prior to maturity pursuant to the provisions of this Section 4 shall be cancelled upon surrender thereof and be delivered to or upon the order of the District. All or any portion of a Bond purchased by the District shall be cancelled by the Bond Registrar.

(vii) Rescission of Notice of Redemption; Conditional Redemption. The District may rescind any optional redemption and notice thereof for any reason by causing written notice of the rescission to be given to the Owners of the Current Interest Bonds so called for redemption at least four business days prior to the date fixed for redemption. In the event that any Current Interest Bond is subject to optional redemption and moneys sufficient to redeem the Principal of and interest on all of the Current Interest Bonds proposed to be redeemed shall not be on deposit in the Debt Service Fund or in any escrow fund established for redemption of the Current Interest Bonds on such date fixed for redemption, the redemption and notice thereof shall be rescinded and in each and every such case, the District and the Owners of the Current Interest Bonds so called for redemption, as the case may be, shall be restored to their former positions and rights. Notice of rescission of redemption shall be given in the same manner in which the Redemption Notice was originally given. Neither failure to receive nor any defect in any such notice of rescission of redemption shall affect the validity of the rescission. Failure by the Bond Registrar to give any notice of rescission of redemption pursuant to this Section 4(b)(vii) to any one or more of the affected Owners of Bonds shall not affect the sufficiency of the proceedings for redemption with respect to Owners to whom such notice of rescission of redemption was mailed.

(viii) Bonds No Longer Outstanding. When any Bonds (or portions thereof), which have been duly called for redemption prior to maturity under the provisions of this Resolution, or with respect to which irrevocable instructions to call for redemption prior to maturity at the earliest redemption date have been given to the Bond Registrar, in form satisfactory to it, and sufficient monies shall be held by the Bond Registrar irrevocably for the payment of the redemption price of such Bonds or portions thereof, and, in the case of Current Interest Bonds, accrued interest with respect thereto to the date fixed for redemption, all as provided in this Resolution, then such Bonds shall no longer be deemed Outstanding and shall be surrendered to the Bond Registrar for cancellation.

(c) Book-Entry System.

(i) Except for any odd denomination of Capital Appreciation Bonds, the Bonds shall be initially registered in the name of "Cede & Co.," as nominee of DTC, and shall be initially issued as one Bond for each of the maturities of the Bonds in the

Principal Amounts or Maturity Values set forth in Section 4(a) hereof (as the case may be), and DTC is hereby appointed depository for the Bonds, and registered ownership of the Bonds may not thereafter be transferred except as provided in this Section 4(c).

(ii) Registered ownership of the Bonds, or any portion thereof, may not thereafter be transferred except:

(A) To any successor of Cede & Co., as nominee of DTC, or its nominee, or to any substitute depository designated pursuant to clause (B) of this Section 4(c) (a "substitute depository"); provided, that any successor of Cede & Co., as nominee of DTC or substitute depository, shall be qualified under any applicable laws to provide the services proposed to be provided by it;

(B) To any substitute depository not objected to by the District, upon (1) the resignation of DTC or its successor (or any substitute depository or its successor) from its functions as depository, or (2) a determination by the District to substitute another depository for DTC (or its successor) because DTC or its successor (or any substitute depository or its successor) is no longer able to carry out its functions as depository; provided, that any such substitute depository shall be qualified under any applicable laws to provide the services proposed to be provided by it; or

(C) To any person as provided below, upon (1) the resignation of DTC or its successor (or substitute depository or its successor) from its functions as depository, or (2) a determination by the District to remove DTC or its successor (or any substitute depository or its successor) from its functions as depository.

(iii) In the case of any transfer pursuant to clause (A), (B) or (C) of subsection (ii) hereof, the transferor shall notify the District of such transfer. In the case of any transfer pursuant to clause (A) or (B) of subsection (ii) hereof, upon receipt of the Bonds by the Bond Registrar, together with a Written Request of the District to the Bond Registrar, a new Bond for each maturity shall be executed and delivered in the aggregate Principal Amount of the Current Interest Bonds or Maturity Value of the Capital Appreciation Bonds then Outstanding (as the case may be) registered in the name of such successor or such substitute depository, or their nominees, as the case may be, all as specified in such Written Request of the District. In the case of any transfer pursuant to clause (C) of subsection (ii) hereof, upon receipt of the Outstanding Bonds by the Bond Registrar together with a Written Request of the District, new Current Interest Bonds or Capital Appreciation Bonds shall be executed and delivered in such Principal Amounts or Maturity Values (as the case may be), numbered in the manner determined by the Bond Registrar and registered in the names of such persons as are requested in such Written Request of the District, subject to the limitations of this Section 4(c), and thereafter, Bonds shall be transferred pursuant to Section 6 hereof; provided, that the Bond Registrar shall not be required to deliver such new Bonds within a period less than sixty (60) days.

(iv) The Bond Registrar shall be entitled to treat the person in whose name any Bond is registered as the Owner thereof for all purposes of this Resolution and applicable

laws, notwithstanding any notice to the contrary received by the District; and the District and the Bond Registrar shall have no responsibility for transmitting payments to, communication with, notifying, or otherwise dealing with any beneficial owners of the Bonds. Neither the District nor the Bond Registrar shall have any responsibility or obligation, legal or otherwise, to the beneficial owners or to any other party including DTC or its successor (or substitute depository or its successor), except for the Owner of any Bonds.

(v) So long as Outstanding Bonds are registered in the name of Cede & Co. or its registered assigns, the District shall cooperate with Cede & Co., as sole Owner of the Bonds, or its registered assigns in effecting payment of the Accreted Value and Principal of and interest and redemption premium, if any, on the Bonds by arranging for payment in such manner that funds for such payments are properly identified and are made immediately available on the date they are due.

SECTION 5. Execution of Bonds. The Bonds shall be signed by the manual or facsimile signature of the President or the presiding officer of the Board and attested by the manual or facsimile signature of the Secretary of the Board, all in their official capacities. No Bond shall be valid or obligatory for any purpose or shall be entitled to any security or benefit under this Resolution unless and until the certificate of authentication printed on the Bond is signed by the Bond Registrar as authenticating agent. Authentication by the Bond Registrar shall be conclusive evidence that the Bond so authenticated has been duly issued, signed and delivered under this Resolution and is entitled to the security and benefit of this Resolution.

SECTION 6. Bond Registrar and Paying Agent; Transfer and Exchange.

(a) Appointment of Bond Registrar and Paying Agent. This Board does hereby appoint Union Bank, N.A., or such other financial institution as designated in the Official Statement, to act as the initial Bond Registrar and Paying Agent for the Bonds. The Bond Registrar makes no representations as to the validity or sufficiency of this Resolution or of any Bonds issued hereunder or as to the security afforded by this Resolution, and the Bond Registrar shall incur no liability in respect hereof or thereof.

The Bond Registrar, upon receipt of any notice, resolution, request, consent, order, certificate, report, opinion, bond, or other paper or document furnished to it pursuant to any provision of this Resolution, shall examine such instrument to determine whether it conforms to the requirements of this Resolution and shall be protected in acting upon any such instrument believed by it to be genuine and to have been signed or presented by the proper party or parties. The Bond Registrar may consult with counsel and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it under this Resolution in good faith and in accordance therewith.

The District shall pay to the Bond Registrar from time to time reasonable compensation for all services rendered under this Resolution, and also all reasonable expenses, charges, counsel fees and other disbursements, including those of its attorneys, agents, and employees, incurred in and about the performance of its powers and duties under this Resolution. In no event shall the Bond Registrar be required to expend its own funds hereunder, without reimbursement from the District.

The Bond Registrar initially appointed hereunder may resign from service as Bond Registrar. Without further action by the District, if at any time the Bond Registrar shall resign or be removed, the District shall appoint a successor Bond Registrar, which shall be a bank or trust company doing business in and having a corporate trust office in California, with at least $75,000,000 in net assets. The Bond Registrar shall keep accurate records of all funds administered by it and of all Bonds paid and discharged by it. Such records shall be provided, upon reasonable request, to the District in a format mutually agreeable to the Bond Registrar and the District. Such successor Bond Registrar shall signify the acceptance of its duties and obligations hereunder by executing and delivering to the District a written acceptance thereof. Resignation or removal of the Bond Registrar shall be effective upon appointment and acceptance of a successor Bond Registrar.

In the event of the resignation or removal of the Bond Registrar, such Bond Registrar shall pay over, assign and deliver any moneys held by it as Bond Registrar to its successor.

(b) Transfer and Exchange. So long as any of the Bonds remain Outstanding, the District will cause the Bond Registrar to maintain and keep at its principal office all books and records necessary for the registration, exchange and transfer of the Bonds. Subject to the provisions of Section 7 hereof, the person in whose name a Bond is registered on the Bond Register shall be regarded as the absolute Owner of that Bond for all purposes of this Resolution. Payment of or on account of the Principal or Accreted Value of and interest and redemption premium, if any, on any Bond shall be made only to or upon the order of that person; neither the District nor the Bond Registrar shall be affected by any notice to the contrary, but the registration may be changed as provided in this Section. All such payments shall be valid and effectual to satisfy and discharge the District's liability upon the Bonds, including interest, to the extent of the amount or amounts so paid.

Any Bond may be exchanged for Bonds of like tenor, maturity and Transfer Amount upon presentation and surrender at the principal office of the Bond Registrar, together with a request for exchange signed by the Owner or by a person legally empowered to do so in a form satisfactory to the Bond Registrar. A Bond may be transferred on the Bond Register only upon presentation and surrender of the Bond at the principal office of the Bond Registrar together with an assignment executed by the Owner or by a person legally empowered to do so in a form satisfactory to the Bond Registrar. Upon exchange or transfer, the Bond Registrar shall complete, authenticate and deliver a new Bond or Bonds of like tenor and of any authorized denomination or denominations requested by the Owner equal to the Transfer Amount of the Bond surrendered and bearing or accruing interest at the same rate and maturing on the same date. Current Interest Bonds and Capital Appreciation Bonds may not be exchanged for one another.

If manual signatures on behalf of the District are required in connection with an exchange or transfer, the Bond Registrar shall undertake the exchange or transfer of Bonds only after the new Bonds are signed pursuant to Section 5 hereof. All fees and costs of transfer shall be paid by the requesting party. Those charges may be required to be paid before the procedure is begun for the exchange or transfer. All Bonds issued upon any exchange or transfer shall be valid obligations of the District, evidencing the same debt, and entitled to the same security and benefit under this Resolution as the Bonds surrendered upon that exchange or transfer.

Any Bond surrendered to the Bond Registrar for payment, retirement, exchange, replacement or transfer shall be cancelled by the Bond Registrar. Authorized Officers may at any time deliver to the Bond Registrar for cancellation any previously authenticated and delivered Bonds that the District may have acquired in any manner whatsoever, and those Bonds shall be promptly cancelled by the Bond Registrar. Written reports of the surrender and cancellation of Bonds shall be made to the District by the Bond Registrar at least twice each calendar year. The cancelled Bonds shall be retained for a period of time and then returned to the District or destroyed by the Bond Registrar as directed by an Authorized Officer.

Neither the District nor the Bond Registrar will be required to transfer or exchange any Bonds (a) during the period from the Record Date next preceding any Bond Payment Date to such Bond Payment Date, (b) during the period beginning with the opening of business on the 15th business day next preceding any date of selection of Bonds to be redeemed and ending with the close of business on the day on which the applicable notice of redemption is given, or (c) which have been selected or called for redemption in whole or in part.

The Owner of Current Interest Bonds in an aggregate Principal Amount of $1,000,000 or more may request in writing to the Bond Registrar that such Owner be paid interest on such Current Interest Bonds by wire transfer to the bank and account number on file with the Bond Registrar as of the Record Date. The Principal and redemption premium, if any, payable on the Current Interest Bonds and the Accreted Value and redemption premium, if any, on the Capital Appreciation Bonds shall be payable upon maturity or earlier redemption upon surrender at the principal office of the Paying Agent. The interest, Accreted Value, Principal and redemption premium, if any, on the Bonds shall be payable in lawful money of the United States of America. The Paying Agent is hereby authorized to pay the Bonds when duly presented for payment at maturity or upon earlier redemption in accordance with the terms of this Resolution, and to cancel all Bonds upon payment thereof.

(d) Amounts on deposit in the Debt Service Fund shall be invested upon a Written Request of the District, delivered to the Paying Agent, in (i) the Local Agency Investment Fund or similar pooled fund operated by or on behalf of the State and which is authorized to accept investments by or on behalf of the District of the moneys held by the Paying Agent in the Debt Service Fund, (ii) a money market fund, including those of an affiliate of the Paying Agent, rated "AAAm" or "AAAm G" or better by Standard & Poor's, including funds for which the Paying Agent, its parent holding company, if any, or any affiliates or subsidiaries of the Paying Agent or such holding company provides investment advisory or other management services, or (iii) any other investment authorized pursuant to Section 53601 of the California Government Code.

SECTION 8. Form of Bonds. The Current Interest Bonds and the Capital Appreciation Bonds shall be in substantially the forms attached hereto as Exhibit A and Exhibit B respectively, allowing those officials executing the Bonds to make the insertions and deletions necessary to conform the Bonds to this Resolution and to the Purchase Contract as authorized herein.

SECTION 9. Delivery of Bonds. Any Authorized Officer shall cause the Bonds to be prepared and, following their sale, shall have the Bonds signed and delivered, together with a true transcript of proceedings with reference to the issuance of the Bonds, to the Underwriter upon payment of the purchase price therefor.

SECTION 10. Deposit of Proceeds of Bonds. Proceeds from the sale of the Bonds necessary to pay all costs of issuing the Bonds shall be deposited with the Paying Agent to the credit of the fund hereby created and established and to be known as the "2011 Series B Grossmont Healthcare District General Obligation Bonds Cost of Issuance Fund" (the "Cost of Issuance Fund") (unless otherwise directed by an Authorized Officer of the District or paid directly by the Underwriter), shall be kept separate and distinct from all other District and Paying Agent funds, and shall be used solely for the costs of issuing the Bonds. Amounts in the Cost of Issuance Fund shall be invested so as to be available for the aforementioned purpose. Amounts in the Cost of Issuance Fund shall be invested in a money market fund rated "AAAm" or "AAAm G" or better by Standard & Poor's. Except as required below to satisfy the requirements of Section 148(f) of the Code, interest earned on the investment of monies held in the Cost of Issuance Fund shall be retained in the Cost of Issuance Fund. On August 31, 2011 or on any earlier date as directed by an Authorized Officer, the Cost of Issuance Fund shall be closed, and any monies on deposit in the Cost of Issuance Fund shall be transferred to the Building Fund (described below) and applied for the authorized purposes set forth herein for which the Bonds are being issued.

The proceeds from the sale of the Bonds, to the extent of the Denominational Amount and the Principal Amount thereof, shall be deposited with the Paying Agent to the credit of the fund hereby created and established and to be known as the "2011 Series B Grossmont Healthcare District General Obligation Bonds Building Fund" (the "Building Fund"), shall be kept separate and distinct from all other District and Paying Agent funds, and those proceeds shall be used solely for the purpose for which the Bonds are being issued and such proceeds shall be applied solely to the authorized purposes set forth in Proposition G. The accrued interest, if any, and excess purchase premium, if any, received from the sale of the Bonds shall be deposited with the Paying Agent and kept separate and apart in the Debt Service Fund and used only for payments of Accreted Value and Principal of and interest and redemption premium, if any, on the Bonds. The District shall, from time to time, order the Paying Agent to disburse amounts from the Building Fund to pay the costs of the project to be undertaken with the proceeds of the sale of the Bonds. Amounts in the Building Fund shall be invested so as to be available for the aforementioned disbursements. Amounts on deposit in the Building Fund shall be invested upon a Written Request of the District, delivered to the Paying Agent, in (i) the Local Agency Investment Fund, or similar pooled fund operated by or on behalf of the State and which is authorized to accept investments by or on behalf of the District of the moneys held by the Paying Agent in the Building Fund, (ii) a money market fund, including those of an affiliate of the Paying Agent, rated "AAAm" or "AAAm G" or better by Standard & Poor's, including funds for which the Paying Agent, its parent holding company, if any, or any affiliates or subsidiaries of the Paying Agent or such holding company provides investment advisory or other management services, or (iii) any other investment authorized pursuant to Section 53601 of the California Government Code. The District shall cause the Paying Agent to keep a written record of disbursements from the Building Fund. Any excess proceeds of the Bonds deposited in the Building Fund and not needed for the authorized purposes set forth herein for which the Bonds

are being issued, shall be transferred to the Debt Service Fund and applied to the payment of Accreted Value and Principal of and redemption premium, if any, and interest on the Bonds.

Except as required below to satisfy the requirements of Section 148(f) of the Code, interest earned on the investment of monies held in the Debt Service Fund through and including the maturity or early defeasance of the Bonds, shall be retained in the Debt Service Fund and used to pay Accreted Value and Principal of and interest on the Bonds when due. Except as required below to satisfy the requirements of Section 148(f) of the Code, interest earned on the investment of monies held in the Building Fund shall be retained in the Building Fund and used for any purpose authorized by Proposition G.

SECTION 11. Security for the Bonds. The Bonds are statutory obligations of the District and do not constitute an obligation of the County or the Authority. No part of any fund of the County is pledged or obligated to the payment of the Bonds. Pursuant to Section 32312 of the California Health and Safety Code, there shall be levied on all the taxable property in the District except for certain personal property which is taxable at limited rates, in addition to all other taxes, a continuing direct *ad valorem* tax annually during the period the Bonds are outstanding in an amount sufficient to pay the Accreted Value and Principal of and redemption premium, if any, and interest on the Bonds when due, which monies when collected will be placed in the Debt Service Fund, which fund is irrevocably pledged for the payment of the Accreted Value and Principal of and redemption premium, if any, and interest on the Bonds when and as the same fall due.

SECTION 12. Tax Covenants. The District hereby covenants that it will make no use of the proceeds of the Bonds or any other amounts that would cause the Bonds to be "arbitrage bonds" under Section 148 of the Code; and, to that end, the District covenants that it shall comply with all requirements of such Section 148 and the Treasury Regulations promulgated thereunder, including restrictions on the use and investment of proceeds of the Bonds and certain other amounts and the rebate of a portion of the investment earnings on proceeds of the Bonds and certain other amounts, if required, to the federal government. The District further covenants to do and perform all acts and things within its power and authority necessary to comply with each applicable requirement of Section 103 and Sections 141 through 150 of the Code. In furtherance of the aforementioned covenants, the District covenants that it shall comply with the Tax Certificate to be executed by an Authorized Officer on the date of issuance and delivery of the Bonds (the "Tax Certificate"). The District covenants that it will take no action that would cause the interest on the Bonds to be included in gross income for federal income tax purposes, nor will it refrain from taking action required to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes.

SECTION 13. Legislative Determinations. This Board determines that all acts and conditions necessary to be performed by the Board or to have been performed precedent to and in the issuing of the Bonds in order to make them a legal, valid and binding general obligation of the District have been performed and have been met, or will at the time of delivery of the Bonds have been performed and have been met, in regular and due form as required by law; and that no statutory or constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Bonds.

SECTION 14. Authorization of Preliminary Official Statement and Official Statement. The form of preliminary official statement (the "Preliminary Official Statement") relating to the Bonds, submitted to this Board, is hereby approved. Any Authorized Officer is hereby authorized to approve any changes to the form of Preliminary Official Statement submitted to this Board and to "deem final" the Preliminary Official Statement, together with any supplements thereto, for purposes of Rule 15c2-12, promulgated by the Securities and Exchange Commission, which Preliminary Official Statement is subject to revision, amendment and completion in a final Official Statement (the "Official Statement"). Any Authorized Officer is hereby authorized and directed, for and in the name and on behalf of the District, to deliver to the Underwriter the Preliminary Official Statement. The Underwriter is hereby authorized to prepare and distribute copies of the Preliminary Official Statement to persons who may be interested in the purchase of the Bonds and is directed to deliver copies of the Preliminary Official Statement to such persons. The District is hereby authorized to cause to be prepared an Official Statement relating to the Bonds (which shall include all information previously permitted to have been omitted by Rule 15c2-12) to be used in connection with the offering and sale of the Bonds, and the Board hereby authorizes an Authorized Officer to execute such Official Statement and deliver such Official Statement to the Underwriter within seven business days of the sale of the Bonds.

SECTION 15. Insurance. The Authorized Officers are hereby authorized to pre-qualify the Bonds for a municipal bond insurance policy. Such insurance shall be purchased solely at the option of the Underwriter. In the event that bond insurance is purchased for the Bonds, and to the extent that the Bond Insurer makes payment of the Principal, interest or Accreted Value on the Bonds, it shall become the owner of such Bonds with the right to payment of Accreted Value and Principal of and interest on the Bonds, and shall be fully subrogated to all of the Owners' rights, including the Owners' rights to payment thereof. To evidence such subrogation (i) in the case of subrogation as to claims that were past due interest components, the Bond Registrar shall note the Bond Insurer's rights as subrogee on the Bond Register upon receipt of a copy of the cancelled check issued by the Bond Insurer for the payment of such interest to the Owners of the Bonds, and (ii) in the case of subrogation as to claims for past due Principal or Accreted Value, the Bond Registrar shall note the Bond Insurer as subrogee on the Bond Register upon surrender of the Bonds by the Owners thereof to the Bond Insurer or the insurance trustee for the Bond Insurer.

SECTION 16. Defeasance. All or any portion of the outstanding maturities of the Bonds may be defeased prior to maturity in the following ways:

(a) by irrevocably depositing with the Paying Agent or an escrow agent or trustee an amount of cash which, together with amounts then on deposit in the Debt Service Fund, is sufficient to pay all of the Bonds Outstanding and designated for defeasance, including all Accreted Value, Principal, interest and redemption premium, if any; or

(b) by irrevocably depositing with the Paying Agent or an escrow agent or trustee, noncallable Defeasance Securities, together with cash, if required, in such amount as will, in the opinion of an independent certified public accountant, together with interest to accrue thereon and monies then on deposit in the Debt Service Fund, together with the interest to accrue thereon, be fully sufficient to pay and discharge all of the Bonds Outstanding and designated for

defeasance (including all Principal and Accreted Value thereof and interest and redemption premium, if any, thereon) at or before their maturity date;

then, notwithstanding that any such designated Bonds shall not have been surrendered for payment, all obligations of the District under this Resolution with respect to all of such designated outstanding Bonds shall cease and terminate, except only the obligation of the Paying Agent to pay or cause to be paid from funds deposited pursuant to paragraphs (a) or (b) of this Section, to the Owners of such designated Bonds not so surrendered and paid all sums due with respect thereto.

SECTION 17. Rebate Fund.

(a) General. There shall be created and established a special fund designated the "2011 Series B Grossmont Healthcare District General Obligation Bonds Rebate Fund" (the "Rebate Fund"). All amounts at any time on deposit in the Rebate Fund shall be held and used solely for the purpose of satisfying the requirement to make rebate payments to the United States (the "Rebate Requirement") pursuant to Section 148 of the Code and the Treasury Regulations promulgated thereunder (the "Rebate Regulations"). Such amount shall be free and clear of any lien hereunder and shall be governed by this Section, Section 12 hereof and the Tax Certificate. The Paying Agent shall be deemed conclusively to have complied with the Rebate Requirement if it follows the written requests of the District, and shall have no independent responsibility, or liability resulting from its failure to enforce compliance by the District with the Rebate Requirement.

(b) Deposits.

(i) Within 45 days of the end of every fifth Bond Year (as such term is defined in the Tax Certificate), (1) the District shall calculate or cause to be calculated with respect to the Bonds the amount that would be considered the "rebate amount" within the meaning of Section 1.148-3 of the Treasury Regulations, using as the "computation date" for this purpose the end of such Bond Year, and (2) upon Written Request of the District, the Paying Agent shall deposit to the Rebate Fund from amounts from the District or from amounts on deposit in the Debt Service Fund, and/or other amounts available therefor, if and to the extent required, amounts sufficient to cause the balance in the Rebate Fund to be equal to the "rebate amount" so calculated.

(ii) The District shall not be required to deposit any amount to the Rebate Fund in accordance with the preceding paragraph (i) if the amount on deposit in the Rebate Fund prior to the deposit required to be made under this subsection (b) equals or exceeds the "rebate amount" calculated in accordance with the preceding sentence. Such excess may be withdrawn from the Rebate Fund to the extent permitted under subsection (g) of this Section.

(iii) The District shall not be required to calculate the "rebate amount" and shall not be required to deposit any amount to the Rebate Fund in accordance with this subsection (b), with respect to all or a portion of the proceeds of the Bonds (including amounts treated as proceeds of the Bonds) (1) to the extent that such proceeds satisfy the

expenditure requirements of Section 148(f)(4)(B) or Section 148(f)(4)(C) of the Code or Section 1.148-7(d) of the Treasury Regulations, whichever is applicable, and otherwise qualify for the exception to the Rebate Requirement pursuant to whichever of such sections is applicable, (2) to the extent such proceeds are subject to an election by the District under Section 148(f)(4)(C)(vii) of the Code to pay a 1½% penalty in lieu of arbitrage rebate in the event any of the percentage expenditure requirements of Section 148(f)(4)(C) are not satisfied, or (3) to the extent such proceeds qualify for the exception to arbitrage rebate under Section 148(f)(4)(A)(ii) of the Code for amounts in a "bona fide debt service fund." In such event, and with respect to such amounts, the District shall not be required to deposit any amount to the Rebate Fund in accordance with this subsection (b).

(c) Withdrawal Following Payment of Bonds. Any funds remaining in the Rebate Fund after redemption of all the Bonds and payment of any amounts described in paragraph (ii) of subsection (d) of this Section, including accrued interest, and payment of any applicable fees to the Paying Agent, shall be transferred to the Debt Service Fund, or, if the Debt Service Fund is not then in existence and such amounts were transferred directly by the District to the Rebate Fund or had previously been transferred by the District to the Debt Service Fund for purposes of making a rebate payment, to the general fund of the District.

(d) Withdrawal for Payment of Rebate. Subject to the exceptions contained in subsection (b) of this Section to the requirement to calculate the "rebate amount" and make deposits to the Rebate Fund, the Paying Agent, upon the Written Request of the District, shall pay to the United States, from amounts on deposit in the Rebate Fund,

(i) not later than 60 days after the end of (i) the fifth Bond Year, and (ii) each fifth Bond Year thereafter, an amount that, together with all previous rebate payments, is equal to at least 90% of the "rebate amount" calculated as of the end of such Bond Year in accordance with Section 1.148-3 of the Treasury Regulations; and

(ii) not later than 60 days after the payment of all Bonds, an amount equal to 100% of the "rebate amount" calculated as of the date of such payment (and any income attributable to the "rebate amount" determined to be due and payable) in accordance with Section 1.148-3 of the Treasury Regulations.

(e) Rebate Payments. Each payment required to be made pursuant to subsection (d) of this Section shall be made to the Internal Revenue Service Center, Ogden, Utah 84201, on or before the date on which such payment is due, and shall be accompanied by Internal Revenue Service Form 8038-T, which shall be completed by or on behalf of the District.

(f) Deficiencies in the Rebate Fund. In the event that, prior to the time any payment is required to be made from the Rebate Fund, the amount in the Rebate Fund is not sufficient to make such payment when such payment is due, the District shall calculate the amount of such deficiency and by Written Request of the District direct the Paying Agent to deposit an amount received from the District equal to such deficiency into the Rebate Fund prior to the time such payment is due.

(g) Withdrawals of Excess Amounts. In the event that immediately following the calculation required by subsection (b) of this Section, but prior to any deposit made under such subsection, the amount on deposit in the Rebate Fund exceeds the "rebate amount" calculated in accordance with such subsection, the Paying Agent, upon Written Request of the District, shall withdraw the excess from the Rebate Fund and credit such excess to the Debt Service Fund.

(h) Record Keeping. The District shall retain records of all determinations with respect to rebate required under this Section 17 or the Tax Certificate until six years after the complete retirement of the Bonds.

(i) Survival of Defeasance. Notwithstanding anything in this Resolution to the contrary, the Rebate Requirement shall survive the payment in full or defeasance of the Bonds.

SECTION 18. Continuing Disclosure Certificate. The District hereby covenants and agrees that it will comply with and carry out all of the provisions of that certain Continuing Disclosure Certificate to be executed by an Authorized Officer of the District and dated the date of issuance and delivery of the Bonds, as originally executed and as it may be amended from time to time in accordance with the terms thereof. Any Owner may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Section. Noncompliance with this Section shall not result in acceleration of the Bonds.

SECTION 19. Amendment of this Resolution.

(a) Consent of the Bond Insurer. In the event that the District purchases municipal bond insurance to secure the payments on the Bonds when due, the District shall not amend or supplement this Resolution, without the prior written consent of the Bond Insurer.

(b) Supplemental Resolutions With Consent of Owners. This Resolution, and the rights and obligations of the District and the Owners of the Bonds, may be modified or amended at any time by a Supplemental Resolution adopted by the Board with the written consent of the Bond Insurer and the Owners of at least sixty percent (60%) in aggregate Principal Amount and Maturity Value of the Outstanding Bonds, exclusive of Bonds, if any, owned by the District; provided, however, that no such modification or amendment shall, without the express consent of the Owner of each Bond affected, reduce the Principal Amount or Maturity Value of any Bond, reduce the interest rate payable thereon or the stated Bond Yield applicable thereto, advance the earliest redemption date thereof, extend its maturity or the times for paying interest thereon or Accreted Value thereof or change the monetary medium in which Accreted Value, Principal, interest and redemption premium, if any, is payable, nor shall any modification or amendment reduce the percentage of consents required for amendment or modification. Notwithstanding anything herein to the contrary, no such consent shall be required if the Owners are not directly or adversely affected by such modification or amendment.

(c) Supplemental Resolutions Effective Without Consent of Owners. For any one or more of the following purposes, a Supplemental Resolution of the Board may be adopted, which, without the requirement of consent of the Owners, shall be fully effective in accordance with its terms;

(i) To add to the covenants and agreements of the District in this Resolution, other covenants and agreements to be observed by the District which are not contrary to or inconsistent with this Resolution as theretofore in effect;

(ii) To add to the limitations and restrictions in this Resolution, other limitations and restrictions to be observed by the District which are not contrary to or inconsistent with this Resolution as theretofore in effect;

(iii) To confirm, as further assurance, any pledge under and the subjection to any lien or pledge created or to be created by this Resolution, of any moneys, securities or funds, or to establish any additional funds or accounts to be held under this Resolution;

(iv) To make such additions, deletions or modifications as may be necessary or desirable to assure exemption from federal income taxation of interest on the Bonds; and

(v) To amend or supplement this Resolution in any other respect, including in order to meet the requirements of the Bond Insurer, if any, provided such Supplemental Resolution does not, in the opinion of Bond Counsel, adversely affect the interests of the Owners.

(d) Effect of Supplemental Resolution. Any act done pursuant to a modification or amendment so consented to shall be binding upon the Owners of all the Bonds and shall not be deemed an infringement of any of the provisions of this Resolution, whatever the character of such act may be, and may be done and performed as fully and freely as if expressly permitted by the terms of this Resolution, and after consent regulating to such specified matters has been given, no Owner shall have any right or interest to object to such action or in any manner to question the propriety thereof or to enjoin or restrain the District or any officer or agent of either from taking any action pursuant thereto.

SECTION 20. Authorized Actions. All actions heretofore taken by the officers and agents of the District with respect to the sale and issuance of the Bonds are hereby approved, confirmed and ratified, and the officers of the Board and District officials and staff are hereby authorized and directed, jointly and severally, for and in the name and on behalf of this District, to do any and all things and take any and all actions, which they may deem necessary or advisable in order to consummate the lawful issuance and delivery of the Bonds in accordance with and otherwise to carry out, give effect to and comply with the terms and intent of this Resolution, and the Authorized Officers are hereby authorized and directed, jointly and severally, for and in the name and on behalf of this District, to execute and deliver any and all certificates, agreements and other documents, including but not limited to those described herein, which they may deem necessary or advisable in order to consummate the lawful issuance and delivery of the Bonds in accordance with and otherwise to carry out, give effect to and comply with the terms and intent of this Resolution.

SECTION 21. General Authorization. Sidley Austin LLP was appointed Bond Counsel in connection with the District's execution and delivery of the Bonds by prior action of the Board. G.L. Hicks Financial, LLC, was appointed financial advisor in connection with the District's execution and delivery of the Bonds by prior action of the Board.

SECTION 22. Citizens' Oversight Committee. The Board certifies that it has established and appointed an independent citizens' oversight committee pursuant to Proposition G to inform the public concerning the expenditure of proceeds of the Bonds by the date specified in Proposition G.

SECTION 23. Bond Accountability Reports. The Chief Executive Officer is hereby directed to file with the Board, no later than five months after the end of each fiscal year of the District, beginning with the fiscal year ending June 30, 2011, until all of the proceeds of the Bonds have been expended for the purposes authorized by Proposition G, in accordance with Section 53410 of the California Government Code, a report stating (a) the amount of proceeds of the Bonds received and expended in such fiscal year and (b) the status of any projects funded or to be funded from the proceeds of the Bonds.

SECTION 24. Resolution to the County Auditor and Treasurer. The Secretary of the Board is directed to provide a certified copy of this Resolution, and a copy of the debt service schedule, to the County Auditor and the Treasurer, with a request that the tax be levied and collected pursuant to Section 32312 of the California Health and Safety Code.

(d) The Bonds, when executed and delivered, will have been duly authorized and issued and, together with this Purchase Contract, the Continuing Disclosure Certificate and the other documents contemplated hereby and by the Official Statement, when executed and delivered, will constitute the valid and binding obligations of the District enforceable in accordance with their respective terms except as the enforceability may be subject to applicable limitations of bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium or equitable principles affecting the enforcement of creditors' rights. The enforcement of this Purchase Contract, the Continuing Disclosure Certificate and the Bonds are subject to the effect of the general principles of equity, including, without limitation, concepts of materiality, reasonableness, good faith and fair dealing, and the possible unavailability of specific performance or injunctive relief, regardless of whether considered in a proceeding in equity or at law, and to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against public entities in the State of California;

(e) The issuance of the Bonds, the adoption of the Bond Resolution, the execution and delivery by the District of the Continuing Disclosure Certificate, this Purchase Contract and the Official Statement, and compliance with the provisions on the District's part contained herein and therein, will not, as of the date hereof or as of the Closing Date, conflict with or constitute a material breach of or material default under any California or federal law, administrative regulation, judgment, decree, loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the District is a party, nor will any such execution, delivery or compliance result in the creation or imposition of any lien, charge or other security interest or encumbrance of any nature whatsoever upon any of the properties or assets of the District under the terms of

any such law, administrative regulation, judgment, decree, loan agreement, indenture, bond, note resolution, agreement or other instrument, except as provided in the Bond Resolution;

(f) The District is not in material breach of or in material default under any existing law or administrative regulation of the State of California or the United States or any applicable judgment or decree or any loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the District is a party or is otherwise subject, and no event has occurred and is continuing which, with the passage of time or the giving of notice or both, would constitute a material default under any such instrument;

(g) There is no action, suit, proceeding, inquiry or investigation at law or in equity or before or by any California or federal court, public board or body pending or, to the knowledge of the District, threatened against or affecting the District (or, to the knowledge of the District, any meritorious basis for such an action, suit, proceeding inquiry or investigation) (i) to restrain or enjoin the issuance, sale or delivery of any of the Bonds or the levy or collection of any tax contemplated by the Bond Resolution, or (ii) in any way contesting or affecting (a) the validity or enforceability of the Bonds, the Bond Resolution, this Purchase Contract, or the Continuing Disclosure Certificate, (b) the existence or powers of the District, (c) the transactions contemplated by the Bonds, the Bond Resolution, this Purchase Contract, the Continuing Disclosure Certificate or the Official Statement, or any agreement or instrument to which the District is a party or that is used or contemplated for use in the consummation of the transactions contemplated hereby or thereby, or (d) the federal tax-exempt status of the interest on the Bonds;

(h) The District will furnish such information, execute such instruments and take such other action in cooperation with the Underwriter as the Underwriter may request in order to qualify the Bonds for offer and sale under the blue sky or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriter may designate and will use its best efforts to continue such qualification in effect so long as required for distribution of the Bonds, and consents to and ratifies the use of the Official Statement by the Underwriter in obtaining such qualifications; provided, however, that in no event shall the District be required to take any action which would subject it to general or unlimited service of process in any jurisdiction in which it is not now so subject;

(i) As of the respective dates thereof, the information and statements contained in the Preliminary Official Statement and the Supplemented Preliminary Official Statement under the captions "INTRODUCTORY STATEMENT," "PROPERTY TAX INFORMATION," "THE DISTRICT" and "LEGAL MATTERS-General" were true and correct, and the Preliminary Official Statement and the Supplemented Preliminary Official Statement (excluding therefrom information relating to DTC, the book-entry system, and the information under the caption "UNDERWRITING," as to which no representation is made) did not contain any untrue statement of a material fact or omit to state a material

(k) If between the date hereof and the date which is 25 days after the End of the Underwriting Period for the Bonds, an event occurs which might or would cause the information contained in the Official Statement (excluding therefrom information relating to DTC, the book-entry system, and the information under the caption "UNDERWRITING," as to which no representation is made), as then supplemented or amended, to contain any untrue statement of a material fact or to omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading, the District will notify the Underwriter, and, if in the opinion of the District, in consultation with the Underwriter and its counsel, such event requires the preparation and publication of a supplement or amendment to the Official Statement, the District will forthwith prepare and furnish to the Underwriter (at the expense of the District) (i) a reasonable number of copies of an amendment of or supplement to the Official Statement (in form and substance satisfactory to counsel for the Underwriter) which will amend or supplement the Official Statement so that it will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; and (ii) if such event takes place subsequent to the Closing, such legal opinions, certificates, instruments and other documents as the Underwriter may deem necessary to evidence the truth and accuracy of such supplement or amendment to the Official Statement. For the purposes of this subsection, between the date hereof and the date which is 25 days after the End of the Underwriting Period for the Bonds, the District will furnish such information with respect to itself as the Underwriter may from time to time reasonably request;

(l) If the information contained in the Official Statement is amended or supplemented pursuant to paragraph (j) hereof, at the time of each supplement or amendment thereto and (unless subsequently again supplemented or amended pursuant to such subparagraph) at all times subsequent thereto up to and including the date which is 25 days after the End of the Underwriting Period for the Bonds, the portions of the Official Statement (excluding therefrom information relating to DTC and the book-entry

system, and the information under the caption "UNDERWRITING," as to which no representation is made) so supplemented or amended (including any financial and statistical data contained therein) will not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(m) At the Closing Date, each of the representations and certifications of the District in this Purchase Contract is and will be true, accurate and complete;

(n) Any certificate signed by an authorized officer of the District delivered to the Underwriter shall be deemed a representation and warranty by the District to the Underwriter as to the statements made therein;

(o) Between the date of this Purchase Contract and the Closing Date, the District will not, without the prior written consent of the Underwriter, offer or issue any bonds, notes or other obligations for borrowed money;

No Indemnified Party shall be indemnified for any losses, claims, damages or liabilities resulting from the gross negligence of such Indemnified Party.

(b) The District, to the fullest extent permitted by law, further agrees to indemnify and hold harmless the Authority and the members of the Authority, their officers, employees and agents, from and against any and all losses, claims, damages, liabilities or expenses, of every conceivable kind, character and nature whatsoever, including, but not limited to, losses, claims, damages, liabilities or expenses (including reasonable fees of attorneys, accountants, consultants and other experts) arising out of, resulting from or in any way connected with this Purchase Contract; provided, however, that no Indemnified Party shall be indemnified for any losses, claims, damages or liabilities resulting from the gross negligence of such Indemnified Party.

(c) In case any action shall be brought against any Indemnified Party and in respect of which the District is required to indemnify such Indemnified Party pursuant to the provisions of paragraph (a) or (b) above, such Indemnified Party shall promptly notify the District in writing and the District shall assume the defense thereof, including the employment of counsel and the payment of all expenses. Any such Indemnified Party shall have the right to employ separate counsel in any such action and participate in the defense thereof, but the fees and expenses of such counsel shall be at the expense of such Indemnified Party, unless (i) the employment of such counsel has been specifically authorized by the District or (ii) the Indemnified Party shall have been advised by counsel that one or more legal defenses may be available to such Indemnified Party which may not be available to the District, in which case the District shall not be entitled to assume the defense of such suit on behalf of such Indemnified Party and such Indemnified Party shall have the right to retain legal counsel of its own choosing, notwithstanding the obligation of the District to bear the fees and expenses of such counsel. The District shall not be liable for any settlement of any such action effected without its consent, but if settled with the consent of the District, or if there be a final judgment for the plaintiff in any such action, the District agrees to indemnify and hold harmless any such Indemnified Party from and against any loss or liability by reason of such settlement or judgment.

The provisions of this Section 10 shall remain in full force and effect notwithstanding repayment of the Bonds or termination of this Purchase Contract.

SECTION 11. GOLDMAN SACHS NOT ADVISOR.

Goldman, Sachs & Co. is not acting as a Municipal Advisor (as defined in Section 15B of the Exchange Act of 1934, as amended), and shall not have a fiduciary duty to the District or the Authority in connection with the matters contemplated by this Purchase Contract. No other person shall acquire or have any right hereunder or by virtue hereof. All of the representations (as of the date such representations were made) of the District and the Authority contained in this Purchase Contract shall remain operative and in full force and

effect regardless of any investigation made by or on behalf of any of the Underwriters. This Purchase Contract may not be assigned by any party without the written consent of the other parties.

If the above terms are acceptable, please cause a duly authorized officer of the District and the Authority to execute the acceptance below.

Very truly yours,

NEW ISSUE — BOOK-ENTRY ONLY **RATING†: Moody's: Aa2**

In the opinion of Sidley Austin LLP, San Francisco, California, Bond Counsel under existing law and assuming compliance with certain covenants in the documents pertaining to the Bonds and requirements of the Internal Revenue Code of 1986, as amended, as described herein, interest on the Bonds is not includable in the gross income of the owners of the Bonds for federal income tax purposes. In the further opinion of Bond Counsel, interest on the Bonds is not treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals and corporations. Interest on the Bonds, however, is included as an adjustment in calculating federal corporate alternative minimum taxable income and therefore may affect a corporation's alternative minimum tax liability. In the further opinion of Bond Counsel, interest on the Bonds is exempt from personal income taxes imposed by the State of California. Bond Counsel, expresses no opinion regarding any other consequences related to the ownership or disposition of, or the accrual or receipt of interest on the Bonds. See "TAX MATTERS" herein.

INTRODUCTORY STATEMENT

The following introductory statement is subject in all respects to the more complete information set forth in this Official Statement. The descriptions and summaries of various documents hereinafter set forth do not purport to be comprehensive or definitive and are qualified in their entirety by reference to each document. All capitalized terms used in this Official Statement and not otherwise defined herein have the same meaning as in the Bond Resolution (as defined below).

Purpose of this Official Statement

This Official Statement, including the cover page, the inside cover page and the appendices hereto, is provided to furnish information in connection with the sale and delivery of $136,860,000* aggregate principal amount of Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds").

The District

Grossmont Healthcare District (the "District") is a local health care district, formed in 1952, and organized pursuant to Division 23 of the Health and Safety Code (the "Local Health Care District Law") of the State of California (the "State"). The District's boundaries encompass an area of approximately 750 square miles in eastern San Diego County (the "County"). Included within the District boundaries are the cities of La Mesa, Lemon Grove, Santee, and El Cajon, the San Carlos/Del Cerro communities within the City of San Diego, and certain unincorporated areas of the County. The total 2010-11 net taxable assessed valuation of property within the District is $40,094,695,319.

The District owns Sharp Grossmont Hospital, located in La Mesa, California. Sharp Grossmont Hospital currently has 536 licensed acute care beds, 689 physicians on staff, 21 operating rooms and 1 heliport. On May 29, 1991, the District entered into an Affiliation Agreement (as amended to date, the "Affiliation Agreement") with Sharp HealthCare (formerly San Diego Hospital Association) ("Sharp"), a nonprofit public benefit corporation, under which the District agreed to transfer the operation and maintenance of Sharp Grossmont Hospital to Grossmont Hospital Corporation (the "Corporation"), a nonprofit public benefit corporation wholly controlled by Sharp. For more information on the District and the management and operation of Sharp Grossmont Hospital, see "THE DISTRICT" herein.

Authority for Issuance of the Bonds

At an election held on June 6, 2006, more than two-thirds of the votes cast by eligible voters within the District authorized the District to issue up to $247,000,000 principal amount of general obligation bonds ("Proposition G"). The District issued the first series of its general obligation bonds under Proposition G, in the amount of $85,627,075.50, in 2007. The Bonds constitute the second series of bonds issued under Proposition G. The Bonds are issued pursuant to certain provisions of the Local

* Preliminary, subject to change.

Health Care District Law and other applicable laws and pursuant to a resolution (the "Bond Resolution") adopted by the Board of Directors of the District (the "District Board") on December 17, 2010. The Bonds will be issued in book-entry form only and will be initially issued and registered in the name of Cede & Co. as nominee for The Depository Trust Company ("DTC"). Purchasers will not receive bond certificates representing their interest in the Bonds. One fully-registered Bond will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

Interest with respect to the Bonds accrues from their date of delivery and is payable semiannually on January 15 and July 15 of each year (each, a "Bond Payment Date"), commencing July 15, 2011. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Each Bond will bear interest from the Bond Payment Date next preceding the date of authentication thereof unless it is authenticated as of a day during the period from the Record Date next preceding any Bond Payment Date to that Bond Payment Date, inclusive, in which event it will bear interest from such Bond Payment Date, or unless it is authenticated on or before July 1, 2011, in which event it will bear interest from the date of delivery of the Bonds. The Bonds are issuable in denominations of $5,000 principal amount or any integral multiple thereof. The Bonds mature on July 15, in the years and amounts set forth on the inside cover page hereof.

So long as Cede & Co. is the registered Owner of the Bonds, principal of and interest and premium, if any, on the Bonds are payable by wire transfer by the Paying Agent to Cede & Co., as nominee for DTC, which, in turn, will remit such amounts to DTC Participants (as defined in Appendix D) for subsequent disbursement to the Beneficial Owners. See APPENDIX D – "BOOK-ENTRY SYSTEM." In addition, so long as Cede & Co. is the registered Owner of the Bonds, references in this Official Statement to "Owner" or registered owner of the Bonds (other than under the caption "TAX MATTERS" and the statement on the cover of this Official Statement regarding interest on the Bonds being excludable from gross income) means Cede & Co. and does not mean the Beneficial Owners of such Bonds. The District and the Bond Registrar will treat the registered owner of the Bonds (which will be DTC so long as the book-entry system is in effect) as the absolute owner of the Bonds for the

purposes of payment of debt service, giving all notices of redemption, and all other matters with respect to the Bonds.

For a description of the method of payment of principal of and interest on the Bonds and matters pertaining to their exchange while the book-entry system is in place, see APPENDIX D – "BOOK-ENTRY SYSTEM."

If the book-entry system for the Bonds is ever discontinued, payment of interest on any Bond Payment Date will be made to the person appearing on the registration books of the Bond Registrar as the Owner thereof as of the 1st day of the calendar month in which such Bond Payment Date occurs (the "Record Date"), such interest to be paid by check mailed to such Owner on the Bond Payment Date, at such Owner's address as it appears on such registration books or at such other address as such Owner may have filed with the Bond Registrar for that purpose on or before the Record Date. The Owner of Bonds in an aggregate principal amount of $1,000,000 or more may request in writing to the Bond Registrar that such Owner be paid interest by wire transfer to the bank and account number on file with the Bond Registrar as of the Record Date. The principal of the Bonds will be payable upon maturity or earlier redemption upon surrender at the principal office of the Paying Agent, in lawful money of the United States of America. The Paying Agent is authorized to pay the Bonds when duly presented for payment at maturity or upon earlier redemption and to cancel all Bonds upon payment thereof.

Redemption

Optional Redemption. The Bonds maturing on or before July 15, 20__ are not subject to redemption prior to their respective stated maturity dates**.** The Bonds maturing on or after July 15, 20__ are subject to redemption prior to their respective stated maturity dates, at the option of the District, from any source of funds, in whole or in part, on July 15, 20__, or on any date thereafter at the par amount thereof, without premium, together with interest accrued thereon to the date of redemption.

Mandatory Sinking Fund Redemption. The Bonds maturing on July 15, 20__, are subject to redemption prior to maturity from mandatory sinking fund payments on July 15 of each year, beginning July 15, 20__, at a redemption price equal to the principal amount thereof, together with accrued interest to the date fixed for redemption, without premium**.** The principal amount represented by such Bonds to be so redeemed and the dates therefore and the final principal payment date is as indicated in the following table:

Redemption Date (July 15)	Mandatory Sinking Fund Payment
20__	$____
20__	____
20__†	____

† Final Maturity.

Selection of Bonds for Redemption. If less than all the Outstanding Bonds are to be optionally redeemed on any one date, the Bond Registrar, upon written instructions from the District, will select Bonds for redemption from such maturity dates as are selected by the District and by lot within each such maturity in any manner as the Bond Registrar shall determine; provided, however, that the portion of any Bond to be redeemed in part will be in the principal amount of $5,000 or any integral multiple thereof. In

the event no direction is given, the Bond Registrar will select Bonds for redemption in inverse order of maturity, and, if less than all the Bonds of any one maturity date are to be redeemed on any one date, the Bond Registrar will select the Bonds or the portions thereof of such maturity date by lot.

Notice of Redemption. Notice of redemption of any Bonds will be mailed, postage prepaid, not less than 20 nor more than 45 days prior to the redemption date by first class mail to the respective Owners thereof at the addresses appearing on the bond registration books maintained by the Bond Registrar.

Each notice of redemption will contain all of the following information: (a) the date of the notice of redemption, (b) the name of the Bonds, (c) the Bonds or designated portions thereof (in the case of redemption of the Bonds in part but not in whole) which are to be redeemed, (d) the date of redemption, (e) the place or places where the redemption will be made, including the name and address of the Bond Registrar, (f) the redemption price, (g) the CUSIP numbers of each maturity assigned to each maturity of the Bonds to be redeemed, (h) if less than all of the Bonds of any maturity are to be redeemed, the Bond numbers of the Bonds of each maturity to be redeemed and, in the case of any Bond to be redeemed in part only, the principal amount of such Bond to be redeemed, (i) the original issue date, interest rate and stated maturity date of each Bond to be redeemed in whole or in part, and (j) in the case of a conditional redemption, that such redemption is conditional upon certain circumstances. Such notice of redemption will further state that on the specified date there will become due and payable upon each Bond or portion thereof being redeemed the redemption price thereof, together with the interest accrued to the redemption date, and that from and after such date, interest with respect thereto will cease to accrue.

The District may rescind any optional redemption and any notice thereof for any reason by causing written notice of the rescission to be given to the Owners of those Bonds so called for redemption at least four business days prior to the date fixed for redemption. Any optional redemption and any notice thereof will be rescinded if for any reason on the date fixed for redemption moneys are not available in the Debt Service Fund or otherwise held in trust in an escrow fund established for such purpose in an amount sufficient to pay in full on such date the principal of and interest due on the Bonds called for redemption**.** Notice of rescission will be given in the same manner in which notice of redemption was originally given.

Neither failure to receive any redemption notice nor any defect in any such redemption notice will affect the sufficiency of the proceedings for the redemption of the affected Bonds. Failure by the Bond Registrar to give any redemption notice to any one or more of the respective Owners of Bonds designated for redemption shall not affect the sufficiency of the proceedings for redemption with respect to Owners to whom such redemption notice was mailed. Each check issued or other transfer of funds made by the Bond Registrar for the purpose of redeeming Bonds will bear the CUSIP number identifying, by issue and maturity, the Bonds being redeemed with the proceeds of such check or other transfer.

If, on such redemption date, money for the redemption of all the Bonds to be redeemed as provided in the Bond Resolution, together with interest to such redemption date, is held by or on behalf of the Bond Registrar so as to be available therefore on such redemption date, and if notice of redemption thereof shall has given as provided in the Bond Resolution, then from and after such redemption date, interest with respect to the Bonds to be redeemed will cease to accrue. All money held by or on behalf of the Bond Registrar for the redemption of Bonds will be held for the account of the Owners of the Bonds so to be redeemed.

All Bonds paid at maturity or redeemed prior to maturity pursuant to the provisions of the Bond Resolution will be canceled upon surrender thereof and be delivered to or upon the order of the District**.** All or any portion of a Bond purchased by the District will be canceled by the Bond Registrar.

Defeasance

The District may pay and discharge any or all of the Bonds by irrevocably depositing with the Paying Agent or an escrow agent selected by the District at or before maturity, money or noncallable Defeasance Securities together with cash, if required, in an amount which will, together with the interest to accrue thereon and moneys then on deposit in the Debt Service Fund, together with the interest to accrue thereon, be fully sufficient to pay and discharge the indebtedness on such Bonds (including all principal, interest and redemption premium, if any) at or before their respective maturity dates.

"Defeasance Securities" means:

(i) Direct and general obligations of the United States of America (including state and local government series), or obligations that are unconditionally guaranteed as to principal and interest by the United States of America, including (in the case of direct and general obligations of the United States of America) evidences of direct ownership of proportionate interests in future interest or principal payments of such obligations**.** Investments in such proportionate interests must be limited to circumstances wherein (a) a bank or trust company acts as custodian and holds the underlying United States obligations; (b) the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor of the underlying United States obligations; and (c) the underlying United States obligations are held in a special account, segregated from the custodian's general assets, and are not available to satisfy any claim of the custodian, any person claiming through the custodian, or any person to whom the custodian may be obligated; provided that such obligations are rated or assessed "AAA" by Standard & Poor's or "Aaa" by Moody's Investors Service; and

(ii) Obligations of government sponsored agencies of the United States that are rated "AAA," by Standard & Poor's or "Aaa" by Moody's Investors Service but are not backed by the full faith and credit of the government of the United States.

Bond Registrar and Paying Agent

As long as DTC's book-entry system is used for the Bonds, the Bond Registrar will send any notice of redemption or other notices to Owners only to DTC**.** Any failure of DTC to advise any DTC Participant, or of any DTC Participant to notify any Beneficial Owner, of any such notice and its content or effect will not affect the validity or sufficiency of the proceedings relating to the redemption of the Bonds called for redemption or of any other action premised on such notice.

The Bond Registrar, the Paying Agent, the District and the Underwriter of the Bonds have no responsibility or liability for any aspects of the records relating to or payments made on account of beneficial ownership, or for maintaining, supervising or reviewing any records relating to beneficial ownership of interests in the Bonds. So long as the outstanding Bonds are registered in the name of Cede & Co. or its registered assigns, the Bond Registrar, the Paying Agent and the District will cooperate with Cede & Co., as sole registered owner, or its registered assigns in effecting payment of the principal of and interest on the Bonds by arranging for payment in such manner that funds for such payments are properly identified and are made immediately available on the date they are due.

Registration, Transfer and Exchange of Bonds

If the book-entry system described in Appendix D is no longer used with respect to the Bonds, the District will cause the Bond Registrar to maintain and keep at its principal corporate trust office all books and records necessary for the registration, exchange and transfer of the Bonds (the "Bond Register"). The person in whose name a Bond is registered on the Bond Register will be regarded as the absolute owner of that Bond. Payment of or on account of the principal of and interest on any Bond will be made only to or upon the order of that person; neither the District nor the Bond Registrar will be affected by any notice to the contrary. All such payments will be valid and effectual to satisfy and discharge the District's liability upon the Bonds, including interest, to the extent of the amount or amounts so paid.

Any Bond may be exchanged for Bonds of any authorized denomination upon presentation and surrender at the principal corporate trust office of the Bond Registrar, together with a request for exchange signed by the Owner or by a person legally empowered to do so in a form satisfactory to the Bond Registrar. In the event that the District determines to no longer maintain the book-entry only status of the Bonds, DTC determines to discontinue providing such services and no successor securities depository is named, or DTC requests the District to deliver Bond certificates to particular DTC Participants, any Bond may, in accordance with its terms, be transferred upon the Bond Register by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Bond for cancellation at the office of the Bond Registrar, accompanied by delivery of a written instrument of transfer in a form approved by the Bond Registrar, duly executed.

Neither the District nor the Bond Registrar will be required: to transfer or exchange any Bonds (a) during the period from the Record Date next preceding any Bond Payment Date to such Bond Payment Date, (b) during the period beginning with the opening of business on the 15th business day next preceding any date of selection of Bonds to be redeemed and ending with the close of business on the day on which the applicable notice of redemption is given, or (c) which have been selected or called for redemption in whole or in part.

SECURITY FOR THE BONDS

The Bonds represent general obligations of the District payable from certain *ad valorem* taxes**.** Pursuant to Section 32312 of the Local Health Care District Law, the County will levy and collect annually *ad valorem* taxes upon all property subject to taxation by the District for the payment of the principal of and interest on the Bonds**.** Such taxes shall be collected by the County and transferred to the Paying Agent. The Paying Agent, pursuant to the Paying Agent Agreement, will deposit all such taxes in the Debt Service Fund held by the Paying Agent, which is required to be used by the Paying Agent solely for the payment of principal of and redemption premium, if any, and interest on the Bonds when due. All *ad valorem* taxes collected within the District for the payment of Bonds are pledged to the payment of principal of and redemption premium, if any, and interest on the Bonds when due. Although the County is obligated to levy an *ad valorem* tax for the payment of the Bonds, the Bonds are not obligations of the County, the State, the Authority or any of their political subdivisions, other than the District.

The moneys in the Debt Service Fund, to the extent necessary to pay the principal of and redemption premium, if any, and interest on the Bonds as the same become due and payable, shall be transferred by the Paying Agent on each Bond Payment Date to DTC for remittance by DTC to its Participants for subsequent disbursement to the Beneficial Owners of the Bonds.

Each year, the District calculates and submits to the County the levy rate that is expected to permit the County to collect *ad valorem* taxes in an amount sufficient to pay principal and interest coming due on the Bonds in that year. In the event there is a shortfall in *ad valorem* taxes to pay principal of and

interest on the Bonds, the District is required by Section 32127 of the Local Health Care District Law to use moneys in its general fund to make up any shortfall. In calculating the levy rate, the District takes into account an estimated delinquency rate equal to the actual delinquency rate within the County for the prior year. In each of the past three fiscal years, the District has established a levy rate that has yielded *ad valorem* tax revenues in excess of the amounts required to pay debt service due on bonds issued pursuant to Proposition G, but there can be no assurance that *ad valorem* tax revenues collected in the future will continue to be in excess of debt service requirements. All excess funds collected, together with investment income earned thereon, will be used to pay future debt service on bonds issued pursuant to Proposition G. Nonetheless, the District anticipates that the *ad valorem* taxes levied and collected by the County on property subject to taxation by the District will be sufficient to pay interest and principal coming due on the Bonds.

ANNUAL DEBT SERVICE REQUIREMENTS

The following table sets forth for each year ending July 15, the amounts required to be made available for the payment of principal due on the Bonds, including by mandatory sinking account redemption, interest on the Bonds and debt service on outstanding general obligation bonds issued by the District in 2007 pursuant to Proposition G.

PROPERTY TAX INFORMATION

Ad Valorem Property Taxation

As required by State law, the District utilizes the services of the County for the assessment and collection of taxes for District purposes. District taxes are collected at the same time and on the same tax roll as are County, school district, city and other special district taxes. Taxes are levied by the County for each fiscal year on taxable real and personal property that is located in the District as of the preceding January 1. See "—Tax Collection Procedure" and "—Tax Rate and Collection Record" below.

The amount of the annual *ad valorem* tax levied by the County to repay the Bonds will be based on the assessed valuation of taxable property in the District and the amount of debt service due on the Bonds and all parity debt issued by the District pursuant to Proposition G. The District will calculate the tax rate on an annual basis based on the assessed valuation of taxable property in the District and the amount of debt service due on the Bonds and all parity debt issued by the District pursuant to Proposition G. Subsequent to calculation of the tax rate, the District Board, in accordance with County policy, will adopt a resolution notifying the County of the tax rate established. The County will, in turn, levy and collect the *ad valorem* taxes and transfer such *ad valorem* taxes to the Paying Agent, as described above.

Certain Risks Related to *Ad Valorem* Property Taxation

A reduction in the assessed valuation of taxable property located in the District, such as may be caused by economic recession, deflation of land values, a relocation out of the District by one or more major property owners, reclassification of property to a class exempt from taxation or the complete or partial destruction of such property caused by, among other events, an earthquake, flood or other natural disaster, could cause a reduction in the assessed value of property located within the District and necessitate an unanticipated increase in the annual tax levy necessary to pay debt service on the Bonds and all parity debt issued by the District pursuant to Proposition G. A significant decrease in assessed valuation, an unanticipated increase in the rate of tax delinquencies, or a declaration of bankruptcy by the District could delay the payment of debt service on the Bonds. See "LEGAL MATTERS—Limitation on Remedies" herein. As stated above, the District calculates the tax rate on an annual basis, taking into account an assumed delinquency rate. Since issuing bonds pursuant to Proposition G, the District has assumed a delinquency rate equal to the actual delinquency rate within the County for the prior year. In any given fiscal year, to the extent the delinquency rate is less than that which was assumed for such fiscal year, any excess taxes collected will be used to pay debt service in subsequent years. Conversely, in any given fiscal year, if the delinquency rate is higher than that which was assumed for such fiscal year and to the extent there are not sufficient funds on deposit in the Interest and Sinking Fund to pay debt service for such fiscal year, the District is required to provide funds from its general fund to make up any deficiencies in the Interest and Sinking Fund to provide for payment of debt service on all bonds issued by the District pursuant to Proposition G. While the levy of *ad valorem* tax to pay debt service of the Bonds and other bonds issued pursuant to Proposition G is not limited as to rate or amount, the risks discussed in this section could affect a tax payor's willingness or ability to pay *ad valorem* taxes.

Over the past several years, the real estate market has seen an increased rate of mortgage delinquencies and foreclosures and, there has been a slowdown in new home construction and other construction. In addition, there has been a decline in recent years in the assessed valuations of taxable property located in the District. The total assessed valuation of real property subject to taxation in the District for the fiscal year 2010-11 decreased by 1.5% as compared to fiscal year 2009-10. The total assessed valuation for the fiscal year 2009-10 decreased by 5.0% as compared to fiscal year 2008-09. There also has been an increase in property owner requests for temporary reductions in assessed valuation; however, actual refunds have been fairly insignificant.

Assessed Valuations

The assessed valuation of property in the District is established by the County Assessor, except for public utility property which is assessed by the State Board of Equalization. Assessed valuations are reported at 100% of the "full value" of the property, as defined in Article XIIIA of the State Constitution. See "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS" herein.

Certain classes of property, such as churches, nonprofit and public schools, colleges, universities and hospitals, charitable institutions and governmental property, are exempt from property taxation and do not appear on the tax rolls.

Property located within the District has a total net taxable assessed valuation for fiscal year 2010-11 of $40,094,695,319. The following table presents the ten-year history of assessed valuations in the District.

The amount of outstanding general obligation bonds issued pursuant to Proposition G as of January 1, 2011 was $85,422,076. The District currently has no other outstanding indebtedness. The District currently expects to issue the remaining bonds authorized under Proposition G within the next five years. The District does not currently have plans to seek authorization for additional general obligation bonds.

Tax Collection Procedure

Taxes are levied for each fiscal year on taxable real and personal property on the tax rolls as of the preceding January 1. Real property that changes ownership or is newly constructed is revalued at the time the change occurs or the construction is completed. The current year property tax rate is applied to the reassessed value, and the taxes are then adjusted by a proration factor that reflects the portion of the remaining tax year for which taxes are due.

For assessment and collection purposes, property is classified either as "secured" or "unsecured" and is listed accordingly on separate parts of the assessment roll. The "secured roll" is that part of the assessment roll containing real property having a tax lien that is sufficient, in the opinion of the County Assessor, to secure payment of the taxes. Other property is assessed on the "unsecured roll."

Property taxes on the secured roll are due in two installments, on November 1 and February 1 of each year. If unpaid, such taxes become delinquent on December 10 and April 10, respectively, and a 10% penalty attaches to any delinquent payment. Property on the secured roll with respect to which taxes are delinquent becomes tax defaulted on June 30. Such property may thereafter be redeemed by payment

of the delinquent property taxes, plus a penalty of 1.5% per month to the time of redemption, plus costs and a redemption fee. If taxes are unpaid for a period of five years or more, the property is subject to auction sale by the County's Treasurer–Tax Collector.

Property taxes on the unsecured roll are due as of the January 1 lien date and become delinquent on August 31. A 10% penalty attaches to delinquent unsecured taxes. If unsecured taxes are unpaid at 5:00 p.m. on October 31, an additional penalty of 1.5% attaches to them on the first day of each month until paid. The County has four ways of collecting delinquent unsecured personal property taxes: (1) bringing a civil action against the taxpayer; (2) filing a certificate in the office of the Clerk of County specifying certain facts in order to obtain a lien on certain property of the taxpayer; (3) filing a certificate of delinquency for recordation in the County Recorder's office in order to obtain a lien on certain property of the taxpayer; and (4) seizing and selling personal property, improvements, or possessory interests belonging or assessed to the taxpayer.

CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS

Article XIIIA of the State Constitution

Article XIIIA of the State Constitution ("Article XIIIA"), adopted and known as Proposition 13, limits the amount of *ad valorem* taxes on real property to 1% of "full cash value" as determined by the county assessor. Article XIIIA defines "full cash value" to mean "the county assessor's valuation of real property as shown on the 1975-76 bill under 'full cash value,' or thereafter, the appraised value of real property when purchased, newly constructed or a change in ownership has occurred after the 1975 assessment," subject to exemptions in certain circumstances of property transfer or reconstruction. The "full cash value" is subject to annual adjustment to reflect increases, not to exceed 2% for any year, or decreases in the consumer price index or comparable local data, or to reflect reductions in property value caused by damage, destruction or other factors.

Article XIIIA requires a vote of two-thirds of the qualified electorate of a city, county, special district (such as the District) or other public agency to impose *special* taxes, while totally precluding the imposition of any additional *ad valorem*, sales or transaction tax on real property. Article XIIIA exempts from the 1% tax limitation any taxes above that level required to pay debt service (a) on any indebtedness approved by the voters prior to July 1, 1978, or (b), as a result of an amendment approved by State voters on July 3, 1986, on any bonded indebtedness approved by two-thirds of the votes cast by voters for the acquisition or improvement of real property, or (c) bonded indebtedness incurred by a school district or community college district for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by 55% or more of the votes cast on the proposition, but only if certain accountability measures are included in the proposition. The tax for payment of the Bonds falls within the exception described in (b) of the immediately preceding sentence. In addition, Article XIIIA requires the approval of two-thirds of all members of the state legislature to change any state taxes for the purpose of increasing tax revenues.

Article XIIIA has subsequently been amended to permit reduction of the "full cash value" base in the event of declining property values caused by damage, destruction or other factors, to provide that there would be no increase in the "full cash value" base in the event of reconstruction of property damaged or destroyed in a disaster, and in other minor or technical ways.

On June 18, 1992, the United States Supreme Court in *Nordlinger v. Hahn* issued a decision upholding the constitutionality of Article XIIIA.

Legislation Implementing Article XIIIA

Legislation has been enacted and amended a number of times since 1978 to implement Article XIIIA. Local agencies are no longer permitted to levy directly any property tax (except to pay voter-approved indebtedness). The 1% property tax is automatically levied by the county and distributed according to a formula among taxing agencies. The formula apportions the 1% property tax roughly in proportion to the relative shares of property taxes levied prior to 1979.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership, or from the annual adjustment not to exceed 2%, are allocated among the various jurisdictions in the "taxing area" based upon their respective "situs." Any such allocation made to a local agency continues as part of its allocation in future years.

All taxable property is shown at full market value on the tax rolls. Consequently, the tax rate is expressed as $1 per $100 of taxable value. All taxable property value included in this Official Statement is shown at 100 percent of market value (unless noted differently) and all tax rates reflect the $1 per $100 of taxable value.

Article XIIIB of the State Constitution

Article XIIIB of the California Constitution ("Article XIIIB") was added to the Constitution by initiative in 1979. Under Article XIIIB state and local governmental entities have an annual "appropriations limit" and are not permitted to spend certain moneys that are called "appropriations subject to limitation" (consisting of tax revenues, state subventions and certain other funds) in an amount higher than the "appropriations limit." Article XIIIB does not affect the appropriation of moneys that are excluded from the definition of "appropriations subject to limitation," including debt service on indebtedness existing or authorized as of January 1, 1979, or bonded indebtedness subsequently approved by the voters. In general terms, the "appropriations limit" is to be based on certain 1978-79 expenditures and is to be adjusted annually to reflect changes in consumer prices, populations, and services provided by these entities. Among other provisions of Article XIIIB, if these entities' revenues in any year exceed the amounts permitted to be spent, the excess would have to be returned by refunding taxes already collected or revising tax rates or fee schedules over the subsequent two years.

The appropriations of a local governmental entity subject to Article XIIIB limitations include the proceeds of taxes levied by or for that entity and the proceeds of certain State subventions to that entity. "Proceeds of taxes" include, but are not limited to, all tax revenues and the proceeds to the entity from (a) regulatory licenses, user charges and user fees (but only to the extent that these proceeds exceed the reasonable costs in providing the regulation, product or service), and (b) the investment of tax revenues. Appropriations subject to limitation do not include (a) refunds of taxes, (b) appropriations for debt service, such as the Bonds, (c) appropriations required to comply with certain mandates of the courts or the federal government, (d) appropriations of certain special districts, (e) appropriations for all qualified capital outlay projects as defined by the legislature, (f) appropriations derived from certain fuel and vehicle taxes and (g) appropriations derived from certain taxes on tobacco products.

Article XIIIB includes a requirement that all revenues received by an entity of government other than the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during such respective fiscal years shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years.

The State and each local government entity has its own appropriation limit. Each year, the limit is adjusted to allow for changes, if any, in the cost of living, the population of the jurisdiction, and any transfer to or from another governmental entity of financial responsibility for providing the services. The District is required to establish an appropriation limit each year. The District receives no moneys that are considered appropriations subject to limitations and, therefore, had an appropriation limit of $0 for fiscal year 2010-11.

Article XIIIC and Article XIIID of the State Constitution

On November 5, 1996, the voters of the State approved Proposition 218, popularly known as the "Right to Vote on Taxes Act." Proposition 218 added to the State Constitution Articles XIIIC and XIIID (respectively, "Article XIIIC" and "Article XIIID"), which contain a number of provisions affecting the ability of local agencies to levy and collect both existing and future taxes, assessments, fees and charges.

According to the "Title and Summary" of Proposition 218 prepared by the California Attorney General, Proposition 218 limits "the authority of local governments to impose taxes and property-related assessments, fees and charges." Among other things, Article XIIIC establishes that every tax is either a "general tax" (imposed for general governmental purposes) or a "special tax" (imposed for specific purposes), prohibits special purpose government agencies such as hospital districts from levying general taxes, and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds vote; and also provides that the initiative power will not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. Article XIIIC further provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIIIA of the State Constitution and special taxes approved by a two-thirds vote under Article XIIIA, Section 4. Article XIIID relates to assessments and property-related fees and charges, and explicitly provides that nothing in Article XIIIC or XIIID will be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development.

The District does not impose any taxes, assessments, or property-related fees or charges that are subject to the provisions collected of Proposition 218. It does receive a portion of the basic one percent *ad valorem* property tax levied and collected by the County pursuant to Article XIIIA of the State Constitution.

Unitary Property

Some amount of property tax revenue of the District is derived from utility property, which is considered part of a utility system with components located in many taxing jurisdictions. The State Constitution provides that the State Board of Equalization (the "SBE"), rather than counties, assess certain property owned or used by regulated utilities. Such property is grouped and assessed by the SBE as "going concern" operating units, which may cross local tax jurisdiction boundaries, rather than as individual parcels of real or personal property separately assessed. Such utility property is known as "unitary property." The SBE assesses property at "fair market value," determined by various methods and formulae depending on the nature of the property, except that assessed value of certain railroad property is limited to a percentage of the fair market value determined by the SBE, in conformity with federal law. The SBE assesses values as of January 1 prior to the tax year of the related tax levy. Property tax on SBE-assessed property is then levied and collected by each county in the same manner as county assessed property, but at special county-wide tax rates, and distributed to each taxing agency within that county generally according to the approximate percentages as allocated to each taxing agency in the prior year.

Changes in the California electric utility industry structure and in the way in which components of that industry are regulated and owned, including the sale of electric generation assets to largely unregulated, non-utility companies, may convert the status of such assets from SBE-assessed unitary property to locally assessed property or otherwise affect how those assets are assessed in the future and which local taxing agencies are to receive the property taxes on such assets. The District cannot predict whether any changes that may occur will affect the unitary property within its boundaries or the tax revenues relating to such property.

Future Initiatives

Articles XIIIA, XIIIB, XIIIC, and XIIID were each adopted as measures that qualified for the ballot pursuant to the State's initiative process. From time to time other initiative measures could be adopted, further affecting District revenues or the District's ability to expend revenues. The nature and impact of these measures cannot be anticipated by the District.

THE DISTRICT

Only ad valorem taxes levied on taxable property within the District are pledged to the payment of debt service on the Bonds. The Bonds are payable from revenues of the District only in the event there is a shortfall in ad valorem taxes, but the Bonds are not secured by any of such revenues. The Bonds are not payable from, nor are they secured by, the revenues or assets of Sharp Grossmont Hospital, Sharp or the Corporation. Prospective investors, therefore, should base their investment decision on the property tax information relating to the District. See "SECURITY FOR THE BONDS" herein. For a summary of certain demographic data for the County, see APPENDIX A – "ECONOMIC AND DEMOGRAPHIC PROFILE OF SAN DIEGO COUNTY" hereto. The information in this section concerning the operations of the District is provided as background information only.

History

The District, formerly known as Grossmont Hospital District, was formed in 1952 for the purposes of establishing a new hospital to accommodate the unmet health care needs of the residents of eastern San Diego County. Grossmont Hospital commenced operations in 1955 and, now known as Sharp Grossmont Hospital, currently employs 2,546 full time employees, with 689 doctors on staff and 536 licensed acute care beds.

Governance and Management

The District is governed by the District Board, which consists of five publicly elected members, each serving four-year terms. The District Board is charged with the general oversight of the District's operations. The current members of the District Board are set forth below:

Board of Directors of the District

Director	Term Expires December	Occupation
Deborah McElravy, R. Ph., President	2012	Pharmacist
Michael T. Long, M.D., Vice President	2014	Physician
Michael Emerson, RDO, FNAO, Secretary	2012	Optician
Gloria A. Chadwick, R.N.	2014	Registered Nurse
Robert Ayres	2012	Retired Banking Executive

Pursuant to the Affiliation Agreement, the District agreed to transfer the management and operation of Grossmont Hospital to Sharp in 1991. In connection with this affiliation, the District leased Grossmont Hospital to the Corporation for a term ending May 29, 2021, and transferred certain assets and liabilities of the District to the Corporation. The term of the lease, which expires on May 29, 2021, may be extended for an additional term of up to 30 years if approved by a majority of the votes cast by eligible voters within the District.

Sharp, the parent corporation of a multi-hospital health care system consisting of four nonprofit hospitals and other health care facilities located in San Diego County, California, is the sole member of the Corporation.

Financial Information

The District prepares financial statements on an annual basis, and the financial statements are audited by an independent accountant. As discussed above, only *ad valorem* taxes levied on taxable property within the District are pledged to the payment of debt service on the Bonds and other bonds issued by the District pursuant to Proposition G. The Bonds are payable from revenues of the District only in the event there is a shortfall in *ad valorem* taxes, but the Bonds are not secured by any of such revenues. The Bonds are not payable from, nor are they secured by, the revenues or assets of Sharp Grossmont Hospital, Sharp or the Corporation. Accordingly, the financial statements of the District, Sharp and the Corporation have not been included in this Official Statement. The District's financial statements for the fiscal year ended June 30, 2010, however, may be obtained from the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access System (EMMA). The financial statements contained or accessible on such website are not incorporated herein by reference.

THE AUTHORITY

The Authority was created by a Joint Exercise of Powers Agreement, dated as of October 22, 2010 (the "JPA Agreement"), between Palomar Pomerado Health and the District. Pursuant to Chapter 5 of Division 7 of Title 1 of the Government Code of the State (the "JPA Act"), the Authority has legal authority to exercise any powers common to its members and to exercise additional powers granted to it under the JPA Act. Under the JPA Act, the Authority is authorized to purchase bonds issued by the District at negotiated sale and to sell such bonds at negotiated sale to the Underwriter. The Bonds are being issued by the District for sale to the Authority and will be simultaneously resold by the Authority to the Underwriter.

Neither the Authority nor its independent contractors have furnished, reviewed, investigated or verified the information contained in this Official Statement other than the information contained in this section. The Authority will not monitor payment of the Bonds or compliance with the documents relating thereto.

CONTINUING DISCLOSURE

The District has covenanted for the benefit of Bondholders (including Beneficial Owners of the Bonds) to provide (i) the audited financial statements of the District for the prior fiscal year and (ii) to the extent not contained in the audited financial statements: (a) assessed value of taxable property in the District as shown on the recent equalized assessment role, (b) property tax levies, collections and delinquencies for the District, for the prior fiscal year, and (c) a list of the top 20 property taxpayers in the District for the then current fiscal year, as measured by secured assessed valuation and their percentage of total secured assessed value (collectively, such information is referred to as the "Annual Report") by not later than six months following the end of the District's fiscal year (which currently ends June 30), commencing with the report for the 2010-11 Fiscal Year, and to provide notices of the occurrence of certain enumerated events. The Annual Report shall be filed by the District with the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access System. The specific nature of the information to be contained in the Annual Report or any notices of material events is included in APPENDIX B – "FORM OF CONTINUING DISCLOSURE CERTIFICATE." These covenants have been made in order to assist the Underwriter in complying with Rule 15c2-12(b)(5) (the "Rule") promulgated by the Securities and Exchange Commission. The District has never failed to comply in all material respects with any previous continuing disclosure undertaking pursuant to the Rule within the last five years.

TAX MATTERS

Tax Exemption

In the opinion of Sidley Austin LLP, San Francisco, California, Bond Counsel, under existing law and assuming compliance by the District with certain covenants in the Resolution, the Tax Certificate and other documents pertaining to the Bonds, by the Corporation with certain covenants in its certificate attached to the Tax Certificate, and by the District and the Corporation with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), regarding the organization and operation of the Corporation, the use, expenditure and investment of proceeds of the Bonds, and the timely payment of certain investment earnings to the United States, interest on the Bonds is not includable in the gross income of the owners of the Bonds for federal income tax purposes. Failure to comply with such covenants and requirements may cause interest on the Bonds to become included in gross income retroactive to the date of issuance of the Bonds.

In the further opinion of Bond Counsel, interest on the Bonds is not treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals and corporations. Interest on the Bonds, however, is included as an adjustment in calculating federal corporate alternative minimum taxable income and therefore may affect a corporation's alternative minimum tax liability.

Bond Counsel has relied on the opinion of Hooper, Lundy & Bookman, P.C., San Diego, California, regarding the qualification of the Corporation as an organization described in Section 501(c)(3) of the Code. Neither Bond Counsel nor Hooper, Lundy & Bookman, P.C. can give or has given any opinion or assurance about the future activities of the Corporation or about the effect of future changes in the Code, applicable regulations, the interpretation thereof or the resulting changes in enforcement thereof by the Internal Revenue Service (the "IRS"). Failure to comply with the covenants and requirements described above or failure of the Corporation to be organized and operated in accordance with the IRS's requirements for the maintenance of its status as an organization described in Section 501(c)(3) of the Code may cause interest on the Bonds to become included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds.

Ownership of, or the receipt of interest on, tax-exempt obligations may result in collateral tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, certain foreign corporations doing business in the United States, certain S corporations with excess passive income, individual recipients of Social Security or Railroad Retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, and taxpayers who may be eligible for the earned income credit. Bond Counsel expresses no opinion with respect to any collateral tax consequences and, accordingly, prospective purchasers of the Bonds should consult their tax advisors as to the applicability of any collateral tax consequences.

Certain requirements and procedures contained or referred to in the Resolution or in other documents pertaining to the Bonds may be changed, and certain actions may be taken or not taken, under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of counsel nationally recognized in the area of tax-exempt obligations. Bond Counsel expresses no opinion as to the effect of any change to any document pertaining to the Bonds or of any action taken or not taken where such change is made or action is taken or not taken without the approval of Bond Counsel or in reliance upon the advice of counsel other than Bond Counsel with respect to the exclusion from gross income of the interest on the Bonds for federal income tax purposes.

Original Issue Discount

The initial public offering price of certain of the Bonds (collectively, the "Discount Bonds") is less than the principal amount of the Discount Bonds. The difference between the principal amount of a Discount Bond and its initial public offering price is original issue discount. Original issue discount on a Discount Bond accrues over the term of such Discount Bond at a constant interest rate. To the extent it has accrued, original issue discount on a Discount Bond is treated as interest excludable from gross income for federal income tax purposes under the conditions and limitations described above. The amount of original issue discount that accrues on a Discount Bond in each year is not an item of tax preference for purposes of calculating federal alternative minimum taxable income of individuals and corporations, but is included as an adjustment in the calculation of federal corporate alternative minimum taxable income and may therefore affect a corporation's alternative minimum tax liability. Additionally, such accrued original issue discount is taken into account in determining the distribution requirements of certain regulated investment companies. Consequently, owners of Discount Bonds should be aware that the accrual of original issue discount in each year may result in an alternative minimum tax liability, additional distribution requirements or other collateral federal income tax consequences although the owner may not have received cash in such year.

The accrual of original issue discount on a Discount Bond will increase the owner's adjusted basis in such Discount Bond. This will affect the amount of taxable gain or loss realized by the owner of the Discount Bond upon the redemption, sale or other disposition of such Discount Bond. The effect of the accrual of original issue discount on the federal income tax consequences of a redemption, sale or other disposition of a Discount Bond that is not purchased at the initial public offering price may be determined according to rules that differ from those described above. Owners of Discount Bonds should consult their tax advisors with respect to the precise determination for federal income tax purposes of the amount of original issue discount that properly accrues with respect to the Discount Bonds, other federal income tax consequences of owning and disposing of the Discount Bonds and any state and local tax consequences of owning and disposing of the Discount Bonds.

Premium Bonds

The excess, if any, of the tax adjusted basis of a Bond purchased as part of the initial public offering to a purchaser (other than a purchaser who holds such Bond as inventory, stock in trade or for sale to customers in the ordinary course of business) over the amount payable at maturity is "bond premium." Bond premium is amortized over the term of such Bond for federal income tax purposes (or, in the case of a bond with bond premium callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such bond). Owners of Bonds with bond premium are required to decrease their adjusted basis in such Bonds by the amount of amortizable bond premium attributable to each taxable year such Bonds are held. The amortizable bond premium on such Bonds attributable to a taxable year is not deductible for federal income tax purposes. Rather, bond premium is treated as an offset to the interest received on such Bonds. Owners of such Bonds should consult their tax advisors with respect to the determination for federal income tax purposes of the treatment of bond premium upon sale or other disposition of such Bonds and with respect to the state and local tax consequences of owning and disposing of such Bonds.

Information Reporting and Backup Withholding

Interest paid on the Bonds will be subject to information reporting in a manner similar to interest paid on taxable obligations. Although such reporting requirement does not, by itself, affect the excludability of such interest from gross income for federal income tax purposes, such reporting requirement causes the payment of interest on the Bonds to be subject to backup withholding if such

interest is paid to beneficial owners who (a) are not "exempt recipients," and (b) either fail to provide certain identifying information (such as the beneficial owner's taxpayer identification number) in the required manner or have been identified by the Internal Revenue Service as having failed to report all interest and dividends required to be shown on their income tax returns. Generally, individuals are not exempt recipients, whereas corporations and certain other entities are exempt recipients. Amounts withheld under the backup withholding rules from a payment to a beneficial owner are allowed as a refund or a credit against such beneficial owner's federal income tax liability provided the required information is furnished to the IRS.

State Tax Exemption

In the further opinion of Bond Counsel, interest on the Bonds is exempt from personal income taxes imposed by the State of California.

Future Developments

Future legislative proposals, if enacted into law, regulations, rulings or court decisions may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation or to state or local income taxation, or may otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. Further, legislation or regulatory actions and proposals may affect the economic value of the federal or state tax exemption or the market value of the Bonds.

Prospective purchasers of the Bonds should consult their tax advisors regarding pending or proposed federal or state tax legislation, regulations, rulings or litigation, as to which Bond Counsel expresses no opinion.

A copy of the proposed form of opinion of Bond Counsel is attached hereto as Appendix C.

LEGAL MATTERS

General

There is no litigation pending or threatened against the District concerning the validity of the Bonds or questioning the District's ability to issue the Bonds, the District's ability to receive *ad valorem* taxes, the Bond Resolution or the organization, powers or authority of the District.

Limitation on Remedies

The opinion of Bond Counsel as to the rights of owners and the enforceability thereof, attached hereto as Appendix C, is qualified by reference to bankruptcy, insolvency and other laws relating to or affecting creditor's rights. Bankruptcy proceedings, if initiated, could subject the owners of the Bonds to judicial discretion and interpretation of their rights in bankruptcy or otherwise and, consequently, may entail risks of delay, limitation, or modification of their rights.

Approval of Legality

The validity of the Bonds and certain other legal matters are subject to the approving opinion of Sidley Austin LLP, San Francisco, California, Bond Counsel. A copy of the proposed form of opinion of Bond Counsel is attached hereto as Appendix C. Sidley Austin LLP has also acted as Disclosure Counsel to the District. Certain legal matters will be passed upon for the District by its General Counsel,

Jeffrey G. Scott, Esq., and for the Underwriter by its counsel, Chapman and Cutler LLP, San Francisco, California.

UNDERWRITING

The Bonds are being purchased by the Authority for resale to the Underwriter pursuant to a purchase contract among the Underwriter, the District, and the Authority. The Underwriter has agreed, subject to certain conditions, to purchase the Bonds from the Authority at a price of $_____ (representing the principal amount of the Bonds of $____, plus original issue premium of $_____, less original issue discount of $_____, less the Underwriter's discount of $_____). Under the terms of the purchase contract, the Underwriter will be obligated to purchase all of the Bonds if any are purchased, the obligation to make such purchase being subject to certain terms and conditions to be satisfied by the District and the Authority. The Underwriter may offer and sell the Bonds to certain dealers and others at prices lower than the offering prices stated on the inside front cover page. The offering prices may be changed from time to time by the Underwriter.

The Underwriter and its respective affiliates are a full service financial institution engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. Certain of the Underwriter and its respective affiliates have, from time to time, performed, and may in the future perform, various investment banking services for the District for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Underwriter and its respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and/or credit default swaps) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the District.

RATING

Moody's Investors Service Inc. ("Moody's") has assigned the rating of "Aa2" to the Bonds. No application was made to any other rating agency for the purpose of obtaining additional ratings on the Bonds. Such rating reflects only the views of such organization, and any explanation of the significance of such rating may only be obtained from the rating agency furnishing the same. There is no assurance that any such rating will remain in effect for any given period of time or that it will not be lowered or withdrawn entirely by the rating agency, if, in the rating agency's judgment, circumstances so warrant. The Underwriter has undertaken no responsibility either to bring to the attention of the Owners any proposed change in or withdrawal of any rating or to oppose any such proposed revision or withdrawal. The District has not undertaken any responsibility, other than as described in the Continuing Disclosure Certificate, either to bring to the attention of the Owners any proposed change in or withdrawal of any rating or to oppose any such proposed change or withdrawal. Any such downward change in or withdrawal of any rating might have an adverse effect on the market price or marketability of the Bonds.

APPENDIX A

Economic and Demographic Profile of San Diego County

The following information about San Diego County (the "County") is presented as general background information because the District is located in the eastern part of the County. As discussed under "SECURITY FOR THE BONDS," the Bonds are payable from ad valorem taxes upon taxable property within the District and are neither a debt of nor payable by the County.

General

The County is the southernmost major metropolitan area in the State of California (the "State") and is approximately the size of the State of Connecticut. The County covers 4,526 square miles, extending 70 miles along the Pacific Coast from the Mexican border to Orange County, and 75 miles inland to Imperial County. The counties of Riverside and Orange form the northern boundary of the County.

Topography of the County varies from broad coastal plains and fertile inland valleys to mountain ranges in the east, which rise to an elevation of 6,500 feet. Eastern slopes of these mountains form the rim of the Anza-Borrego Desert and the Imperial Valley. The Cleveland National Forest occupies much of the interior portion of the County. The climate is equable in the coastal and valley regions where most of the population and resources are located. Average annual rainfall in the coastal areas is approximately 10 inches.

The County possesses a diverse economic base consisting of a significant manufacturing presence in the fields of electronics and shipbuilding, a large tourist industry attracted by the favorable climate of the region, and a considerable defense-related presence.

In April 2004, PETCO Park opened in the City of San Diego, providing a 42,000 fixed seat baseball stadium for the San Diego Padres. PETCO Park is located in a 26-block neighborhood that contains existing and proposed hotels, office space, retail and housing units within walking distance from the San Diego Convention Center and the Gaslamp Quarter. The baseball stadium is also within walking distance of a San Diego Trolley station and nearby parking facilities.

The County is also a major center for culture and education. Over 30 recognized art organizations, including the San Diego Opera, the Old Globe Theatre productions, the La Jolla Chamber Orchestra, as well as museums and art galleries, are located in the County. Higher education is provided through several two-year colleges as well as four-year colleges and universities.

In addition to the City of San Diego, other principal cities in the County include Carlsbad, Chula Vista, Oceanside, El Cajon, Escondido, La Mesa and National City. Most County residents live within 20 miles of the coast. Farther inland are agricultural areas. The top five crops for 2009 include ornamental trees and shrubs, indoor flowering and foliage plants, bedding plants, avocados and tomatoes. Approximately 28 miles northeast of San Diego, in the Ramona Valley, is a wine producing region and is currently home to 20 vineyards. The easternmost portion of the County has a dry, desert-like topography.

Population

There are 18 incorporated cities in the County and a number of unincorporated communities. Estimated population for the County as of January 1, 2009, was 3,185,462, making it the third largest

county by population in California. The County's population in 2009 increased approximately 1.69% from 2008. The following table sets forth the County's population growth relative to the population for the State and the United States for the years 1997 through 2009.

In recent years, the County has enjoyed economic stability, out-pacing the State economy despite a general recession in the State. Much of this strength was evidenced by and due to outstanding employment gains, population growth, personal income increases and high levels of commercial and industrial development.

Three basic industries of the region, manufacturing, the military and tourism, help sustain the County's economy. The U.S. Department of Defense contributes approximately $10 billion annually to the local economy, through wages paid to uniformed military and civilian personnel and for equipment and services purchased from local businesses. San Diego's military presence is anticipated to remain relatively stable and may even increase due to the consolidation of military operations and facilities from elsewhere in California, the West and throughout the United States. Even though the U.S. Department of Defense closed and vacated the Naval Training Center in 1997, three procurement agencies, the Naval Space and Warfare Systems Command, the Naval Aviation Engineering Servicing Unit and the Naval Aviation Technical Service Facility, have recently relocated to the County.

Building Activity

Building permit valuations for both residential and non-residential construction in the County in 2009 decreased over 2008 levels by approximately 39.1%. The following table sets forth selected information relating to building permits issued in the County in the years 2005 through 2009.

Transportation

Surface, sea and air transportation facilities serve County residents and businesses. Interstate 5 parallels the coast from Mexico to the Los Angeles area and points north. Interstate 15 runs inland,

leading to Riverside-San Bernardino, Las Vegas, and Salt Lake City. Interstate 8 runs eastward through the southern United States.

San Diego's International Airport (Lindbergh Field) is located approximately three miles northwest of the downtown area at the edge of San Diego Bay. The San Diego County Regional Airport Authority is the operator of the San Diego International Airport. The airport is the busiest, single-runway commercial service airport in the country served by 18 commercial airlines and four cargo carriers. An Airport Master Plan was adopted in May 2008. Projects include construction of 10 additional gates at Terminal 2 West for a net airport total of 51 gates, airfield improvements, new general aviation facilities, relocation and reconfiguration of SAN Park Pacific Highway, a second level roadway serving Terminal 2, a parking structure adjacent to Terminal 2 and improvements to vehicle circulation within the terminal area. In addition to San Diego International Airport, there are two naval air stations, two private airports and seven general aviation airports located in the County.

McClellan-Palomar Airport, also known as Palomar Airport or Carlsbad Airport, is located in Carlsbad, California, and can accommodate private and light commercial aircraft. Oceanside Municipal Airport is located eight miles north in Oceanside, California.

Public transit in the metropolitan area is provided by the Metropolitan Transit System. The San Diego Trolley, developed by the Metropolitan Transit Development Board beginning in 1979, has been expanded and provides special, more direct special event service to PETCO Park, the Gaslamp Quarter and the Convention Center. A total of 17.6 miles was added to the original 108 miles; construction was completed in 1990.

San Diego is the terminus of the Santa Fe Railway's main line from Los Angeles. Amtrak passenger service is available at San Diego, with stops at Del Mar and Oceanside in the northern part of the County.

San Diego's harbor is one of the world's largest natural harbors. The Port of San Diego is administered by the San Diego Unified Port District, which includes the cities of San Diego, National City, Chula Vista, Imperial Beach, and Coronado.

Visitor and Convention Activity

An excellent climate, proximity to Mexico, extensive maritime facilities, and such attractions as the San Diego Wild Animal Park, Sea World of San Diego, Cabrillo National Monument, Mount Laguna Observatory, Legoland and Palomar Observatory allow San Diego to attract a high level of visitor and convention business each year. Contributing to the growth of visitor business has been the development of the 4,600-acre Mission Bay Park at San Diego and the San Diego Convention Center.

San Diego's visitor industry is a major sector of the region's economy. The San Diego Convention Center, containing 615,701 square feet of exhibit space and 204,114 square feet of meeting/banquet space, with total interior space of over 2.6 million gross square feet, opened in November 1989 and was expanded in 2001. In April 2010 a resolution of the Board of the Port Commissioner was passed which provides for a five acre water front park which will include a water transportation center and land improvements. At the beginning of 2010, it was expected that approximately 165 events would be held during 2010 in the Convention Center, attracting over an estimated 786,403 attendees and contributing approximately $1.27 billion in revenues to the County.

Education

Forty-two independent school districts provide educational programs for the elementary and secondary public school children in the County. Each school system is governed by a locally elected board of education and administered by a superintendent or other chief administrative officer appointed by the board. In the County there are three types of school districts: elementary, union high and unified. Elementary districts educate elementary students, union high districts educate primarily secondary students and unified districts educate both elementary and secondary students. If the District's fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5.

(b) Not later than fifteen (15) business days prior to the date specified in subsection (a) above for providing the Annual Report to the MSRB, the District (if the Dissemination Agent is other than the District) shall provide the Annual Report to the Dissemination Agent. 15. appointment of a successor or additional paying agent, or the change of name of a paying agent.

(b) Whenever the District obtains knowledge of the occurrence of a Listed Event, but, in the case of a Listed Event described in Subsection 2, 3, 4, 7, 11, 13, 14 and 15 of Section 5(a), only in the event the District determines that knowledge of the occurrence of a Listed Event would be material under applicable federal securities laws, the District shall or shall cause to be filed a notice of such occurrence with the MSRB through its EMMA System, in an electronic format as prescribed by the MSRB, in a timely manner but not in excess of 10 business days after the occurrence of such Listed Event.

SECTION 6. CUSIP Numbers. Whenever providing information, including but not limited to Annual Reports, documents incorporated by reference in the Annual Reports, audited financial

statements and notices of Listed Events, the District shall indicate the full name of the Bonds and the 9-digit CUSIP numbers for the Bonds as to which the provided information relates.

SECTION 7. Termination of Reporting Obligation. The District's obligations under this Disclosure Certificate shall terminate upon the defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the District shall give notice of such termination in the same manner as for a Listed Event under Section 5(b).

SECTION 8. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent.

SECTION 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the District may amend or waive any provision of this Disclosure Certificate only under the following circumstances:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, or 5, it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Owners of the Bonds in the same manner as provided in the Resolution with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or Beneficial Owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the District shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the District. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(b), and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 11. Default. In the event of a failure of the District to comply with any provision of this Disclosure Certificate, any Holder or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate; provided that any such action may be instituted only in Superior Court of the State of California in and for the County or in U.S. District Court in or nearest to the County. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 12. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

SECTION 13. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriter, the Holders and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

Proposed Form of Opinion of Bond Counsel

[Date]

Grossmont Healthcare District
La Mesa, California

$_____
GROSSMONT HEALTHCARE DISTRICT
(San Diego County, California)
General Obligation Bonds, 2006 Election, 2011 Series B

Ladies and Gentlemen:

We have acted as bond counsel to the Grossmont Healthcare District (the "District") and in such capacity have examined a record of proceedings related to the issuance of $_____ Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds"). The Bonds are issued under and pursuant to Section 1(b) of Article XIIIA of the State of California Constitution and Section 32300 *et seq*. of the State of California Health and Safety Code, a two-thirds vote of the qualified electors of the District voting at an election held on June 6, 2006, and a resolution adopted by the Board of Directors of the District on December 17, 2010 (the "Resolution").

In our capacity as bond counsel, we have reviewed originals or copies certified or otherwise identified to our satisfaction of such documents, certificates, opinions and other matters as we deemed necessary or appropriate to render the opinions set forth herein. In rendering the opinions set forth below, we have relied upon certifications and representations of the District with respect to certain material facts solely within the knowledge of the District, without undertaking to verify the same by independent investigation. Further, we have assumed, but have not independently verified, that the signatures on all documents, certificates and opinions that we reviewed are genuine.

Certain requirements and procedures contained or referred to in the Resolution or in other documents pertaining to the Bonds may be changed, and certain actions may be taken or not taken, under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of counsel nationally recognized in the area of tax-exempt obligations. We express no opinion as to the effect of any change to any document pertaining to the Bonds or of any action taken or not taken where such change is made or action is taken or not taken without our approval or in reliance upon the advice of counsel other than ourselves with respect to the exclusion from gross income of the interest on the Bonds for federal income tax purposes.

Based on the foregoing and subject to the limitations and qualifications herein specified, as of the date hereof, under existing law, we are of the opinion that:

1. The Bonds constitute valid and binding obligations of the District, payable solely from the proceeds of the levy of *ad valorem* taxes on all property subject to such taxes in the District, which taxes are unlimited as to rate or amount.

2. Assuming compliance by the District with certain covenants in the Resolution, the Tax Certificate and other documents pertaining to the Bonds, by the Grossmont Hospital Corporation (the "Corporation") with certain covenants in its Certificate attached to the Tax Certificate, and by the District and the Corporation with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), regarding the organization and operation of the Corporation, the use, expenditure and investment of proceeds of the Bonds, and the timely payment of certain investment earnings to the United States, interest on the Bonds is not includable in the gross income of the owners of the Bonds for federal income tax purposes. In rendering the foregoing opinion, we have relied upon the opinion of Hooper, Lundy & Bookman, P.C., San Diego, California, regarding the qualification of the Corporation as an organization described in Section 501(c)(3) of the Code. We can give no opinion or assurance about the future activities of the Corporation or about the effect of future changes in the Code, applicable regulations, the interpretation thereof or the resulting changes in enforcement thereof by the Internal Revenue Service. Failure to comply with the covenants and requirements described above or failure of the Corporation to be organized and operated in accordance with the Internal Revenue Service's requirements for the maintenance of its status as an organization described in Section 501(c)(3) of the Code may cause interest on the Bonds to become included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds.

4. Interest on the Bonds is not treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals and corporations. Interest on the Bonds, however, is included as an adjustment in calculating federal corporate alternative minimum taxable income and therefore may affect a corporation's alternative minimum tax liability.

5. Interest on the Bonds is exempt from personal income taxes imposed by the State of California.

We express no opinion regarding other federal or State of California income tax consequences caused by the ownership of or the receipt of interest on the Bonds.

With respect to the opinions expressed herein, the enforceability of the rights of the owners of the Bonds is subject to bankruptcy, insolvency, reorganization, arrangement, moratorium and other laws affecting the enforcement of creditors' rights generally, to the application of equitable principles (regardless of whether such enforceability is considered in equity or at law), to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against healthcare districts in the State of California.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions. Such opinions may be adversely affected by actions taken or events occurring, including a change in law, regulation or ruling (or in the application of official interpretation of any law, regulation or ruling) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions are taken or such events occur, and we have no obligation to update this opinion in light of such actions or events.

Respectfully submitted,

APPENDIX D

Book-Entry System

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the total aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be

the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of the Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of the notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, premium, redemption proceeds, distributions, and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor of its nominee, the Paying Agent, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

The District cannot and does not give any assurances that DTC will distribute to Participants or that Participants or others will distribute to the Beneficial Owners payments of principal or accreted value of and interest and premium, if any, on the Bonds paid or any redemption or other notices or that they will do so on a timely basis or will serve and act in the manner described in this Official Statement. The District is not responsible or liable for the failure of DTC or any Participant or Indirect Participant to make any payments or give any notice to a Beneficial Owner with respect to the Bonds or any error or delay relating thereto.

Neither the District nor the Paying Agent will have any responsibility or obligation to Participants, to Indirect Participants or to any Beneficial Owner with respect to (i) the accuracy of any records maintained by DTC, any Participant, or any Indirect Participant; (ii) the payment by DTC or any Participant or Indirect Participant of any amount with respect to the principal or accreted value of or premium, if any, or interest on the Bonds; (iii) any notice that is permitted or required to be given to Holders under the Resolution; (iv) the selection by DTC, any Participant or any Indirect Participant of any person to receive payment in the event of a partial redemption of the Bonds; (v) any consent given or other action taken by DTC as Bondholder; or (vi) any other procedures or obligations of DTC, Participants or Indirect Participants under the book-entry system.

BLUE SKY MEMORANDUM

$136,860,000*
GROSSMONT HEALTHCARE DISTRICT
(San Diego County, California)
General Obligation Bonds, 2006 Election, 2011 Series B

Goldman, Sachs & Co.

Ladies and Gentlemen:

This Memorandum relates to the requirements of the "Blue Sky" laws of the jurisdictions listed with respect to the above-referenced bonds (hereinafter, the *"Bonds"*). The Memorandum is based upon an examination of Section 18 of the Securities Act of 1933, as amended (*"Section 18"*), and of the securities laws of the several jurisdictions and the rules and regulations, where published, of the authorities administering such laws, all, as to such jurisdictions, as set forth in the CCH Blue Sky Law Reporter or upon informal interpretive advice or "no-action" letters obtained from certain securities commissions or their representatives relating to the Bonds or similar securities. It is noted, however, that the securities laws of certain jurisdictions provide that the burden of claiming an exemption is upon the person claiming the exemption and that informal interpretive advice and "no-action" letters are not necessarily binding upon a court of law.

We call attention to the fact that the authorities responsible for administering the securities laws of the various jurisdictions have broad discretionary powers with respect to the offer and sale of securities, including the power to withdraw exemptions granted by the applicable statutes and the power to impose additional requirements with respect to securities offerings and the information which must be furnished by the proposed issuers and underwriters. This Memorandum is, of course, subject to any changes made in the securities laws of the jurisdictions by reason of such discretionary powers, to the extent that the same are not preempted by Section 18. Furthermore, we have not obtained any opinions from members of the bar of any jurisdiction or formal rulings from regulatory commissions or other administrative bodies or officials.

* Preliminary, subject to change.

This Memorandum does not purport to cover the requirements under any of the laws of the jurisdictions enumerated herein with respect to the registration or licensing of dealers, brokers, sales persons, the form or substance of advertising or the legality of investments in the Bonds by any institutional investor which is subject to statutory or other restrictions as to its investments.

The Bonds constitute the second series of bonds issued under Proposition G. The Bonds are issued pursuant to certain provisions of the Local

* Preliminary, subject to change.

Health Care District Law and other applicable laws and pursuant to a resolution (the "Bond Resolution") adopted by the Board of Directors of the District (the "District Board") on December 17, 2010. The Bonds will be sold by the District to the San Diego County Health Facilities Financing Authority (the "Authority") pursuant to the Marks-Roos Local Bond Pooling Act of 1985, constituting Article 4 of Chapter 5 of Division 7 of Title 1 (commencing with Section 6584) of the Government Code of the State. The Authority will resell the Bonds immediately to Goldman, Sachs & Co. (the "Underwriter"), as described under "UNDERWRITING" herein.

Security for the Bonds

The Bonds represent general obligations of the District payable from certain *ad valorem* taxes. The Board of Supervisors of the County will levy and collect annually *ad valorem* taxes upon all property subject to taxation by the District for the payment of the principal of and interest on the Bonds. The Bonds are not obligations of the County, the Authority, the State or any of their political subdivisions, other than the District.

Bond Registrar and Paying Agent

Union Bank, N.A., will serve as the initial Bond Registrar and the initial Paying Agent with respect to the Bonds.

Purpose of the Proposition G Authorization

Proceeds from the sale of bonds issued pursuant to Proposition G also are authorized to be used to acquire land and construct thereon a health care training and occupational center.

The District expects to use the proceeds from the sale of the Bonds, which constitute the second issuance of bonds authorized pursuant to Proposition G, to finance and/or refinance (a) with respect to Sharp Grossmont Hospital, the (i) construction, expansion and improvement of an approximately three-story surgical link diagnostic and treatment building that will include operating rooms and/or interventional suites, catheterization labs and interventional radiology labs, (ii) the construction, expansion and improvement of a central plant, (iii) expansion and improvement of a patient tower, and (iv) utility and loading dock improvements, and (b) the construction of a health care training and occupation center to be operated by the District.

THE BONDS

General

The Bonds will be issued in book-entry form only and will be initially issued and registered in the name of Cede & Co. as nominee for The Depository Trust Company ("DTC"). Purchasers will not receive bond certificates representing their interest in the Bonds. One fully-registered Bond will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

Interest with respect to the Bonds accrues from their date of delivery and is payable semiannually on January 15 and July 15 of each year (each, a "Bond Payment Date"), commencing July 15, 2011. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Each Bond will bear interest from the Bond Payment Date next preceding the date of authentication thereof unless it is authenticated as of a day during the period from the Record Date next preceding any Bond Payment Date to that Bond Payment Date, inclusive, in which event it will bear interest from such Bond Payment Date, or unless it is authenticated on or before July 1, 2011, in which event it will bear interest from the date of delivery of the Bonds. The Bonds are issuable in denominations of $5,000 principal amount or any integral multiple thereof. The Bonds mature on July 15, in the years and amounts set forth on the inside cover page hereof.

So long as Cede & Co. is the registered Owner of the Bonds, principal of and interest and premium, if any, on the Bonds are payable by wire transfer by the Paying Agent to Cede & Co., as nominee for DTC, which, in turn, will remit such amounts to DTC Participants (as defined in Appendix D) for subsequent disbursement to the Beneficial Owners. See APPENDIX D – "BOOK-ENTRY SYSTEM." In addition, so long as Cede & Co. is the registered Owner of the Bonds, references in this Official Statement to "Owner" or registered owner of the Bonds (other than under the caption "TAX MATTERS" and the statement on the cover of this Official Statement regarding interest on the Bonds being excludable from gross income) means Cede & Co. and does not mean the Beneficial Owners of such Bonds. The District and the Bond Registrar will treat the registered owner of the Bonds (which will be DTC so long as the book-entry system is in effect) as the absolute owner of the Bonds for the

purposes of payment of debt service, giving all notices of redemption, and all other matters with respect to the Bonds.

For a description of the method of payment of principal of and interest on the Bonds and matters pertaining to their exchange while the book-entry system is in place, see APPENDIX D – "BOOK-ENTRY SYSTEM."

If the book-entry system for the Bonds is ever discontinued, payment of interest on any Bond Payment Date will be made to the person appearing on the registration books of the Bond Registrar as the Owner thereof as of the 1st day of the calendar month in which such Bond Payment Date occurs (the "Record Date"), such interest to be paid by check mailed to such Owner on the Bond Payment Date, at such Owner's address as it appears on such registration books or at such other address as such Owner may have filed with the Bond Registrar for that purpose on or before the Record Date. The Owner of Bonds in an aggregate principal amount of $1,000,000 or more may request in writing to the Bond Registrar that such Owner be paid interest by wire transfer to the bank and account number on file with the Bond Registrar as of the Record Date. The principal of the Bonds will be payable upon maturity or earlier redemption upon surrender at the principal office of the Paying Agent, in lawful money of the United States of America. The Paying Agent is authorized to pay the Bonds when duly presented for payment at maturity or upon earlier redemption and to cancel all Bonds upon payment thereof.

Redemption

Optional Redemption. The Bonds maturing on or before July 15, 20__ are not subject to redemption prior to their respective stated maturity dates**.** The Bonds maturing on or after July 15, 20__ are subject to redemption prior to their respective stated maturity dates, at the option of the District, from any source of funds, in whole or in part, on July 15, 20__, or on any date thereafter at the par amount thereof, without premium, together with interest accrued thereon to the date of redemption.

Mandatory Sinking Fund Redemption. The Bonds maturing on July 15, 20__, are subject to redemption prior to maturity from mandatory sinking fund payments on July 15 of each year, beginning July 15, 20__, at a redemption price equal to the principal amount thereof, together with accrued interest to the date fixed for redemption, without premium**.** The principal amount represented by such Bonds to be so redeemed and the dates therefore and the final principal payment date is as indicated in the following table:

Redemption Date (July 15)	Mandatory Sinking Fund Payment
20__	$____
20__	____
20__†	____

† Final Maturity.

Selection of Bonds for Redemption. If less than all the Outstanding Bonds are to be optionally redeemed on any one date, the Bond Registrar, upon written instructions from the District, will select Bonds for redemption from such maturity dates as are selected by the District and by lot within each such maturity in any manner as the Bond Registrar shall determine; provided, however, that the portion of any Bond to be redeemed in part will be in the principal amount of $5,000 or any integral multiple thereof. In

the event no direction is given, the Bond Registrar will select Bonds for redemption in inverse order of maturity, and, if less than all the Bonds of any one maturity date are to be redeemed on any one date, the Bond Registrar will select the Bonds or the portions thereof of such maturity date by lot.

Notice of Redemption. Notice of redemption of any Bonds will be mailed, postage prepaid, not less than 20 nor more than 45 days prior to the redemption date by first class mail to the respective Owners thereof at the addresses appearing on the bond registration books maintained by the Bond Registrar.

Each notice of redemption will contain all of the following information: (a) the date of the notice of redemption, (b) the name of the Bonds, (c) the Bonds or designated portions thereof (in the case of redemption of the Bonds in part but not in whole) which are to be redeemed, (d) the date of redemption, (e) the place or places where the redemption will be made, including the name and address of the Bond Registrar, (f) the redemption price, (g) the CUSIP numbers of each maturity assigned to each maturity of the Bonds to be redeemed, (h) if less than all of the Bonds of any maturity are to be redeemed, the Bond numbers of the Bonds of each maturity to be redeemed and, in the case of any Bond to be redeemed in part only, the principal amount of such Bond to be redeemed, (i) the original issue date, interest rate and stated maturity date of each Bond to be redeemed in whole or in part, and (j) in the case of a conditional redemption, that such redemption is conditional upon certain circumstances. Such notice of redemption will further state that on the specified date there will become due and payable upon each Bond or portion thereof being redeemed the redemption price thereof, together with the interest accrued to the redemption date, and that from and after such date, interest with respect thereto will cease to accrue.

The District may rescind any optional redemption and any notice thereof for any reason by causing written notice of the rescission to be given to the Owners of those Bonds so called for redemption at least four business days prior to the date fixed for redemption. Any optional redemption and any notice thereof will be rescinded if for any reason on the date fixed for redemption moneys are not available in the Debt Service Fund or otherwise held in trust in an escrow fund established for such purpose in an amount sufficient to pay in full on such date the principal of and interest due on the Bonds called for redemption**.** Notice of rescission will be given in the same manner in which notice of redemption was originally given.

Neither failure to receive any redemption notice nor any defect in any such redemption notice will affect the sufficiency of the proceedings for the redemption of the affected Bonds. Failure by the Bond Registrar to give any redemption notice to any one or more of the respective Owners of Bonds designated for redemption shall not affect the sufficiency of the proceedings for redemption with respect to Owners to whom such redemption notice was mailed. Each check issued or other transfer of funds made by the Bond Registrar for the purpose of redeeming Bonds will bear the CUSIP number identifying, by issue and maturity, the Bonds being redeemed with the proceeds of such check or other transfer.

If, on such redemption date, money for the redemption of all the Bonds to be redeemed as provided in the Bond Resolution, together with interest to such redemption date, is held by or on behalf of the Bond Registrar so as to be available therefore on such redemption date, and if notice of redemption thereof shall has given as provided in the Bond Resolution, then from and after such redemption date, interest with respect to the Bonds to be redeemed will cease to accrue. All money held by or on behalf of the Bond Registrar for the redemption of Bonds will be held for the account of the Owners of the Bonds so to be redeemed.

All Bonds paid at maturity or redeemed prior to maturity pursuant to the provisions of the Bond Resolution will be canceled upon surrender thereof and be delivered to or upon the order of the District**.** All or any portion of a Bond purchased by the District will be canceled by the Bond Registrar.

Defeasance

The District may pay and discharge any or all of the Bonds by irrevocably depositing with the Paying Agent or an escrow agent selected by the District at or before maturity, money or noncallable Defeasance Securities together with cash, if required, in an amount which will, together with the interest to accrue thereon and moneys then on deposit in the Debt Service Fund, together with the interest to accrue thereon, be fully sufficient to pay and discharge the indebtedness on such Bonds (including all principal, interest and redemption premium, if any) at or before their respective maturity dates.

"Defeasance Securities" means:

(i) Direct and general obligations of the United States of America (including state and local government series), or obligations that are unconditionally guaranteed as to principal and interest by the United States of America, including (in the case of direct and general obligations of the United States of America) evidences of direct ownership of proportionate interests in future interest or principal payments of such obligations**.** Investments in such proportionate interests must be limited to circumstances wherein (a) a bank or trust company acts as custodian and holds the underlying United States obligations; (b) the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor of the underlying United States obligations; and (c) the underlying United States obligations are held in a special account, segregated from the custodian's general assets, and are not available to satisfy any claim of the custodian, any person claiming through the custodian, or any person to whom the custodian may be obligated; provided that such obligations are rated or assessed "AAA" by Standard & Poor's or "Aaa" by Moody's Investors Service; and

(ii) Obligations of government sponsored agencies of the United States that are rated "AAA," by Standard & Poor's or "Aaa" by Moody's Investors Service but are not backed by the full faith and credit of the government of the United States.

Bond Registrar and Paying Agent

As long as DTC's book-entry system is used for the Bonds, the Bond Registrar will send any notice of redemption or other notices to Owners only to DTC**.** Any failure of DTC to advise any DTC Participant, or of any DTC Participant to notify any Beneficial Owner, of any such notice and its content or effect will not affect the validity or sufficiency of the proceedings relating to the redemption of the Bonds called for redemption or of any other action premised on such notice.

The Bond Registrar, the Paying Agent, the District and the Underwriter of the Bonds have no responsibility or liability for any aspects of the records relating to or payments made on account of beneficial ownership, or for maintaining, supervising or reviewing any records relating to beneficial ownership of interests in the Bonds. So long as the outstanding Bonds are registered in the name of Cede & Co. or its registered assigns, the Bond Registrar, the Paying Agent and the District will cooperate with Cede & Co., as sole registered owner, or its registered assigns in effecting payment of the principal of and interest on the Bonds by arranging for payment in such manner that funds for such payments are properly identified and are made immediately available on the date they are due.

Registration, Transfer and Exchange of Bonds

If the book-entry system described in Appendix D is no longer used with respect to the Bonds, the District will cause the Bond Registrar to maintain and keep at its principal corporate trust office all books and records necessary for the registration, exchange and transfer of the Bonds (the "Bond Register"). The person in whose name a Bond is registered on the Bond Register will be regarded as the absolute owner of that Bond. Payment of or on account of the principal of and interest on any Bond will be made only to or upon the order of that person; neither the District nor the Bond Registrar will be affected by any notice to the contrary. All such payments will be valid and effectual to satisfy and discharge the District's liability upon the Bonds, including interest, to the extent of the amount or amounts so paid.

Any Bond may be exchanged for Bonds of any authorized denomination upon presentation and surrender at the principal corporate trust office of the Bond Registrar, together with a request for exchange signed by the Owner or by a person legally empowered to do so in a form satisfactory to the Bond Registrar. In the event that the District determines to no longer maintain the book-entry only status of the Bonds, DTC determines to discontinue providing such services and no successor securities depository is named, or DTC requests the District to deliver Bond certificates to particular DTC Participants, any Bond may, in accordance with its terms, be transferred upon the Bond Register by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Bond for cancellation at the office of the Bond Registrar, accompanied by delivery of a written instrument of transfer in a form approved by the Bond Registrar, duly executed.

Neither the District nor the Bond Registrar will be required: to transfer or exchange any Bonds (a) during the period from the Record Date next preceding any Bond Payment Date to such Bond Payment Date, (b) during the period beginning with the opening of business on the 15th business day next preceding any date of selection of Bonds to be redeemed and ending with the close of business on the day on which the applicable notice of redemption is given, or (c) which have been selected or called for redemption in whole or in part.

SECURITY FOR THE BONDS

The Bonds represent general obligations of the District payable from certain *ad valorem* taxes**.** Pursuant to Section 32312 of the Local Health Care District Law, the County will levy and collect annually *ad valorem* taxes upon all property subject to taxation by the District for the payment of the principal of and interest on the Bonds**.** Such taxes shall be collected by the County and transferred to the Paying Agent. The Paying Agent, pursuant to the Paying Agent Agreement, will deposit all such taxes in the Debt Service Fund held by the Paying Agent, which is required to be used by the Paying Agent solely for the payment of principal of and redemption premium, if any, and interest on the Bonds when due. All *ad valorem* taxes collected within the District for the payment of Bonds are pledged to the payment of principal of and redemption premium, if any, and interest on the Bonds when due. Although the County is obligated to levy an *ad valorem* tax for the payment of the Bonds, the Bonds are not obligations of the County, the State, the Authority or any of their political subdivisions, other than the District.

The moneys in the Debt Service Fund, to the extent necessary to pay the principal of and redemption premium, if any, and interest on the Bonds as the same become due and payable, shall be transferred by the Paying Agent on each Bond Payment Date to DTC for remittance by DTC to its Participants for subsequent disbursement to the Beneficial Owners of the Bonds.

Each year, the District calculates and submits to the County the levy rate that is expected to permit the County to collect *ad valorem* taxes in an amount sufficient to pay principal and interest coming due on the Bonds in that year. In the event there is a shortfall in *ad valorem* taxes to pay principal of and

interest on the Bonds, the District is required by Section 32127 of the Local Health Care District Law to use moneys in its general fund to make up any shortfall. In calculating the levy rate, the District takes into account an estimated delinquency rate equal to the actual delinquency rate within the County for the prior year. In each of the past three fiscal years, the District has established a levy rate that has yielded *ad valorem* tax revenues in excess of the amounts required to pay debt service due on bonds issued pursuant to Proposition G, but there can be no assurance that *ad valorem* tax revenues collected in the future will continue to be in excess of debt service requirements. All excess funds collected, together with investment income earned thereon, will be used to pay future debt service on bonds issued pursuant to Proposition G. Nonetheless, the District anticipates that the *ad valorem* taxes levied and collected by the County on property subject to taxation by the District will be sufficient to pay interest and principal coming due on the Bonds.

ANNUAL DEBT SERVICE REQUIREMENTS

The following table sets forth for each year ending July 15, the amounts required to be made available for the payment of principal due on the Bonds, including by mandatory sinking account redemption, interest on the Bonds and debt service on outstanding general obligation bonds issued by the District in 2007 pursuant to Proposition G.

PROPERTY TAX INFORMATION

Ad Valorem Property Taxation

As required by State law, the District utilizes the services of the County for the assessment and collection of taxes for District purposes. District taxes are collected at the same time and on the same tax roll as are County, school district, city and other special district taxes. Taxes are levied by the County for each fiscal year on taxable real and personal property that is located in the District as of the preceding January 1. See "—Tax Collection Procedure" and "—Tax Rate and Collection Record" below.

The amount of the annual *ad valorem* tax levied by the County to repay the Bonds will be based on the assessed valuation of taxable property in the District and the amount of debt service due on the Bonds and all parity debt issued by the District pursuant to Proposition G. The District will calculate the tax rate on an annual basis based on the assessed valuation of taxable property in the District and the amount of debt service due on the Bonds and all parity debt issued by the District pursuant to Proposition G. Subsequent to calculation of the tax rate, the District Board, in accordance with County policy, will adopt a resolution notifying the County of the tax rate established. The County will, in turn, levy and collect the *ad valorem* taxes and transfer such *ad valorem* taxes to the Paying Agent, as described above.

Certain Risks Related to *Ad Valorem* Property Taxation

A reduction in the assessed valuation of taxable property located in the District, such as may be caused by economic recession, deflation of land values, a relocation out of the District by one or more major property owners, reclassification of property to a class exempt from taxation or the complete or partial destruction of such property caused by, among other events, an earthquake, flood or other natural disaster, could cause a reduction in the assessed value of property located within the District and necessitate an unanticipated increase in the annual tax levy necessary to pay debt service on the Bonds and all parity debt issued by the District pursuant to Proposition G. A significant decrease in assessed valuation, an unanticipated increase in the rate of tax delinquencies, or a declaration of bankruptcy by the District could delay the payment of debt service on the Bonds. See "LEGAL MATTERS—Limitation on Remedies" herein. As stated above, the District calculates the tax rate on an annual basis, taking into account an assumed delinquency rate. Since issuing bonds pursuant to Proposition G, the District has assumed a delinquency rate equal to the actual delinquency rate within the County for the prior year. In any given fiscal year, to the extent the delinquency rate is less than that which was assumed for such fiscal year, any excess taxes collected will be used to pay debt service in subsequent years. Conversely, in any given fiscal year, if the delinquency rate is higher than that which was assumed for such fiscal year and to the extent there are not sufficient funds on deposit in the Interest and Sinking Fund to pay debt service for such fiscal year, the District is required to provide funds from its general fund to make up any deficiencies in the Interest and Sinking Fund to provide for payment of debt service on all bonds issued by the District pursuant to Proposition G. While the levy of *ad valorem* tax to pay debt service of the Bonds and other bonds issued pursuant to Proposition G is not limited as to rate or amount, the risks discussed in this section could affect a tax payor's willingness or ability to pay *ad valorem* taxes.

Over the past several years, the real estate market has seen an increased rate of mortgage delinquencies and foreclosures and, there has been a slowdown in new home construction and other construction. In addition, there has been a decline in recent years in the assessed valuations of taxable property located in the District. The total assessed valuation of real property subject to taxation in the District for the fiscal year 2010-11 decreased by 1.5% as compared to fiscal year 2009-10. The total assessed valuation for the fiscal year 2009-10 decreased by 5.0% as compared to fiscal year 2008-09. There also has been an increase in property owner requests for temporary reductions in assessed valuation; however, actual refunds have been fairly insignificant.

Assessed Valuations

The assessed valuation of property in the District is established by the County Assessor, except for public utility property which is assessed by the State Board of Equalization. Assessed valuations are reported at 100% of the "full value" of the property, as defined in Article XIIIA of the State Constitution. See "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS" herein.

Certain classes of property, such as churches, nonprofit and public schools, colleges, universities and hospitals, charitable institutions and governmental property, are exempt from property taxation and do not appear on the tax rolls.

Property located within the District has a total net taxable assessed valuation for fiscal year 2010-11 of $40,094,695,319. The following table presents the ten-year history of assessed valuations in the District.

Tax Collection Procedure

Taxes are levied for each fiscal year on taxable real and personal property on the tax rolls as of the preceding January 1. Real property that changes ownership or is newly constructed is revalued at the time the change occurs or the construction is completed. The current year property tax rate is applied to the reassessed value, and the taxes are then adjusted by a proration factor that reflects the portion of the remaining tax year for which taxes are due.

For assessment and collection purposes, property is classified either as "secured" or "unsecured" and is listed accordingly on separate parts of the assessment roll. The "secured roll" is that part of the assessment roll containing real property having a tax lien that is sufficient, in the opinion of the County Assessor, to secure payment of the taxes. Other property is assessed on the "unsecured roll."

Property taxes on the secured roll are due in two installments, on November 1 and February 1 of each year. If unpaid, such taxes become delinquent on December 10 and April 10, respectively, and a 10% penalty attaches to any delinquent payment. Property on the secured roll with respect to which taxes are delinquent becomes tax defaulted on June 30. Such property may thereafter be redeemed by payment

of the delinquent property taxes, plus a penalty of 1.5% per month to the time of redemption, plus costs and a redemption fee. If taxes are unpaid for a period of five years or more, the property is subject to auction sale by the County's Treasurer–Tax Collector.

Property taxes on the unsecured roll are due as of the January 1 lien date and become delinquent on August 31. A 10% penalty attaches to delinquent unsecured taxes. If unsecured taxes are unpaid at 5:00 p.m. on October 31, an additional penalty of 1.5% attaches to them on the first day of each month until paid. The County has four ways of collecting delinquent unsecured personal property taxes: (1) bringing a civil action against the taxpayer; (2) filing a certificate in the office of the Clerk of County specifying certain facts in order to obtain a lien on certain property of the taxpayer; (3) filing a certificate of delinquency for recordation in the County Recorder's office in order to obtain a lien on certain property of the taxpayer; and (4) seizing and selling personal property, improvements, or possessory interests belonging or assessed to the taxpayer.

CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS

Article XIIIA of the State Constitution

Article XIIIA of the State Constitution ("Article XIIIA"), adopted and known as Proposition 13, limits the amount of *ad valorem* taxes on real property to 1% of "full cash value" as determined by the county assessor. Article XIIIA defines "full cash value" to mean "the county assessor's valuation of real property as shown on the 1975-76 bill under 'full cash value,' or thereafter, the appraised value of real property when purchased, newly constructed or a change in ownership has occurred after the 1975 assessment," subject to exemptions in certain circumstances of property transfer or reconstruction. The "full cash value" is subject to annual adjustment to reflect increases, not to exceed 2% for any year, or decreases in the consumer price index or comparable local data, or to reflect reductions in property value caused by damage, destruction or other factors.

Article XIIIA requires a vote of two-thirds of the qualified electorate of a city, county, special district (such as the District) or other public agency to impose *special* taxes, while totally precluding the imposition of any additional *ad valorem*, sales or transaction tax on real property. Article XIIIA exempts from the 1% tax limitation any taxes above that level required to pay debt service (a) on any indebtedness approved by the voters prior to July 1, 1978, or (b), as a result of an amendment approved by State voters on July 3, 1986, on any bonded indebtedness approved by two-thirds of the votes cast by voters for the acquisition or improvement of real property, or (c) bonded indebtedness incurred by a school district or community college district for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by 55% or more of the votes cast on the proposition, but only if certain accountability measures are included in the proposition. The tax for payment of the Bonds falls within the exception described in (b) of the immediately preceding sentence. In addition, Article XIIIA requires the approval of two-thirds of all members of the state legislature to change any state taxes for the purpose of increasing tax revenues.

Article XIIIA has subsequently been amended to permit reduction of the "full cash value" base in the event of declining property values caused by damage, destruction or other factors, to provide that there would be no increase in the "full cash value" base in the event of reconstruction of property damaged or destroyed in a disaster, and in other minor or technical ways.

On June 18, 1992, the United States Supreme Court in *Nordlinger v. Hahn* issued a decision upholding the constitutionality of Article XIIIA.

Legislation Implementing Article XIIIA

Legislation has been enacted and amended a number of times since 1978 to implement Article XIIIA. Local agencies are no longer permitted to levy directly any property tax (except to pay voter-approved indebtedness). The 1% property tax is automatically levied by the county and distributed according to a formula among taxing agencies. The formula apportions the 1% property tax roughly in proportion to the relative shares of property taxes levied prior to 1979.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership, or from the annual adjustment not to exceed 2%, are allocated among the various jurisdictions in the "taxing area" based upon their respective "situs." Any such allocation made to a local agency continues as part of its allocation in future years.

All taxable property is shown at full market value on the tax rolls. Consequently, the tax rate is expressed as $1 per $100 of taxable value. All taxable property value included in this Official Statement is shown at 100 percent of market value (unless noted differently) and all tax rates reflect the $1 per $100 of taxable value.

Article XIIIB of the State Constitution

Article XIIIB of the California Constitution ("Article XIIIB") was added to the Constitution by initiative in 1979. Under Article XIIIB state and local governmental entities have an annual "appropriations limit" and are not permitted to spend certain moneys that are called "appropriations subject to limitation" (consisting of tax revenues, state subventions and certain other funds) in an amount higher than the "appropriations limit." Article XIIIB does not affect the appropriation of moneys that are excluded from the definition of "appropriations subject to limitation," including debt service on indebtedness existing or authorized as of January 1, 1979, or bonded indebtedness subsequently approved by the voters. In general terms, the "appropriations limit" is to be based on certain 1978-79 expenditures and is to be adjusted annually to reflect changes in consumer prices, populations, and services provided by these entities. Among other provisions of Article XIIIB, if these entities' revenues in any year exceed the amounts permitted to be spent, the excess would have to be returned by refunding taxes already collected or revising tax rates or fee schedules over the subsequent two years.

The appropriations of a local governmental entity subject to Article XIIIB limitations include the proceeds of taxes levied by or for that entity and the proceeds of certain State subventions to that entity. "Proceeds of taxes" include, but are not limited to, all tax revenues and the proceeds to the entity from (a) regulatory licenses, user charges and user fees (but only to the extent that these proceeds exceed the reasonable costs in providing the regulation, product or service), and (b) the investment of tax revenues. Appropriations subject to limitation do not include (a) refunds of taxes, (b) appropriations for debt service, such as the Bonds, (c) appropriations required to comply with certain mandates of the courts or the federal government, (d) appropriations of certain special districts, (e) appropriations for all qualified capital outlay projects as defined by the legislature, (f) appropriations derived from certain fuel and vehicle taxes and (g) appropriations derived from certain taxes on tobacco products.

Article XIIIB includes a requirement that all revenues received by an entity of government other than the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during such respective fiscal years shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years.

The State and each local government entity has its own appropriation limit. Each year, the limit is adjusted to allow for changes, if any, in the cost of living, the population of the jurisdiction, and any transfer to or from another governmental entity of financial responsibility for providing the services. The District is required to establish an appropriation limit each year. The District receives no moneys that are considered appropriations subject to limitations and, therefore, had an appropriation limit of $0 for fiscal year 2010-11.

Article XIIIC and Article XIIID of the State Constitution

On November 5, 1996, the voters of the State approved Proposition 218, popularly known as the "Right to Vote on Taxes Act." Proposition 218 added to the State Constitution Articles XIIIC and XIIID (respectively, "Article XIIIC" and "Article XIIID"), which contain a number of provisions affecting the ability of local agencies to levy and collect both existing and future taxes, assessments, fees and charges.

According to the "Title and Summary" of Proposition 218 prepared by the California Attorney General, Proposition 218 limits "the authority of local governments to impose taxes and property-related assessments, fees and charges." Among other things, Article XIIIC establishes that every tax is either a "general tax" (imposed for general governmental purposes) or a "special tax" (imposed for specific purposes), prohibits special purpose government agencies such as hospital districts from levying general taxes, and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds vote; and also provides that the initiative power will not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. Article XIIIC further provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIIIA of the State Constitution and special taxes approved by a two-thirds vote under Article XIIIA, Section 4. Article XIIID relates to assessments and property-related fees and charges, and explicitly provides that nothing in Article XIIIC or XIIID will be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development.

The District does not impose any taxes, assessments, or property-related fees or charges that are subject to the provisions collected of Proposition 218. It does receive a portion of the basic one percent *ad valorem* property tax levied and collected by the County pursuant to Article XIIIA of the State Constitution.

Unitary Property

Some amount of property tax revenue of the District is derived from utility property, which is considered part of a utility system with components located in many taxing jurisdictions. The State Constitution provides that the State Board of Equalization (the "SBE"), rather than counties, assess certain property owned or used by regulated utilities. Such property is grouped and assessed by the SBE as "going concern" operating units, which may cross local tax jurisdiction boundaries, rather than as individual parcels of real or personal property separately assessed. Such utility property is known as "unitary property." The SBE assesses property at "fair market value," determined by various methods and formulae depending on the nature of the property, except that assessed value of certain railroad property is limited to a percentage of the fair market value determined by the SBE, in conformity with federal law. The SBE assesses values as of January 1 prior to the tax year of the related tax levy. Property tax on SBE-assessed property is then levied and collected by each county in the same manner as county assessed property, but at special county-wide tax rates, and distributed to each taxing agency within that county generally according to the approximate percentages as allocated to each taxing agency in the prior year.

Changes in the California electric utility industry structure and in the way in which components of that industry are regulated and owned, including the sale of electric generation assets to largely unregulated, non-utility companies, may convert the status of such assets from SBE-assessed unitary property to locally assessed property or otherwise affect how those assets are assessed in the future and which local taxing agencies are to receive the property taxes on such assets. The District cannot predict whether any changes that may occur will affect the unitary property within its boundaries or the tax revenues relating to such property.

Future Initiatives

Articles XIIIA, XIIIB, XIIIC, and XIIID were each adopted as measures that qualified for the ballot pursuant to the State's initiative process. From time to time other initiative measures could be adopted, further affecting District revenues or the District's ability to expend revenues. The nature and impact of these measures cannot be anticipated by the District.

THE DISTRICT

Only ad valorem taxes levied on taxable property within the District are pledged to the payment of debt service on the Bonds. The Bonds are payable from revenues of the District only in the event there is a shortfall in ad valorem taxes, but the Bonds are not secured by any of such revenues. The Bonds are not payable from, nor are they secured by, the revenues or assets of Sharp Grossmont Hospital, Sharp or the Corporation. Prospective investors, therefore, should base their investment decision on the property tax information relating to the District. See "SECURITY FOR THE BONDS" herein. For a summary of certain demographic data for the County, see APPENDIX A – "ECONOMIC AND DEMOGRAPHIC PROFILE OF SAN DIEGO COUNTY" hereto. The information in this section concerning the operations of the District is provided as background information only.

History

The District, formerly known as Grossmont Hospital District, was formed in 1952 for the purposes of establishing a new hospital to accommodate the unmet health care needs of the residents of eastern San Diego County. Grossmont Hospital commenced operations in 1955 and, now known as Sharp Grossmont Hospital, currently employs 2,546 full time employees, with 689 doctors on staff and 536 licensed acute care beds.

Governance and Management

The District is governed by the District Board, which consists of five publicly elected members, each serving four-year terms. The District Board is charged with the general oversight of the District's operations. The current members of the District Board are set forth below:

Board of Directors of the District

Director	Term Expires December	Occupation
Deborah McElravy, R. Ph., President	2012	Pharmacist
Michael T. Long, M.D., Vice President	2014	Physician
Michael Emerson, RDO, FNAO, Secretary	2012	Optician
Gloria A. Chadwick, R.N.	2014	Registered Nurse
Robert Ayres	2012	Retired Banking Executive

Pursuant to the Affiliation Agreement, the District agreed to transfer the management and operation of Grossmont Hospital to Sharp in 1991. In connection with this affiliation, the District leased Grossmont Hospital to the Corporation for a term ending May 29, 2021, and transferred certain assets and liabilities of the District to the Corporation. The term of the lease, which expires on May 29, 2021, may be extended for an additional term of up to 30 years if approved by a majority of the votes cast by eligible voters within the District.

Sharp, the parent corporation of a multi-hospital health care system consisting of four nonprofit hospitals and other health care facilities located in San Diego County, California, is the sole member of the Corporation.

Financial Information

The District prepares financial statements on an annual basis, and the financial statements are audited by an independent accountant. As discussed above, only *ad valorem* taxes levied on taxable property within the District are pledged to the payment of debt service on the Bonds and other bonds issued by the District pursuant to Proposition G. The Bonds are payable from revenues of the District only in the event there is a shortfall in *ad valorem* taxes, but the Bonds are not secured by any of such revenues. The Bonds are not payable from, nor are they secured by, the revenues or assets of Sharp Grossmont Hospital, Sharp or the Corporation. Accordingly, the financial statements of the District, Sharp and the Corporation have not been included in this Official Statement. The District's financial statements for the fiscal year ended June 30, 2010, however, may be obtained from the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access System (EMMA). The financial statements contained or accessible on such website are not incorporated herein by reference.

THE AUTHORITY

The Authority was created by a Joint Exercise of Powers Agreement, dated as of October 22, 2010 (the "JPA Agreement"), between Palomar Pomerado Health and the District. Pursuant to Chapter 5 of Division 7 of Title 1 of the Government Code of the State (the "JPA Act"), the Authority has legal authority to exercise any powers common to its members and to exercise additional powers granted to it under the JPA Act. Under the JPA Act, the Authority is authorized to purchase bonds issued by the District at negotiated sale and to sell such bonds at negotiated sale to the Underwriter. The Bonds are being issued by the District for sale to the Authority and will be simultaneously resold by the Authority to the Underwriter.

Neither the Authority nor its independent contractors have furnished, reviewed, investigated or verified the information contained in this Official Statement other than the information contained in this section. The Authority will not monitor payment of the Bonds or compliance with the documents relating thereto.

CONTINUING DISCLOSURE

The District has covenanted for the benefit of Bondholders (including Beneficial Owners of the Bonds) to provide (i) the audited financial statements of the District for the prior fiscal year and (ii) to the extent not contained in the audited financial statements: (a) assessed value of taxable property in the District as shown on the recent equalized assessment role, (b) property tax levies, collections and delinquencies for the District, for the prior fiscal year, and (c) a list of the top 20 property taxpayers in the District for the then current fiscal year, as measured by secured assessed valuation and their percentage of total secured assessed value (collectively, such information is referred to as the "Annual Report") by not later than six months following the end of the District's fiscal year (which currently ends June 30), commencing with the report for the 2010-11 Fiscal Year, and to provide notices of the occurrence of certain enumerated events. The Annual Report shall be filed by the District with the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access System. The specific nature of the information to be contained in the Annual Report or any notices of material events is included in APPENDIX B – "FORM OF CONTINUING DISCLOSURE CERTIFICATE." These covenants have been made in order to assist the Underwriter in complying with Rule 15c2-12(b)(5) (the "Rule") promulgated by the Securities and Exchange Commission. The District has never failed to comply in all material respects with any previous continuing disclosure undertaking pursuant to the Rule within the last five years.

TAX MATTERS

Tax Exemption

In the opinion of Sidley Austin LLP, San Francisco, California, Bond Counsel, under existing law and assuming compliance by the District with certain covenants in the Resolution, the Tax Certificate and other documents pertaining to the Bonds, by the Corporation with certain covenants in its certificate attached to the Tax Certificate, and by the District and the Corporation with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), regarding the organization and operation of the Corporation, the use, expenditure and investment of proceeds of the Bonds, and the timely payment of certain investment earnings to the United States, interest on the Bonds is not includable in the gross income of the owners of the Bonds for federal income tax purposes. Failure to comply with such covenants and requirements may cause interest on the Bonds to become included in gross income retroactive to the date of issuance of the Bonds.

In the further opinion of Bond Counsel, interest on the Bonds is not treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals and corporations. Interest on the Bonds, however, is included as an adjustment in calculating federal corporate alternative minimum taxable income and therefore may affect a corporation's alternative minimum tax liability.

Bond Counsel has relied on the opinion of Hooper, Lundy & Bookman, P.C., San Diego, California, regarding the qualification of the Corporation as an organization described in Section 501(c)(3) of the Code. Neither Bond Counsel nor Hooper, Lundy & Bookman, P.C. can give or has given any opinion or assurance about the future activities of the Corporation or about the effect of future changes in the Code, applicable regulations, the interpretation thereof or the resulting changes in enforcement thereof by the Internal Revenue Service (the "IRS"). Failure to comply with the covenants and requirements described above or failure of the Corporation to be organized and operated in accordance with the IRS's requirements for the maintenance of its status as an organization described in Section 501(c)(3) of the Code may cause interest on the Bonds to become included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds.

Ownership of, or the receipt of interest on, tax-exempt obligations may result in collateral tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, certain foreign corporations doing business in the United States, certain S corporations with excess passive income, individual recipients of Social Security or Railroad Retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, and taxpayers who may be eligible for the earned income credit. Bond Counsel expresses no opinion with respect to any collateral tax consequences and, accordingly, prospective purchasers of the Bonds should consult their tax advisors as to the applicability of any collateral tax consequences.

Certain requirements and procedures contained or referred to in the Resolution or in other documents pertaining to the Bonds may be changed, and certain actions may be taken or not taken, under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of counsel nationally recognized in the area of tax-exempt obligations. Bond Counsel expresses no opinion as to the effect of any change to any document pertaining to the Bonds or of any action taken or not taken where such change is made or action is taken or not taken without the approval of Bond Counsel or in reliance upon the advice of counsel other than Bond Counsel with respect to the exclusion from gross income of the interest on the Bonds for federal income tax purposes.

Original Issue Discount

The initial public offering price of certain of the Bonds (collectively, the "Discount Bonds") is less than the principal amount of the Discount Bonds. The difference between the principal amount of a Discount Bond and its initial public offering price is original issue discount. Original issue discount on a Discount Bond accrues over the term of such Discount Bond at a constant interest rate. To the extent it has accrued, original issue discount on a Discount Bond is treated as interest excludable from gross income for federal income tax purposes under the conditions and limitations described above. The amount of original issue discount that accrues on a Discount Bond in each year is not an item of tax preference for purposes of calculating federal alternative minimum taxable income of individuals and corporations, but is included as an adjustment in the calculation of federal corporate alternative minimum taxable income and may therefore affect a corporation's alternative minimum tax liability. Additionally, such accrued original issue discount is taken into account in determining the distribution requirements of certain regulated investment companies. Consequently, owners of Discount Bonds should be aware that the accrual of original issue discount in each year may result in an alternative minimum tax liability, additional distribution requirements or other collateral federal income tax consequences although the owner may not have received cash in such year.

The accrual of original issue discount on a Discount Bond will increase the owner's adjusted basis in such Discount Bond. This will affect the amount of taxable gain or loss realized by the owner of the Discount Bond upon the redemption, sale or other disposition of such Discount Bond. The effect of the accrual of original issue discount on the federal income tax consequences of a redemption, sale or other disposition of a Discount Bond that is not purchased at the initial public offering price may be determined according to rules that differ from those described above. Owners of Discount Bonds should consult their tax advisors with respect to the precise determination for federal income tax purposes of the amount of original issue discount that properly accrues with respect to the Discount Bonds, other federal income tax consequences of owning and disposing of the Discount Bonds and any state and local tax consequences of owning and disposing of the Discount Bonds.

Premium Bonds

The excess, if any, of the tax adjusted basis of a Bond purchased as part of the initial public offering to a purchaser (other than a purchaser who holds such Bond as inventory, stock in trade or for sale to customers in the ordinary course of business) over the amount payable at maturity is "bond premium." Bond premium is amortized over the term of such Bond for federal income tax purposes (or, in the case of a bond with bond premium callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such bond). Owners of Bonds with bond premium are required to decrease their adjusted basis in such Bonds by the amount of amortizable bond premium attributable to each taxable year such Bonds are held. The amortizable bond premium on such Bonds attributable to a taxable year is not deductible for federal income tax purposes. Rather, bond premium is treated as an offset to the interest received on such Bonds. Owners of such Bonds should consult their tax advisors with respect to the determination for federal income tax purposes of the treatment of bond premium upon sale or other disposition of such Bonds and with respect to the state and local tax consequences of owning and disposing of such Bonds.

Information Reporting and Backup Withholding

Interest paid on the Bonds will be subject to information reporting in a manner similar to interest paid on taxable obligations. Although such reporting requirement does not, by itself, affect the excludability of such interest from gross income for federal income tax purposes, such reporting requirement causes the payment of interest on the Bonds to be subject to backup withholding if such

interest is paid to beneficial owners who (a) are not "exempt recipients," and (b) either fail to provide certain identifying information (such as the beneficial owner's taxpayer identification number) in the required manner or have been identified by the Internal Revenue Service as having failed to report all interest and dividends required to be shown on their income tax returns. Generally, individuals are not exempt recipients, whereas corporations and certain other entities are exempt recipients. Amounts withheld under the backup withholding rules from a payment to a beneficial owner are allowed as a refund or a credit against such beneficial owner's federal income tax liability provided the required information is furnished to the IRS.

State Tax Exemption

In the further opinion of Bond Counsel, interest on the Bonds is exempt from personal income taxes imposed by the State of California.

Future Developments

Future legislative proposals, if enacted into law, regulations, rulings or court decisions may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation or to state or local income taxation, or may otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. Further, legislation or regulatory actions and proposals may affect the economic value of the federal or state tax exemption or the market value of the Bonds.

Prospective purchasers of the Bonds should consult their tax advisors regarding pending or proposed federal or state tax legislation, regulations, rulings or litigation, as to which Bond Counsel expresses no opinion.

A copy of the proposed form of opinion of Bond Counsel is attached hereto as Appendix C.

LEGAL MATTERS

General

There is no litigation pending or threatened against the District concerning the validity of the Bonds or questioning the District's ability to issue the Bonds, the District's ability to receive *ad valorem* taxes, the Bond Resolution or the organization, powers or authority of the District.

Limitation on Remedies

The opinion of Bond Counsel as to the rights of owners and the enforceability thereof, attached hereto as Appendix C, is qualified by reference to bankruptcy, insolvency and other laws relating to or affecting creditor's rights. Bankruptcy proceedings, if initiated, could subject the owners of the Bonds to judicial discretion and interpretation of their rights in bankruptcy or otherwise and, consequently, may entail risks of delay, limitation, or modification of their rights.

Approval of Legality

The validity of the Bonds and certain other legal matters are subject to the approving opinion of Sidley Austin LLP, San Francisco, California, Bond Counsel. A copy of the proposed form of opinion of Bond Counsel is attached hereto as Appendix C. Sidley Austin LLP has also acted as Disclosure Counsel to the District. Certain legal matters will be passed upon for the District by its General Counsel,

Jeffrey G. Scott, Esq., and for the Underwriter by its counsel, Chapman and Cutler LLP, San Francisco, California.

UNDERWRITING

The Bonds are being purchased by the Authority for resale to the Underwriter pursuant to a purchase contract among the Underwriter, the District, and the Authority. The Underwriter has agreed, subject to certain conditions, to purchase the Bonds from the Authority at a price of $_____ (representing the principal amount of the Bonds of $____, plus original issue premium of $_____, less original issue discount of $_____, less the Underwriter's discount of $_____). Under the terms of the purchase contract, the Underwriter will be obligated to purchase all of the Bonds if any are purchased, the obligation to make such purchase being subject to certain terms and conditions to be satisfied by the District and the Authority. The Underwriter may offer and sell the Bonds to certain dealers and others at prices lower than the offering prices stated on the inside front cover page. The offering prices may be changed from time to time by the Underwriter.

The Underwriter and its respective affiliates are a full service financial institution engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. Certain of the Underwriter and its respective affiliates have, from time to time, performed, and may in the future perform, various investment banking services for the District for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Underwriter and its respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and/or credit default swaps) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the District.

RATING

Moody's Investors Service Inc. ("Moody's") has assigned the rating of "Aa2" to the Bonds. No application was made to any other rating agency for the purpose of obtaining additional ratings on the Bonds. Such rating reflects only the views of such organization, and any explanation of the significance of such rating may only be obtained from the rating agency furnishing the same. There is no assurance that any such rating will remain in effect for any given period of time or that it will not be lowered or withdrawn entirely by the rating agency, if, in the rating agency's judgment, circumstances so warrant. The Underwriter has undertaken no responsibility either to bring to the attention of the Owners any proposed change in or withdrawal of any rating or to oppose any such proposed revision or withdrawal. The District has not undertaken any responsibility, other than as described in the Continuing Disclosure Certificate, either to bring to the attention of the Owners any proposed change in or withdrawal of any rating or to oppose any such proposed change or withdrawal. Any such downward change in or withdrawal of any rating might have an adverse effect on the market price or marketability of the Bonds.

MISCELLANEOUS

The foregoing and subsequent summaries or descriptions of provisions of the Bonds and the Bond Resolution and all references to other materials not purporting to be quoted in full are only brief outlines of some of the provisions thereof and do not purport to summarize or describe all of the provisions thereof. Reference is made to said documents for full and complete statements of the provisions of such documents. The appendices attached hereto are a part of this Official Statement. APPENDIX A

Economic and Demographic Profile of San Diego County

The following information about San Diego County (the "County") is presented as general background information because the District is located in the eastern part of the County. As discussed under "SECURITY FOR THE BONDS," the Bonds are payable from ad valorem taxes upon taxable property within the District and are neither a debt of nor payable by the County.

General

The County is the southernmost major metropolitan area in the State of California (the "State") and is approximately the size of the State of Connecticut. The County covers 4,526 square miles, extending 70 miles along the Pacific Coast from the Mexican border to Orange County, and 75 miles inland to Imperial County. The counties of Riverside and Orange form the northern boundary of the County.

Topography of the County varies from broad coastal plains and fertile inland valleys to mountain ranges in the east, which rise to an elevation of 6,500 feet. Eastern slopes of these mountains form the rim of the Anza-Borrego Desert and the Imperial Valley. The Cleveland National Forest occupies much of the interior portion of the County. The climate is equable in the coastal and valley regions where most of the population and resources are located. Average annual rainfall in the coastal areas is approximately 10 inches.

The County possesses a diverse economic base consisting of a significant manufacturing presence in the fields of electronics and shipbuilding, a large tourist industry attracted by the favorable climate of the region, and a considerable defense-related presence.

In April 2004, PETCO Park opened in the City of San Diego, providing a 42,000 fixed seat baseball stadium for the San Diego Padres. PETCO Park is located in a 26-block neighborhood that contains existing and proposed hotels, office space, retail and housing units within walking distance from the San Diego Convention Center and the Gaslamp Quarter. The baseball stadium is also within walking distance of a San Diego Trolley station and nearby parking facilities.

The County is also a major center for culture and education. Over 30 recognized art organizations, including the San Diego Opera, the Old Globe Theatre productions, the La Jolla Chamber Orchestra, as well as museums and art galleries, are located in the County. Higher education is provided through several two-year colleges as well as four-year colleges and universities.

In addition to the City of San Diego, other principal cities in the County include Carlsbad, Chula Vista, Oceanside, El Cajon, Escondido, La Mesa and National City. Most County residents live within 20 miles of the coast. Farther inland are agricultural areas. The top five crops for 2009 include ornamental trees and shrubs, indoor flowering and foliage plants, bedding plants, avocados and tomatoes. Approximately 28 miles northeast of San Diego, in the Ramona Valley, is a wine producing region and is currently home to 20 vineyards. The easternmost portion of the County has a dry, desert-like topography.

Population

There are 18 incorporated cities in the County and a number of unincorporated communities. Estimated population for the County as of January 1, 2009, was 3,185,462, making it the third largest

county by population in California. The County's population in 2009 increased approximately 1.69% from 2008. The following table sets forth the County's population growth relative to the population for the State and the United States for the years 1997 through 2009.

In recent years, the County has enjoyed economic stability, out-pacing the State economy despite a general recession in the State. Much of this strength was evidenced by and due to outstanding employment gains, population growth, personal income increases and high levels of commercial and industrial development.

Three basic industries of the region, manufacturing, the military and tourism, help sustain the County's economy. The U.S. Department of Defense contributes approximately $10 billion annually to the local economy, through wages paid to uniformed military and civilian personnel and for equipment and services purchased from local businesses. San Diego's military presence is anticipated to remain relatively stable and may even increase due to the consolidation of military operations and facilities from elsewhere in California, the West and throughout the United States. Even though the U.S. Department of Defense closed and vacated the Naval Training Center in 1997, three procurement agencies, the Naval Space and Warfare Systems Command, the Naval Aviation Engineering Servicing Unit and the Naval Aviation Technical Service Facility, have recently relocated to the County.

Building Activity

Building permit valuations for both residential and non-residential construction in the County in 2009 decreased over 2008 levels by approximately 39.1%. The following table sets forth selected information relating to building permits issued in the County in the years 2005 through 2009.

Transportation

Surface, sea and air transportation facilities serve County residents and businesses. Interstate 5 parallels the coast from Mexico to the Los Angeles area and points north. Interstate 15 runs inland,

leading to Riverside-San Bernardino, Las Vegas, and Salt Lake City. Interstate 8 runs eastward through the southern United States.

San Diego's International Airport (Lindbergh Field) is located approximately three miles northwest of the downtown area at the edge of San Diego Bay. The San Diego County Regional Airport Authority is the operator of the San Diego International Airport. The airport is the busiest, single-runway commercial service airport in the country served by 18 commercial airlines and four cargo carriers. An Airport Master Plan was adopted in May 2008. Projects include construction of 10 additional gates at Terminal 2 West for a net airport total of 51 gates, airfield improvements, new general aviation facilities, relocation and reconfiguration of SAN Park Pacific Highway, a second level roadway serving Terminal 2, a parking structure adjacent to Terminal 2 and improvements to vehicle circulation within the terminal area. In addition to San Diego International Airport, there are two naval air stations, two private airports and seven general aviation airports located in the County.

McClellan-Palomar Airport, also known as Palomar Airport or Carlsbad Airport, is located in Carlsbad, California, and can accommodate private and light commercial aircraft. Oceanside Municipal Airport is located eight miles north in Oceanside, California.

Public transit in the metropolitan area is provided by the Metropolitan Transit System. The San Diego Trolley, developed by the Metropolitan Transit Development Board beginning in 1979, has been expanded and provides special, more direct special event service to PETCO Park, the Gaslamp Quarter and the Convention Center. A total of 17.6 miles was added to the original 108 miles; construction was completed in 1990.

San Diego is the terminus of the Santa Fe Railway's main line from Los Angeles. Amtrak passenger service is available at San Diego, with stops at Del Mar and Oceanside in the northern part of the County.

San Diego's harbor is one of the world's largest natural harbors. The Port of San Diego is administered by the San Diego Unified Port District, which includes the cities of San Diego, National City, Chula Vista, Imperial Beach, and Coronado.

Visitor and Convention Activity

An excellent climate, proximity to Mexico, extensive maritime facilities, and such attractions as the San Diego Wild Animal Park, Sea World of San Diego, Cabrillo National Monument, Mount Laguna Observatory, Legoland and Palomar Observatory allow San Diego to attract a high level of visitor and convention business each year. Contributing to the growth of visitor business has been the development of the 4,600-acre Mission Bay Park at San Diego and the San Diego Convention Center.

San Diego's visitor industry is a major sector of the region's economy. The San Diego Convention Center, containing 615,701 square feet of exhibit space and 204,114 square feet of meeting/banquet space, with total interior space of over 2.6 million gross square feet, opened in November 1989 and was expanded in 2001. In April 2010 a resolution of the Board of the Port Commissioner was passed which provides for a five acre water front park which will include a water transportation center and land improvements. At the beginning of 2010, it was expected that approximately 165 events would be held during 2010 in the Convention Center, attracting over an estimated 786,403 attendees and contributing approximately $1.27 billion in revenues to the County.

Education

Forty-two independent school districts provide educational programs for the elementary and secondary public school children in the County. Each school system is governed by a locally elected board of education and administered by a superintendent or other chief administrative officer appointed by the board. In the County there are three types of school districts: elementary, union high and unified. Elementary districts educate elementary students, union high districts educate primarily secondary students and unified districts educate both elementary and secondary students. There are currently 18 unified, 28 elementary and 6 union high school districts in the County.

Community colleges in the State are locally operated and administered. They offer the Associate of Arts and Associate of Science degrees and have extensive vocational curricula. There are five community college districts in the County at nine campuses.

Among the institutions of higher education offering bachelor and graduate programs in metropolitan San Diego area are the University of California, San Diego, San Diego State University, National University, University of San Diego, California State University, San Marcos, Alliant International University and Point Loma Nazarene University.

SECTION 8. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent.

SECTION 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the District may amend or waive any provision of this Disclosure Certificate only under the following circumstances:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, or 5, it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Owners of the Bonds in the same manner as provided in the Resolution with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or Beneficial Owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the District shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the District. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(b), and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 11. Default. In the event of a failure of the District to comply with any provision of this Disclosure Certificate, any Holder or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate; provided that any such action may be instituted only in Superior Court of the State of California in and for the County or in U.S. District Court in or nearest to the County. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 12. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

APPENDIX C

Proposed Form of Opinion of Bond Counsel

[Date]

Grossmont Healthcare District
La Mesa, California

$_____
GROSSMONT HEALTHCARE DISTRICT
(San Diego County, California)
General Obligation Bonds, 2006 Election, 2011 Series B

Ladies and Gentlemen:

We have acted as bond counsel to the Grossmont Healthcare District (the "District") and in such capacity have examined a record of proceedings related to the issuance of $_____ Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds"). The Bonds are issued under and pursuant to Section 1(b) of Article XIIIA of the State of California Constitution and Section 32300 *et seq*. of the State of California Health and Safety Code, a two-thirds vote of the qualified electors of the District voting at an election held on June 6, 2006, and a resolution adopted by the Board of Directors of the District on December 17, 2010 (the "Resolution").

In our capacity as bond counsel, we have reviewed originals or copies certified or otherwise identified to our satisfaction of such documents, certificates, opinions and other matters as we deemed necessary or appropriate to render the opinions set forth herein. In rendering the opinions set forth below, we have relied upon certifications and representations of the District with respect to certain material facts solely within the knowledge of the District, without undertaking to verify the same by independent investigation. Further, we have assumed, but have not independently verified, that the signatures on all documents, certificates and opinions that we reviewed are genuine.

Certain requirements and procedures contained or referred to in the Resolution or in other documents pertaining to the Bonds may be changed, and certain actions may be taken or not taken, under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of counsel nationally recognized in the area of tax-exempt obligations. We express no opinion as to the effect of any change to any document pertaining to the Bonds or of any action taken or not taken where such change is made or action is taken or not taken without our approval or in reliance upon the advice of counsel other than ourselves with respect to the exclusion from gross income of the interest on the Bonds for federal income tax purposes.

Based on the foregoing and subject to the limitations and qualifications herein specified, as of the date hereof, under existing law, we are of the opinion that:

1. The Bonds constitute valid and binding obligations of the District, payable solely from the proceeds of the levy of *ad valorem* taxes on all property subject to such taxes in the District, which taxes are unlimited as to rate or amount.

2. Assuming compliance by the District with certain covenants in the Resolution, the Tax Certificate and other documents pertaining to the Bonds, by the Grossmont Hospital Corporation (the "Corporation") with certain covenants in its Certificate attached to the Tax Certificate, and by the District and the Corporation with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), regarding the organization and operation of the Corporation, the use, expenditure and investment of proceeds of the Bonds, and the timely payment of certain investment earnings to the United States, interest on the Bonds is not includable in the gross income of the owners of the Bonds for federal income tax purposes. In rendering the foregoing opinion, we have relied upon the opinion of Hooper, Lundy & Bookman, P.C., San Diego, California, regarding the qualification of the Corporation as an organization described in Section 501(c)(3) of the Code. We can give no opinion or assurance about the future activities of the Corporation or about the effect of future changes in the Code, applicable regulations, the interpretation thereof or the resulting changes in enforcement thereof by the Internal Revenue Service. Failure to comply with the covenants and requirements described above or failure of the Corporation to be organized and operated in accordance with the Internal Revenue Service's requirements for the maintenance of its status as an organization described in Section 501(c)(3) of the Code may cause interest on the Bonds to become included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds.

4. Interest on the Bonds is not treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals and corporations. Interest on the Bonds, however, is included as an adjustment in calculating federal corporate alternative minimum taxable income and therefore may affect a corporation's alternative minimum tax liability.

5. Interest on the Bonds is exempt from personal income taxes imposed by the State of California.

We express no opinion regarding other federal or State of California income tax consequences caused by the ownership of or the receipt of interest on the Bonds.

With respect to the opinions expressed herein, the enforceability of the rights of the owners of the Bonds is subject to bankruptcy, insolvency, reorganization, arrangement, moratorium and other laws affecting the enforcement of creditors' rights generally, to the application of equitable principles (regardless of whether such enforceability is considered in equity or at law), to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against healthcare districts in the State of California.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions. Such opinions may be adversely affected by actions taken or events occurring, including a change in law, regulation or ruling (or in the application of official interpretation of any law, regulation or ruling) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions are taken or such events occur, and we have no obligation to update this opinion in light of such actions or events.

Respectfully submitted,

APPENDIX D

Book-Entry System

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the total aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be

the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of the Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of the notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, premium, redemption proceeds, distributions, and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor of its nominee, the Paying Agent, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

The District cannot and does not give any assurances that DTC will distribute to Participants or that Participants or others will distribute to the Beneficial Owners payments of principal or accreted value of and interest and premium, if any, on the Bonds paid or any redemption or other notices or that they will do so on a timely basis or will serve and act in the manner described in this Official Statement. The District is not responsible or liable for the failure of DTC or any Participant or Indirect Participant to make any payments or give any notice to a Beneficial Owner with respect to the Bonds or any error or delay relating thereto.

Neither the District nor the Paying Agent will have any responsibility or obligation to Participants, to Indirect Participants or to any Beneficial Owner with respect to (i) the accuracy of any records maintained by DTC, any Participant, or any Indirect Participant; (ii) the payment by DTC or any Participant or Indirect Participant of any amount with respect to the principal or accreted value of or premium, if any, or interest on the Bonds; (iii) any notice that is permitted or required to be given to Holders under the Resolution; (iv) the selection by DTC, any Participant or any Indirect Participant of any person to receive payment in the event of a partial redemption of the Bonds; (v) any consent given or other action taken by DTC as Bondholder; or (vi) any other procedures or obligations of DTC, Participants or Indirect Participants under the book-entry system.

In the further opinion of Bond Counsel, interest on the Bonds is not treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals and corporations. The Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds") are being issued by Grossmont Healthcare District (the "District"), a local health care district located in San Diego County, California. The Bonds were authorized at an election held in the District on June 6, 2006, at which the requisite two-thirds of the qualified electors voting on the proposition voted to authorize the issuance and sale of $247,000,000 principal amount of general obligation bonds of the District ("Proposition G"). The Bonds are the second series of bonds being issued pursuant to Proposition G and are being issued for the purpose of financing health care facilities of the District authorized in Proposition G, as more fully described herein.

The Bonds represent general obligations of the District payable from certain *ad valorem* taxes levied and collected by the County of San Diego (the "County"). The Bonds are not obligations of the County, the San Diego County Health Facilities Financing Authority (the "Authority"), the State of California (the "State") or any of their political subdivisions, other than the District. The Board of Supervisors of the County is empowered and is obligated to levy *ad valorem* taxes upon all property within the District subject to taxation by the District without limitation as to rate or amount (except certain personal property, which is taxable at limited rates) for the payment of principal of and interest on the Bonds when due.

Interest on the Bonds will accrue from the date of delivery and is payable on January 15 and July 15 of each year, commencing July 15, 2011. Principal of the Bonds will be paid on July 15 in the years set forth on the inside cover page hereof. The Bonds will be issued in denominations of $5,000 or integral multiples thereof and are payable as to principal amount or redemption price at the office of Union Bank, N.A., as Bond Registrar and Paying Agent for the Bonds (the "Bond Registrar").

The Bonds are issued in fully registered form and, when delivered, will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository of the Bonds as described herein under the caption "THE BONDS—General."

The Bonds are being sold by the District to the Authority and will simultaneously be resold to the Underwriter identified below.

Certain of the Bonds are subject to optional redemption and to mandatory sinking fund redemption, as described herein.

GROSSMONT HEALTHCARE DISTRICT
(San Diego County, California)
General Obligation Bonds, 2006 Election, 2011 Series B

INTRODUCTORY STATEMENT

The following introductory statement is subject in all respects to the more complete information set forth in this Official Statement. The descriptions and summaries of various documents hereinafter set forth do not purport to be comprehensive or definitive and are qualified in their entirety by reference to each document. All capitalized terms used in this Official Statement and not otherwise defined herein have the same meaning as in the Bond Resolution (as defined below).

Purpose of this Official Statement

This Official Statement, including the cover page, the inside cover page and the appendices hereto, is provided to furnish information in connection with the sale and delivery of $136,860,000 aggregate principal amount of Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds").

The District

Grossmont Healthcare District (the "District") is a local health care district, formed in 1952, and organized pursuant to Division 23 of the Health and Safety Code (the "Local Health Care District Law") of the State of California (the "State"). The District's boundaries encompass an area of approximately 750 square miles in eastern San Diego County (the "County"). Included within the District boundaries are the cities of La Mesa, Lemon Grove, Santee, and El Cajon, the San Carlos/Del Cerro communities within the City of San Diego, and certain unincorporated areas of the County. The total 2010-11 net taxable assessed valuation of property within the District is $40,094,695,319.

The District owns Sharp Grossmont Hospital, located in La Mesa, California. Sharp Grossmont Hospital currently has 536 licensed acute care beds, 689 physicians on staff, 21 operating rooms and 1 heliport. On May 29, 1991, the District entered into an Affiliation Agreement (as amended to date, the "Affiliation Agreement") with Sharp HealthCare (formerly San Diego Hospital Association) ("Sharp"), a nonprofit public benefit corporation, under which the District agreed to transfer the operation and maintenance of Sharp Grossmont Hospital to Grossmont Hospital Corporation (the "Corporation"), a nonprofit public benefit corporation wholly controlled by Sharp. For more information on the District and the management and operation of Sharp Grossmont Hospital, see "THE DISTRICT" herein.

Authority for Issuance of the Bonds

At an election held on June 6, 2006, more than two-thirds of the votes cast by eligible voters within the District authorized the District to issue up to $247,000,000 principal amount of general obligation bonds ("Proposition G"). The District issued the first series of its general obligation bonds under Proposition G, in the amount of $85,627,075.50, in 2007. The Bonds constitute the second series of bonds issued under Proposition G. The Bonds are issued pursuant to certain provisions of the Local Health Care District Law and other applicable laws and pursuant to a resolution (the "Bond Resolution") adopted by the Board of Directors of the District (the "District Board") on December 17, 2010. The Bonds will be sold by the District to the San Diego County Health Facilities Financing Authority (the

"Authority") pursuant to the Marks-Roos Local Bond Pooling Act of 1985, constituting Article 4 of Chapter 5 of Division 7 of Title 1 (commencing with Section 6584) of the Government Code of the State. The Authority will resell the Bonds immediately to Goldman, Sachs & Co. (the "Underwriter"), as described under "UNDERWRITING" herein.

Security for the Bonds

The Bonds represent general obligations of the District payable from certain *ad valorem* taxes. The Board of Supervisors of the County will levy and collect annually *ad valorem* taxes upon all property subject to taxation by the District for the payment of the principal of and interest on the Bonds. The Bonds are not obligations of the County, the Authority, the State or any of their political subdivisions, other than the District.

Bond Registrar and Paying Agent

Union Bank, N.A., will serve as the initial Bond Registrar and the initial Paying Agent with respect to the Bonds.

Purpose of the Proposition G Authorization

Proceeds from the sale of bonds issued pursuant to Proposition G also are authorized to be used to acquire land and construct thereon a health care training and occupational center.

The District expects to use the proceeds from the sale of the Bonds, which constitute the second issuance of bonds authorized pursuant to Proposition G, to finance and/or refinance (a) with respect to Sharp Grossmont Hospital, the (i) construction, expansion and improvement of an approximately three-story surgical link diagnostic and treatment building that will include operating rooms and/or interventional suites, catheterization labs and interventional radiology labs, (ii) the construction, expansion and improvement of a central plant, (iii) expansion and improvement of a patient tower, and (iv) utility and loading dock improvements, and (b) the construction of a health care training and occupation center to be operated by the District.

THE BONDS

General

The Bonds will be issued in book-entry form only and will be initially issued and registered in the name of Cede & Co. as nominee for The Depository Trust Company ("DTC"). Purchasers will not receive bond certificates representing their interest in the Bonds. One fully-registered Bond will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

Interest with respect to the Bonds accrues from their date of delivery and is payable semiannually on January 15 and July 15 of each year (each, a "Bond Payment Date"), commencing July 15, 2011. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Each Bond will bear interest from the Bond Payment Date next preceding the date of authentication thereof unless it is authenticated as of a day during the period from the Record Date next preceding any Bond Payment Date to that Bond Payment Date, inclusive, in which event it will bear interest from such Bond Payment Date, or unless it is authenticated on or before July 1, 2011, in which event it will bear interest from the date of delivery of the Bonds. The Bonds are issuable in denominations of $5,000 principal amount or any integral multiple thereof. The Bonds mature on July 15, in the years and amounts set forth on the inside cover page hereof.

So long as Cede & Co. is the registered Owner of the Bonds, principal of and interest and premium, if any, on the Bonds are payable by wire transfer by the Paying Agent to Cede & Co., as nominee for DTC, which, in turn, will remit such amounts to DTC Participants (as defined in Appendix D) for subsequent disbursement to the Beneficial Owners. See APPENDIX D – "BOOK-ENTRY SYSTEM." In addition, so long as Cede & Co. is the registered Owner of the Bonds, references in this Official Statement to "Owner" or registered owner of the Bonds (other than under the caption "TAX MATTERS" and the statement on the cover of this Official Statement regarding interest on the Bonds being excludable from gross income) means Cede & Co. and does not mean the Beneficial Owners of such Bonds. The District and the Bond Registrar will treat the registered owner of the Bonds (which will be DTC so long as the book-entry system is in effect) as the absolute owner of the Bonds for the purposes of payment of debt service, giving all notices of redemption, and all other matters with respect to the Bonds.

For a description of the method of payment of principal of and interest on the Bonds and matters pertaining to their exchange while the book-entry system is in place, see APPENDIX D – "BOOK-ENTRY SYSTEM."

If the book-entry system for the Bonds is ever discontinued, payment of interest on any Bond Payment Date will be made to the person appearing on the registration books of the Bond Registrar as the Owner thereof as of the 1st day of the calendar month in which such Bond Payment Date occurs (the "Record Date"), such interest to be paid by check mailed to such Owner on the Bond Payment Date, at such Owner's address as it appears on such registration books or at such other address as such Owner may have filed with the Bond Registrar for that purpose on or before the Record Date. The Owner of Bonds in an aggregate principal amount of $1,000,000 or more may request in writing to the Bond Registrar that such Owner be paid interest by wire transfer to the bank and account number on file with the Bond Registrar as of the Record Date. The principal of the Bonds will be payable upon maturity or earlier redemption upon surrender at the principal office of the Paying Agent, in lawful money of the United States of America. The Paying Agent is authorized to pay the Bonds when duly presented for payment at maturity or upon earlier redemption and to cancel all Bonds upon payment thereof.

Redemption

***Optional Redemption*.** The Bonds maturing on or before July 15, 2021 are not subject to redemption prior to their respective stated maturity dates**.** The Bonds maturing on or after July 15, 2022 are subject to redemption prior to their respective stated maturity dates, at the option of the District, from any source of funds, in whole or in part, on July 15, 2021, or on any date thereafter at the par amount thereof, without premium, together with interest accrued thereon to the date of redemption.

***Mandatory Sinking Fund Redemption*.** The term Bonds maturing on July 15, 2034, are subject to redemption prior to maturity from mandatory sinking fund payments on July 15 of each year, beginning July 15, 2032, at a redemption price equal to the principal amount thereof, together with accrued interest to the date fixed for redemption, without premium**.** The principal amount of such Bonds to be so redeemed and the dates therefore and the final principal payment date are as indicated in the following table:

Redemption Date (July 15)	Mandatory Sinking Fund Payment
2032	$4,540,000
2033	5,430,000
2034†	5,030,000

† Final Maturity.

Mandatory Sinking Fund Redemption. The term Bonds maturing on July 15, 2040, are subject to redemption prior to maturity from mandatory sinking fund payments on July 15 of each year, beginning July 15, 2035, at a redemption price equal to the principal amount thereof, together with accrued interest to the date fixed for redemption, without premium**.** The principal amount of such Bonds to be so redeemed and the dates therefore and the final principal payment date are as indicated in the following table:

Redemption Date (July 15)	Mandatory Sinking Fund Payment
2035	$ 7,425,000
2036	8,580,000
2037	9,835,000
2038	24,060,000
2039	26,985,000
2040†	30,160,000

† Final Maturity.

Selection of Bonds for Redemption. If less than all the Outstanding Bonds are to be optionally redeemed on any one date, the Bond Registrar, upon written instructions from the District, will select Bonds for redemption from such maturity dates as are selected by the District and by lot within each such maturity in any manner as the Bond Registrar shall determine; provided, however, that the portion of any Bond to be redeemed in part will be in the principal amount of $5,000 or any integral multiple thereof. In the event no direction is given, the Bond Registrar will select Bonds for redemption in inverse order of maturity, and, if less than all the Bonds of any one maturity date are to be redeemed on any one date, the Bond Registrar will select the Bonds or the portions thereof of such maturity date by lot.

Notice of Redemption. Notice of redemption of any Bonds will be mailed, postage prepaid, not less than 20 nor more than 45 days prior to the redemption date by first class mail to the respective Owners thereof at the addresses appearing on the bond registration books maintained by the Bond Registrar.

Each notice of redemption will contain all of the following information: (a) the date of the notice of redemption, (b) the name of the Bonds, (c) the Bonds or designated portions thereof (in the case of redemption of the Bonds in part but not in whole) which are to be redeemed, (d) the date of redemption, (e) the place or places where the redemption will be made, including the name and address of the Bond Registrar, (f) the redemption price, (g) the CUSIP numbers of each maturity assigned to each maturity of the Bonds to be redeemed, (h) if less than all of the Bonds of any maturity are to be redeemed, the Bond numbers of the Bonds of each maturity to be redeemed and, in the case of any Bond to be redeemed in part only, the principal amount of such Bond to be redeemed, (i) the original issue date, interest rate and stated maturity date of each Bond to be redeemed in whole or in part, and (j) in the case of a conditional redemption, that such redemption is conditional upon certain circumstances. Such notice of redemption will further state that on the specified date there will become due and payable upon each Bond or portion thereof being redeemed the redemption price thereof, together with the interest accrued to the redemption date, and that from and after such date, interest with respect thereto will cease to accrue.

The District may rescind any optional redemption and any notice thereof for any reason by causing written notice of the rescission to be given to the Owners of those Bonds so called for redemption at least four business days prior to the date fixed for redemption. Any optional redemption and any notice

thereof will be rescinded if for any reason on the date fixed for redemption moneys are not available in the Debt Service Fund or otherwise held in trust in an escrow fund established for such purpose in an amount sufficient to pay in full on such date the principal of and interest due on the Bonds called for redemption. Notice of rescission will be given in the same manner in which notice of redemption was originally given.

Neither failure to receive any redemption notice nor any defect in any such redemption notice will affect the sufficiency of the proceedings for the redemption of the affected Bonds. Failure by the Bond Registrar to give any redemption notice to any one or more of the respective Owners of Bonds designated for redemption shall not affect the sufficiency of the proceedings for redemption with respect to Owners to whom such redemption notice was mailed. Each check issued or other transfer of funds made by the Bond Registrar for the purpose of redeeming Bonds will bear the CUSIP number identifying, by issue and maturity, the Bonds being redeemed with the proceeds of such check or other transfer.

If, on such redemption date, money for the redemption of all the Bonds to be redeemed as provided in the Bond Resolution, together with interest to such redemption date, is held by or on behalf of the Bond Registrar so as to be available therefore on such redemption date, and if notice of redemption thereof shall has given as provided in the Bond Resolution, then from and after such redemption date, interest with respect to the Bonds to be redeemed will cease to accrue. All money held by or on behalf of the Bond Registrar for the redemption of Bonds will be held for the account of the Owners of the Bonds so to be redeemed.

All Bonds paid at maturity or redeemed prior to maturity pursuant to the provisions of the Bond Resolution will be canceled upon surrender thereof and be delivered to or upon the order of the District. All or any portion of a Bond purchased by the District will be canceled by the Bond Registrar.

Defeasance

The District may pay and discharge any or all of the Bonds by irrevocably depositing with the Paying Agent or an escrow agent selected by the District at or before maturity, money or noncallable Defeasance Securities together with cash, if required, in an amount which will, together with the interest to accrue thereon and moneys then on deposit in the Debt Service Fund, together with the interest to accrue thereon, be fully sufficient to pay and discharge the indebtedness on such Bonds (including all principal, interest and redemption premium, if any) at or before their respective maturity dates.

"Defeasance Securities" means:

(i) Direct and general obligations of the United States of America (including state and local government series), or obligations that are unconditionally guaranteed as to principal and interest by the United States of America, including (in the case of direct and general obligations of the United States of America) evidences of direct ownership of proportionate interests in future interest or principal payments of such obligations. Investments in such proportionate interests must be limited to circumstances wherein (a) a bank or trust company acts as custodian and holds the underlying United States obligations; (b) the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor of the underlying United States obligations; and (c) the underlying United States obligations are held in a special account, segregated from the custodian's general assets, and are not available to satisfy any claim of the custodian, any person claiming through the custodian, or any person to whom the custodian may be obligated; provided that such obligations are rated or assessed "AAA" by Standard & Poor's or "Aaa" by Moody's Investors Service; and

(ii) Obligations of government sponsored agencies of the United States that are rated "AAA," by Standard & Poor's or "Aaa" by Moody's Investors Service but are not backed by the full faith and credit of the government of the United States.

Bond Registrar and Paying Agent

As long as DTC's book-entry system is used for the Bonds, the Bond Registrar will send any notice of redemption or other notices to Owners only to DTC**.** Any failure of DTC to advise any DTC Participant, or of any DTC Participant to notify any Beneficial Owner, of any such notice and its content or effect will not affect the validity or sufficiency of the proceedings relating to the redemption of the Bonds called for redemption or of any other action premised on such notice.

The Bond Registrar, the Paying Agent, the District and the Underwriter of the Bonds have no responsibility or liability for any aspects of the records relating to or payments made on account of beneficial ownership, or for maintaining, supervising or reviewing any records relating to beneficial ownership of interests in the Bonds. So long as the outstanding Bonds are registered in the name of Cede & Co. or its registered assigns, the Bond Registrar, the Paying Agent and the District will cooperate with Cede & Co., as sole registered owner, or its registered assigns in effecting payment of the principal of and interest on the Bonds by arranging for payment in such manner that funds for such payments are properly identified and are made immediately available on the date they are due.

Registration, Transfer and Exchange of Bonds

If the book-entry system described in Appendix D is no longer used with respect to the Bonds, the District will cause the Bond Registrar to maintain and keep at its principal corporate trust office all books and records necessary for the registration, exchange and transfer of the Bonds (the "Bond Register"). The person in whose name a Bond is registered on the Bond Register will be regarded as the absolute owner of that Bond. Payment of or on account of the principal of and interest on any Bond will be made only to or upon the order of that person; neither the District nor the Bond Registrar will be affected by any notice to the contrary. All such payments will be valid and effectual to satisfy and discharge the District's liability upon the Bonds, including interest, to the extent of the amount or amounts so paid.

Any Bond may be exchanged for Bonds of any authorized denomination upon presentation and surrender at the principal corporate trust office of the Bond Registrar, together with a request for exchange signed by the Owner or by a person legally empowered to do so in a form satisfactory to the Bond Registrar. In the event that the District determines to no longer maintain the book-entry only status of the Bonds, DTC determines to discontinue providing such services and no successor securities depository is named, or DTC requests the District to deliver Bond certificates to particular DTC Participants, any Bond may, in accordance with its terms, be transferred upon the Bond Register by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such Bond for cancellation at the office of the Bond Registrar, accompanied by delivery of a written instrument of transfer in a form approved by the Bond Registrar, duly executed.

Neither the District nor the Bond Registrar will be required: to transfer or exchange any Bonds (a) during the period from the Record Date next preceding any Bond Payment Date to such Bond Payment Date, (b) during the period beginning with the opening of business on the 15th business day next preceding any date of selection of Bonds to be redeemed and ending with the close of business on the day on which the applicable notice of redemption is given, or (c) which have been selected or called for redemption in whole or in part.

SECURITY FOR THE BONDS

The Bonds represent general obligations of the District payable from certain *ad valorem* taxes**.** Pursuant to Section 32312 of the Local Health Care District Law, the County will levy and collect annually *ad valorem* taxes upon all property subject to taxation by the District for the payment of the principal of and interest on the Bonds**.** Such taxes shall be collected by the County and transferred to the Paying Agent. The Paying Agent, pursuant to the Paying Agent Agreement, will deposit all such taxes in the Debt Service Fund held by the Paying Agent, which is required to be used by the Paying Agent solely for the payment of principal of and redemption premium, if any, and interest on the Bonds when due. All *ad valorem* taxes collected within the District for the payment of Bonds are pledged to the payment of principal of and redemption premium, if any, and interest on the Bonds when due. Although the County is obligated to levy an *ad valorem* tax for the payment of the Bonds, the Bonds are not obligations of the County, the State, the Authority or any of their political subdivisions, other than the District.

The moneys in the Debt Service Fund, to the extent necessary to pay the principal of and redemption premium, if any, and interest on the Bonds as the same become due and payable, shall be transferred by the Paying Agent on each Bond Payment Date to DTC for remittance by DTC to its Participants for subsequent disbursement to the Beneficial Owners of the Bonds.

Each year, the District calculates and submits to the County the levy rate that is expected to permit the County to collect *ad valorem* taxes in an amount sufficient to pay principal and interest coming due on the Bonds in that year. In the event there is a shortfall in *ad valorem* taxes to pay principal of and interest on the Bonds, the District is required by Section 32127 of the Local Health Care District Law to use moneys in its general fund to make up any shortfall. In calculating the levy rate, the District takes into account an estimated delinquency rate equal to the actual delinquency rate within the County for the prior year. In each of the past three fiscal years, the District has established a levy rate that has yielded *ad valorem* tax revenues in excess of the amounts required to pay debt service due on bonds issued pursuant to Proposition G, but there can be no assurance that *ad valorem* tax revenues collected in the future will continue to be in excess of debt service requirements. All excess funds collected, together with investment income earned thereon, will be used to pay future debt service on bonds issued pursuant to Proposition G. Nonetheless, the District anticipates that the *ad valorem* taxes levied and collected by the County on property subject to taxation by the District will be sufficient to pay interest and principal coming due on the Bonds.

The following table sets forth for each year ending July 15, the amounts required to be made available for the payment of principal due on the Bonds, including by mandatory sinking account redemption, interest on the Bonds and debt service on outstanding general obligation bonds issued by the District in 2007 pursuant to Proposition G.

PROPERTY TAX INFORMATION

Ad Valorem Property Taxation

As required by State law, the District utilizes the services of the County for the assessment and collection of taxes for District purposes. District taxes are collected at the same time and on the same tax roll as are County, school district, city and other special district taxes. Taxes are levied by the County for

each fiscal year on taxable real and personal property that is located in the District as of the preceding January 1. See "—Tax Collection Procedure" and "—Tax Rate and Collection Record" below.

The amount of the annual *ad valorem* tax levied by the County to repay the Bonds will be based on the assessed valuation of taxable property in the District and the amount of debt service due on the Bonds and all parity debt issued by the District pursuant to Proposition G. The District will calculate the tax rate on an annual basis based on the assessed valuation of taxable property in the District and the amount of debt service due on the Bonds and all parity debt issued by the District pursuant to Proposition G. Subsequent to calculation of the tax rate, the District Board, in accordance with County policy, will adopt a resolution notifying the County of the tax rate established. The County will, in turn, levy and collect the *ad valorem* taxes and transfer such *ad valorem* taxes to the Paying Agent, as described above.

Certain Risks Related to *Ad Valorem* Property Taxation

A reduction in the assessed valuation of taxable property located in the District, such as may be caused by economic recession, deflation of land values, a relocation out of the District by one or more major property owners, reclassification of property to a class exempt from taxation or the complete or partial destruction of such property caused by, among other events, an earthquake, flood or other natural disaster, could cause a reduction in the assessed value of property located within the District and necessitate an unanticipated increase in the annual tax levy necessary to pay debt service on the Bonds and all parity debt issued by the District pursuant to Proposition G. A significant decrease in assessed valuation, an unanticipated increase in the rate of tax delinquencies, or a declaration of bankruptcy by the District could delay the payment of debt service on the Bonds. See "LEGAL MATTERS—Limitation on Remedies" herein. As stated above, the District calculates the tax rate on an annual basis, taking into account an assumed delinquency rate. Since issuing bonds pursuant to Proposition G, the District has assumed a delinquency rate equal to the actual delinquency rate within the County for the prior year. In any given fiscal year, to the extent the delinquency rate is less than that which was assumed for such fiscal year, any excess taxes collected will be used to pay debt service in subsequent years. Conversely, in any given fiscal year, if the delinquency rate is higher than that which was assumed for such fiscal year and to the extent there are not sufficient funds on deposit in the Interest and Sinking Fund to pay debt service for such fiscal year, the District is required to provide funds from its general fund to make up any deficiencies in the Interest and Sinking Fund to provide for payment of debt service on all bonds issued by the District pursuant to Proposition G. While the levy of *ad valorem* tax to pay debt service of the Bonds and other bonds issued pursuant to Proposition G is not limited as to rate or amount, the risks discussed in this section could affect a tax payor's willingness or ability to pay *ad valorem* taxes.

Over the past several years, the real estate market has seen an increased rate of mortgage delinquencies and foreclosures and, there has been a slowdown in new home construction and other construction. In addition, there has been a decline in recent years in the assessed valuations of taxable property located in the District. The total assessed valuation of real property subject to taxation in the District for the fiscal year 2010-11 decreased by 1.5% as compared to fiscal year 2009-10. The total assessed valuation for the fiscal year 2009-10 decreased by 5.0% as compared to fiscal year 2008-09. There also has been an increase in property owner requests for temporary reductions in assessed valuation; however, actual refunds have been fairly insignificant.

Assessed Valuations

The assessed valuation of property in the District is established by the County Assessor, except for public utility property which is assessed by the State Board of Equalization. Assessed valuations are reported at 100% of the "full value" of the property, as defined in Article XIIIA of the State Constitution.

See "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS" herein.

Certain classes of property, such as churches, nonprofit and public schools, colleges, universities and hospitals, charitable institutions and governmental property, are exempt from property taxation and do not appear on the tax rolls.

Property located within the District has a total net taxable assessed valuation for fiscal year 2010-11 of $40,094,695,319. The following table presents the ten-year history of assessed valuations in the District.

Tax Collection Procedure

Taxes are levied for each fiscal year on taxable real and personal property on the tax rolls as of the preceding January 1. Real property that changes ownership or is newly constructed is revalued at the time the change occurs or the construction is completed. The current year property tax rate is applied to the reassessed value, and the taxes are then adjusted by a proration factor that reflects the portion of the remaining tax year for which taxes are due.

For assessment and collection purposes, property is classified either as "secured" or "unsecured" and is listed accordingly on separate parts of the assessment roll. The "secured roll" is that part of the assessment roll containing real property having a tax lien that is sufficient, in the opinion of the County Assessor, to secure payment of the taxes. Other property is assessed on the "unsecured roll."

Property taxes on the secured roll are due in two installments, on November 1 and February 1 of each year. If unpaid, such taxes become delinquent on December 10 and April 10, respectively, and a 10% penalty attaches to any delinquent payment. Property on the secured roll with respect to which taxes are delinquent becomes tax defaulted on June 30. Such property may thereafter be redeemed by payment

of the delinquent property taxes, plus a penalty of 1.5% per month to the time of redemption, plus costs and a redemption fee. If taxes are unpaid for a period of five years or more, the property is subject to auction sale by the County's Treasurer–Tax Collector.

Property taxes on the unsecured roll are due as of the January 1 lien date and become delinquent on August 31. A 10% penalty attaches to delinquent unsecured taxes. If unsecured taxes are unpaid at 5:00 p.m. on October 31, an additional penalty of 1.5% attaches to them on the first day of each month until paid. The County has four ways of collecting delinquent unsecured personal property taxes: (1) bringing a civil action against the taxpayer; (2) filing a certificate in the office of the Clerk of County specifying certain facts in order to obtain a lien on certain property of the taxpayer; (3) filing a certificate of delinquency for recordation in the County Recorder's office in order to obtain a lien on certain property of the taxpayer; and (4) seizing and selling personal property, improvements, or possessory interests belonging or assessed to the taxpayer.

Direct and Overlapping Debt

Contained within the District are numerous local agencies whose boundaries overlap the boundaries of the District. These local agencies have outstanding debt issued in the form of general obligation, lease revenue and special tax and assessment bonds. The direct and overlapping debt of such agencies, as well as the District, as of February 1, 2011, is shown in the following table (the "Debt Statement"), which was prepared by California Municipal Statistics, Inc. The Debt Statement is included for general information purposes only. Neither the District nor the Underwriter has reviewed the Debt Statement for completeness or accuracy, and neither make any representation in connection therewith.

CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS

Article XIIIA of the State Constitution

Article XIIIA of the State Constitution ("Article XIIIA"), adopted and known as Proposition 13, limits the amount of *ad valorem* taxes on real property to 1% of "full cash value" as determined by the county assessor. Article XIIIA defines "full cash value" to mean "the county assessor's valuation of real property as shown on the 1975-76 bill under 'full cash value,' or thereafter, the appraised value of real property when purchased, newly constructed or a change in ownership has occurred after the 1975 assessment," subject to exemptions in certain circumstances of property transfer or reconstruction. The "full cash value" is subject to annual adjustment to reflect increases, not to exceed 2% for any year, or decreases in the consumer price index or comparable local data, or to reflect reductions in property value caused by damage, destruction or other factors.

Article XIIIA requires a vote of two-thirds of the qualified electorate of a city, county, special district (such as the District) or other public agency to impose *special* taxes, while totally precluding the imposition of any additional *ad valorem*, sales or transaction tax on real property. Article XIIIA exempts from the 1% tax limitation any taxes above that level required to pay debt service (a) on any indebtedness approved by the voters prior to July 1, 1978, or (b), as a result of an amendment approved by State voters on July 3, 1986, on any bonded indebtedness approved by two-thirds of the votes cast by voters for the acquisition or improvement of real property, or (c) bonded indebtedness incurred by a school district or community college district for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by 55% or more of the votes cast on the proposition, but only if certain accountability measures are included in the proposition. The tax for payment of the Bonds falls within the exception described in (b) of the immediately preceding sentence. In addition, Article XIIIA requires the approval of two-thirds of all members of the state legislature to change any state taxes for the purpose of increasing tax revenues.

Article XIIIA has subsequently been amended to permit reduction of the "full cash value" base in the event of declining property values caused by damage, destruction or other factors, to provide that there would be no increase in the "full cash value" base in the event of reconstruction of property damaged or destroyed in a disaster, and in other minor or technical ways.

On June 18, 1992, the United States Supreme Court in *Nordlinger v. Hahn* issued a decision upholding the constitutionality of Article XIIIA.

Legislation Implementing Article XIIIA

Legislation has been enacted and amended a number of times since 1978 to implement Article XIIIA. Local agencies are no longer permitted to levy directly any property tax (except to pay voter-approved indebtedness). The 1% property tax is automatically levied by the county and distributed according to a formula among taxing agencies. The formula apportions the 1% property tax roughly in proportion to the relative shares of property taxes levied prior to 1979.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership, or from the annual adjustment not to exceed 2%, are allocated among the various jurisdictions in the "taxing area" based upon their respective "situs." Any such allocation made to a local agency continues as part of its allocation in future years.

All taxable property is shown at full market value on the tax rolls. Consequently, the tax rate is expressed as $1 per $100 of taxable value. All taxable property value included in this Official Statement is shown at 100 percent of market value (unless noted differently) and all tax rates reflect the $1 per $100 of taxable value.

Article XIIIB of the State Constitution

Article XIIIB of the California Constitution ("Article XIIIB") was added to the Constitution by initiative in 1979. Under Article XIIIB state and local governmental entities have an annual "appropriations limit" and are not permitted to spend certain moneys that are called "appropriations subject to limitation" (consisting of tax revenues, state subventions and certain other funds) in an amount higher than the "appropriations limit." Article XIIIB does not affect the appropriation of moneys that are excluded from the definition of "appropriations subject to limitation," including debt service on indebtedness existing or authorized as of January 1, 1979, or bonded indebtedness subsequently approved by the voters. In general terms, the "appropriations limit" is to be based on certain 1978-79 expenditures and is to be adjusted annually to reflect changes in consumer prices, populations, and services provided by these entities. Among other provisions of Article XIIIB, if these entities' revenues in any year exceed the amounts permitted to be spent, the excess would have to be returned by refunding taxes already collected or revising tax rates or fee schedules over the subsequent two years.

The appropriations of a local governmental entity subject to Article XIIIB limitations include the proceeds of taxes levied by or for that entity and the proceeds of certain State subventions to that entity. "Proceeds of taxes" include, but are not limited to, all tax revenues and the proceeds to the entity from (a) regulatory licenses, user charges and user fees (but only to the extent that these proceeds exceed the reasonable costs in providing the regulation, product or service), and (b) the investment of tax revenues. Appropriations subject to limitation do not include (a) refunds of taxes, (b) appropriations for debt service, such as the Bonds, (c) appropriations required to comply with certain mandates of the courts or the federal government, (d) appropriations of certain special districts, (e) appropriations for all qualified capital outlay projects as defined by the legislature, (f) appropriations derived from certain fuel and vehicle taxes and (g) appropriations derived from certain taxes on tobacco products.

Article XIIIB includes a requirement that all revenues received by an entity of government other than the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during such respective fiscal years shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years.

The State and each local government entity has its own appropriation limit. Each year, the limit is adjusted to allow for changes, if any, in the cost of living, the population of the jurisdiction, and any transfer to or from another governmental entity of financial responsibility for providing the services. The District is required to establish an appropriation limit each year. The District receives no moneys that are considered appropriations subject to limitations and, therefore, had an appropriation limit of $0 for fiscal year 2010-11.

Article XIIIC and Article XIIID of the State Constitution

On November 5, 1996, the voters of the State approved Proposition 218, popularly known as the "Right to Vote on Taxes Act." Proposition 218 added to the State Constitution Articles XIIIC and XIIID (respectively, "Article XIIIC" and "Article XIIID"), which contain a number of provisions affecting the ability of local agencies to levy and collect both existing and future taxes, assessments, fees and charges.

According to the "Title and Summary" of Proposition 218 prepared by the California Attorney General, Proposition 218 limits "the authority of local governments to impose taxes and property-related assessments, fees and charges." Among other things, Article XIIIC establishes that every tax is either a "general tax" (imposed for general governmental purposes) or a "special tax" (imposed for specific purposes), prohibits special purpose government agencies such as hospital districts from levying general taxes, and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds vote; and also provides that the initiative power will not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. Article XIIIC further provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIIIA of the State Constitution and special taxes approved by a two-thirds vote under Article XIIIA, Section 4. Article XIIID relates to assessments and property-related fees and charges, and explicitly provides that nothing in Article XIIIC or XIIID will be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development.

The District does not impose any taxes, assessments, or property-related fees or charges that are subject to the provisions collected of Proposition 218. It does receive a portion of the basic one percent *ad valorem* property tax levied and collected by the County pursuant to Article XIIIA of the State Constitution.

Unitary Property

Some amount of property tax revenue of the District is derived from utility property, which is considered part of a utility system with components located in many taxing jurisdictions. The State Constitution provides that the State Board of Equalization (the "SBE"), rather than counties, assess certain property owned or used by regulated utilities. Such property is grouped and assessed by the SBE as "going concern" operating units, which may cross local tax jurisdiction boundaries, rather than as individual parcels of real or personal property separately assessed. Such utility property is known as "unitary property." The SBE assesses property at "fair market value," determined by various methods and formulae depending on the nature of the property, except that assessed value of certain railroad property is limited to a percentage of the fair market value determined by the SBE, in conformity with federal law. The SBE assesses values as of January 1 prior to the tax year of the related tax levy. Property tax on SBE-assessed property is then levied and collected by each county in the same manner as county assessed property, but at special county-wide tax rates, and distributed to each taxing agency within that county generally according to the approximate percentages as allocated to each taxing agency in the prior year.

Changes in the California electric utility industry structure and in the way in which components of that industry are regulated and owned, including the sale of electric generation assets to largely unregulated, non-utility companies, may convert the status of such assets from SBE-assessed unitary property to locally assessed property or otherwise affect how those assets are assessed in the future and which local taxing agencies are to receive the property taxes on such assets. The District cannot predict whether any changes that may occur will affect the unitary property within its boundaries or the tax revenues relating to such property.

Future Initiatives

Articles XIIIA, XIIIB, XIIIC, and XIIID were each adopted as measures that qualified for the ballot pursuant to the State's initiative process. From time to time other initiative measures could be adopted, further affecting District revenues or the District's ability to expend revenues. The nature and impact of these measures cannot be anticipated by the District.

THE DISTRICT

Only ad valorem taxes levied on taxable property within the District are pledged to the payment of debt service on the Bonds. The Bonds are payable from revenues of the District only in the event there is a shortfall in ad valorem taxes, but the Bonds are not secured by any of such revenues. The Bonds are not payable from, nor are they secured by, the revenues or assets of Sharp Grossmont Hospital, Sharp or the Corporation. Prospective investors, therefore, should base their investment decision on the property tax information relating to the District. See "SECURITY FOR THE BONDS" herein. For a summary of certain demographic data for the County, see APPENDIX A – "ECONOMIC AND DEMOGRAPHIC PROFILE OF SAN DIEGO COUNTY" hereto. The information in this section concerning the operations of the District is provided as background information only.

History

The District, formerly known as Grossmont Hospital District, was formed in 1952 for the purposes of establishing a new hospital to accommodate the unmet health care needs of the residents of eastern San Diego County. Grossmont Hospital commenced operations in 1955 and, now known as Sharp Grossmont Hospital, currently employs 2,546 full time employees, with 689 doctors on staff and 536 licensed acute care beds.

Governance and Management

The District is governed by the District Board, which consists of five publicly elected members, each serving four-year terms. The District Board is charged with the general oversight of the District's operations. The current members of the District Board are set forth below:

Board of Directors of the District

Director	Term Expires December	Occupation
Deborah McElravy, R. Ph., President	2012	Pharmacist
Michael T. Long, M.D., Vice President	2014	Physician
Michael Emerson, RDO, FNAO, Secretary	2012	Optician
Gloria A. Chadwick, R.N.	2014	Registered Nurse
Robert Ayres	2012	Retired Banking Executive

Pursuant to the Affiliation Agreement, the District agreed to transfer the management and operation of Grossmont Hospital to Sharp in 1991. In connection with this affiliation, the District leased Grossmont Hospital to the Corporation for a term ending May 29, 2021, and transferred certain assets and liabilities of the District to the Corporation. The term of the lease, which expires on May 29, 2021, may be extended for an additional term of up to 30 years if approved by a majority of the votes cast by eligible voters within the District.

Sharp, the parent corporation of a multi-hospital health care system consisting of four nonprofit hospitals and other health care facilities located in San Diego County, California, is the sole member of the Corporation.

Financial Information

The District prepares financial statements on an annual basis, and the financial statements are audited by an independent accountant. As discussed above, only *ad valorem* taxes levied on taxable property within the District are pledged to the payment of debt service on the Bonds and other bonds issued by the District pursuant to Proposition G. The Bonds are payable from revenues of the District only in the event there is a shortfall in *ad valorem* taxes, but the Bonds are not secured by any of such revenues. The Bonds are not payable from, nor are they secured by, the revenues or assets of Sharp Grossmont Hospital, Sharp or the Corporation. Accordingly, the financial statements of the District, Sharp and the Corporation have not been included in this Official Statement. The District's financial statements for the fiscal year ended June 30, 2010, however, may be obtained from the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access System (EMMA). The financial statements contained or accessible on such website are not incorporated herein by reference.

THE AUTHORITY

The Authority was created by a Joint Exercise of Powers Agreement, dated as of October 22, 2010 (the "JPA Agreement"), between Palomar Pomerado Health and the District. Pursuant to Chapter 5 of Division 7 of Title 1 of the Government Code of the State (the "JPA Act"), the Authority has legal authority to exercise any powers common to its members and to exercise additional powers granted to it under the JPA Act. Under the JPA Act, the Authority is authorized to purchase bonds issued by the District at negotiated sale and to sell such bonds at negotiated sale to the Underwriter. The Bonds are being issued by the District for sale to the Authority and will be simultaneously resold by the Authority to the Underwriter.

Neither the Authority nor its independent contractors have furnished, reviewed, investigated or verified the information contained in this Official Statement other than the information contained in this section. The Authority will not monitor payment of the Bonds or compliance with the documents relating thereto.

CONTINUING DISCLOSURE

The District has covenanted for the benefit of Bondholders (including Beneficial Owners of the Bonds) to provide (i) the audited financial statements of the District for the prior fiscal year and (ii) to the extent not contained in the audited financial statements: (a) assessed value of taxable property in the District as shown on the recent equalized assessment role, (b) property tax levies, collections and delinquencies for the District, for the prior fiscal year, and (c) a list of the top 20 property taxpayers in the District for the then current fiscal year, as measured by secured assessed valuation and their percentage of total secured assessed value (collectively, such information is referred to as the "Annual Report") by not later than six months following the end of the District's fiscal year (which currently ends June 30), commencing with the report for the 2010-11 Fiscal Year, and to provide notices of the occurrence of certain enumerated events. The Annual Report shall be filed by the District with the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access System. The specific nature of the information to be contained in the Annual Report or any notices of material events is included in APPENDIX B – "FORM OF CONTINUING DISCLOSURE CERTIFICATE." These covenants have been made in order to assist the Underwriter in complying with Rule 15c2-12(b)(5) (the "Rule") promulgated by the Securities and Exchange Commission. The District has never failed to comply in all material respects with any previous continuing disclosure undertaking pursuant to the Rule within the last five years.

TAX MATTERS

Tax Exemption

In the opinion of Sidley Austin LLP, San Francisco, California, Bond Counsel, under existing law and assuming compliance by the District with certain covenants in the Resolution, the Tax Certificate and other documents pertaining to the Bonds, by the Corporation with certain covenants in its certificate attached to the Tax Certificate, and by the District and the Corporation with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), regarding the organization and operation of the Corporation, the use, expenditure and investment of proceeds of the Bonds, and the timely payment of certain investment earnings to the United States, interest on the Bonds is not includable in the gross income of the owners of the Bonds for federal income tax purposes. Failure to comply with such covenants and requirements may cause interest on the Bonds to become included in gross income retroactive to the date of issuance of the Bonds.

In the further opinion of Bond Counsel, interest on the Bonds is not treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals and corporations. Interest on the Bonds, however, is included as an adjustment in calculating federal corporate alternative minimum taxable income and therefore may affect a corporation's alternative minimum tax liability.

Bond Counsel has relied on the opinion of Hooper, Lundy & Bookman, P.C., San Diego, California, regarding the qualification of the Corporation as an organization described in Section 501(c)(3) of the Code. Neither Bond Counsel nor Hooper, Lundy & Bookman, P.C. can give or has given any opinion or assurance about the future activities of the Corporation or about the effect of future changes in the Code, applicable regulations, the interpretation thereof or the resulting changes in enforcement thereof by the Internal Revenue Service (the "IRS"). Failure to comply with the covenants and requirements described above or failure of the Corporation to be organized and operated in accordance with the IRS's requirements for the maintenance of its status as an organization described in Section 501(c)(3) of the Code may cause interest on the Bonds to become included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds.

Ownership of, or the receipt of interest on, tax-exempt obligations may result in collateral tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, certain foreign corporations doing business in the United States, certain S corporations with excess passive income, individual recipients of Social Security or Railroad Retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, and taxpayers who may be eligible for the earned income credit. Bond Counsel expresses no opinion with respect to any collateral tax consequences and, accordingly, prospective purchasers of the Bonds should consult their tax advisors as to the applicability of any collateral tax consequences.

Certain requirements and procedures contained or referred to in the Resolution or in other documents pertaining to the Bonds may be changed, and certain actions may be taken or not taken, under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of counsel nationally recognized in the area of tax-exempt obligations. Bond Counsel expresses no opinion as to the effect of any change to any document pertaining to the Bonds or of any action taken or not taken where such change is made or action is taken or not taken without the approval of Bond Counsel or in reliance upon the advice of counsel other than Bond Counsel with respect to the exclusion from gross income of the interest on the Bonds for federal income tax purposes.

Original Issue Discount

The initial public offering price of certain of the Bonds (collectively, the "Discount Bonds") is less than the principal amount of the Discount Bonds. The difference between the principal amount of a Discount Bond and its initial public offering price is original issue discount. Original issue discount on a Discount Bond accrues over the term of such Discount Bond at a constant interest rate. To the extent it has accrued, original issue discount on a Discount Bond is treated as interest excludable from gross income for federal income tax purposes under the conditions and limitations described above. The amount of original issue discount that accrues on a Discount Bond in each year is not an item of tax preference for purposes of calculating federal alternative minimum taxable income of individuals and corporations, but is included as an adjustment in the calculation of federal corporate alternative minimum taxable income and may therefore affect a corporation's alternative minimum tax liability. Additionally, such accrued original issue discount is taken into account in determining the distribution requirements of certain regulated investment companies. Consequently, owners of Discount Bonds should be aware that the accrual of original issue discount in each year may result in an alternative minimum tax liability, additional distribution requirements or other collateral federal income tax consequences although the owner may not have received cash in such year.

The accrual of original issue discount on a Discount Bond will increase the owner's adjusted basis in such Discount Bond. This will affect the amount of taxable gain or loss realized by the owner of the Discount Bond upon the redemption, sale or other disposition of such Discount Bond. The effect of the accrual of original issue discount on the federal income tax consequences of a redemption, sale or other disposition of a Discount Bond that is not purchased at the initial public offering price may be determined according to rules that differ from those described above. Owners of Discount Bonds should consult their tax advisors with respect to the precise determination for federal income tax purposes of the amount of original issue discount that properly accrues with respect to the Discount Bonds, other federal income tax consequences of owning and disposing of the Discount Bonds and any state and local tax consequences of owning and disposing of the Discount Bonds.

Premium Bonds

The excess of the tax adjusted basis of a Bond purchased as part of the initial public offering to a purchaser (other than a purchaser who holds such Bond as inventory, stock in trade or for sale to customers in the ordinary course of business) over the amount payable at maturity is "bond premium." Bond premium is amortized over the term of such Bond for federal income tax purposes (or, in the case of a bond with bond premium callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such bond). Owners of Bonds with bond premium are required to decrease their adjusted basis in such Bonds by the amount of amortizable bond premium attributable to each taxable year such Bonds are held. The amortizable bond premium on such Bonds attributable to a taxable year is not deductible for federal income tax purposes. Rather, bond premium is treated as an offset to the interest received on such Bonds. Owners of such Bonds should consult their tax advisors with respect to the determination for federal income tax purposes of the treatment of bond premium upon sale or other disposition of such Bonds and with respect to the state and local tax consequences of owning and disposing of such Bonds.

Information Reporting and Backup Withholding

Interest paid on the Bonds will be subject to information reporting in a manner similar to interest paid on taxable obligations. Although such reporting requirement does not, by itself, affect the excludability of such interest from gross income for federal income tax purposes, such reporting requirement causes the payment of interest on the Bonds to be subject to backup withholding if such

interest is paid to beneficial owners who (a) are not "exempt recipients," and (b) either fail to provide certain identifying information (such as the beneficial owner's taxpayer identification number) in the required manner or have been identified by the Internal Revenue Service as having failed to report all interest and dividends required to be shown on their income tax returns. Generally, individuals are not exempt recipients, whereas corporations and certain other entities are exempt recipients. Amounts withheld under the backup withholding rules from a payment to a beneficial owner are allowed as a refund or a credit against such beneficial owner's federal income tax liability provided the required information is furnished to the IRS.

State Tax Exemption

In the further opinion of Bond Counsel, interest on the Bonds is exempt from personal income taxes imposed by the State of California.

Future Developments

Future legislative proposals, if enacted into law, regulations, rulings or court decisions may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation or to state or local income taxation, or may otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. Further, legislation or regulatory actions and proposals may affect the economic value of the federal or state tax exemption or the market value of the Bonds.

Prospective purchasers of the Bonds should consult their tax advisors regarding pending or proposed federal or state tax legislation, regulations, rulings or litigation, as to which Bond Counsel expresses no opinion.

A copy of the proposed form of opinion of Bond Counsel is attached hereto as Appendix C.

LEGAL MATTERS

General

There is no litigation pending or threatened against the District concerning the validity of the Bonds or questioning the District's ability to issue the Bonds, the District's ability to receive *ad valorem* taxes, the Bond Resolution or the organization, powers or authority of the District.

Limitation on Remedies

The opinion of Bond Counsel as to the rights of owners and the enforceability thereof, attached hereto as Appendix C, is qualified by reference to bankruptcy, insolvency and other laws relating to or affecting creditor's rights. Bankruptcy proceedings, if initiated, could subject the owners of the Bonds to judicial discretion and interpretation of their rights in bankruptcy or otherwise and, consequently, may entail risks of delay, limitation, or modification of their rights.

Approval of Legality

The validity of the Bonds and certain other legal matters are subject to the approving opinion of Sidley Austin LLP, San Francisco, California, Bond Counsel. A copy of the proposed form of opinion of Bond Counsel is attached hereto as Appendix C. Sidley Austin LLP has also acted as Disclosure Counsel to the District. Certain legal matters will be passed upon for the District by its General Counsel,

Jeffrey G. Scott, Esq., and for the Underwriter by its counsel, Chapman and Cutler LLP, San Francisco, California.

UNDERWRITING

The Bonds are being purchased by the Authority for resale to the Underwriter pursuant to a purchase contract among the Underwriter, the District, and the Authority. The Underwriter has agreed, subject to certain conditions, to purchase the Bonds from the Authority at a price of $138,288,989.55 (representing the principal amount of the Bonds of $136,860,000.00, plus net original issue premium of $2,113,270.80, less the Underwriter's discount of $684,281.25). Under the terms of the purchase contract, the Underwriter will be obligated to purchase all of the Bonds if any are purchased, the obligation to make such purchase being subject to certain terms and conditions to be satisfied by the District and the Authority. The Underwriter may offer and sell the Bonds to certain dealers and others at prices lower than the offering prices stated on the inside front cover page. The offering prices may be changed from time to time by the Underwriter.

The Underwriter and its respective affiliates are a full service financial institution engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. Certain of the Underwriter and its respective affiliates have, from time to time, performed, and may in the future perform, various investment banking services for the District for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Underwriter and its respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and/or credit default swaps) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the District.

APPENDIX A

Economic and Demographic Profile of San Diego County

The following information about San Diego County (the "County") is presented as general background information because the District is located in the eastern part of the County. As discussed under "SECURITY FOR THE BONDS," the Bonds are payable from ad valorem taxes upon taxable property within the District and are neither a debt of nor payable by the County.

General

The County is the southernmost major metropolitan area in the State of California (the "State") and is approximately the size of the State of Connecticut. The County covers 4,526 square miles, extending 70 miles along the Pacific Coast from the Mexican border to Orange County, and 75 miles inland to Imperial County. The counties of Riverside and Orange form the northern boundary of the County.

Topography of the County varies from broad coastal plains and fertile inland valleys to mountain ranges in the east, which rise to an elevation of 6,500 feet. Eastern slopes of these mountains form the rim of the Anza-Borrego Desert and the Imperial Valley. The Cleveland National Forest occupies much of the interior portion of the County. The climate is equable in the coastal and valley regions where most of the population and resources are located. Average annual rainfall in the coastal areas is approximately 10 inches.

The County possesses a diverse economic base consisting of a significant manufacturing presence in the fields of electronics and shipbuilding, a large tourist industry attracted by the favorable climate of the region, and a considerable defense-related presence.

In April 2004, PETCO Park opened in the City of San Diego, providing a 42,000 fixed seat baseball stadium for the San Diego Padres. PETCO Park is located in a 26-block neighborhood that contains existing and proposed hotels, office space, retail and housing units within walking distance from the San Diego Convention Center and the Gaslamp Quarter. The baseball stadium is also within walking distance of a San Diego Trolley station and nearby parking facilities.

The County is also a major center for culture and education. Over 30 recognized art organizations, including the San Diego Opera, the Old Globe Theatre productions, the La Jolla Chamber Orchestra, as well as museums and art galleries, are located in the County. Higher education is provided through several two-year colleges as well as four-year colleges and universities.

In addition to the City of San Diego, other principal cities in the County include Carlsbad, Chula Vista, Oceanside, El Cajon, Escondido, La Mesa and National City. Most County residents live within 20 miles of the coast. Farther inland are agricultural areas. The top five crops for 2009 include ornamental trees and shrubs, indoor flowering and foliage plants, bedding plants, avocados and tomatoes. Approximately 28 miles northeast of San Diego, in the Ramona Valley, is a wine producing region and is currently home to 20 vineyards. The easternmost portion of the County has a dry, desert-like topography.

Population

There are 18 incorporated cities in the County and a number of unincorporated communities. Estimated population for the County as of January 1, 2009, was 3,185,462, making it the third largest

county by population in California. The County's population in 2009 increased approximately 1.69% from 2008. The following table sets forth the County's population growth relative to the population for the State and the United States for the years 1997 through 2009.

In recent years, the County has enjoyed economic stability, out-pacing the State economy despite a general recession in the State. Much of this strength was evidenced by and due to outstanding employment gains, population growth, personal income increases and high levels of commercial and industrial development.

Three basic industries of the region, manufacturing, the military and tourism, help sustain the County's economy. The U.S. Department of Defense contributes approximately $10 billion annually to the local economy, through wages paid to uniformed military and civilian personnel and for equipment and services purchased from local businesses. San Diego's military presence is anticipated to remain relatively stable and may even increase due to the consolidation of military operations and facilities from elsewhere in California, the West and throughout the United States. Even though the U.S. Department of Defense closed and vacated the Naval Training Center in 1997, three procurement agencies, the Naval Space and Warfare Systems Command, the Naval Aviation Engineering Servicing Unit and the Naval Aviation Technical Service Facility, have recently relocated to the County.

Building Activity

Building permit valuations for both residential and non-residential construction in the County in 2009 decreased over 2008 levels by approximately 39.1%. The following table sets forth selected information relating to building permits issued in the County in the years 2005 through 2009.

Transportation

Surface, sea and air transportation facilities serve County residents and businesses. Interstate 5 parallels the coast from Mexico to the Los Angeles area and points north. Interstate 15 runs inland,

leading to Riverside-San Bernardino, Las Vegas, and Salt Lake City. Interstate 8 runs eastward through the southern United States.

San Diego's International Airport (Lindbergh Field) is located approximately three miles northwest of the downtown area at the edge of San Diego Bay. The San Diego County Regional Airport Authority is the operator of the San Diego International Airport. The airport is the busiest, single-runway commercial service airport in the country served by 18 commercial airlines and four cargo carriers. An Airport Master Plan was adopted in May 2008. Projects include construction of 10 additional gates at Terminal 2 West for a net airport total of 51 gates, airfield improvements, new general aviation facilities, relocation and reconfiguration of SAN Park Pacific Highway, a second level roadway serving Terminal 2, a parking structure adjacent to Terminal 2 and improvements to vehicle circulation within the terminal area. In addition to San Diego International Airport, there are two naval air stations, two private airports and seven general aviation airports located in the County.

McClellan-Palomar Airport, also known as Palomar Airport or Carlsbad Airport, is located in Carlsbad, California, and can accommodate private and light commercial aircraft. Oceanside Municipal Airport is located eight miles north in Oceanside, California.

Public transit in the metropolitan area is provided by the Metropolitan Transit System. The San Diego Trolley, developed by the Metropolitan Transit Development Board beginning in 1979, has been expanded and provides special, more direct special event service to PETCO Park, the Gaslamp Quarter and the Convention Center. A total of 17.6 miles was added to the original 108 miles; construction was completed in 1990.

San Diego is the terminus of the Santa Fe Railway's main line from Los Angeles. Amtrak passenger service is available at San Diego, with stops at Del Mar and Oceanside in the northern part of the County.

San Diego's harbor is one of the world's largest natural harbors. The Port of San Diego is administered by the San Diego Unified Port District, which includes the cities of San Diego, National City, Chula Vista, Imperial Beach, and Coronado.

Visitor and Convention Activity

An excellent climate, proximity to Mexico, extensive maritime facilities, and such attractions as the San Diego Wild Animal Park, Sea World of San Diego, Cabrillo National Monument, Mount Laguna Observatory, Legoland and Palomar Observatory allow San Diego to attract a high level of visitor and convention business each year. Contributing to the growth of visitor business has been the development of the 4,600-acre Mission Bay Park at San Diego and the San Diego Convention Center.

San Diego's visitor industry is a major sector of the region's economy. The San Diego Convention Center, containing 615,701 square feet of exhibit space and 204,114 square feet of meeting/banquet space, with total interior space of over 2.6 million gross square feet, opened in November 1989 and was expanded in 2001. In April 2010 a resolution of the Board of the Port Commissioner was passed which provides for a five acre water front park which will include a water transportation center and land improvements. At the beginning of 2010, it was expected that approximately 165 events would be held during 2010 in the Convention Center, attracting over an estimated 786,403 attendees and contributing approximately $1.27 billion in revenues to the County.

Education

Forty-two independent school districts provide educational programs for the elementary and secondary public school children in the County. Each school system is governed by a locally elected board of education and administered by a superintendent or other chief administrative officer appointed by the board. In the County there are three types of school districts: elementary, union high and unified. Elementary districts educate elementary students, union high districts educate primarily secondary students and unified districts educate both elementary and secondary students. There are currently 18 unified, 28 elementary and 6 union high school districts in the County.

Community colleges in the State are locally operated and administered. They offer the Associate of Arts and Associate of Science degrees and have extensive vocational curricula. There are five community college districts in the County at nine campuses.

Among the institutions of higher education offering bachelor and graduate programs in metropolitan San Diego area are the University of California, San Diego, San Diego State University, National University, University of San Diego, California State University, San Marcos, Alliant International University and Point Loma Nazarene University.

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Owners of the Bonds in the same manner as provided in the Resolution with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or Beneficial Owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the District shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the District. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(b), and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 11. Default. In the event of a failure of the District to comply with any provision of this Disclosure Certificate, any Holder or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate; provided that any such action may be instituted only in Superior Court of the State of California in and for the County or in U.S. District Court in or nearest to the County. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 12. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

SECTION 13. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriter, the Holders and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

Proposed Form of Opinion of Bond Counsel

[Date]

Grossmont Healthcare District
La Mesa, California

$136,860,000
GROSSMONT HEALTHCARE DISTRICT
(San Diego County, California)
General Obligation Bonds, 2006 Election, 2011 Series B

Ladies and Gentlemen:

We have acted as bond counsel to the Grossmont Healthcare District (the "District") and in such capacity have examined a record of proceedings related to the issuance of $136,860,000 Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds"). The Bonds are issued under and pursuant to Section 1(b) of Article XIIIA of the State of California Constitution and Section 32300 *et seq*. of the State of California Health and Safety Code, a two-thirds vote of the qualified electors of the District voting at an election held on June 6, 2006, and a resolution adopted by the Board of Directors of the District on December 17, 2010 (the "Resolution").

In our capacity as bond counsel, we have reviewed originals or copies certified or otherwise identified to our satisfaction of such documents, certificates, opinions and other matters as we deemed necessary or appropriate to render the opinions set forth herein. In rendering the opinions set forth below, we have relied upon certifications and representations of the District with respect to certain material facts solely within the knowledge of the District, without undertaking to verify the same by independent investigation. Further, we have assumed, but have not independently verified, that the signatures on all documents, certificates and opinions that we reviewed are genuine.

Certain requirements and procedures contained or referred to in the Resolution or in other documents pertaining to the Bonds may be changed, and certain actions may be taken or not taken, under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of counsel nationally recognized in the area of tax-exempt obligations. We express no opinion as to the effect of any change to any document pertaining to the Bonds or of any action taken or not taken where such change is made or action is taken or not taken without our approval or in reliance upon the advice of counsel other than ourselves with respect to the exclusion from gross income of the interest on the Bonds for federal income tax purposes.

Based on the foregoing and subject to the limitations and qualifications herein specified, as of the date hereof, under existing law, we are of the opinion that:

1. The Bonds constitute valid and binding obligations of the District, payable solely from the proceeds of the levy of *ad valorem* taxes on all property subject to such taxes in the District, which taxes are unlimited as to rate or amount.

2. Assuming compliance by the District with certain covenants in the Resolution, the Tax Certificate and other documents pertaining to the Bonds, by the Grossmont Hospital Corporation (the "Corporation") with certain covenants in its Certificate attached to the Tax Certificate, and by the District and the Corporation with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), regarding the organization and operation of the Corporation, the use, expenditure and investment of proceeds of the Bonds, and the timely payment of certain investment earnings to the United States, interest on the Bonds is not includable in the gross income of the owners of the Bonds for federal income tax purposes. In rendering the foregoing opinion, we have relied upon the opinion of Hooper, Lundy & Bookman, P.C., San Diego, California, regarding the qualification of the Corporation as an organization described in Section 501(c)(3) of the Code. We can give no opinion or assurance about the future activities of the Corporation or about the effect of future changes in the Code, applicable regulations, the interpretation thereof or the resulting changes in enforcement thereof by the Internal Revenue Service. Failure to comply with the covenants and requirements described above or failure of the Corporation to be organized and operated in accordance with the Internal Revenue Service's requirements for the maintenance of its status as an organization described in Section 501(c)(3) of the Code may cause interest on the Bonds to become included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds.

4. Interest on the Bonds is not treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals and corporations. Interest on the Bonds, however, is included as an adjustment in calculating federal corporate alternative minimum taxable income and therefore may affect a corporation's alternative minimum tax liability.

5. Interest on the Bonds is exempt from personal income taxes imposed by the State of California.

We express no opinion regarding other federal or State of California income tax consequences caused by the ownership of or the receipt of interest on the Bonds.

With respect to the opinions expressed herein, the enforceability of the rights of the owners of the Bonds is subject to bankruptcy, insolvency, reorganization, arrangement, moratorium and other laws affecting the enforcement of creditors' rights generally, to the application of equitable principles (regardless of whether such enforceability is considered in equity or at law), to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against healthcare districts in the State of California.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions. Such opinions may be adversely affected by actions taken or events occurring, including a change in law, regulation or ruling (or in the application of official interpretation of any law, regulation or ruling) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions are taken or such events occur, and we have no obligation to update this opinion in light of such actions or events.

Respectfully submitted,

APPENDIX D

Book-Entry System

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the total aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be

the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of the Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of the notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, premium, redemption proceeds, distributions, and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor of its nominee, the Paying Agent, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

The District cannot and does not give any assurances that DTC will distribute to Participants or that Participants or others will distribute to the Beneficial Owners payments of principal or accreted value of and interest and premium, if any, on the Bonds paid or any redemption or other notices or that they will do so on a timely basis or will serve and act in the manner described in this Official Statement. The District is not responsible or liable for the failure of DTC or any Participant or Indirect Participant to make any payments or give any notice to a Beneficial Owner with respect to the Bonds or any error or delay relating thereto.

Neither the District nor the Paying Agent will have any responsibility or obligation to Participants, to Indirect Participants or to any Beneficial Owner with respect to (i) the accuracy of any records maintained by DTC, any Participant, or any Indirect Participant; (ii) the payment by DTC or any Participant or Indirect Participant of any amount with respect to the principal or accreted value of or premium, if any, or interest on the Bonds; (iii) any notice that is permitted or required to be given to Holders under the Resolution; (iv) the selection by DTC, any Participant or any Indirect Participant of any person to receive payment in the event of a partial redemption of the Bonds; (v) any consent given or other action taken by DTC as Bondholder; or (vi) any other procedures or obligations of DTC, Participants or Indirect Participants under the book-entry system.

SECTION 8. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent.

SECTION 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the District may amend or waive any provision of this Disclosure Certificate only under the following circumstances:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, or 5, it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Owners of the Bonds in the same manner as provided in the Resolution with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or Beneficial Owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the District shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the District. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(b), and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 11. Default. In the event of a failure of the District to comply with any provision of this Disclosure Certificate, any Holder or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate; provided that any such action may be instituted only in Superior Court of the State of California in and for the County or in U.S. District Court in or nearest to the County. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 12. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

SECTION 13. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriter, the Holders and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

The Treasurer/Controller of the Authority shall draw checks to pay demands against the Authority when the demands have been approved by the Authority.

(3) The Board of Directors shall determine the charges, if any, to be made against the Authority for the services of the Treasurer/Controller.

(8) None of the officers, agents or employees, if any, directly employed by the Authority shall be deemed, by reason of their employment by the Authority, to be employed by any Member or, by reason of their employment by the Authority, to be subject to any of the requirements of any Member.

Section 5. Powers

The Authority shall have the power, in its own name, to exercise the common powers of the Members referred to in Section 2 hereof and to exercise all additional powers given to a joint powers entity under the Act, including, but not limited to, the Marks-Roos Act, for any purpose authorized under this Agreement, including, without limitation, the power to execute and deliver Bond Purchase Agreements. The Authority shall have the power to make and enter into contracts, to employ agents and employees, to acquire, construct, manage, maintain or operate any building, works or improvements, or to acquire, hold or dispose of property or to incur debts, liabilities or obligations and sue and be sued in its own name.

The Authority is authorized, in its own name, to do all acts necessary for the exercise of said powers for said purposes.

Such powers shall be exercised subject only to such restrictions upon the manner of exercising such powers as are imposed upon PPH in the exercise of similar powers, as provided in Section 6509 of the Act, except, however, nothing herein shall limit the powers of the Authority under the Marks-Roos Act.

Notwithstanding the foregoing, the Authority shall have any additional powers conferred under the Act or under applicable law, insofar as such additional powers may be necessary to accomplish the purposes set forth in Section 2 hereof.

Section 6. Termination of Powers

The Authority shall continue to exercise the powers herein conferred upon it until this Agreement is terminated in accordance with Section 3 hereof.

Section 7. Fiscal Year

Unless and until changed by resolution of the Board, the fiscal year of the Authority shall be the period from July 1 of each year to and including the following June 30, except for the first fiscal year which shall be the period from the effective date of this Agreement to the following June 30.

Section 8. Disposition of Assets

After termination of this Agreement pursuant to Section 3 hereof, any surplus money in possession of the Authority or on deposit in any fund or account of the Authority shall be returned in proportion to any contributions made as required by Section 6512 of the Act. The Board is vested with all powers of the Authority for the purpose of concluding and dissolving the business affairs of the Authority. After rescission or termination of this Agreement pursuant to Section 3 hereof, all property of the Authority, both real and personal, shall be divided among the Members in such manner as shall be determined by the Board.

Section 9. Contributions and Advances

Contributions or advances of public funds and of personnel, equipment or property may be made to the Authority by the Members for any of the purposes of this Agreement. Payment of public funds may be made to defray the cost of any such purposes. Any such advance shall be made subject to repayment, and shall be repaid, in the manner agreed upon by the contributing Member, and the Authority at the time of making such advance. It is mutually understood and agreed that no Member has any obligation to make advances or contributions to the Authority to provide for the costs and expenses of administration of the Authority, even though any Member may do so. The Members may allow the use of personnel, equipment or other items in lieu of other contributions or advances to the Authority.

Section 10. Payment of Expenses

Except as may otherwise be specified by resolution of the Board of Directors, any expenses incurred by the Authority in connection with the execution and delivery of a Bond Purchase Agreement or the issuance of Bonds shall be paid by the Member for whose benefit such Bond Purchase Agreement is being entered into or for whose benefit such Bonds are being issued.

Section 11. Agreement Not Exclusive

This Agreement shall not be exclusive and shall not be deemed to amend or alter the terms of other agreements between the Members, if any, except as the terms of this Agreement shall conflict therewith, in which case the terms of this Agreement shall prevail.

Section 12. Accounts and Reports

The Authority shall establish and maintain such funds and accounts as may be required by good accounting practice and there shall be strict accountability of all funds and reports of all receipts and disbursements as required by Section 6505(a) of the Government Code of the State of California. The books and records of the Authority shall be open to inspection at all reasonable times by the Members and their representatives and the public.

Section 13. Conflict of Interest Code

The Authority shall adopt a Conflict of Interest Code to the extent required by law.

Section 14. Breach

If default shall be made by a Member in any covenant contained in this Agreement, such default shall not excuse such Member from fulfilling its obligations under this Agreement and the Members shall continue to be liable for the performance of all conditions herein contained. The Members hereby declare that this Agreement is entered into for the benefit of the Authority created hereby and the Members hereby grant to the Authority the right to enforce by whatever lawful means the Authority deems appropriate all of the obligations of each of the parties hereunder. Each and all of the remedies given to the Authority hereunder or by any law now or hereafter enacted are cumulative and the exercise of one right or remedy shall not impair the right of the Authority to any or all other remedies.

Nothing herein shall be construed to create any indebtedness of any Member and neither the faith and credit nor the tax revenue nor any other revenue of any Member are pledged or encumbered by this Agreement.

Section 15. Severability

Should any part, term, or provision of this Agreement be decided by the courts to be illegal or in conflict with any law of the State of California, or otherwise be rendered unenforceable or ineffectual, the validity of the remaining parts, terms or provisions hereof shall not be affected thereby.

Section 16. Successors; Assignment

This Agreement shall be binding upon and shall inure to the benefit of the successors of the parties. Except to the extent expressly provided herein, neither party may assign any right or obligation hereunder without the consent of the other parties to this Agreement.

Section 17. Amendment of Agreement

This Agreement may be amended by supplemental agreement executed by the Members at any time; at any time; provided, however, that this Agreement may be terminated only in accordance with Section 3 hereof and provided further that such supplemental agreement shall be subject to any restrictions contained in any Bonds or documents related to any Bonds to which the Authority is a party.

Section 18. Form of Approvals

Whenever an approval is required in this Agreement, unless the context specifies otherwise, it shall be given, in the case of each Member, by resolution duly adopted by the Governing Body of such Member, and, in the case of the Authority, by resolution duly adopted by the Board of Directors. Whenever in this Agreement any consent or approval is required, the same shall not be unreasonably withheld.

Section 19. Withdrawal and Addition of Parties

A Member may withdraw from this Agreement upon written notice to the Board of Directors; provided, that no such withdrawal shall result in dissolution of the Authority while any Bonds or other obligations of the Authority remain outstanding under the terms of any indenture, trust agreement, contract, agreement, lease, sublease or other instrument pursuant to which such Bonds are issued or executed and delivered or other obligations are incurred. Any such withdrawal shall be effective only upon receipt of written notice of such withdrawal by the Board, provided, however, that if withdrawal of a Member would result in the dissolution of the Authority, such withdrawal shall not take effect until six (6) months (or such shorter period as shall be approved by resolution of the Board of Directors) from the date of receipt of such written notice of withdrawal by the Board of Directors, which shall acknowledge receipt of such notice of withdrawal in writing and shall file such notice as an amendment to this Agreement, which amendment to this Agreement shall be effective upon filing with the office of the Secretary of State of the State in accordance with Section 4 hereof.

Additional Public Agencies may be added to this Agreement and become Members, subject to the terms and conditions imposed by the Members, upon: (i) the filing by such Public Agency of an executed counterpart of this Agreement, together with a certified copy of the resolution of the governing body of such Public Agency approving this Agreement and the execution and delivery hereof; and (ii) adoption of a resolution of the Board of Directors approving the addition of such Public Agency as a Member. Upon satisfaction of such conditions, the Board of Directors shall file such executed counterpart of this Agreement as an amendment hereto, effective upon filing with the office of the Secretary of State of the State in accordance with Section 4 hereof.

Section 20. Waiver of Personal Liability

No member, officer or employee of the Authority or of any Member shall be individually or personally liable for any claims, losses, damages, costs, injury and liability of every kind, nature and description arising from the actions of the Authority or the actions undertaken pursuant to this Agreement.

Section 21. Notices

Notices to each Member hereunder shall be sufficient if delivered to the chief financial officer of such Member.

Section 22. Counterparts

This Agreement may be executed in any number of counterparts, each of which, when so executed and delivered, shall be an original; but such counterparts shall together constitute but one and the same instrument.

Section 23. Governing Law

This Agreement shall be construed and governed in accordance with the laws of the State of California.

Section 24. Section Headings

All section headings contained herein are for convenience of reference only and are not intended to define or limit the scope of any provision of this Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Joint Exercise of Powers Agreement to be executed by their proper officers thereunto duly authorized, as of the day and year first above written.

At the conclusion of the open and public portion of each regular or special meeting, the meeting shall be closed to the public and the Board of Directors shall meet in closed session to discuss matters covered under subparagraphs (a) or (b) of this Section.

Dear Sir or Madam:

This is in response to your request of January 28, 2004, regarding your organization's tax-exempt status.

In April 1991 we issued a determination letter that recognized your organization as exempt from federal income tax. Our records indicate that your organization is currently exempt under section 501(c)(3) of the Internal Revenue Code.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in sections 509(a)(1) and 170(b)(1)(A)(iii).

This classification was based on the assumption that your organization's operations would continue as stated in the application. If your organization's sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than $25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization's annual accounting period. The law imposes a penalty of $20 a day, up to a maximum of $10,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of $100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, these organizations are not automatically exempt from other federal excise taxes.

Donors may deduct contributions to your organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to your organization or for its use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Grossmont Hospital Corporation
33-0449527

Your organization is not required to file federal income tax returns unless it is subject to the tax on unrelated business income under section 511 of the Code. If your organization is subject to this tax, it must file an income tax return on the Form 990-T, Exempt Organization Business Income Tax Return. In this letter, we are not determining whether any of your organization's present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

Section 6104 of the Internal Revenue Code requires you to make your organization's annual return available for public inspection without charge for three years after the due date of the return. The law also requires organizations that received recognition of exemption on July 15, 1987, or later, to make available for public inspection a copy of the exemption application, any supporting documents and the exemption letter to any individual who requests such documents in person or in writing. Organizations that received recognition of exemption before July 15, 1987, and had a copy of their exemption application on July 15, 1987, are also required to make available for public inspection a copy of the exemption application, any supporting documents and the exemption letter to any individual who requests such documents in person or in writing.
For additional information on disclosure requirements, please refer to Internal Revenue Bulletin 1999 - 17.

Because this letter could help resolve any questions about your organization's exempt status and foundation status, you should keep it with the organization's permanent records.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

This letter affirms your organization's exempt status.

Sincerely,

Janna K. Skufca

Dear Applicant:

Based on information supplied and assuming your operations will be as stated in your application for recognition of exemption, we have determined that you are exempt from Federal income tax under section 501(c)(a) of the Internal Revenue Code as an organization described in section 501(c)(3).

We have further determined that you are not a private foundation within the meaning of section 509(a) of the Code, because you are an organization described in section 170(b)(1)(A)(iii).

If your sources of support or your purposes, character or method of operation change, please let us know so we can consider the effect of the change on your exempt status and foundation status. In the case of an amendment to your organizational document or bylaws, please send us a copy of the amended document or bylaws. Also, you should inform us of all changes in your name or address.

As of January 1, 1984, you are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of $100 or more you pay to each of your employees during a calendar year. You are not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Since you are not a private foundation, you are not subject to the excise taxes under Chapter 42 of the Code. However, you are not automatically exempt from other Federal excise taxes. If you have any questions about excise, employment or other Federal taxes, please let us know.

Donors may deduct contributions to you as provided in section

170 of the Code. Bequests, legacies, devises, transfers or gifts to you or for your use are deductible for Federal estate and gift tax purposes, if they meet the applicable provisions of Code sections 2055, 2106 and 2522.

Contribution deductions are allowable to donors only to the extent that their contributions are gifts, with no consideration received. Ticket purchases and similar payments in conjunction with fund raising events may not necessarily qualify as deductible contributions, depending on the circumstances. See Revenue Ruling 67-246, Published in Cumulative Bulletin 1967-2, on page 104, which sets forth guidelines regarding the deductibility, as charitable contributions, of payments made by taxpayers for admission to or other participation in fundraising activities for charity.

In the heading of this letter, we have indicated whether you must file Form 990, Return of Organization Exempt from Income Tax. If yes is indicated, you are required to file Form 990 only if your gross receipts each year are normally more than $25,000. If a return is required, it must be filed on the 15th day of the fifth month after the end of your annual accounting period. The law imposes a penalty of $10 a day, up to a maximum of $5,000, when a return is filed late, unless there is reasonable cause for the delay.

You are not required to file Federal income tax returns unless you are subject to the tax on unrelated business income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T, Exempt Organization Business Income Tax Return. In this letter we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

You need an employer identification number even if you have no employees. If an employer identification number was not entered on your application, a number will be assigned to you and you will be advised of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

If the heading of this letter indicates that an addendum applies, the enclosed addendum is an integral part of this letter.

Because this letter could help resolve any questions about your exempt status and foundation status, you should keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number appear in the heading of this letter.

Sincerely yours,

Michael J. Quinn

Neither failure to receive any Redemption Notice nor any defect in any such Redemption Notice so given shall affect the sufficiency of the proceedings for the redemption of the affected Bonds. Failure by the Bond Registrar to give any Notice of Redemption pursuant to this Section 4(b) to any one or more of the respective Owners of Bonds shall not affect the sufficiency of the proceedings for redemption with respect to Owners to whom such Redemption Notice was mailed. Each check issued or other transfer of funds made by the Paying Agent for the purpose of redeeming Bonds shall bear or include the CUSIP number identifying, by issue and maturity, the Bonds being redeemed with the proceeds of such check or other transfer.

(v) Partial Redemption of Bonds. Upon the surrender of any Bond redeemed in part only, the Bond Registrar shall execute and deliver to the Owner thereof a new Bond or Bonds of like tenor and maturity and of authorized denominations equal in Transfer Amount to the unredeemed portion of the Bond surrendered. Such partial redemption shall be valid upon payment of the amount required to be paid to such Owner and the District shall be released and discharged thereupon from all liability to the extent of such payment.

(vi) Effect of Notice of Redemption. Notice having been given as aforesaid, and the monies for the redemption (including the interest to the applicable date of redemption) having been set aside in the Debt Service Fund (defined in Section 7 hereof) or held in trust for such purpose as provided by law, such Bonds shall become due and payable on such redemption date.

If on such redemption date, money for the redemption of all the Bonds to be redeemed as provided in Section 4(b)(i) hereof, together with interest to such redemption date, shall be held by the Paying Agent so as to be available therefor on such redemption date, and if notice of redemption thereof shall have been given as aforesaid, then from and after such redemption date, interest with respect to the Bonds to be redeemed shall cease to accrue or accrete and become payable. All money held by or on behalf of the Paying Agent for the redemption of Bonds shall be held for the account of the Owners of the Bonds so to be redeemed.

All Bonds paid at maturity or redeemed prior to maturity pursuant to the provisions of this Section 4 shall be cancelled upon surrender thereof and be delivered to or upon the order of the District. All or any portion of a Bond purchased by the District shall be cancelled by the Bond Registrar.

(vii) Rescission of Notice of Redemption; Conditional Redemption. The District may rescind any optional redemption and notice thereof for any reason by causing written notice of the rescission to be given to the Owners of the Current Interest Bonds so called for redemption at least four business days prior to the date fixed for redemption. In the event that any Current Interest Bond is subject to optional redemption and moneys sufficient to redeem the Principal of and interest on all of the Current Interest Bonds proposed to be redeemed shall not be on deposit in the Debt Service Fund or in any escrow fund established for redemption of the Current Interest Bonds on such date fixed for redemption, the redemption and notice thereof shall be rescinded and in each and every such case, the District and the Owners of the Current Interest Bonds so called for redemption, as the case may be, shall be restored to their former positions and rights. Notice of rescission of redemption shall be given in the same manner in which the Redemption Notice was originally given. Neither failure to receive nor any defect in any such notice of rescission of redemption shall affect the validity of the rescission. Failure by the Bond Registrar to give any notice of rescission of redemption pursuant to this Section 4(b)(vii) to any one or more of the affected Owners of Bonds shall not affect the sufficiency of the proceedings for redemption with respect to Owners to whom such notice of rescission of redemption was mailed.

(viii) Bonds No Longer Outstanding. When any Bonds (or portions thereof), which have been duly called for redemption prior to maturity under the provisions of this Resolution, or with respect to which irrevocable instructions to call for redemption prior to maturity at the earliest redemption date have been given to the Bond Registrar, in form satisfactory to it, and sufficient monies shall be held by the Bond Registrar irrevocably for the payment of the redemption price of such Bonds or portions thereof, and, in the case of Current Interest Bonds, accrued interest with respect thereto to the date fixed for redemption, all as provided in this Resolution, then such Bonds shall no longer be deemed Outstanding and shall be surrendered to the Bond Registrar for cancellation.

(c) Book-Entry System.

(i) Except for any odd denomination of Capital Appreciation Bonds, the Bonds shall be initially registered in the name of "Cede & Co.," as nominee of DTC, and shall be initially issued as one Bond for each of the maturities of the Bonds in the

Principal Amounts or Maturity Values set forth in Section 4(a) hereof (as the case may be), and DTC is hereby appointed depository for the Bonds, and registered ownership of the Bonds may not thereafter be transferred except as provided in this Section 4(c).

(ii) Registered ownership of the Bonds, or any portion thereof, may not thereafter be transferred except:

(A) To any successor of Cede & Co., as nominee of DTC, or its nominee, or to any substitute depository designated pursuant to clause (B) of this Section 4(c) (a "substitute depository"); provided, that any successor of Cede & Co., as nominee of DTC or substitute depository, shall be qualified under any applicable laws to provide the services proposed to be provided by it;

(B) To any substitute depository not objected to by the District, upon (1) the resignation of DTC or its successor (or any substitute depository or its successor) from its functions as depository, or (2) a determination by the District to substitute another depository for DTC (or its successor) because DTC or its successor (or any substitute depository or its successor) is no longer able to carry out its functions as depository; provided, that any such substitute depository shall be qualified under any applicable laws to provide the services proposed to be provided by it; or

(C) To any person as provided below, upon (1) the resignation of DTC or its successor (or substitute depository or its successor) from its functions as depository, or (2) a determination by the District to remove DTC or its successor (or any substitute depository or its successor) from its functions as depository.

(iii) In the case of any transfer pursuant to clause (A), (B) or (C) of subsection (ii) hereof, the transferor shall notify the District of such transfer. In the case of any transfer pursuant to clause (A) or (B) of subsection (ii) hereof, upon receipt of the Bonds by the Bond Registrar, together with a Written Request of the District to the Bond Registrar, a new Bond for each maturity shall be executed and delivered in the aggregate Principal Amount of the Current Interest Bonds or Maturity Value of the Capital Appreciation Bonds then Outstanding (as the case may be) registered in the name of such successor or such substitute depository, or their nominees, as the case may be, all as specified in such Written Request of the District. In the case of any transfer pursuant to clause (C) of subsection (ii) hereof, upon receipt of the Outstanding Bonds by the Bond Registrar together with a Written Request of the District, new Current Interest Bonds or Capital Appreciation Bonds shall be executed and delivered in such Principal Amounts or Maturity Values (as the case may be), numbered in the manner determined by the Bond Registrar and registered in the names of such persons as are requested in such Written Request of the District, subject to the limitations of this Section 4(c), and thereafter, Bonds shall be transferred pursuant to Section 6 hereof; provided, that the Bond Registrar shall not be required to deliver such new Bonds within a period less than sixty (60) days.

(iv) The Bond Registrar shall be entitled to treat the person in whose name any Bond is registered as the Owner thereof for all purposes of this Resolution and applicable

laws, notwithstanding any notice to the contrary received by the District; and the District and the Bond Registrar shall have no responsibility for transmitting payments to, communication with, notifying, or otherwise dealing with any beneficial owners of the Bonds. Neither the District nor the Bond Registrar shall have any responsibility or obligation, legal or otherwise, to the beneficial owners or to any other party including DTC or its successor (or substitute depository or its successor), except for the Owner of any Bonds.

(v) So long as Outstanding Bonds are registered in the name of Cede & Co. or its registered assigns, the District shall cooperate with Cede & Co., as sole Owner of the Bonds, or its registered assigns in effecting payment of the Accreted Value and Principal of and interest and redemption premium, if any, on the Bonds by arranging for payment in such manner that funds for such payments are properly identified and are made immediately available on the date they are due.

SECTION 5. Execution of Bonds. The Bonds shall be signed by the manual or facsimile signature of the President or the presiding officer of the Board and attested by the manual or facsimile signature of the Secretary of the Board, all in their official capacities. No Bond shall be valid or obligatory for any purpose or shall be entitled to any security or benefit under this Resolution unless and until the certificate of authentication printed on the Bond is signed by the Bond Registrar as authenticating agent. Authentication by the Bond Registrar shall be conclusive evidence that the Bond so authenticated has been duly issued, signed and delivered under this Resolution and is entitled to the security and benefit of this Resolution.

SECTION 6. Bond Registrar and Paying Agent; Transfer and Exchange.

(a) Appointment of Bond Registrar and Paying Agent. This Board does hereby appoint Union Bank, N.A., or such other financial institution as designated in the Official Statement, to act as the initial Bond Registrar and Paying Agent for the Bonds. Any Authorized Officer is hereby authorized and directed on behalf of the District to enter into and execute a Paying Agent Agreement with Union Bank, N.A., or such other financial institution as may be designated in the Official Statement.

The Bond Registrar makes no representations as to the validity or sufficiency of this Resolution or of any Bonds issued hereunder or as to the security afforded by this Resolution, and the Bond Registrar shall incur no liability in respect hereof or thereof.

The Bond Registrar, upon receipt of any notice, resolution, request, consent, order, certificate, report, opinion, bond, or other paper or document furnished to it pursuant to any provision of this Resolution, shall examine such instrument to determine whether it conforms to the requirements of this Resolution and shall be protected in acting upon any such instrument believed by it to be genuine and to have been signed or presented by the proper party or parties. The Bond Registrar may consult with counsel and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it under this Resolution in good faith and in accordance therewith.

The District shall pay to the Bond Registrar from time to time reasonable compensation for all services rendered under this Resolution, and also all reasonable expenses, charges, counsel fees and other disbursements, including those of its attorneys, agents, and employees, incurred in and about the performance of its powers and duties under this Resolution. In no event shall the Bond Registrar be required to expend its own funds hereunder, without reimbursement from the District.

The Bond Registrar initially appointed hereunder may resign from service as Bond Registrar. Without further action by the District, if at any time the Bond Registrar shall resign or be removed, the District shall appoint a successor Bond Registrar, which shall be a bank or trust company doing business in and having a corporate trust office in California, with at least $75,000,000 in net assets. The Bond Registrar shall keep accurate records of all funds administered by it and of all Bonds paid and discharged by it. Such records shall be provided, upon reasonable request, to the District in a format mutually agreeable to the Bond Registrar and the District. Such successor Bond Registrar shall signify the acceptance of its duties and obligations hereunder by executing and delivering to the District a written acceptance thereof. Resignation or removal of the Bond Registrar shall be effective upon appointment and acceptance of a successor Bond Registrar.

In the event of the resignation or removal of the Bond Registrar, such Bond Registrar shall pay over, assign and deliver any moneys held by it as Bond Registrar to its successor.

(b) Transfer and Exchange. So long as any of the Bonds remain Outstanding, the District will cause the Bond Registrar to maintain and keep at its principal office all books and records necessary for the registration, exchange and transfer of the Bonds. Subject to the provisions of Section 7 hereof, the person in whose name a Bond is registered on the Bond Register shall be regarded as the absolute Owner of that Bond for all purposes of this Resolution. Payment of or on account of the Principal or Accreted Value of and interest and redemption premium, if any, on any Bond shall be made only to or upon the order of that person; neither the District nor the Bond Registrar shall be affected by any notice to the contrary, but the registration may be changed as provided in this Section. All such payments shall be valid and effectual to satisfy and discharge the District's liability upon the Bonds, including interest, to the extent of the amount or amounts so paid.

Any Bond may be exchanged for Bonds of like tenor, maturity and Transfer Amount upon presentation and surrender at the principal office of the Bond Registrar, together with a request for exchange signed by the Owner or by a person legally empowered to do so in a form satisfactory to the Bond Registrar. A Bond may be transferred on the Bond Register only upon presentation and surrender of the Bond at the principal office of the Bond Registrar together with an assignment executed by the Owner or by a person legally empowered to do so in a form satisfactory to the Bond Registrar. Upon exchange or transfer, the Bond Registrar shall complete, authenticate and deliver a new Bond or Bonds of like tenor and of any authorized denomination or denominations requested by the Owner equal to the Transfer Amount of the Bond surrendered and bearing or accruing interest at the same rate and maturing on the same date. Current Interest Bonds and Capital Appreciation Bonds may not be exchanged for one another.

If manual signatures on behalf of the District are required in connection with an exchange or transfer, the Bond Registrar shall undertake the exchange or transfer of Bonds only after the new Bonds are signed pursuant to Section 5 hereof. All fees and costs of transfer shall be paid by the requesting party. Those charges may be required to be paid before the procedure is begun for the exchange or transfer. All Bonds issued upon any exchange or transfer shall be valid obligations of the District, evidencing the same debt, and entitled to the same security and benefit under this Resolution as the Bonds surrendered upon that exchange or transfer.

Any Bond surrendered to the Bond Registrar for payment, retirement, exchange, replacement or transfer shall be cancelled by the Bond Registrar. Authorized Officers may at any time deliver to the Bond Registrar for cancellation any previously authenticated and delivered Bonds that the District may have acquired in any manner whatsoever, and those Bonds shall be promptly cancelled by the Bond Registrar. Written reports of the surrender and cancellation of Bonds shall be made to the District by the Bond Registrar at least twice each calendar year. The cancelled Bonds shall be retained for a period of time and then returned to the District or destroyed by the Bond Registrar as directed by an Authorized Officer.

Neither the District nor the Bond Registrar will be required to transfer or exchange any Bonds (a) during the period from the Record Date next preceding any Bond Payment Date to such Bond Payment Date, (b) during the period beginning with the opening of business on the 15th business day next preceding any date of selection of Bonds to be redeemed and ending with the close of business on the day on which the applicable notice of redemption is given, or (c) which have been selected or called for redemption in whole or in part.

SECTION 7. Establishment of Debt Service Fund and Payment.

(a) Pursuant to the Series A Bond Resolution, there was established a fund designated as the "Grossmont Healthcare District General Obligation Bond Debt Service Fund" maintained by the Paying Agent, which is administered by the Paying Agent for the account of the District (referred to herein as the "Debt Service Fund"). The Paying Agent is hereby authorized to create such accounts within the Debt Service Fund as may be necessary or desirable to provide for payment of the Bonds when due. The Treasurer shall transfer all *ad valorem* taxes collected within the District for the payment of the Bonds to the Paying Agent for deposit into the Debt Service Fund. All *ad valorem* taxes collected within the District for the payment of Bonds are pledged to the payment of interest, Accreted Value, Principal and redemption premium, if any, on the Bonds, as the same shall become due. The Paying Agent shall withdraw an amount from the Debt Service Fund sufficient to pay the Accreted Value and Principal of and redemption premium, if any, and interest on the Bonds on or before each Bond Payment Date, each maturity date and each redemption date established hereunder and shall transfer such amount to itself, as the Paying Agent, in time to pay such amounts as may then be coming due to the Owners of the Outstanding Bonds.

(b) Debt service on the Bonds shall be paid by the Paying Agent in the manner provided by law for the payment of Accreted Value and Principal of and interest and redemption premium, if any, on the Bonds. The Paying Agent shall provide to the Treasurer appropriate wire transfer instructions and other information as may be necessary in order to effectuate the timely deposit of moneys necessary into the Debt Service Fund held by the Paying Agent to pay

debt service on the Bonds. Moneys deposited into the Debt Service Fund are irrevocably pledged to the payment of the Accreted Value and Principal of and redemption premium, if any, and interest on the Bonds, as and when the same shall become due. On each Bond Payment Date, maturity date or redemption date established hereunder for the Bonds, the Paying Agent shall pay to the Owners the Accreted Value and Principal of and redemption premium, if any, and interest on the Bonds then coming due from amounts on deposit in the Debt Service Fund.

(c) Payment of interest on any Current Interest Bond on any Bond Payment Date shall be made to the person appearing on the registration books of the Bond Registrar as the Owner thereof as of the Record Date immediately preceding such Bond Payment Date, such interest to be paid by check mailed to such Owner on the Bond Payment Date at his or her address as it appears on the Bond Register or at such other address as he or she may have filed with the Bond Registrar for that purpose on or before the Record Date. The Owner of Current Interest Bonds in an aggregate Principal Amount of $1,000,000 or more may request in writing to the Bond Registrar that such Owner be paid interest on such Current Interest Bonds by wire transfer to the bank and account number on file with the Bond Registrar as of the Record Date. The Principal and redemption premium, if any, payable on the Current Interest Bonds and the Accreted Value and redemption premium, if any, on the Capital Appreciation Bonds shall be payable upon maturity or earlier redemption upon surrender at the principal office of the Paying Agent. The interest, Accreted Value, Principal and redemption premium, if any, on the Bonds shall be payable in lawful money of the United States of America. The Paying Agent is hereby authorized to pay the Bonds when duly presented for payment at maturity or upon earlier redemption in accordance with the terms of this Resolution, and to cancel all Bonds upon payment thereof.

(d) Amounts on deposit in the Debt Service Fund shall be invested upon a Written Request of the District, delivered to the Paying Agent, in (i) the Local Agency Investment Fund or similar pooled fund operated by or on behalf of the State and which is authorized to accept investments by or on behalf of the District of the moneys held by the Paying Agent in the Debt Service Fund, (ii) a money market fund, including those of an affiliate of the Paying Agent, rated "AAAm" or "AAAm G" or better by Standard & Poor's, including funds for which the Paying Agent, its parent holding company, if any, or any affiliates or subsidiaries of the Paying Agent or such holding company provides investment advisory or other management services, or (iii) any other investment authorized pursuant to Section 53601 of the California Government Code.

(e) Any moneys on deposit in any account relating to the Bonds within the Debt Service Fund after payment of the Accreted Value and Principal of and interest and redemption premium, if any, on all Outstanding Bonds has been made, or provisions for such payment has been made, shall be transferred to the general fund of the District.

SECTION 8. Form of Bonds. The Current Interest Bonds and the Capital Appreciation Bonds shall be in substantially the forms attached hereto as Exhibit A and Exhibit B respectively, allowing those officials executing the Bonds to make the insertions and deletions necessary to conform the Bonds to this Resolution and to the Purchase Contract as authorized herein.

SECTION 9. Delivery of Bonds. Any Authorized Officer shall cause the Bonds to be prepared and, following their sale, shall have the Bonds signed and delivered, together with a true transcript of proceedings with reference to the issuance of the Bonds, to the Underwriter upon payment of the purchase price therefor.

SECTION 10. Deposit of Proceeds of Bonds. Proceeds from the sale of the Bonds necessary to pay all costs of issuing the Bonds shall be deposited with the Paying Agent to the credit of the fund hereby created and established and to be known as the "2011 Series B Grossmont Healthcare District General Obligation Bonds Cost of Issuance Fund" (the "Cost of Issuance Fund") (unless otherwise directed by an Authorized Officer of the District or paid directly by the Underwriter), shall be kept separate and distinct from all other District and Paying Agent funds, and shall be used solely for the costs of issuing the Bonds. Amounts in the Cost of Issuance Fund shall be invested so as to be available for the aforementioned purpose. Amounts in the Cost of Issuance Fund shall be invested in a money market fund rated "AAAm" or "AAAm G" or better by Standard & Poor's. Except as required below to satisfy the requirements of Section 148(f) of the Code, interest earned on the investment of monies held in the Cost of Issuance Fund shall be retained in the Cost of Issuance Fund. On August 31, 2011 or on any earlier date as directed by an Authorized Officer, the Cost of Issuance Fund shall be closed, and any monies on deposit in the Cost of Issuance Fund shall be transferred to the Building Fund (described below) and applied for the authorized purposes set forth herein for which the Bonds are being issued.

The proceeds from the sale of the Bonds, to the extent of the Denominational Amount and the Principal Amount thereof, shall be deposited with the Paying Agent to the credit of the fund hereby created and established and to be known as the "2011 Series B Grossmont Healthcare District General Obligation Bonds Building Fund" (the "Building Fund"), shall be kept separate and distinct from all other District and Paying Agent funds, and those proceeds shall be used solely for the purpose for which the Bonds are being issued and such proceeds shall be applied solely to the authorized purposes set forth in Proposition G. The accrued interest, if any, and excess purchase premium, if any, received from the sale of the Bonds shall be deposited with the Paying Agent and kept separate and apart in the Debt Service Fund and used only for payments of Accreted Value and Principal of and interest and redemption premium, if any, on the Bonds. The District shall, from time to time, order the Paying Agent to disburse amounts from the Building Fund to pay the costs of the project to be undertaken with the proceeds of the sale of the Bonds. Amounts in the Building Fund shall be invested so as to be available for the aforementioned disbursements. Amounts on deposit in the Building Fund shall be invested upon a Written Request of the District, delivered to the Paying Agent, in (i) the Local Agency Investment Fund, or similar pooled fund operated by or on behalf of the State and which is authorized to accept investments by or on behalf of the District of the moneys held by the Paying Agent in the Building Fund, (ii) a money market fund, including those of an affiliate of the Paying Agent, rated "AAAm" or "AAAm G" or better by Standard & Poor's, including funds for which the Paying Agent, its parent holding company, if any, or any affiliates or subsidiaries of the Paying Agent or such holding company provides investment advisory or other management services, or (iii) any other investment authorized pursuant to Section 53601 of the California Government Code. The District shall cause the Paying Agent to keep a written record of disbursements from the Building Fund. Any excess proceeds of the Bonds deposited in the Building Fund and not needed for the authorized purposes set forth herein for which the Bonds

are being issued, shall be transferred to the Debt Service Fund and applied to the payment of Accreted Value and Principal of and redemption premium, if any, and interest on the Bonds.

Except as required below to satisfy the requirements of Section 148(f) of the Code, interest earned on the investment of monies held in the Debt Service Fund through and including the maturity or early defeasance of the Bonds, shall be retained in the Debt Service Fund and used to pay Accreted Value and Principal of and interest on the Bonds when due. Except as required below to satisfy the requirements of Section 148(f) of the Code, interest earned on the investment of monies held in the Building Fund shall be retained in the Building Fund and used for any purpose authorized by Proposition G.

SECTION 11. Security for the Bonds. The Bonds are statutory obligations of the District and do not constitute an obligation of the County or the Authority. No part of any fund of the County is pledged or obligated to the payment of the Bonds. Pursuant to Section 32312 of the California Health and Safety Code, there shall be levied on all the taxable property in the District except for certain personal property which is taxable at limited rates, in addition to all other taxes, a continuing direct *ad valorem* tax annually during the period the Bonds are outstanding in an amount sufficient to pay the Accreted Value and Principal of and redemption premium, if any, and interest on the Bonds when due, which monies when collected will be placed in the Debt Service Fund, which fund is irrevocably pledged for the payment of the Accreted Value and Principal of and redemption premium, if any, and interest on the Bonds when and as the same fall due.

SECTION 12. Tax Covenants. The District hereby covenants that it will make no use of the proceeds of the Bonds or any other amounts that would cause the Bonds to be "arbitrage bonds" under Section 148 of the Code; and, to that end, the District covenants that it shall comply with all requirements of such Section 148 and the Treasury Regulations promulgated thereunder, including restrictions on the use and investment of proceeds of the Bonds and certain other amounts and the rebate of a portion of the investment earnings on proceeds of the Bonds and certain other amounts, if required, to the federal government. The District further covenants to do and perform all acts and things within its power and authority necessary to comply with each applicable requirement of Section 103 and Sections 141 through 150 of the Code. In furtherance of the aforementioned covenants, the District covenants that it shall comply with the Tax Certificate to be executed by an Authorized Officer on the date of issuance and delivery of the Bonds (the "Tax Certificate"). The District covenants that it will take no action that would cause the interest on the Bonds to be included in gross income for federal income tax purposes, nor will it refrain from taking action required to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes.

SECTION 13. Legislative Determinations. This Board determines that all acts and conditions necessary to be performed by the Board or to have been performed precedent to and in the issuing of the Bonds in order to make them a legal, valid and binding general obligation of the District have been performed and have been met, or will at the time of delivery of the Bonds have been performed and have been met, in regular and due form as required by law; and that no statutory or constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Bonds.

SECTION 14. Authorization of Preliminary Official Statement and Official Statement. The form of preliminary official statement (the "Preliminary Official Statement") relating to the Bonds, submitted to this Board, is hereby approved. Any Authorized Officer is hereby authorized to approve any changes to the form of Preliminary Official Statement submitted to this Board and to "deem final" the Preliminary Official Statement, together with any supplements thereto, for purposes of Rule 15c2-12, promulgated by the Securities and Exchange Commission, which Preliminary Official Statement is subject to revision, amendment and completion in a final Official Statement (the "Official Statement"). Any Authorized Officer is hereby authorized and directed, for and in the name and on behalf of the District, to deliver to the Underwriter the Preliminary Official Statement. The Underwriter is hereby authorized to prepare and distribute copies of the Preliminary Official Statement to persons who may be interested in the purchase of the Bonds and is directed to deliver copies of the Preliminary Official Statement to such persons. The District is hereby authorized to cause to be prepared an Official Statement relating to the Bonds (which shall include all information previously permitted to have been omitted by Rule 15c2-12) to be used in connection with the offering and sale of the Bonds, and the Board hereby authorizes an Authorized Officer to execute such Official Statement and deliver such Official Statement to the Underwriter within seven business days of the sale of the Bonds.

SECTION 15. Insurance. The Authorized Officers are hereby authorized to pre-qualify the Bonds for a municipal bond insurance policy. Such insurance shall be purchased solely at the option of the Underwriter. In the event that bond insurance is purchased for the Bonds, and to the extent that the Bond Insurer makes payment of the Principal, interest or Accreted Value on the Bonds, it shall become the owner of such Bonds with the right to payment of Accreted Value and Principal of and interest on the Bonds, and shall be fully subrogated to all of the Owners' rights, including the Owners' rights to payment thereof. To evidence such subrogation (i) in the case of subrogation as to claims that were past due interest components, the Bond Registrar shall note the Bond Insurer's rights as subrogee on the Bond Register upon receipt of a copy of the cancelled check issued by the Bond Insurer for the payment of such interest to the Owners of the Bonds, and (ii) in the case of subrogation as to claims for past due Principal or Accreted Value, the Bond Registrar shall note the Bond Insurer as subrogee on the Bond Register upon surrender of the Bonds by the Owners thereof to the Bond Insurer or the insurance trustee for the Bond Insurer.

SECTION 16. Defeasance. All or any portion of the outstanding maturities of the Bonds may be defeased prior to maturity in the following ways:

(a) by irrevocably depositing with the Paying Agent or an escrow agent or trustee an amount of cash which, together with amounts then on deposit in the Debt Service Fund, is sufficient to pay all of the Bonds Outstanding and designated for defeasance, including all Accreted Value, Principal, interest and redemption premium, if any; or

(b) by irrevocably depositing with the Paying Agent or an escrow agent or trustee, noncallable Defeasance Securities, together with cash, if required, in such amount as will, in the opinion of an independent certified public accountant, together with interest to accrue thereon and monies then on deposit in the Debt Service Fund, together with the interest to accrue thereon, be fully sufficient to pay and discharge all of the Bonds Outstanding and designated for

defeasance (including all Principal and Accreted Value thereof and interest and redemption premium, if any, thereon) at or before their maturity date;

then, notwithstanding that any such designated Bonds shall not have been surrendered for payment, all obligations of the District under this Resolution with respect to all of such designated outstanding Bonds shall cease and terminate, except only the obligation of the Paying Agent to pay or cause to be paid from funds deposited pursuant to paragraphs (a) or (b) of this Section, to the Owners of such designated Bonds not so surrendered and paid all sums due with respect thereto.

SECTION 17. Rebate Fund.

(a) General. There shall be created and established a special fund designated the "2011 Series B Grossmont Healthcare District General Obligation Bonds Rebate Fund" (the "Rebate Fund"). All amounts at any time on deposit in the Rebate Fund shall be held and used solely for the purpose of satisfying the requirement to make rebate payments to the United States (the "Rebate Requirement") pursuant to Section 148 of the Code and the Treasury Regulations promulgated thereunder (the "Rebate Regulations"). Such amount shall be free and clear of any lien hereunder and shall be governed by this Section, Section 12 hereof and the Tax Certificate. The Paying Agent shall be deemed conclusively to have complied with the Rebate Requirement if it follows the written requests of the District, and shall have no independent responsibility, or liability resulting from its failure to enforce compliance by the District with the Rebate Requirement.

(b) Deposits.

(i) Within 45 days of the end of every fifth Bond Year (as such term is defined in the Tax Certificate), (1) the District shall calculate or cause to be calculated with respect to the Bonds the amount that would be considered the "rebate amount" within the meaning of Section 1.148-3 of the Treasury Regulations, using as the "computation date" for this purpose the end of such Bond Year, and (2) upon Written Request of the District, the Paying Agent shall deposit to the Rebate Fund from amounts from the District or from amounts on deposit in the Debt Service Fund, and/or other amounts available therefor, if and to the extent required, amounts sufficient to cause the balance in the Rebate Fund to be equal to the "rebate amount" so calculated.

(ii) The District shall not be required to deposit any amount to the Rebate Fund in accordance with the preceding paragraph (i) if the amount on deposit in the Rebate Fund prior to the deposit required to be made under this subsection (b) equals or exceeds the "rebate amount" calculated in accordance with the preceding sentence. Such excess may be withdrawn from the Rebate Fund to the extent permitted under subsection (g) of this Section.

(iii) The District shall not be required to calculate the "rebate amount" and shall not be required to deposit any amount to the Rebate Fund in accordance with this subsection (b), with respect to all or a portion of the proceeds of the Bonds (including amounts treated as proceeds of the Bonds) (1) to the extent that such proceeds satisfy the

expenditure requirements of Section 148(f)(4)(B) or Section 148(f)(4)(C) of the Code or Section 1.148-7(d) of the Treasury Regulations, whichever is applicable, and otherwise qualify for the exception to the Rebate Requirement pursuant to whichever of such sections is applicable, (2) to the extent such proceeds are subject to an election by the District under Section 148(f)(4)(C)(vii) of the Code to pay a 1½% penalty in lieu of arbitrage rebate in the event any of the percentage expenditure requirements of Section 148(f)(4)(C) are not satisfied, or (3) to the extent such proceeds qualify for the exception to arbitrage rebate under Section 148(f)(4)(A)(ii) of the Code for amounts in a "bona fide debt service fund." In such event, and with respect to such amounts, the District shall not be required to deposit any amount to the Rebate Fund in accordance with this subsection (b).

(c) Withdrawal Following Payment of Bonds. Any funds remaining in the Rebate Fund after redemption of all the Bonds and payment of any amounts described in paragraph (ii) of subsection (d) of this Section, including accrued interest, and payment of any applicable fees to the Paying Agent, shall be transferred to the Debt Service Fund, or, if the Debt Service Fund is not then in existence and such amounts were transferred directly by the District to the Rebate Fund or had previously been transferred by the District to the Debt Service Fund for purposes of making a rebate payment, to the general fund of the District.

(d) Withdrawal for Payment of Rebate. Subject to the exceptions contained in subsection (b) of this Section to the requirement to calculate the "rebate amount" and make deposits to the Rebate Fund, the Paying Agent, upon the Written Request of the District, shall pay to the United States, from amounts on deposit in the Rebate Fund,

(i) not later than 60 days after the end of (i) the fifth Bond Year, and (ii) each fifth Bond Year thereafter, an amount that, together with all previous rebate payments, is equal to at least 90% of the "rebate amount" calculated as of the end of such Bond Year in accordance with Section 1.148-3 of the Treasury Regulations; and

(ii) not later than 60 days after the payment of all Bonds, an amount equal to 100% of the "rebate amount" calculated as of the date of such payment (and any income attributable to the "rebate amount" determined to be due and payable) in accordance with Section 1.148-3 of the Treasury Regulations.

(e) Rebate Payments. Any Owner may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Section. Noncompliance with this Section shall not result in acceleration of the Bonds.

(b) Supplemental Resolutions With Consent of Owners. This Resolution, and the rights and obligations of the District and the Owners of the Bonds, may be modified or amended at any time by a Supplemental Resolution adopted by the Board with the written consent of the Bond Insurer and the Owners of at least sixty percent (60%) in aggregate Principal Amount and Maturity Value of the Outstanding Bonds, exclusive of Bonds, if any, owned by the District; provided, however, that no such modification or amendment shall, without the express consent of the Owner of each Bond affected, reduce the Principal Amount or Maturity Value of any Bond, reduce the interest rate payable thereon or the stated Bond Yield applicable thereto, advance the earliest redemption date thereof, extend its maturity or the times for paying interest thereon or Accreted Value thereof or change the monetary medium in which Accreted Value, Principal, interest and redemption premium, if any, is payable, nor shall any modification or amendment reduce the percentage of consents required for amendment or modification. Notwithstanding anything herein to the contrary, no such consent shall be required if the Owners are not directly or adversely affected by such modification or amendment.

(c) Supplemental Resolutions Effective Without Consent of Owners. For any one or more of the following purposes, a Supplemental Resolution of the Board may be adopted, which, without the requirement of consent of the Owners, shall be fully effective in accordance with its terms;

(iv) To make such additions, deletions or modifications as may be necessary or desirable to assure exemption from federal income taxation of interest on the Bonds; and

(v) To amend or supplement this Resolution in any other respect, including in order to meet the requirements of the Bond Insurer, if any, provided such Supplemental Resolution does not, in the opinion of Bond Counsel, adversely affect the interests of the Owners.

(d) Effect of Supplemental Resolution. Any act done pursuant to a modification or amendment so consented to shall be binding upon the Owners of all the Bonds and shall not be deemed an infringement of any of the provisions of this Resolution, whatever the character of such act may be, and may be done and performed as fully and freely as if expressly permitted by the terms of this Resolution, and after consent regulating to such specified matters has been given, no Owner shall have any right or interest to object to such action or in any manner to question the propriety thereof or to enjoin or restrain the District or any officer or agent of either from taking any action pursuant thereto.

GROSSMONT HEALTHCARE DISTRICT
(San Diego County, California)
General Obligation Bonds, 2006 Election, 2011 Series B

SPECIMEN

Ladies and Gentlemen:

We have acted as bond counsel to the Grossmont Healthcare District (the "District") and in such capacity have examined a record of proceedings related to the issuance of $136,860,000 Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds"). The Bonds are issued under and pursuant to Section 1(b) of Article XIIIA of the State of California Constitution and Section 32300 *et seq.* of the State of California Health and Safety Code, a two-thirds vote of the qualified electors of the District voting at an election held on June 6, 2006, and a resolution adopted by the Board of Directors of the District on December 17, 2010 (the "Resolution").

In our capacity as bond counsel, we have reviewed originals or copies certified or otherwise identified to our satisfaction of such documents, certificates, opinions and other matters as we deemed necessary or appropriate to render the opinions set forth herein. In rendering the opinions set forth below, we have relied upon certifications and representations of the District with respect to certain material facts solely within the knowledge of the District, without undertaking to verify the same by independent investigation. Further, we have assumed, but have not independently verified, that the signatures on all documents, certificates and opinions that we reviewed are genuine.

Certain requirements and procedures contained or referred to in the Resolution or in other documents pertaining to the Bonds may be changed, and certain actions may be taken or not taken, under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of counsel nationally recognized in the area of tax-exempt obligations. We express no opinion as to the effect of any change to any document pertaining to the Bonds or of any action taken or not taken where such change is made or action is taken or not taken without our approval or in reliance upon the advice of counsel

other than ourselves with respect to the exclusion from gross income of the interest on the Bonds for federal income tax purposes.

Based on the foregoing and subject to the limitations and qualifications herein specified, as of the date hereof, under existing law, we are of the opinion that:

1. The Bonds constitute valid and binding obligations of the District, payable solely from the proceeds of the levy of *ad valorem* taxes on all property subject to such taxes in the District, which taxes are unlimited as to rate or amount.

2. Assuming compliance by the District with certain covenants in the Resolution, the Tax Certificate and other documents pertaining to the Bonds, by the Grossmont Hospital Corporation (the "Corporation") with certain covenants in its Certificate attached to the Tax Certificate, and by the District and the Corporation with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code") regarding the organization and operation of the Corporation, the use, expenditure and investment of proceeds of the Bonds, and the timely payment of certain investment earnings to the United States, interest on the Bonds is not includable in the gross income of the owners of the Bonds for federal income tax purposes. In rendering the foregoing opinion, we have relied upon the opinion of Hooper, Lundy & Bookman, P.C., San Diego, California, regarding the qualification of the Corporation as an organization described in Section 501(c)(3) of the Code. We can give no opinion or assurance about the future activities of the Corporation or about the effect of future changes in the Code, applicable regulations, the interpretation thereof or the resulting changes in enforcement thereof by the Internal Revenue Service. Failure to comply with the covenants and requirements described above or failure of the Corporation to be organized and operated in accordance with the Internal Revenue Service's requirements for the maintenance of its status as an organization described in Section 501(c)(3) of the Code may cause interest on the Bonds to become included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds.

SPECIMEN

4. Interest on the Bonds is not treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals and corporations. Interest on the Bonds, however, is included as an adjustment in calculating federal corporate alternative minimum taxable income and therefore may affect a corporation's alternative minimum tax liability.

5. Interest on the Bonds is exempt from personal income taxes imposed by the State of California.

We express no opinion regarding other federal or State of California income tax consequences caused by the ownership of or the receipt of interest on the Bonds.

With respect to the opinions expressed herein, the enforceability of the rights of the owners of the Bonds is subject to bankruptcy, insolvency, reorganization, arrangement, moratorium and other laws affecting the enforcement of creditors' rights generally, to the application of equitable principles (regardless of whether such enforceability is considered in equity or at law), to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against healthcare districts in the State of California.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions. Such opinions may be adversely affected by actions taken or events occurring, including a change in law, regulation or ruling (or in the application of official interpretation of any law, regulation or ruling) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions are taken or such events occur, and we have no obligation to update this opinion in light of such actions or events.

Respectfully submitted,

GROSSMONT HEALTHCARE DISTRICT
(San Diego County, California)
General Obligation Bonds, 2006 Election, 2011 Series B

SPECIMEN

Ladies and Gentlemen:

We have acted as bond counsel to the Grossmont Healthcare District (the "District") and in such capacity have examined a record of proceedings related to the issuance of $136,860,000 Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds"). The Bonds are issued under and pursuant to Section 1(b) of Article XIIIA of the State of California Constitution and Section 32300 *et seq.* of the State of California Health and Safety Code, a two-thirds vote of the qualified electors of the District voting at an election held on June 6, 2006, and a resolution adopted by the Board of Directors of the District on December 17, 2010 (the "Resolution").

In our capacity as bond counsel, we have reviewed originals or copies certified or otherwise identified to our satisfaction of such documents, certificates, opinions and other matters as we deemed necessary or appropriate to render the opinions set forth herein. In rendering the opinions set forth below, we have relied upon certifications and representations of the District with respect to certain material facts solely within the knowledge of the District, without undertaking to verify the same by independent investigation. Further, we have assumed, but have not independently verified, that the signatures on all documents, certificates and opinions that we reviewed are genuine.

Certain requirements and procedures contained or referred to in the Resolution or in other documents pertaining to the Bonds may be changed, and certain actions may be taken or not taken, under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of counsel nationally recognized in the area of tax-exempt obligations. We express no opinion as to the effect of any change to any document pertaining to the Bonds or of any action taken or not taken where such change is made or action is taken or not taken without our approval or in reliance upon the advice of counsel

other than ourselves with respect to the exclusion from gross income of the interest on the Bonds for federal income tax purposes.

Based on the foregoing and subject to the limitations and qualifications herein specified, as of the date hereof, under existing law, we are of the opinion that:

1. The Bonds constitute valid and binding obligations of the District, payable solely from the proceeds of the levy of *ad valorem* taxes on all property subject to such taxes in the District, which taxes are unlimited as to rate or amount.

2. Assuming compliance by the District with certain covenants in the Resolution, the Tax Certificate and other documents pertaining to the Bonds, by the Grossmont Hospital Corporation (the "Corporation") with certain covenants in its Certificate attached to the Tax Certificate, and by the District and the Corporation with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), regarding the organization and operation of the Corporation, the use, expenditure and investment of proceeds of the Bonds, and the timely payment of certain investment earnings to the United States, interest on the Bonds is not includable in the gross income of the owners of the Bonds for federal income tax purposes. In rendering the foregoing opinion, we have relied upon the opinion of Hooper, Lundy & Bookman, P.C., San Diego, California, regarding the qualification of the Corporation as an organization described in Section 501(c)(3) of the Code. We can give no opinion or assurance about the future activities of the Corporation or about the effect of future changes in the Code, applicable regulations, the interpretation thereof or the resulting changes in enforcement thereof by the Internal Revenue Service. Failure to comply with the covenants and requirements described above or failure of the Corporation to be organized and operated in accordance with the Internal Revenue Service's requirements for the maintenance of its status as an organization described in Section 501(c)(3) of the Code may cause interest on the Bonds to become included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds.

SPECIMEN

4. Interest on the Bonds is not treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals and corporations. Interest on the Bonds, however, is included as an adjustment in calculating federal corporate alternative minimum taxable income and therefore may affect a corporation's alternative minimum tax liability.

5. Interest on the Bonds is exempt from personal income taxes imposed by the State of California.

We express no opinion regarding other federal or State of California income tax consequences caused by the ownership of or the receipt of interest on the Bonds.

With respect to the opinions expressed herein, the enforceability of the rights of the owners of the Bonds is subject to bankruptcy, insolvency, reorganization, arrangement, moratorium and other laws affecting the enforcement of creditors' rights generally, to the application of equitable principles (regardless of whether such enforceability is considered in equity or at law), to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against healthcare districts in the State of California.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions. Such opinions may be adversely affected by actions taken or events occurring, including a change in law, regulation or ruling (or in the application of official interpretation of any law, regulation or ruling) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions are taken or such events occur, and we have no obligation to update this opinion in light of such actions or events.

GROSSMONT HEALTHCARE DISTRICT

General Obligation Bonds, 2006 Election, 2011 Series B

SPECIMEN

Ladies and Gentlemen:

We have acted as bond counsel to the Grossmont Healthcare District (the "District") and in such capacity have examined a record of proceedings related to the issuance of $136,860,000 Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds"). The Bonds are issued under and pursuant to Section 1(b) of Article XIIIA of the State of California Constitution and Section 32300 *et seq.* of the State of California Health and Safety Code, a two-thirds vote of the qualified electors of the District voting at an election held on June 6, 2006, and a resolution adopted by the Board of Directors of the District on December 17, 2010 (the "Resolution").

In our capacity as bond counsel, we have reviewed originals or copies certified or otherwise identified to our satisfaction of such documents, certificates, opinions and other matters as we deemed necessary or appropriate to render the opinions set forth herein. In rendering the opinions set forth below, we have relied upon certifications and representations of the District with respect to certain material facts solely within the knowledge of the District, without undertaking to verify the same by independent investigation. Further, we have assumed, but have not independently verified, that the signatures on all documents, certificates and opinions that we reviewed are genuine.

Certain requirements and procedures contained or referred to in the Resolution or in other documents pertaining to the Bonds may be changed, and certain actions may be taken or not taken, under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of counsel nationally recognized in the area of tax-exempt obligations. We express no opinion as to the effect of any change to any document pertaining to the Bonds or of any action taken or not taken where such change is made or action is taken or not taken without our approval or in reliance upon the advice of counsel

other than ourselves with respect to the exclusion from gross income of the interest on the Bonds for federal income tax purposes.

Based on the foregoing and subject to the limitations and qualifications herein specified, as of the date hereof, under existing law, we are of the opinion that:

1. The Bonds constitute valid and binding obligations of the District, payable solely from the proceeds of the levy of *ad valorem* taxes on all property subject to such taxes in the District, which taxes are unlimited as to rate or amount.

2. Assuming compliance by the District with certain covenants in the Resolution, the Tax Certificate and other documents pertaining to the Bonds, by the Grossmont Hospital Corporation (the "Corporation") with certain covenants in its Certificate attached to the Tax Certificate, and by the District and the Corporation with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), regarding the organization and operation of the Corporation, the use, expenditure and investment of proceeds of the Bonds, and the timely payment of certain investment earnings to the United States, interest on the Bonds is not includable in the gross income of the owners of the Bonds for federal income tax purposes. In rendering the foregoing opinion, we have relied upon the opinion of Hooper, Lundy & Bookman, P.C., San Diego, California, regarding the qualification of the Corporation as an organization described in Section 501(c)(3) of the Code. We can give no opinion or assurance about the future activities of the Corporation or about the effect of future changes in the Code, applicable regulations, the interpretation thereof or the resulting changes in enforcement thereof by the Internal Revenue Service. Failure to comply with the covenants and requirements described above or failure of the Corporation to be organized and operated in accordance with the Internal Revenue Service's requirements for the maintenance of its status as an organization described in Section 501(c)(3) of the Code may cause interest on the Bonds to become included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds.

4. Interest on the Bonds is not treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals and corporations. Interest on the Bonds, however, is included as an adjustment in calculating federal corporate alternative minimum taxable income and therefore may affect a corporation's alternative minimum tax liability.

5. Interest on the Bonds is exempt from personal income taxes imposed by the State of California.

We express no opinion regarding other federal or State of California income tax consequences caused by the ownership of or the receipt of interest on the Bonds.

With respect to the opinions expressed herein, the enforceability of the rights of the owners of the Bonds is subject to bankruptcy, insolvency, reorganization, arrangement, moratorium and other laws affecting the enforcement of creditors' rights generally, to the application of equitable principles (regardless of whether such enforceability is considered in equity or at law), to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against healthcare districts in the State of California.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions. Such opinions may be adversely affected by actions taken or events occurring, including a change in law, regulation or ruling (or in the application of official interpretation of any law, regulation or ruling) after the date hereof. GROSSMONT HEALTHCARE DISTRICT

2006 Election, 2011 Series B

TAX CERTIFICATE

THIS TAX CERTIFICATE (including all exhibits attached hereto, the "**Tax Certificate**") is being executed and delivered by the GROSSMONT HEALTHCARE DISTRICT, a local health care district organized and existing under and pursuant to Division 23 of the Health and Safety Code of the State of California (the "**District**"), in connection with the issuance by the District of its $136,860,000 Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "**Bonds**"). The District is executing this Tax Certificate pursuant to Sections 141 through 150 of the Internal Revenue Code of 1986, as amended (the "**Code**"), and Section 1.148-2(b)(2) of the Treasury Regulations promulgated thereunder.

WHEREAS, an election was duly called and regularly held in the jurisdiction of the District, within San Diego County, California, on June 6, 2006, at which the requisite two-thirds of the qualified electors of the District voted to approve the issuance by the District of up to $247,000,000 in bonds for improvements to the District's health care facilities ("**Proposition G**"); and

WHEREAS, the District owns the real property, including improvements thereon, known as Sharp Grossmont Hospital (the "**Hospital Facilities**"), which provides acute care and other medical services to the population of the District and the surrounding community; and

WHEREAS, the District, on May 29, 1991, entered into an Affiliation Agreement with Sharp HealthCare, a nonprofit public benefit corporation, under which the District agreed to transfer the operation and maintenance of the Hospital Facilities to Grossmont Hospital Corporation (the "**Corporation**"), a nonprofit public benefit corporation wholly controlled by Sharp Healthcare, a California nonprofit public benefit corporation, for a term of approximately 30 years, with an initial expiration date of May 29, 2021, under which the Corporation operates the Hospital Facilities and makes rental payments to the District in consideration therefor; and

WHEREAS, the District deems it necessary and desirable to issue the Bonds to finance (a) with respect to the Hospital Facilities, (i) the construction, expansion and improvement of an approximately three-story surgical link diagnostic and treatment building that will include operating rooms and/or interventional suites, catheterization labs and interventional radiology labs, (ii) the construction, expansion and improvement of a central plant, (iii) the expansion and improvement of a patient tower, and (iv) the construction of utility and loading dock improvements, and (b) with respect to a site located at 9141, 9151 and 9161 Wakarusa Street and 9080 Murray Drive, La Mesa, California, owned by the District, a health care training and occupation center to be operated by the District (together with the Hospital Facilities, the "**Facilities**," the portion thereof to be financed with the proceeds derived from the sale of the

Bonds to be referred to herein as the "**Project**"), as described more fully in the Official Statement (the "**Official Statement**") relating to the Bonds (as defined below), dated February 23, 2011; and

WHEREAS, the Code, the Treasury Regulations (including final, temporary and proposed regulations) promulgated thereunder and the rulings with respect thereto impose certain limitations on the use and investment of proceeds of the Bonds and certain other moneys relating to the Bonds; and

WHEREAS, such provisions of the Code and the Treasury Regulations promulgated thereunder and the rulings with respect thereto set forth certain conditions under which the interest paid and to be paid on the Bonds will be excluded from gross income for federal income tax purposes; and

WHEREAS, the Corporation has indicated to the District that it recognizes that the dominion and control the Corporation exercises over the Hospital Facilities puts the Corporation in a position of decision-making with respect to the Hospital Facilities that could, if certain actions were taken with respect to that portion of the Project that is constructed on the Hospital Facilities, affect the exclusion from gross income of the interest on the Bonds for federal income tax purposes; and

WHEREAS, the Corporation, in recognition thereof, has executed a certificate, attached hereto as Exhibit B, in which it covenants that, among other things, it will take certain actions, or refrain from taking certain actions, as necessary to preserve the exclusion from gross income for federal income tax purposes of the interest on the Bonds; and

WHEREAS, the District has determined to execute and deliver this Tax Certificate to set forth certain facts and estimates that form the basis for the District's reasonable expectations as to the use and investment of proceeds of the Bonds and of certain other moneys relating to the Bonds and to set forth certain terms and conditions relating thereto in order to assure that interest on the Bonds will not be included in gross income for federal income tax purposes;

NOW, THEREFORE, pursuant to Section 1.148-2(b)(2) of the Treasury Regulations, the District hereby certifies, covenants and agrees as follows:

PART A. IN GENERAL

Section 1. Purpose of Tax Certificate. The District is executing this Tax Certificate (including all exhibits hereto) with the understanding and acknowledgement that (a) Sidley Austin LLP ("**Bond Counsel**") will rely on the representations and certifications made in this Tax Certificate (including all exhibits hereto) in rendering its opinion that interest on the Bonds is excluded from gross income for federal income tax purposes, and (b) the execution of this Tax Certificate is necessary to ensure that interest on the Bonds is not includable in gross income for federal income tax purposes.

Section 2. Delivery of Bonds. The Bonds are being issued and delivered on the date hereof to Goldman, Sachs & Co., as underwriter of the Bonds (the "**Underwriter**"), although, as a technical matter, pursuant to the Purchase Contract, dated February 23, 2011 (the "**BPC**"),

relating to the Bonds, the District is selling the Bonds to the San Diego County Health Facilities Financing Authority (the "**Authority**"), which is concurrently reselling the Bonds to the Underwriter. The purchase price of the Bonds under the BPC is the same for the sale of the Bonds to the Authority as it is for the resale of the Bonds to the Underwriter. No consideration is being paid to the Authority, directly or indirectly, in connection with the issuance and sale of the Bonds. Accordingly, for federal income tax purposes, the issuance of the Bonds is being treated as the direct sale of the Bonds by the District to the Underwriter.

Section 3. Authorization and Purpose of Financing. The Bonds are being issued under and pursuant to Section 1(b) of Article XIIIA of the State of California Constitution and Section 32300 *et seq.* of the State Health and Safety Code and pursuant to a resolution of the Board of Directors of the District adopted on December 17, 2010 (the "**Resolution**"). At an election held on June 6, 2006, a two-thirds of the votes cast by eligible voters within the District authorized the District to issue up to $247,000,000 of general obligation bonds. The Bonds represent the second series of bonds issued under the authorization. The Bonds were authorized by the voters of the District pursuant to provisions of the Constitution of the State of California affected by Proposition G. The proceeds of the Bonds are expected to be used for the following purposes:

(a) to pay a portion of the interest coming due on the Bonds on July 15, 2011 ("**Capitalized Interest**"), during which period the Project will be acquired and constructed;

(b) to finance a portion of the costs of the Project; and

(c) to pay certain legal, accounting and financing expenses, including Underwriter's discount, incurred in connection with the issuance of the Bonds ("**Costs of Issuance**").

The District covenants to use the proceeds of the Bonds solely for the above-described purposes, unless an opinion of Bond Counsel is received permitting uses of proceeds for other than the above-described purposes.

Section 4. District Reliance on Other Parties. The expectations of the District concerning certain matters are based in whole or in part upon representations of the Corporation, the Underwriter and other parties referred to in this Tax Certificate (including computations performed by the Underwriter based in part upon its consultation with Bond Counsel as to the appropriate interpretation of applicable provisions of the Code and the Treasury Regulations), as referred to in this Tax Certificate and as set forth in the exhibits hereto. The District places good faith reliance on such representations and computations on the basis of the reputable business practices of, and prior business dealings with, such parties, as applicable. The District is not aware of any facts or circumstances that would cause it to question the accuracy or reasonableness of such or representations or computations.

Section 5. Single Issue. All of the Bonds have been sold at substantially the same time, pursuant to the same plan of financing and are reasonably expected to be paid from substantially the same source of funds. No other governmental obligations of the District or a related person

to the District have been, or will be, sold within 15 days of the Bonds, pursuant to the same plan of financing and are reasonably expected to be paid from substantially the same source of funds.

Section 6. Definitions; Capitalized Terms. All capitalized terms used in this Tax Certificate and not specifically defined herein shall have the meanings given such terms in the Resolution.

PART B. PRIVATE ACTIVITY BOND REQUIREMENTS

Section 1. Public Hearing and Approval.

(a) Notice. The District caused to be published, on December 2, 2010, a Notice of Public Hearing (the "**Notice**") in the San Diego Union Tribune. The Notice announced a public hearing to be held by the District (the "**Public Hearing**") regarding the District's issuance of the Bonds to finance the cost of the Project, including any related costs.

(b) Hearing. The District held the Public Hearing on December 17, 2010, as set forth in the Notice. At the Public Hearing, all interested persons were invited and given an opportunity to comment upon the nature and location of the Project and the financing of the Project with the proceeds of the Bonds.

(c) District Authorization of Bonds. The Resolution, adopted on December 17, 2010, authorizes the issuance and sale of up to $150,000,000 of the District's general obligation bonds for the purposes described above, and prescribes the form and authorizes the issuance and delivery of the Bonds. A copy of the Resolution is a part of the transcript with respect to the issuance of the Bonds.

(d) Approval by the Board of Directors of the District. On December 17, 2010, and pursuant to Section 147(f) of the Code, the Board of Directors of the District, which is the "applicable elected representative" within the meaning of Section 147(f)(2)(E) of the Code, approved, by resolution, the issuance of not to exceed $150,000,000 aggregate principal amount of bonds by the District for the purposes set forth above. A copy of said resolution is a part of the transcript with respect to the issuance of the Bonds.

Section 2. Exemption from Volume Cap. As set forth in Part C below, which is supported by the representations made by the Corporation in Exhibit B hereto, the Corporation is an organization described in Section 501(c)(3) of the Code or corresponding provisions of prior law. Therefore, the Bonds are not subject to the requirement to obtain an allocation of private activity bond volume cap under Section 146 of the Code.

Section 3. $150 Million Limit – Partial Repeal. For purposes of the partial repeal of the $150,000,000 limitation on "tax-exempt non-hospital bonds" pursuant to Section 145(b) of the Code, at least 95% of the net proceeds of the Bonds are to be used to finance capital expenditures incurred after August 5, 1997. Accordingly, Section 145(b) of the Code does not apply to the Bonds.

PART C. 501(c)(3) STATUS OF THE CORPORATION; USE OF PROCEEDS; USE, OWNERSHIP AND LIFE OF THE PROJECT

Section 1. 501(c)(3) Status of the Corporation. As set forth in Exhibit B attached hereto, the Corporation is an organization described in Section 501(c)(3) of the Code and is exempt from federal income tax under Section 501(a) of the Code, other than with respect to unrelated business taxable income, and the Corporation at all times will maintain its status as such an organization and its exemption from federal income tax under said sections of the Code or corresponding provisions of future federal income tax law.

(a) Receipt of Determination Letter. The Corporation is an organization described in Section 501(c)(3) of the Code or corresponding provisions of prior law, as set forth in its determination letter issued by the Internal Revenue Service. Such letter has not been modified, limited or revoked. A copy of such determination letter is included in the transcript with respect to the issuance of the Bonds.

(b) Maintenance of 501(c)(3) Status. The Corporation is in compliance with the terms, conditions and limitations set forth in the determination letter referred to in subsection 1(a) above, and the facts and circumstances that form the basis of such letter, as represented to the Internal Revenue Service, continue substantially to exist. No proceedings are pending or, to the knowledge of the Corporation, threatened in any way contesting or affecting the Corporation's status as an organization described in Section 501(c)(3) of the Code, or that would subject any income of the Corporation to federal income taxation to such extent as would result in loss of exclusion from gross income of interest on the Bonds for federal income tax purposes. Concurrently with the execution of this Tax Certificate and the issuance of the Bonds, Hooper, Lundy & Bookman, Inc., San Diego, California, counsel to the Corporation, is rendering an opinion, which is part of the transcript with respect to the issuance of the Bonds, that the Corporation is as an organization described in Section 501(c)(3) of the Code.

Section 2. Use of Bond Proceeds.

(a) In General. The District, based in part on representations of the Corporation in Exhibit B hereto, reasonably expects, as of the date hereof, that the proceeds derived from the sale of the Bonds and the Project will be used throughout the entire stated term of the Bonds in a manner that will cause the Bonds to be treated as "qualified 501(c)(3) bonds," as defined in Section 145(a) of the Code. Specifically, no more than 5% of the net proceeds of the Bonds will be used in activities that constitute a Private Use, including, for this purpose (as described below), activities that are not directly related to the exempt purposes of the Corporation and that constitute an "unrelated trade or business within the meaning of Section 513 of the Code. The District recognizes that the payment of Costs of Issuance, including underwriter's discount, is considered a use of proceeds for a Private Use.

(b) Ownership of Financed Property. The District owns and will continue to own the Facilities, and own all improvements to the Facilities made as part of the Project. The

District reasonably expects that the Project will be owned by the District, which is a state or local governmental unit, throughout the term of the Bonds.

(c) Costs of Issuance. No more than $1,016,971.25, which amount is less than 2% of the proceeds of the Bonds ($2,737,000.00), will be used directly or indirectly to pay Costs of Issuance (which includes underwriter's discount).

Section 3. Use of the Project.

(a) Use of Project for Exempt Purposes. So long as the Bonds are outstanding, based in part on representations of the Corporation in Exhibit B hereto, no more than 5% of the Project (based on a reasonable method, which may, depending on the circumstances, be allocated on the basis of (i) space occupied, (ii) the fair rental value, or (iii) the actual cost of construction) will be used in the aggregate for any activities that constitute a "Private Use" (defined below), including activities that are not substantially related to the exempt purposes of the Corporation and that constitute an unrelated trade or business within the meaning of Section 513 of the Code. As indicated above, Costs of Issuance are also treated as a Private Use.

(b) Definition of Private Use. For purposes of this Tax Certificate, the term "Private Use" means any activity or activities that constitute a trade or business or group of trades or businesses by persons or entities other than organizations described in Section 501(c)(3) of the Code or State or local governmental entities. The leasing of property financed or refinanced with proceeds of the Bonds (other than on a short-term basis where there is no option or expectation to renew the lease) or the access of a person or entity other than an organization described in Section 501(c)(3) of the Code or a state or local governmental unit to property or services on a basis other than as a member of the general public constitutes a Private Use. The term "Private Use" also includes any use of the Project in an unrelated trade or business, within the meaning of Section 513 of the Code, of the Corporation and the payment of Costs of Issuance.

(c) Management, Physician and Research Contracts. With respect to management contracts and physician contracts, the determination of whether a particular use constitutes Private Use under this Tax Certificate shall be determined on the basis of applying Revenue Procedure 97-13, 1997-1 C.B. 632, as amended by Revenue Procedure 2001-39, 2001-2 C.B. 38 (collectively, "**Revenue Procedure 97-13**").

(i) Management Contracts. As of the date hereof, based on representation of the Corporation in Exhibit B hereto, no portion of the proceeds derived from the sale of the Bonds is being used to provide property subject to contracts or other arrangements with persons or entities engaged in a trade or business (other than State or local governmental units or organizations described under Section 501(c)(3) of the Code acting in furtherance of its exempt purposes) that involve the management of property that do not comply with Revenue Procedure 97-13, except as set forth in Exhibit B hereto.

(ii) Physician Contracts. As of the date hereof, any contracts or other arrangements with persons or entities engaged in a trade or business (other than governmental units or organizations described under Section 501(c)(3) of the Code) that involve the provision of health care or health care-related services or property under which the person or entity engaged in a trade or business is entitled to use (other than as a member of the general public) property financed with the proceeds of the Bonds comply (and will in the future so comply) with the requirements of Revenue Procedure 97-13, except as set forth in Exhibit B hereto.

(iii) Research Contracts. Based on representations of the Corporation, the Corporation has no contracts under which research is performed, other than a limited number (currently three) of clinical research contracts that (A) do not involve the exclusive use of space, and (B) currently produce an aggregate amount of annual revenue not reasonably expected to be in excess of $20,000.

(d) No Unrelated Trade or Business Use. The Corporation represents in Exhibit B hereto that it shall not use or permit the use by the Corporation of any proceeds of the Bonds or any part of the Project in any unrelated trade or business, within the meaning of Section 513(a) of the Code, to the extent that such use, together with other uses that constitute a Private Use, would cause the above-stated limitations with respect to Private Use in Part C of this Tax Certificate to be exceeded.

Section 4. Ownership of the Project. As set forth in Section 2(b) above, the District owns and reasonably expects it will continue to own all of the Facilities and the Project. No portion of the Project is expected to be sold or otherwise disposed of prior to the final maturity date of the Bonds.

Section 5. Economic Life of the Project. The District hereby certifies that 120% of the average reasonably expected economic life of the Project is at least 40 years, as set forth in Exhibit D. The Underwriter, in its certificate attached hereto as Exhibit A, represents that the average maturity of the Bonds does not exceed 26.2034 years. For this purpose, land represents less than 25% of the proceeds of the Bonds and, therefore, was not taken into account in determining the remaining average reasonably expected economic life of the Project.

Section 6. Prohibited Facilities. None of the proceeds of the Bonds are being used to finance or refinance any airplane, skybox or other private luxury box, facility primarily used for gambling, or any store the principal business of which is the sale of alcoholic beverages for consumption off premises.

Section 7. Research. No portion of the Project will be used, other than on an incidental basis, for any research sponsored by persons other than (a) a state or local governmental unit, or (b) an organization described in Section 501(c)(3) of the Code that is not using the Project in a manner that constitutes an unrelated trade or business under Section 513(a) of the Code, unless such research is (x) basic research and (i) the use of the resulting technology by the sponsor is permitted only on the same terms as use by any non-sponsoring unrelated party, and the price paid is determined at the time the technology is available for use, or (ii) the research is performed under an arrangement whereby (A) multiple unrelated private sponsors agree to fund the basic

research, (B) the research to be performed and the manner in which it is to be determined are determined by the Corporation, (C) title to any patent or other product incidentally resulting from the research lies exclusively with the Corporation, and (D) sponsors are entitled to no more than a nonexclusive, royalty-fee license to use the product of any such research, or (y) clinical research, where the value of the amount of clinical research performed, together with other Private Use, does not exceed the limitations on Private Use described above in Section 2, Section 3 and this Section 7. The Corporation represents in Exhibit B hereto that, to the extent the Corporation has, or will have, any contracts under which research activities are performed at the Hospital Facilities that are covered by Revenue Procedure 2007-47, 2007-29 I.R.B. 108, such contracts comply or, in the case of future contracts, will comply with Revenue Procedure 2007-47. The Corporation further represents in Exhibit B hereto that there is a small amount of clinical research conducted at the Facilities, and that such contracts do not involve the exclusive use of space.

Section 8. Residential Rental Facility Bonds. No portion of the Project consists of residential rental property for family units.

PART D. ARBITRAGE

Section 1. Bond Proceeds and Other Moneys. On the basis of the facts, estimates and circumstances in existence on the date hereof, the District reasonably expects the following with respect to the use of the proceeds derived from the sale of the Bonds:

(a) Sale Proceeds. The total proceeds to be derived by the District from the sale of the Bonds, in the amount of $138,288,989.55 (representing the aggregate stated principal amount of the Bonds of $136,860,000, plus net original issue premium of $2,113,270.80, less underwriter's discount of $684,281.25), are expected to be needed and expended as follows:

(i) $1,096,299.55 of said proceeds, representing Capitalized Interest, will be deposited in the Debt Service Fund and used to pay a portion of the interest due on the Bonds July 15, 2011, during which period the Project will be acquired and constructed;

(ii) $332,690.00 of said proceeds will be deposited with the paying agent for the Bonds and used to pay Costs of Issuance (other than underwriter's discount) to those persons listed in Exhibit A attached to the District Directions to Bond Registrar to Authenticate and Deliver Bonds; and

(iii) $136,860,000.00 of said proceeds will be deposited in the Building Fund and used, together with anticipated investment earnings thereon, to pay a portion of the cost of acquiring and constructing the Project within three years of the date hereof.

Section 2. No Reimbursement. No portion of the proceeds of the Bonds is being used to reimburse the District for any expenditures that were paid more than 60 days prior to the date hereof.

Section 3. No Overburdening. The total proceeds derived by the District from the sale of the Bonds and anticipated investment earnings thereon do not exceed the total of the amounts necessary for the governmental purposes described above.

Section 4. No Sale or Disposition of the Project. The District reasonably expects that it will not sell or otherwise dispose of the Project, or any component thereof, prior to the final maturity of the Bonds, July 15, 2040.

Section 5. Expenditure, Time and Due Diligence Tests. The District reasonably expects that at least 85% of the net sale proceeds (as such term is defined in Section 1.148-1(b) of the Treasury Regulations) of the Bonds will be allocated to expenditures for the Project within three years of the date hereof. The District reasonably expects that it will incur within six months of the date hereof a substantial binding obligation (*i.e.*, not subject to contingencies within the control of the District or a related party) to a third party to expend at least 5% of the net sale proceeds of the Bonds on the costs of the Project. The completion of acquisition and construction of the Project and the allocation of net sale proceeds of the Bonds to expenditures for the Project will proceed with due diligence.

Section 6. Security for the Bonds; Funds and Accounts.

(a) Security for the Bonds. The Bonds are payable from a levy on all the taxable property in the District, in addition to all other taxes, a continuing direct *ad valorem* tax annually during the period in which the Bonds are outstanding in an amount sufficient to pay the principal of and interest on the Bonds when due. Such moneys, when collected, will be placed in the Debt Service Fund, described below.

(b) Funds and Accounts. The Resolution creates and establishes and/or authorizes the creation and establishment of the following funds and accounts with respect to the Bonds:

(i) the 2011 Series B Grossmont Healthcare District General Obligation Bonds Building Fund (the "**Building Fund**");

(ii) within the Grossmont Healthcare District General Obligation Bonds Debt Service Fund, an account relating to the Bonds (the "**Debt Service Fund**"); and

(iii) the 2011 Series B Grossmont Healthcare District General Obligation Bonds Rebate Fund (the "**Rebate Fund**").

(c) Building Fund. The proceeds derived from the sale of the Bonds, to the extent of the principal thereof ($136,860,000.00), will be deposited to the credit of the Building Fund and used solely for the purposes for which the Bonds are being issued – i.e., to finance the cost of the Project. Any additional proceeds of the Bonds will, at the written direction of the District, be transferred to the Debt Service Fund and applied to the payment of interest on the Bonds in accordance with Section 10 of the Resolution (in this case, a portion of the interest coming due on the Bonds on July 15, 2011).

(d) Payment of Debt Service. The Debt Service Fund serves as a repository for the collection of tax revenues by the District. A portion thereof will be used to pay debt service on the Bonds on each semiannual interest or principal payment date on a first-in, first-out basis. Such portion will hereinafter be referred to as the "**Annual Portion of the Debt Service Fund.**" The balance of the Debt Service Fund, which may accumulate to the extent tax revenues are received in an amount greater than is necessary to pay debt service on the Bonds, will hereinafter be referred to as the "**Accumulation Portion of the Debt Service Fund.**" The Annual Portion of the Debt Service Fund will be used primarily to achieve a proper matching of revenues of the District and payment of debt service on the Bonds within each Bond Year, and amounts deposited to the Annual Portion of the Debt Service Fund, viewed on a first-in, first-out basis, will be depleted during each Bond Year, except for a reasonable carryover amount, if any, not to exceed the greater of (i) the earnings on the funds for the immediately preceding Bond Year, or (ii) 1/12th of the principal and interest payments on the Bonds for the immediately preceding Bond Year. To the extent the Annual Portion of the Debt Service Fund functions as described in the preceding sentence, such portion will constitute a "*bona fide* debt service fund."

(e) Reserve Amount. The Accumulation Portion of the Debt Service Fund may exist as a result of the fact that the tax rate that is established cannot precisely predict non-payment of delinquent taxes. The District expects that the amount on deposit in the Accumulation Portion of the Debt Service Fund will not exceed the least of (i) 10% of the proceeds of the Bonds, (ii) maximum annual debt service on the Bonds, or (iii) 125% of average annual debt service on the Bonds. For this purpose, the term "proceeds" means the aggregate stated principal amount of the Bonds, unless there is more than a *de minimis* amount of original issue discount or premium (as defined is Section 1.148-1(b) of the Treasury Regulations), in which case the term "proceeds" means the "issue price" of the Bonds (determined without regard to pre-issuance accrued interest). The term "*de minimis* amount" means an amount of discount or premium that does not exceed 2% of the stated redemption price at maturity, plus any original issue premium attributable exclusively to reasonable underwriter's compensation.

(f) No Other Funds as Security. Other than the Debt Service Fund, there are no funds or accounts established pursuant to the Resolution or otherwise that are reasonably expected to be used to pay debt service on the Bonds or that are pledged as collateral for the Bonds and for which there is a reasonable assurance that amounts on deposit therein will be available to pay debt service on the Bonds if the District encounters financial difficulties.

(g) No Negative Pledges. There are no amounts held under any agreement to maintain amounts at a particular level for the direct or indirect benefit of the holders of the Bonds or guarantor of the Bonds, if any, excluding for this purpose amounts in which the District (or a substantial beneficiary) may grant rights that are superior to the rights of the holders of the Bonds or guarantor of the Bonds, if any, and amounts that do not exceed reasonable needs for which they are maintained and as to which the required level is tested no more frequently than every six months and that may be spent without any

substantial restriction other than a requirement to replenish the amount by the next testing date.

(h) Rebate Fund. The Resolution authorizes the establishment of the Rebate Fund if and to the extent required to serve as the repository for moneys to be deposited thereto and paid to the United States in order to satisfy the requirements of Section 148(f) of the Code and Sections 1.148-0 through 1.148-10 and 1.150-1 and 1.150-2 of the Treasury Regulations promulgated thereunder, to pay a portion of the investment earnings on proceeds derived from the sale of the Bonds, the investment earnings thereon and other amounts considered to be proceeds of the Bonds to the United States (the "**Rebate Requirement**"). Detailed guidelines regarding satisfaction of the Rebate Requirement are set forth in Part D of this Tax Certificate. Moneys in the Rebate Fund, once established, are neither pledged to nor expected to be used to pay debt service of the Bonds. Proceeds derived from the sale of the Bonds and investment earnings thereon are not expected to be held in the Rebate Fund.

Section 7. Investment of Proceeds. The proceeds derived from the sale of the Bonds and other amounts described in this Tax Certificate will be invested as follows:

(a) Costs of Issuance. Proceeds derived from the sale of the Bonds to be used to pay Costs of Issuance (other than Underwriter's discount) may be invested at an unrestricted yield until expended for a period not to exceed one year from the date hereof. Earnings on investments acquired with such proceeds may be invested at an unrestricted yield for a period not to exceed one year from the date hereof and, thereafter, will be invested at a yield not in excess of the yield on the Bonds plus 0.125% or in Tax-Exempt Obligations (defined in Part E of this Tax Certificate). Proceeds derived from the sale of the Bonds to be used to pay Costs of Issuance will be transferred by the Underwriter on the date hereof to the paying agent for the Bonds and expended within one year of the date hereof.

(b) Project and Capitalized Interest. Proceeds derived from the sale of the Bonds (i) deposited in the Building Fund to finance the cost of the Project, and (ii) deposited in the Debt Service Fund as Capitalized Interest may be invested at an unrestricted yield until expended for a period not to exceed three years from the date hereof and, thereafter, will be invested at a yield not in excess of the yield on the Bonds plus 0.125% or in Tax-Exempt Obligations (defined in Part E of this Tax Certificate). Earnings on investments acquired with such proceeds may be invested at an unrestricted yield for a period not exceeding three years from the date hereof or one year from the receipt thereof, whichever period ends later and, thereafter, will be invested at a yield not in excess of the yield on the Bonds plus 0.125% or in Tax-Exempt Obligations (defined in Part E of this Tax Certificate).

(c) Payment of Debt Service. Amounts deposited in the Debt Service Fund that represent and are allocable to the Annual Portion of the Debt Service Fund may be invested at an unrestricted yield for a period not to exceed 13 months from the date of deposit of such amounts to such fund. Earnings on amounts that are retained in such fund may be invested at an unrestricted yield for a period not to exceed one year from the date

of receipt of the amount earned and, thereafter, shall be invested at a yield not in excess of the yield on the Bonds or in Tax-Exempt Obligations (defined in Part E of this Tax Certificate).

(d) Reserve Amount. Amounts accumulated in the Accumulation Portion of the Debt Service Fund, to the extent not in excess of the standards set forth in Section 6(e) above, may be invested at an unrestricted yield. Amounts in excess of the least of such amounts will be invested at a yield not in excess of the yield on the Bonds or in Tax-Exempt Obligations (defined in Part E of this Tax Certificate).

(e) Rebate Fund. Amounts held on deposit in the Rebate Fund, to the extent funded with amounts other than proceeds derived from the sale of the Bonds or investment earnings thereon, may be invested without regard to yield.

(f) Minor Portion. Amounts described in this Section 7 that may not be invested at an unrestricted yield as described above may be invested at an unrestricted yield to the extent such amounts do not exceed the lesser of 5% of the sale proceeds of the Bonds or $100,000 (the "**Minor Portion**").

(g) Replacement Proceeds. Replacement proceeds (as such term is defined in Section 1.148-1(c) of the Treasury Regulations) may be invested at an unrestricted yield for a period of 30 days beginning on the date that the amounts are first treated as replacement proceeds and, thereafter, will be invested at a yield not in excess of the yield on the Bonds or in Tax-Exempt Obligations.

(h) Applicable Definition of Materially Higher Yield For All Replacement Proceeds. In the event that replacement proceeds arise during the term of the Bonds, then, after the expiration of the applicable periods during which amounts described in this Section 7 may be invested at an unrestricted yield, all amounts described in this Section 7 will be invested at a yield not in excess of the yield on the Bonds or in Tax-Exempt Obligations.

(i) Yield Restricted Moneys. Amounts described in this Section 7 that may not be invested at an unrestricted yield pursuant to this Section 7 will either be invested (i) in accordance with the yield restrictions set forth in this Section 7, or (ii) in Tax-Exempt Obligations (as such term is defined in Part D of this Tax Certificate).

Section 8. Yield Reduction Payments.

(a) General. Notwithstanding the provisions of Section 7 above that require the District to invest proceeds derived from the sale of the Bonds and investment earnings thereon at a yield not in excess of the yield on the Bonds, the yield on certain nonpurpose investments (described below) acquired with proceeds of the Bonds will not be considered to be higher than the applicable yield limitation described in Section 7 above if the District makes or causes to be made "yield reduction payments" to the United States at the time and in the amounts described in Section 1.148-5(c) of the Treasury Regulations.

(b) Applicability. The Treasury Regulations provide seven situations in which amounts paid to the United States (including payments of rebatable arbitrage) are treated as payments for a nonpurpose investment that reduces the yield on that investment, as follows:

(i) nonpurpose investments allocable to proceeds of an issue that qualified for one of the temporary periods available for capital projects, restricted working capital expenditures, pooled financings, or investment proceeds;

(ii) nonpurpose investments allocable to variable yield bond issues for any computation period during which at least 5% of the value of the issue is represented by variable yield bonds;

(iii) nonpurpose investments allocable to transferred proceeds of a current refunding issue to the extent necessary to reduce the yield on such investments to the yield required by Section 148(a) of the Code;

(iv) nonpurpose investments allocable to transferred proceeds of an advance refunding issue to the extent the investment of the refunding escrow allocable to other proceeds of the issue cannot, with zero-yielding investments, meet the yield required by Section 148(a) of the Code;

(v) nonpurpose investments allocable to a reserve or replacement fund or a fund that is in excess of the sizing limits for a reasonably required reserve fund, but only to the extent that such amounts do not exceed 15% of the issue size or are not expected to pay debt service on the issue;

(vi) nonpurpose investments allocable to replacement proceeds of a refunded issue as a result of the application of the universal cap to amounts in a refunding escrow; and

(vii) nonpurpose investments allocable to certain permanent funds not treated as replacement proceeds by operation of the effective date rule of Section 1.148-11(f) of the Treasury Regulations.

(c) Consultation with Bond Counsel. The District covenants to retain and consult with Bond Counsel prior to making any "yield reduction payments" pursuant to Section 1.148-5(c) of the Treasury Regulations.

Section 9. Yield. For purposes of this Tax Certificate, the term "yield" means as follows.

(a) Definition of Yield. For purposes of calculating the yield on the Bonds, the term "yield" means that discount rate that, when used in computing the present value as of the issue date of all unconditionally payable payments of principal, interest and all payments for a "qualified guarantee," if any, produces an amount equal to the present value, using the same discount rate, of the aggregate issue price of the Bonds as of the date hereof. The term "yield" with respect to a Nonpurpose Investment (as defined

below) means the discount rate, that when used in computing the present value as of the date such investment is first allocated to the Bonds of all unconditionally payable receipts from the investment, produces an amount equal to the present value of all unconditionally payable payments for such investment. For purposes of calculating the yield on a Nonpurpose Investment, the purchase price will be the amount paid for such investment or, if different, the fair market value of such investment on the date it becomes Gross Proceeds. The yield on investments acquired with Gross Proceeds of the Bonds and the yield on the Bonds will be calculated by the use of the same frequency interval of compounding interest.

(b) Issue Price. For purposes of calculating the yield on the Bonds, the issue price of the Bonds (as defined in Section 1273 of the Code) is equal to the initial offering price to the public (excluding bond houses, brokers and similar persons or organizations acting in the capacity of underwriters or wholesalers) at which a substantial amount (at least 10%) of each maturity of the Bonds was sold. Thus, the issue price of the Bonds is $138,973,270.80 (representing $136,860,000 aggregate principal amount of the Bonds, plus net original issue premium of $2,113,270.80), as set forth in the certificate of Underwriter, attached hereto as Exhibit A.

(c) Special Rules for Bonds Subject to Optional Early Redemption. Certain maturities of the Bonds that were sold at a premium are subject to optional redemption prior to their maturity (the "**Callable Premium Bonds**"). The Underwriter has advised the District that none of the Callable Premium Bond maturities has an issue price in excess of its stated redemption price at maturity by more than 0.25% multiplied by the product of its stated redemption price at maturity and the number of complete years to July 15, 2021, the first optional redemption date for the Callable Premium Bonds. Accordingly, for purposes of computing the yield on the Bonds, Bond Counsel has advised the District and the Underwriter that it is not necessary to incorporate any maturity of the Callable Premium Bonds into the calculation of the yield on the Bonds as if redeemed on the date that would produce the lowest overall yield on the Bonds.

(d) No Discount Term Bonds. None of the Bonds constituting term Bonds is being issued at a discount from its stated redemption price at maturity and, therefore, no calculations are required to be performed pursuant to Section 1.148-4(b)(2)(ii) of the Treasury Regulations to determine whether an adjustment must be made to the amount of mandatory sinking fund payments on term bonds for purposes of calculating the yield on the Bonds.

(e) Yield on Bonds. In accordance with the above meaning of the term "yield," the yield on the Bonds has been determined to be not less than 5.922599%. Such calculation has been performed by the Underwriter and is based, in part, on the representations of the Underwriter as to the "issue price" of the Bonds in Exhibit A.

(f) Investment Agreement. The District has not invested any proceeds of the Bonds pursuant to an investment contract (within the meaning of Section 1.148-1(b) of the Treasury Regulations). In the event the District acquires an investment contract with any of the proceeds of the Bonds, the District and the provider of the investment contract

will comply with, and will make certain representations in compliance with, Section 1.148-5(d) of the Treasury Regulations.

Section 10. Universal Cap. Notwithstanding any restrictions on the investment of proceeds of the Bonds and other amounts set forth in Section 7 of Part D of this Tax Certificate, proceeds of the Bonds and other amounts treated as proceeds of the Bonds are allocated and remain allocated to the Bonds, and are thereby subject to the restrictions contained in this Tax Certificate, only to the extent that the value of such proceeds does not exceed the value of the outstanding obligations comprising the Bonds. This Section 10 shall not apply to amounts on deposit in and allocable to the Annual Portion of the Debt Service Fund.

Section 11. No Replacement.

(a) In General. No portion of the proceeds of the Bonds will be used as a substitute for other funds that were otherwise to be used to finance the cost of acquiring and constructing the Project and that have been or will be used to acquire directly or indirectly securities or obligations or other investment property producing a yield in excess of the yield on the Bonds.

(b) Safe Harbor Against Back-End Replacement Proceeds. In accordance with Section 1.148-1(c)(4)(i)(B) of the Treasury Regulations regarding the safe harbor against the creation of "replacement proceeds," the weighted average maturity of the Bonds does not exceed 120% of the average reasonably expected remaining economic life of the Facilities financed with the proceeds thereof. For this purpose, less than 25% of the proceeds of the Bonds will be used to finance or refinance the acquisition of land and, therefore, land is not taken into account in determining the average economic life of the Project.

Section 12. No Abusive Arbitrage Device. The District has not engaged and will not engage in any action that has the effect of (i) enabling the District to exploit the difference between tax-exempt and taxable interest rates to obtain a material financial advantage, and (ii) overburdening the tax-exempt bond market in that the District is not issuing more obligations, issuing obligations earlier, or allowing obligations to remain outstanding longer than is otherwise reasonably necessary to accomplish the governmental purposes of the Bonds, as provided in Section 1.148-10 of the Treasury Regulations.

Section 13. Covenants in Resolution. The District has covenanted in Section 12 of the Resolution that it shall make no use of the proceeds derived from the sale of the Bonds or any other moneys that would cause the Bonds to be arbitrage bonds within the meaning of Section 148 of the Code.

PART E. REBATE REQUIREMENT

Section 1. In General. The District recognizes that Section 148(f) of the Code, which sets forth the Rebate Requirement, requires that an amount equal to the sum of (i) the excess of the aggregate amount earned on all Nonpurpose Investments (defined below) over the amount that would have been earned if such Nonpurpose Investments had a yield equal to the yield on the Bonds, plus (ii) any income attributable to the excess described in (i), be paid to the United

States. The District has covenanted in the Resolution to comply with the Rebate Requirement. Accordingly, the District covenants herein to comply with the Rebate Requirement, as set forth in Section 148(f) of the Code and the Treasury Regulations.

Section 2. Bond Year. The District may select any date that is within one year of the date hereof as the day on which each Bond Year ends. If the District does not select such a date before the earlier of (i) the final maturity date of the Bonds, or (ii) March 10, 2016, then for purposes of this Tax Certificate the term "Bond Year" shall mean each one-year (or shorter) period ending on each March 10 until there are no outstanding Bonds.

Section 3. Nonpurpose Investments. The rules contained in this Part D relate to the requirement to comply with the provisions of Section 148(f) of the Code and the Treasury Regulations promulgated thereunder. The rules contained in this Part D shall apply to the investment of Gross Proceeds (as defined below) in any security, obligation, annuity contract or any other investment-type property (as such term is defined in Section 1.148-1(b) of the Treasury Regulations) that is not acquired to carry out the governmental purpose of the Bonds ("**Nonpurpose Investments**"). Nonpurpose Investments shall not include "**Tax-Exempt Obligations**."

For purposes of this Tax Certificate, the term "**Tax-Exempt Obligations**" shall include (i) obligations the interest on which is excludable from gross income for federal income tax purposes and not treated as an item of tax preference under Section 57(a)(5)(C) of the Code, (ii) stock in a regulated investment company to the extent that at least 95% of the income to the holder of the interest is excludable from gross income under Section 103 of the Code and is not treated as an item of tax preference under Section 57(a)(5)(C) of the Code, and (iii) demand deposit securities issued by the United States Treasury pursuant to the State and Local Government Series program described in 31 CFR Part 344 ("**Demand Deposit SLGS**").

Section 4. Gross Proceeds. For purposes of this Tax Certificate, the term "**Gross Proceeds**" means:

(a) proceeds derived from the sale of the Bonds;

(b) amounts that are reasonably expected to be or are in fact used to pay debt service on the Bonds, including amounts on deposit in the Debt Service Fund allocable to the Annual Portion of the Debt Service Fund;

(c) amounts pledged as security for the payment of debt service on the Bonds;

(d) amounts treated as "**transferred proceeds**" of the Bonds, within the meaning of Section 1.148-1(b) of the Treasury Regulations, if any;

(e) amounts treated as "**replacement proceeds**" of the Bonds, within the meaning of Section 1.148-1(c) of the Treasury Regulations, if any; and

(f) investment earnings on amounts described in subsections (a)-(e) above.

Section 5. Yield. The term "yield," for purposes of complying with the Rebate Requirement is to be calculated pursuant to Section 9 of Part D of this Tax Certificate. For purposes of calculating the yield on a Nonpurpose Investment, the purchase price will be the amount paid for such investment or, if different, the fair market value of such investment on the date it becomes Gross Proceeds.

Section 6. Fair Market Value. For purposes of this Tax Certificate, the purchase price and disposition price of a Nonpurpose Investment will be the fair market value of the investment on an established market. An investment that is not of a type traded on an established market, within the meaning of Section 1273 of the Code, is rebuttably presumed to be acquired or disposed of at a price that is not equal to its fair market value. Accordingly, a premium may not be paid to adjust the yield on an investment, a lower interest rate than is usually paid may not adjust the yield on an investment and no transaction may result in a smaller profit or larger loss than would have resulted if the transaction had been at arm's-length and had the yield on the Bonds not been relevant to either party. In no event shall the purchase price be increased by, or the disposition price be reduced by, brokerage or sales commissions, administrative expenses or similar expenses. However, pursuant to Section 1.148-5(e)(2) of the Treasury Regulations, certain "qualified administrative costs" may be taken into account in determining the yield on Nonpurpose Investments. Thus, such "qualified administrative costs" will be deemed to increase the payments for, or decrease the receipts from, the investments. "Qualified administrative costs" are reasonable, direct, administrative costs, other than carrying costs, such as separately stated brokerage or selling commissions, but *not* legal and accounting fees, record keeping, custody and similar costs. General overhead costs and similar indirect costs of the District such as employee salaries and office expenses and costs associated with computing arbitrage rebate are *not* qualified administrative costs. In general, administrative costs are not reasonable unless they are comparable to administrative costs that would be charged for the same investment if acquired with a source of funds other than gross proceeds of tax exempt bonds. The District agrees to maintain records for each such investment sufficient to establish that the purchase price and the disposition price of each Nonpurpose Investment is the fair market value as determined under the rules set forth below.

(a) Certificate of Deposit. A certificate of deposit with a fixed interest rate, fixed principal payment schedule and a substantial penalty for early withdrawal will be deemed purchased for fair market value if the yield on the certificate of deposit is (i) not less than the yield on reasonably comparable direct obligations of the United States and (ii) not less than the highest yield published or posted by the provider on comparable certificates offered to the public.

(b) Guaranteed Investment Contracts. Investments pursuant to a guaranteed investment contract will be regarded as being made at fair market value if

(i) The District makes a bona fide solicitation for a guaranteed investment contract that satisfies all of the following requirements:

(A) the bid specifications are in writing and are timely forwarded to potential providers;

(B) the bid specifications include all material terms that may directly or indirectly affect the yield or the cost of the guaranteed investment contract;

(C) the bid specifications include a statement notifying potential providers that submission of a bid is a representation that the potential provider did not consult with any other potential provider about its bid, that the bid was determined without regard to any other formal or informal agreement that the potential provider has with the District or any other person (whether or not in connection with the issuance of the Bonds), and that the bid is not being submitted solely as a courtesy to the District or any other person for purposes of satisfying the requirements contained in Section 1.148-5(d)(6)(iii)(B)(1) or (2) of the Treasury Regulations;

(D) the terms of the bid specifications are commercially reasonable in that there is a legitimate business purpose for each term other than to increase the purchase price or reduce the yield of the guaranteed investment contract;

(E) the terms of the solicitation take into account the District's reasonably expected deposit and drawdown schedule for the amounts to be invested;

(F) all potential providers have an equal opportunity to bid and no potential provider is given the opportunity to review other bids *(i.e.*, a "last look") before providing a bid; and

(G) at least three reasonably competitive providers are solicited for bids. A "reasonably competitive provider" is a provider that has an established industry reputation as a competitive provider of the guaranteed investment contract of the type being purchased.

(ii) The District receives at least three bona fide bids on the guaranteed investment contract from providers that have no material financial interest in the Bonds. The following are deemed to have a material financial interest in the Bonds:

(A) the lead underwriter in a negotiated underwriting transaction until 15 days after the issue date of the issue;

(B) any entity acting as a financial advisor with respect to the purchase of the guaranteed investment contract at the time the bid specifications are forwarded to potential providers; and

(C) a provider that is a related party to a provider that has a material financial interest in the Bonds.

(iii) At least one of the three bids received by the District is from a reasonably competitive provider;

(iv) The winning bidder provides a certificate that lists all administrative costs that it is paying (or expects to pay) to third parties in connection with supplying the guaranteed investment contract;

(v) The District purchases the highest yielding guaranteed investment contract for which a bona fide bid was made (determined net of broker's fees, if any); and

(vi) The District retains the following records with the bond documents until three years after the last outstanding Bond is paid:

(A) a copy of the guaranteed investment contract;

(B) the receipt or other record amount actually paid by the District for the guaranteed investment contract, including a record of any administrative costs paid by the District, and the certification under subsection (iv) hereof;

(C) for each bid that is submitted, the name of the person and entity submitting the bid, the time and date of the bid, and the bid results; and

(D) the bid solicitation form and, if the terms of the guaranteed investment contract deviated from the bid solicitation form or a submitted bid is modified, a brief statement explaining the deviation and stating the purpose for the deviation.

(c) Investments Traded on Established Market. For other investments traded on an established market, the fair market value of the investment will be the actual price at which the investments are sold by a willing seller to a willing buyer. When an actual transaction does not occur, the fair market price shall be the mean between the bid and asked prices for such obligations on the date the investment is deemed to become, or ceases to be, proceeds of the issue.

(d) Yield Restricted Amounts. Where amounts must be restricted to a certain yield and investments cannot be purchased on an established market or for fair market value at a yield that does not exceed the maximum permissible yield, the District may acquire or hold currency, Tax-Exempt Obligations or United States Treasury Securities - State or Local Government Series (time deposit) ("**Time Deposit SLGS**"), that yield no more than the maximum permissible yield. The District recognizes that Time Deposit SLGS are available at the Division of Special Investments of the Bureau of the Public Debt of the United States Treasury Department (the "**Division of Special Investments**"), and that, under current Treasury Department Regulations governing Time Deposit SLGS, Time Deposit SLGS may not be purchased until seven calendar days (five calendar days in the case of subscriptions for $10 million or less) after a subscription for them is

tendered and received by the Division of Special Investments. Accordingly, the District will act promptly in subscribing for Time Deposit SLGS in the event it is determined that such restricted investments are necessary.

Section 7. Record Keeping. With respect to all Nonpurpose Investments other than guaranteed investment contracts acquired in any fund or account the District shall record or cause to be recorded the following information: (i) purchase date, (ii) purchase price, (iii) information establishing that the purchase price is the fair market value as of such date (*e.g.*, the published quoted bid by a dealer in such an investment on the date of purchase), (iv) any accrued interest paid, (v) face amount, (vi) coupon rate, (vii) periodicity of interest payments, (viii) disposition price, (ix) any accrued interest received, and (x) disposition date. To the extent any investment becomes a Nonpurpose Investment by becoming Gross Proceeds after it was originally purchased, it shall be treated as if it were acquired at its fair market value at the time it becomes a Nonpurpose Investment.

Section 8. Retention of Records. Records of all determinations made hereunder shall be retained by the District until six years after the complete retirement of the Bonds.

Section 9. Payment of Rebate. Amounts determined to be required to be paid to the United States in compliance with the Rebate Requirement shall be paid to the United States in accordance with the rules set forth in the Treasury Regulations.

Section 10. Bona Fide Debt Service Fund Exception. For purposes of complying with the Rebate Requirement, investment earnings on amounts on deposit in the Debt Service Fund allocable to the Annual Portion of the Debt Service Fund shall not be taken into account in a particular bond year if the earnings on such portion of the Debt Service Fund does not exceed $100,000.

Section 11. Expenditure Exceptions. The Rebate Requirement will be considered satisfied if either the Six-Month Exception (set forth in subsection (a) below), the Eighteen-Month Exception (set forth in subsection (b) below) or, with respect to the "**available construction proceeds**" of the Bonds, the Two-Year Exception (set forth in subsection (c) below) is satisfied.

(a) Six-Month Exception. The Rebate Requirement will be considered satisfied if the following rule is met.

(i) In General. The Six-Month Exception will be treated as having been satisfied if (A) all Gross Proceeds of the Bonds are allocated to expenditures for the governmental purposes of the Bonds no later than the date that is six months after the date of issuance of the Bonds, and (B) the Rebate Requirement is satisfied with respect to (1) amounts on deposit in the Accumulation Portion of the Debt Service Fund, (2) other Gross Proceeds that arise after six months from the date hereof but that are not reasonably anticipated to arise as of the date hereof, (3) repayment of any grants made with proceeds of the Bonds, and (4) sale or investment proceeds on payments under a purpose investment.

(ii) Gross Proceeds. For purposes of satisfying paragraph (i)(A) above, the term Gross Proceeds excludes (A) amounts on deposit in the Debt Service Fund allocable to the Annual Portion of the Debt Service Fund, (B) amounts on deposit in the Debt Service Fund allocable to the Accumulation Portion of the Debt Service Fund, (C) other Gross Proceeds that arise after six months from the date hereof but that are not reasonably anticipated to arise as of the date hereof, (D) repayment of any grants made with proceeds of the Bonds, and (E) sale or investment proceeds on payments under any purpose investment.

(iii) Additional Six Months for Non-Private Activity Bonds. The Six-Month Exception will be treated as satisfied if, in addition to satisfying paragraph (i)(B) of this subsection (a), all Gross Proceeds of the Bonds are expended as provided in paragraph (i)(A) of this subsection (a) except for an amount of Gross Proceeds that does not exceed 5% of the proceeds of the Bonds and such unexpended amount of Gross Proceeds is expended within one year from the date of issuance of the Bonds.

(b) Eighteen-Month Exception. The Rebate Requirement will be considered satisfied if the following rule is met.

(i) In General. The Eighteen-Month Exception will be treated as having been satisfied if (A) all Gross Proceeds of the Bonds (as defined in paragraph (ii) of subsection (a) above) meet the Eighteen-Month Test, (B) the Rebate Requirement is satisfied with respect to (1) amounts on deposit in the Accumulation Portion of the Debt Service Fund, (2) other Gross Proceeds that arise after six months from the date hereof but that are not reasonably anticipated to arise as of the date hereof, (3) repayment of any grants made with proceeds of the Bonds, and (4) sale or investment proceeds on payments under a purpose investment, and (C) all Gross Proceeds of the Bonds qualify for the three-year temporary period set forth in Section 1.148-2(e)(2) of the Treasury Regulations.

(ii) Eighteen-Month Test. The Eighteen-Month Exception will be treated as satisfied if at least 15% of the Gross Proceeds of the Bonds have been allocated to expenditures for the governmental purposes of the Bonds within six months from the date of issuance of the Bonds, at least 60% of the Gross Proceeds have been allocated to expenditures for the governmental purposes of the Bonds within one year from the date of issuance of the Bonds, and all of the Gross Proceeds of the Bonds have been expended for the governmental purposes of the Bonds within 18 months from the date of issuance of the Bonds. For purposes of determining compliance with each of the spending periods described above, the District does not have an expectation as to the amount of investment earnings on amounts treated as Gross Proceeds and, accordingly, the District recognizes that Gross Proceeds for each such period include the actual amount of investment earnings on all amounts treated as Gross Proceeds.

(iii) Reasonable Retainage. For purposes of paragraph (ii) of subsection (b), all of the Gross Proceeds of the Bonds shall be treated as expended

for the governmental purposes of the Bonds within 18 months from the date of issuance of the Bonds if all of such proceeds are allocated to expenditures for the governmental purposes of the Bonds within 30 months from the date of issuance of the Bonds and such amounts would have been expended for such purposes within eighteen months from the date of issuance of the Bonds but for a reasonable retainage (as such term is defined below in subsection (d) below) that does not exceed 5% of the net sale proceeds of the Bonds.

(iv) De Minimis Rule. The Bonds will not fail to qualify for the Eighteen-Month Exception if (i) an amount that does not exceed the lesser of 3% of the issue price of the Bonds and $250,000 is not spent within 18 months from the date of issuance of the Bonds, and (ii) the District continues to exercise due diligence to complete the Project.

(v) Application to Multipurpose Issues. The Eighteen-Month Exception shall not apply to an issue any portion of which is treated as meeting the Two-Year Exception (defined below).

(c) Two-Year Exception. With respect to the "available construction proceeds" (defined below) of the Bonds, the Two-Year Exception will be treated as having been satisfied if the requirements of paragraphs (i) and (ii) are satisfied.

(i) 75-Percent Test. The District reasonably expects as of the issue date of the Bonds that at least 75% of the "available construction proceeds" (defined below) of the Bonds will be allocated to construction expenditures (including reconstruction and rehabilitation) with respect to property that is owned by a governmental unit or an organization described in Section 501(c)(3) of the Code and exempt from federal income tax under Section 501(a) of the Code.

(ii) Two-Year Test. This paragraph (ii) will be treated as satisfied if at least 10% of the available construction proceeds of the Bonds have been allocated to expenditures for the governmental purposes of the Bonds within the six-month period beginning on the date of issuance of the Bonds, at least 45% of the available construction proceeds have been allocated to expenditures for the governmental purposes of the Bonds within the one-year period beginning on the date of issuance of the Bonds, at least 75% of the available construction proceeds of the Bonds have been allocated to expenditures for the governmental purposes of the Bonds within the 18-month period beginning on the date of issuance of the Bonds, and all of the available construction proceeds of the Bonds have been allocated to expenditures for the governmental purposes of the Bonds within the two-year period beginning on the date of issuance of the Bonds.

(iii) De Minimis Rule. The Bonds will not fail to qualify for the Two-Year Exception if (i) an amount that does not exceed the lesser of 3% of the issue price of the Bonds and $250,000 is not spent within two years from the date of issuance of the Bonds, and (ii) the District continues to exercise due diligence to complete the Project.

(d) Available Construction Proceeds.

(i) In General. For purposes of subsection (c) above, the term "available construction proceeds" means an amount equal to the issue price (determined in Section 9(b) of Part D of this Tax Certificate) of the Bonds (or the portion thereof at least 75% of the available construction proceeds of which are to be used for the purposes described in paragraph (i) of subsection (c) above), plus investment earnings on the Bonds or, where applicable, the portion thereof, plus investment earnings on any reasonably required reserve or replacement fund not funded from proceeds of the Bonds, plus investment earnings on all of the above described investment earnings, minus the amount of the issue price of the Bonds (or, where applicable, the portion thereof), if any, deposited in a reasonably required reserve or replacement fund or to be applied to pay Costs of Issuance, minus pre-issuance accrued interest. The term "available construction proceeds," however, shall not include payments on any obligation acquired to carry out the governmental purpose of the issue or the investment earnings thereon, and shall not include investment earnings on amounts on deposit in the Accumulation Portion of the Debt Service Fund.

(ii) Reasonable Retainage. For purposes of paragraph (ii) of subsection (c), all of the available construction proceeds of the Bonds shall be treated as expended for the governmental purposes of the Bonds within two years from the date of issuance of the Bonds if all of such proceeds are expended for the governmental purposes of the Bonds within three years from the date of issuance of the Bonds and such amounts would have been expended for such purposes within two years from the date of issuance of the Bonds but for an amount that is retained for reasonable business purposes relating to property financed with the proceeds of the Bonds and that amount retained does not exceed 5% of the available construction proceeds of the Bonds as of the end of the fourth spending period referred to in paragraph (ii) of subsection (c) above. Reasonable retainage may include, for example, an amount retained to ensure compliance with the terms of a construction contract in circumstances in which the amount retained is not yet payable, or in which the District reasonably determines that a dispute exists regarding either completion of construction or payment.

(iii) Reserve Fund Earnings. The District hereby elects, pursuant to Section 148(f)(4)(C)(vi)(IV) of the Code, to exclude investment earnings on the Accumulation Portion of the Debt Service Fund from "available construction proceeds" for purposes of determining whether the expenditure requirements in paragraph (ii) of subsection (c) above have been satisfied. By making this election, however, the District will comply with the Rebate Requirement with respect to the Accumulation Portion of the Debt Service Fund beginning on the date hereof.

(iv) Investment Earnings. For purposes of determining compliance with each of the spending periods described in subsection (c)(ii) above, the District does not have an expectation as to the amount of investment earnings that will be

available construction proceeds and, accordingly, the District recognizes that available construction proceeds for each such period will include the actual amount of investment earnings that are treated as available construction proceeds.

(e) No Penalty Election. The District is not electing to have Section 148(f)(4)(C)(vii) of the Code apply to the Bonds. Accordingly, in the event the available construction proceeds of the Bonds have not been expended within the time periods described in paragraph (ii) of subsection (c) above, the District shall comply with the Rebate Requirement, as described above.

Section 12. Engagement of Experts. The District covenants that it will, prior to the end of each fifth Bond Year, engage a firm competent to perform the calculations necessary to comply with the Rebate Requirement, as set forth in Section 148(f) of the Code and the Treasury Regulations.

Section 13. Survival of Rebate Obligations. Notwithstanding anything in this Tax Certificate to the contrary, the Rebate Requirement shall survive the defeasance or payment in full of the Bonds.

PART F. OTHER MATTERS

Section 1. Qualified Hedging Transaction. The District has not engaged, and will not engage, in any qualified hedging transaction (as such term is defined in Section 1.148-4(h)(2) of the Treasury Regulations) with respect to the Bonds.

Section 2. No Pooled Financing Bonds. No portion of the proceeds derived from the sale of the Bonds will be used, directly or indirectly, to make or finance loans to two or more ultimate borrowers.

Section 3. No Hedge Bonds. Based on the representations contained in Section 5 of Part D of this Tax Certificate, the proceeds derived from the sale of the Bonds qualify for a three-year temporary period for investment without yield restriction. Additionally, no more than 50% of the net sale proceeds of the Bonds will be invested in Nonpurpose Investments at a substantially guaranteed yield for four years or more. Accordingly, the Bonds satisfy the requirements of Section 149(g) of the Code.

Section 4. No Federal Guarantee. The District will not directly or indirectly use or permit the use of any proceeds of the Bonds or any other funds of the District, or take or omit to take any action, that would cause the Bonds to be considered "federally guaranteed" within the meaning of Section 149(b) of the Code. The District has not entered into, nor will the District enter into, any (i) long-term service contracts with any federal governmental agency, (ii) service contracts with any federal governmental agency under terms that are materially different from the terms of any contracts with any persons other than federal government agencies, and (iii) leases of property to any federal government agency, that would cause the Bonds to be considered "federally guaranteed" within the meaning of Section 149(b) of the Code.

Section 5. Change in Use. The District represents, warrants and covenants that the facilities financed with the proceeds of the Bonds will be used for governmental purposes of the

District during the period of time the Bonds are outstanding, unless an opinion of Bond Counsel is received permitting any proposed change in use of the Project.

Section 6. Information Reporting. The District certifies that the information required by Section 149(e) of the Code and set forth in Internal Revenue Service Form 8038 relating to the Bonds, as set forth in Exhibit C attached hereto, reflects its reasonable expectations with respect to the Bonds and the proceeds thereof as of the date of this Tax Certificate. Said Form 8038 shall be filed at the Internal Revenue Service Center, Ogden, Utah 84201 no later than the fifteenth day of the second calendar month following the close of the calendar year quarter in which the Bonds are issued.

Section 7. Retention of Records. The District covenants to maintain all records relating to the Bonds and the use and expenditure of the proceeds of the Bonds, as more specifically set forth below.

(a) Types of Records Required to be Retained. The records that must be retained include, but are not limited to, the following:

(i) General. All legal and closing documents relating to the Bonds, including indentures, trust agreements, resolutions, public notices, tax certificates, opinions of counsel (issued at the time of closing or subsequently), amendments to the foregoing documents and any and all documents included in the transcript with respect to the Bonds.

(ii) Expenditure of Gross Proceeds.

(A) Documents evidencing the expenditure of proceeds from the sale of the Bonds and investment earnings thereon and the specific assets financed with such proceeds, including any declarations of official intent to reimburse expenditures, feasibility studies, projected draw schedules, requisitions and closing flow of funds memoranda;

(B) Documents setting forth all funds and accounts relating to the Bonds, including debt service funds, reserve funds, sinking funds and pledged funds, and any agreements with respect thereto;

(C) Documents pertaining to the investment of the Gross Proceeds of the Bonds, including the purchase and sale of securities, SLGs subscriptions, yield calculations for each class of investments, actual investment income received from the investment of proceeds, projected investment income calculations expected to be received from the investment of proceeds, guaranteed investment contracts, rebate calculations, credit enhancement, swap transactions and verification reports;

(iii) Disposition Proceeds. Documents, if any, evidencing the sale or other disposition of the financed property; and

(iv) Economic Life Data. Documents supporting the economic life of the assets financed and refinanced with proceeds of the Bonds;

(v) Allocations. Documents evidencing any allocations with respect to the Gross Proceeds of the Bonds,

(vi) Use of Financed Assets; Private Security or Payment.

(A) Documents evidencing the use and ownership of the property financed and refinanced with proceeds of the Bonds, including contracts (leases, management contracts, service contracts and otherwise) with for the use and ownership of such property; and

(B) Documents evidencing sources of payment or security for the Bonds, including liquidity covenants and negative covenants, and any agreements with respect thereto.

(vii) Tax Returns and Related Information. IRS Form 8038, 8038-T and 8038-R, as applicable, and information relating to the pricing of the Bonds, yield calculations, weighted average maturity calculations, other information included in the 8038 statistics report, verification reports and arbitrage rebate reports.

(viii) Required Retention Periods. The District covenants to retain the above described records for the following applicable periods until the date that is six years after the complete retirement of the Bonds and any bonds (or series thereof) used to refund the Bonds.

(b) Nonpurpose Investments. With respect to all Nonpurpose Investments acquired in any fund or account in connection with the Bonds, the following information will be recorded and retained: (i) purchase date, (ii) purchase price, (iii) information establishing that the purchase price is the fair market value as of such date (*e.g.*, the published quoted bid by a dealer in such an investment on the date of purchase), (iv) any accrued interest paid, (v) face amount, (vi) coupon rate, (vii) periodicity of interest payments, (viii) disposition price, (ix) any accrued interest received, and (x) disposition date.

(c) Form of Records. The District covenants that all records will be kept in a manner that ensures complete access thereto for the applicable above described period either in hard copy or electronic format. If the records are kept in electronic format, compliance is necessary with the requirements of Revenue Procedure 97-22, 1997-1 C.B. 652, which provides guidance for maintaining books and records by using an electronic storage system that either images their hardcopy books and records or transfers their computerized books and records to an electronic storage media (*e.g.*, an electronic data compression system).

(d) Failure to Retain Records. The District acknowledges that a failure to maintain material records required to be retained by this Section may result in the loss of the exclusion of interest on the Bonds from gross income for federal tax purposes, could

cause additional arbitrage rebate to be owed and could impact a conduit borrower's entitlement to take certain deductions.

Section 8. Authorization to Execute Tax Certificate. The undersigned is an authorized representative of the District and is acting for and on behalf of the District in executing this Tax Certificate. To the best of the knowledge and belief of the undersigned, there are no other facts, estimates or circumstances that would materially change the expectations as set forth herein, and said expectations are reasonable.

Section 9. Amendment. Notwithstanding any provision of this Tax Certificate, the District may amend this Tax Certificate and thereby alter any actions allowed or required by this Tax Certificate if such amendment is based on a written opinion of nationally recognized bond counsel.

CERTIFICATE OF THE UNDERWRITER

This Certificate is furnished by Goldman, Sachs & Co., as underwriter of the Bonds (the "**Underwriter**"), in connection with its purchase of $136,860,000 aggregate principal amount of Grossmont Healthcare District General Obligation Bonds, 2006 Election, 2011 Series B (the "**Bonds**"), to establish the initial offering price of the Bonds for purposes of determining the "**issue price**" of the Bonds within the meaning of Section 1273 of the Internal Revenue Code of 1986, as amended (the "**Code**"), and with respect to certain other matters.

The undersigned DOES HEREBY CERTIFY as follows:

A. Issue Price

1. The Underwriter reasonably expected on February 23, 2011, which is the date on which the Underwriter agreed to purchase the Bonds (the "**Sale Date**"), that all of the Bonds of each maturity would be sold to the general public (excluding bond houses, brokers and similar persons or organizations acting in the capacity of underwriters or wholesalers) at the initial offering price of such maturity (each an "**Initial Public Offering Price**"), as set forth on the inside cover of the Official Statement with respect to the Bonds, dated February 23, 2011. The Initial Public Offering Prices are set forth in Schedule 1 attached hereto.

2. The Underwriter has made a bona fide offering of all of the Bonds to the general public (excluding bond houses, brokers and similar persons or organizations acting in the capacity of underwriters or wholesalers) at prices equal to their Initial Public Offering Prices. The aggregate of the Initial Public Offering Prices is $138,973,270.80, representing the aggregate amount of the Bonds of $136,860,000.00, plus net original issue premium of $2,113,270.80.

3. Other than with respect to the July 15, 2016, through July 15, 2024, maturities of the Bonds, each of which has only a single $5,000 bond coming due (the "**2016-2024 Bonds**"), the Underwriter first sold at least 10% of the aggregate principal amount of each maturity of the Bonds to the general public (excluding bond houses, brokers and similar persons or organizations acting in the capacity of underwriters or wholesalers) at prices not in excess of their respective Initial Public Offering Prices. The 2016-2024 Bonds were sold by the Underwriter on the Sale Date to another member of the selling group for the Bonds (from which the Underwriter is unable to obtain further sale information). Such selling group member has represented to the Underwriter, as of March 9, 2011, that each maturity of the 2016-2024 Bonds was still held in

the inventory of such selling group member and was being offered for sale at its Initial Public Offering Price.

CERTIFICATE OF THE CORPORATION

This Certificate is being executed and furnished to the Grossmont Hospital District (the "District"), in its capacity as the issuer of the above-captioned bonds (the "Bonds"), and to Sidley Austin LLP, in its capacity as Bond Counsel ("Bond Counsel"), for purposes of rendering its opinion on the date hereof as to the exclusion from gross income for federal income tax purposes of interest on the Bonds.

The undersigned is the Assistant Secretary of Grossmont Hospital Corporation (the "Corporation"), a California nonprofit public benefit corporation wholly controlled by Sharp Healthcare ("Sharp"). As such, the undersigned is familiar with the business, assets, operations and properties of the Corporation, including, in particular the real property, including improvements thereon, known as Sharp Grossmont Hospital (the "Hospital Facilities"). The undersigned is further familiar with the improvements expected to be made to the Hospital Facilities with proceeds derived from the sale of the Bonds and investment earnings thereon (the "Project").

The undersigned recognizes that the exclusion from gross income for federal income tax purposes of the interest on the Bonds is in part dependent on compliance with certain rules contained in the Internal Revenue Code of 1986, as amended (the "Code"), and the Treasury Regulations thereunder (the "Regulations"). The undersigned understands that certain covenants regarding future actions and inactions and certain representations regarding facts and expectations are set forth in the Tax Certificate executed by the District on the date hereof (the "Tax Certificate"), to which this Certificate is attached as Exhibit B, and that such covenants and representations encompass, among other things, matters relating to the use of the Facilities and the investment of proceeds of the Bonds and other amounts treated as proceeds of the Bonds.

The undersigned further recognizes that, in order for the District to be able to make the above covenants and representations in the Tax Certificate, the District must rely in part on covenants and representations of the Corporation, which has dominion and control of the Hospital Facilities. The undersigned understands that these covenants and representations are necessary in order to assure compliance with, among other things, the limitations and restrictions on "private business use" under Sections 141(b) and 145 of the Code and application Regulations and the limitations and restrictions on the ability to earn and retain "arbitrage" under Section 148 and applicable Regulations, all of which are necessary to maintain the exclusion from gross income for federal income tax purposes of interest on the Bonds.

I. Status of Corporation

1. 501(c)(3) Status of the Corporation. The Corporation is an organization described in Section 501(c)(3) of the Code and is exempt from federal income tax under Section 501(a) of the Code, other than with respect to unrelated business taxable income, and the Corporation at all times will maintain its status as such an organization and its exemption from federal income tax under said sections of the Code or corresponding provisions of future federal income tax law.

2. Receipt of Determination Letter. The Corporation has received a determination letter from the Internal Revenue Service, dated February 6, 1991 (the "Determination Letter"), that the Corporation is an organization described in Section 501(c)(3) of the Code or corresponding provisions of prior law. The Determination Letter has not been modified, limited or revoked. A copy of the Determination Letter is included in the transcript with respect to the issuance of the Bonds.

3. Maintenance of 501(c)(3) Status. The Corporation is in compliance with the terms, conditions and limitations set forth in the Determination Letter, and the facts and circumstances that form the basis of such letter, as represented to the Internal Revenue Service, continue substantially to exist. No proceedings are pending or, to the knowledge of the Corporation, threatened in any way contesting or affecting the Corporation's status as an organization described in Section 501(c)(3) of the Code, or that would subject any income of the Corporation to federal income taxation to such extent as would result in loss of exclusion from gross income of interest on the Bonds for federal income tax purposes. Concurrently with the execution of this Tax Certificate and the issuance of the Hooper, Lundy & Bookman, P.C., San Diego, California, counsel to the Corporation, has rendered an opinion, which is part of the transcript with respect to the issuance of the Bonds, that the Corporation is an organization described in Section 501(c)(3) of the Code.

II. Use of Hospital Facilities

1. In General. The Corporation reasonably expects, as of the date hereof, that the Project will be used throughout the entire stated term of the Bonds in a manner that will cause the Bonds to be treated as "qualified 501(c)(3) bonds," as defined in Section 145(a) of the Code. Specifically, no more than the 4.0% of the Project (5% minus approximately 1.0% used for costs of issuance) will be used for activities that constitute a "Private Use" (defined below), including for this purpose activities that are not directly related to the exempt purposes of the Corporation. For this purpose, use of the Project may be allocated on a reasonable basis, including, among other things, (i) the amount of space occupied, (ii) the period during which space is occupied, and (iii) the relative revenues derived from various uses.

2. Definition of Private Use. The term "Private Use" means any activity or activities that constitute a trade or business or group of trades or businesses by persons or entities other than organizations described in Section 501(c)(3) of the Code or State or local governmental entities. The leasing of property financed or refinanced with proceeds of the Bonds (other than on a short-term basis where there is no option or expectation to renew the lease) or the access of a person or entity other than an organization described in Section 501(c)(3) of the Code or state

or local governmental unit to property or services on a basis other than as a member of the general public constitutes a Private Use.

3. Unrelated Trade or Business Use. In addition to the above, the term "Private Use" also includes any use of the Project in an unrelated trade or business (within the meaning of Section 513 of the Code) of the Corporation. The Corporation shall not use or permit the use by the Corporation of any proceeds of the Bonds or any of the facilities financed or refinanced with the proceeds of the Bonds (or any portion thereof) for an unrelated trade or business to the extent that such use, together with other Private Uses, would cause the limitations with respect to Private Use set forth above to be exceeded.

3. Management and Service Contracts. With respect to management contracts and service contracts, the determination of whether a particular use constitutes a Private Use under this Tax Agreement shall be determined on the basis of applying Revenue Procedure 97-13, 1997-1 C.B. 632, as amended by Revenue Procedure 2001-39, 2001-2 C.B. 38 (collectively, "Revenue Procedure 97-13").

(a) Management Contracts. As of the date hereof, no portion of the proceeds derived from the sale of the Bonds is being used to provide property subject to contracts or other arrangements with persons or entities engaged in a trade or business (other than State or local governmental units or organizations described under Section 501(c)(3) of the Code acting in furtherance of its exempt purposes) that do not comply with Revenue Procedure 97-13, except as set forth below.

(b) Service (Including Physician) Contracts. As of the date hereof, any contracts or other arrangements with persons or entities engaged in a trade or business (other than governmental units or organizations described under Section 501(c)(3) of the Code) that involve the provision of health care or health care-related services or property under which the person or entity engaged in a trade or business is entitled to use (other than as a member of the general public) property financed or refinanced with the proceeds of the Bonds comply (and will in the future so comply) with the requirements of Revenue Procedure 97-13, except as set forth below.

4. [Reserved]

5. Prohibited Facilities. None of the Project consists of any airplane, skybox or other private luxury box, facility primarily used for gambling, or any store the principal business of which is the sale of alcoholic beverages for consumption off premises.

6. Research. No portion of the Project will be used, other than on an incidental basis, for any research sponsored by persons other than (a) a state or local governmental unit, or (b) an organization described in Section 501(c)(3) of the Code that is not using the Project in a manner that constitutes an unrelated trade or business under Section 513(a) of the Code, unless such research is basic research and (i) the use of the resulting technology by the sponsor is permitted only on the same terms as use by any non-sponsoring unrelated party, and the price paid is determined at the time the technology is available for use, or (ii) the research is performed under an arrangement whereby (A) multiple unrelated private sponsors agree to fund the basic research, (B) the research to be performed and the manner in which it is to be determined are determined by the Corporation, (C) title to any patent or other product incidentally resulting from

the research lies exclusively with the Corporation, and (D) sponsors are entitled to no more than a nonexclusive, royalty-fee license to use the product of any such research. To the extent the Corporation has, or will have, any contracts under which research activities are performed at the Hospital Facilities that are covered by Revenue Procedure 2007-47, 2007-29 I.R.B. 108, such contracts comply or, in the case of future contracts, will comply with Revenue Procedure 2007-47. There is a small amount of clinical research conducted at the Facilities. Such contracts do not involve the exclusive use of space.

7. Residential Rental Facility Bonds. No portion of the Project consists of residential rental property for family units

8. Provision of Contracts. To enable Bond Counsel to render its opinion as to the exclusion from gross income for federal income tax purposes of interest on the Bonds, the Corporation has made available to Bond Counsel all contracts or other arrangements with persons or entities engaged in a trade or business, other than state or local governmental units (within the meaning of Section 145 of the Code), that involve (i) the leasing of property financed or refinanced with proceeds of the Bonds, (ii) the management of property financed or refinanced with proceeds of the Bonds, and (iii) the provision of healthcare or healthcare-related services or property under which a person or entity engaged in a trade or business is entitled to the utilization (e.g., access to property or services on a basis other than as a member of the general public) of property financed or refinanced with proceeds of the Bonds.

9. Change in Use. To the extent the Corporation intends to cause the use of any portion of the Project in a manner that would cause noncompliance with the above federal income tax limitations and restrictions, the Corporation shall give written notice of such proposed use of the Project and shall not proceed toward effecting such use of the Project unless and until the District consents in writing to such action, which, the Corporation recognizes, shall be based on an opinion of Bond Counsel to the effect that such action may proceed without adversely affecting the exclusion from gross income of the interest on the Bonds.

II. Contract Compliance; Amendment or Termination of Contracts

1. Compliance Contracts. Any and all contracts with users other than state and local governmental units and 501(c)(3) organizations that involve the provision of healthcare or healthcare-related services or property under which the user is entitled to the utilization of property financed or refinanced with proceeds of the Bonds comply in all respects with the requirements of Revenue Procedure 97-13.

III. Amendment

This Certificate may be amended if such amendment is based on a written opinion of nationally recognized bond counsel.

$136,860,000
GROSSMONT HEALTHCARE DISTRICT
(San Diego County, California)
General Obligation Bonds, 2006 Election, 2011 Series B

Ladies and Gentlemen:

We have acted as bond counsel to the Grossmont Healthcare District (the "District") and in such capacity have examined a record of proceedings related to the issuance of $136,860,000 Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds"). The Bonds are issued under and pursuant to Section 1(b) of Article XIIIA of the State of California Constitution and Section 32300 *et seq.* of the State of California Health and Safety Code, a two-thirds vote of the qualified electors of the District voting at an election held on June 6, 2006, and a resolution adopted by the Board of Directors of the District on December 17, 2010 (the "Resolution").

In our capacity as bond counsel, we have reviewed originals or copies certified or otherwise identified to our satisfaction of such documents, certificates, opinions and other matters as we deemed necessary or appropriate to render the opinions set forth herein. In rendering the opinions set forth below, we have relied upon certifications and representations of the District with respect to certain material facts solely within the knowledge of the District, without undertaking to verify the same by independent investigation. Further, we have assumed, but have not independently verified, that the signatures on all documents, certificates and opinions that we reviewed are genuine.

Certain requirements and procedures contained or referred to in the Resolution or in other documents pertaining to the Bonds may be changed, and certain actions may be taken or not taken, under the circumstances and subject to the terms and conditions set forth in such documents, upon the advice or with the approving opinion of counsel nationally recognized in the area of tax-exempt obligations. We express no opinion as to the effect of any change to any document pertaining to the Bonds or of any action taken or not taken where such change is made or action is taken or not taken without our approval or in reliance upon the advice of counsel

Sidley Austin LLP is a limited liability partnership practicing in affiliation with other Sidley Austin partnerships

other than ourselves with respect to the exclusion from gross income of the interest on the Bonds for federal income tax purposes.

Based on the foregoing and subject to the limitations and qualifications herein specified, as of the date hereof, under existing law, we are of the opinion that:

1. The Bonds constitute valid and binding obligations of the District, payable solely from the proceeds of the levy of *ad valorem* taxes on all property subject to such taxes in the District, which taxes are unlimited as to rate or amount.

2. Assuming compliance by the District with certain covenants in the Resolution, the Tax Certificate and other documents pertaining to the Bonds, by the Grossmont Hospital Corporation (the "Corporation") with certain covenants in its Certificate attached to the Tax Certificate, and by the District and the Corporation with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), regarding the organization and operation of the Corporation, the use, expenditure and investment of proceeds of the Bonds, and the timely payment of certain investment earnings to the United States, interest on the Bonds is not includable in the gross income of the owners of the Bonds for federal income tax purposes. In rendering the foregoing opinion, we have relied upon the opinion of Hooper, Lundy & Bookman, P.C., San Diego, California, regarding the qualification of the Corporation as an organization described in Section 501(c)(3) of the Code. We can give no opinion or assurance about the future activities of the Corporation or about the effect of future changes in the Code, applicable regulations, the interpretation thereof or the resulting changes in enforcement thereof by the Internal Revenue Service. Failure to comply with the covenants and requirements described above or failure of the Corporation to be organized and operated in accordance with the Internal Revenue Service's requirements for the maintenance of its status as an organization described in Section 501(c)(3) of the Code may cause interest on the Bonds to become included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds.

4. Interest on the Bonds is not treated as an item of tax preference in calculating the federal alternative minimum taxable income of individuals and corporations. Interest on the Bonds, however, is included as an adjustment in calculating federal corporate alternative minimum taxable income and therefore may affect a corporation's alternative minimum tax liability.

5. Interest on the Bonds is exempt from personal income taxes imposed by the State of California.

We express no opinion regarding other federal or State of California income tax consequences caused by the ownership of or the receipt of interest on the Bonds.

With respect to the opinions expressed herein, the enforceability of the rights of the owners of the Bonds is subject to bankruptcy, insolvency, reorganization, arrangement, moratorium and other laws affecting the enforcement of creditors' rights generally, to the application of equitable principles (regardless of whether such enforceability is considered in equity or at law), to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against healthcare districts in the State of California.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions. Such opinions may be adversely affected by actions taken or events occurring, including a change in law, regulation or ruling (or in the application of official interpretation of any law, regulation or ruling) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions are taken or such events occur, and we have no obligation to update this opinion in light of such actions or events.

Respectfully submitted,

Sidley Austin LLP

GROSSMONT HEALTHCARE DISTRICT
(San Diego County, California)
General Obligation Bonds
2006 Election, 2011 Series B

Ladies and Gentlemen:

We have served as bond counsel to the Grossmont Healthcare District (the "District") and in such capacity have examined a record of proceedings providing for the purchase by San Diego County Health Facilities Financing Authority (the "Authority") and the simultaneous resale to the Underwriter of the District's $136,860,000 aggregate principal amount of (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds"). This opinion is rendered pursuant to Section 4(d)(3) of the Purchase Contract, dated February 23, 2011 (the "Purchase Contract"), among Goldman, Sachs & Co. (the "Underwriter"), the District and the Authority. The Bonds are being issued pursuant to Section 1(b) of Article XIIIA of the State of California Constitution and Section 32300 *et seq.* of the State of California Health and Safety Code, a two-thirds vote of the qualified electors of the District voting at an election held on June 6, 2006, and a resolution adopted by the Board of Directors of the District on December 17, 2010 (the "Resolution").

All capitalized terms used herein and not otherwise defined herein shall have the respective meanings assigned to such terms in the Resolution. In our capacity as bond counsel, we have relied upon such certifications and opinions of or information provided by District representatives, without any independent investigation of such matters. In addition, we have examined originals or copies, certified or otherwise identified to our satisfaction, of such other documents, legal opinions, instruments and records, and have made such investigation of law, as we have considered necessary or appropriate for the purpose of this opinion, and we have assumed, but have not independently verified, that the signatures on all documents, certificates and opinions that we have reviewed are genuine. In our examination, we have assumed, but

have not independently verified, the legal capacity of all natural persons, the authenticity of all documents submitted to us as originals, the conformity to original documents of all documents submitted to us as certified or photostatic copies or by facsimile or other means of electronic transmission or which we obtained from sites on the internet, and the authenticity of the originals of such latter documents. As to facts and certain other matters and the consequences thereof relevant to the opinions expressed herein and the other statements made herein, we have relied without independent investigation or verification upon, and assumed the accuracy and completeness of, (a) certificates, letters (including opinion letters), and oral and written statements and representations of public officials, officers and other representatives of the District, counsel for the District, and others, and (b) the representations and warranties in the Purchase Contract (defined below).

In delivering this letter, we are not expressing any view on the validity or accuracy of documents, certificates or opinions we have examined.

Based on the foregoing and such other information and documents as we have considered necessary in order to render this opinion, it is our opinion that:

(i) The Purchase Contract has been duly authorized, executed and delivered by the District and, assuming due authorization, execution and delivery by the other parties thereto, is a valid and binding agreement of the District, enforceable against it in accordance with the terms thereof, except to the extent that enforceability of the rights and remedies set forth therein may be limited by bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting the enforcement of creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against healthcare districts in the State of California and except that no opinion is expressed with respect to any indemnification or contribution provisions contained in the Purchase Contract.

(ii) The Bonds are not subject to the registration requirements of the Securities Act of 1933, as amended, and the Resolution is exempt from qualification pursuant to the Trust Indenture Act of 1939, as amended.

(iii) The statements contained in the Official Statement, dated February 23, 2011 (the "Official Statement"), under the captions "THE BONDS" (excluding information relating to The Depository Trust Company and the book-entry system), "SECURITY FOR THE BONDS," "TAX MATTERS," APPENDIX B–"FORM OF CONTINUING DISCLOSURE CERTIFICATE," and APPENDIX C–"PROPOSED FORM OF OPINION OF BOND COUNSEL," insofar as such statements purport to

summarize certain provisions of the Bonds, the Resolution, the Continuing Disclosure Certificate and our bond opinion concerning federal and state tax matters relating to the Bonds, are accurate and complete in all material respects.

Except as provided in paragraph (iii) above, we are not passing upon and are not assuming any responsibility for the accuracy, completeness or fairness of any of the statements contained in the Official Statement, and we express no opinion with respect thereto.

This letter refers only to the Bonds as delivered to the Underwriter, and no view is expressed as to any offering by the Underwriter or others of derivative instruments with investment characteristics not identical to those of the Bonds.

The opinions expressed and the statements made herein are expressed and made as of the time of closing of the sale of the Bonds to the Underwriter on the date hereof. Such opinions and statements may be adversely affected by actions taken or events occurring, including a change in law, regulation or ruling (or in the application or official interpretation of any law, regulation or ruling), after such time. We have not undertaken to determine, or to inform any person, whether such actions are taken or such events occur, and we have no obligation to update this letter in light of such actions or events or for any other reason. Our engagement with respect to this matter has terminated as of the date hereof.

We are not expressing any opinion or advice with respect to the authorization, execution, delivery or validity of the Bonds, or the exclusion from gross income for federal, State or local income tax purposes of interest on the Bonds.

This opinion letter is furnished by us as bond counsel with respect to the Bonds. This opinion letter is delivered to you solely for your benefit and is not to be used, circulated, quoted or otherwise referred to or relied upon for any other purpose or by any other person. No attorney-client relationship has existed or exists between our firm and the Underwriter in connection with the issuance and sale of the Bonds or by virtue of this opinion letter, and we disclaim any obligation to update it. This opinion letter is not intended to and may not be relied upon by owners of the Bonds or by any other party to whom it is not specifically addressed.

Very truly yours,

$136,860,000.00
GROSSMONT HEALTHCARE DISTRICT
(SAN DIEGO COUNTY, CALIFORNIA)
GENERAL OBLIGATION BONDS
2006 ELECTION
2011 SERIES B

Ladies and Gentlemen:

As counsel to the Grossmont Healthcare District (the "District"), I have reviewed the Bond Resolution No. 10-10, dated December 17, 2010, authorizing the issuance of the Bonds, the Continuing Disclosure Certificate dated March 10, 2011, the Official Statement dated February 23, 2011, and the Purchase Contract dated February 23, 2011, in connection with the $136,860,000.00 Grossmont

Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds").

Based upon the review of the foregoing documents and upon such other information and documents as I consider necessary to render this opinion, I am of the opinion that:

(A) The District is a political subdivision of the State of California, validly existing under the laws of the State of California;

(B) The Bond Resolution authorizing the issuance of the Bonds and the execution and delivery of the Continuing Disclosure Certificate, the Official Statement and the Purchase Contract has been duly adopted at a meeting of the District Board which was called and held pursuant to law and with all public notice required by law and at which a quorum was present and acting throughout, and has not been amended, modified or rescinded;

(C) The District had full legal right, power and authority to adopt the Bond Resolution and has full legal right, power and authority to issue the Bonds and to enter into and carry out the transactions contemplated by the Bond Resolution, the Continuing Disclosure Certificate, the Official Statement and the Purchase Contract;

(D) The Continuing Disclosure Certificate, the Official Statement and the Purchase Contract have been duly authorized, executed and delivered by the District, and assuming due authorization, execution and delivery of the Purchase Contract by the other parties thereto, the Continuing Disclosure Certificate and the Purchase Contract constitute legally binding agreements of the District enforceable against the District in accordance with their respective terms (except as limited herein);

(E) The District has obtained all California governmental, legislative, administrative and judicial authorizations, approvals, consents and

orders that are required to be obtained in connection with the District's performance of its obligations under the Bonds, the Bond Resolution, the Continuing Disclosure Certificate and the Purchase Contract, unless the failure to obtain such authorizations, approvals, consents or orders would not have a material adverse effect on the due performance by the District of such obligations, provided that no opinion is rendered as to any approvals, consents and orders as may be required under Federal law or the Blue Sky laws or securities laws of any other state in connection with such performance;

(F) Except as disclosed in the Official Statement, the issuance of the Bonds, the adoption of the Bond Resolution and the execution and delivery of the Continuing Disclosure Certificate, the Official Statement and the Purchase Contract do not materially conflict or constitute a material breach or default under any California law, administrative regulation or other agreement to which the District is a party or to which it is bound;

(G) Except as described in the Official Statement, no litigation is pending or, to the best of my knowledge, threatened in any court (i) challenging the titles of the officials of the District signatory to the Bonds, the Continuing Disclosure Certificate, the Official Statement or the Purchase Contract to their respective offices; (ii) contesting or affecting the validity of the Bonds, the Bond Resolution, the Continuing Disclosure Certificate, the Official Statement or the Purchase Contract; (iii) in any way contesting the power of the District to issue the bonds, adopt the Bond Resolution or approve, execute and deliver the Continuing Disclosure Certificate, the Official Statement or the Purchase Contract; (iv) to restrain or enjoin the levy or collection of the tax contemplated by the Bond Resolution; or (v) asserting that the Official Statement contained or contains any untrue statement of a material fact or omitted or omits to state any material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; and

(H) The information contained in the Official Statement under the caption "LEGAL MATTERS - General" is true and correct in all material respects and, as of its date and as of the date hereof, the Official Statement did not and does not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided however, that no opinion is given as to any financial or statistical information contained therein.

This opinion is furnished to you solely for your benefit, and I am not assuming any professional responsibility to any other person whomsoever. This opinion is not to be used, circulated, quoted, or otherwise referred to for any other purpose, except that reference may be made to it in any list of closing documents pertaining to the issuance of the Bonds.

Sincerely,

Re: $136,860,000 Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B

Ladies and Gentlemen:

We have acted as special counsel to Grossmont Hospital Corporation, a California nonprofit public benefit corporation (the "Corporation"), in connection with the issuance by the Grossmont Healthcare District (the "District") of $136,860,000 aggregate principal amount of General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds").

Our opinion ("Opinion") is based on the general transaction structure described below. All capitalized terms not otherwise defined herein shall have the meanings given to them in the Purchase Contract dated February 23, 2011, among the San Diego County Health Facilities Financing Authority, the District and Goldman, Sachs & Co., as Underwriter, providing for the purchase and sale of the Bonds.

We assume that to the extent relevant to this Opinion the proceeds to be received from the sale of the Bonds will be used to finance the construction, expansion, improvement,

remodeling, renovation, furnishing, equipping or acquisition of certain health care facilities, which are owned by the District and leased to and operated by the Corporation pursuant to an Affiliation Agreement, dated May 29, 1991, and amended as of January 3, 2007, between the District and the Corporation.

For purposes of rendering this Opinion, we have reviewed only the documents provided to us in response to the due diligence request dated December 3, 2010 (the "Due Diligence Request"), the documents provided to us in response to our Information Requests (defined below) and the documents listed below:

(1) Articles of Incorporation certified by the California Secretary of State as of March 3, 2011, and bylaws of the Corporation certified by the Assistant Secretary of the Corporation as of March 4, 2011;

(2) Officers' Certificates (defined below);

(3) IRS determination letters regarding tax-exempt status for the Corporation dated February 6, 1991, and January 28, 2004;

(4) The Tax Status Updating Materials (as addressed further below);

(5) A Certificate of the Secretary of State, dated as of March 3, 2011, attesting to the continued corporate existence and good standing of the Corporation; and

(6) A Certificate of the California Franchise Tax Board, dated as of March 3, 2011, attesting to the good standing and California tax-exempt status of the Corporation.

As to questions of fact relevant to this Opinion, we have been furnished with and relied solely upon (i) certificates of public officials and (ii) certificates of certain officers of the Corporation (individually an "Officer's Certificate" and collectively "Officers' Certificates") and answers to questions and documents submitted to us in response to the Due Diligence Request and to our information requests to the Corporation (collectively, "Information Requests"), and limited follow up with officers of the Corporation where indicated based on the information received from such sources (collectively, the "Diligence"). We have not performed independent investigations of factual matters beyond our Diligence. We have assumed and have not verified the accuracy of the facts stated in any certificates of public officers or Officer's Certificate, answers to questions or the documents provided to us in response to our Information Requests. We have no reason to believe we have not been informed of facts relevant to the analyses we have performed to render the opinions below; however, we observe that the operations of the Corporation are diverse and complex, and there can be no assurance that all relevant facts have been revealed to us in the course of our Diligence.

Our opinion in paragraph 1 below as to the good standing of the Corporation is based solely upon certificates of public officials of the State of California.

Our opinions in paragraphs 2 and 3 below as to the tax-exempt status of the Corporation are based solely on our review of all of the following (the "Tax Status Updating Materials") and our opinion in Paragraph 2 below as to the non-private foundation status of the Corporation is based solely upon our review of items (i), (ii), (iii), and (vi) below without an analysis of any other facts or circumstances or other investigation:

(i) The current articles of incorporation of the Corporation as certified by the California Secretary of State and the current bylaws of the Corporation as provided to us by the Corporation;

(ii) Internal Revenue Service Publication 78 (online version, most recently updated as of January 14, 2011), Cumulative List of Organizations Described in Section 170(c) of the Internal Revenue Code of 1986, as amended (the "Code"), which identifies the Corporation as being an organization described in Section 501(c)(3) of the Code and not a "private foundation" as defined in Section 509(a) of the Code;

(iii) An Officer's Certificate from an officer of the Corporation stating that such Corporation has not been notified by the Internal Revenue Service of any pending or proposed investigation, or proposed or actual revocation, of its status as an organization described in Section 501(c)(3) of the Code or its status as a non-private foundation under Section 509(a) of the Code;

(iv) Factual information obtained from the Corporation in response to our Information Requests and from the Officer's Certificate referred to in (iii) above, review of material contracts entered into and furnished to us by the Corporation in response to the Due Diligence Request and Information Requests, and our discussions with various officers, employees, and agents of the Corporation;

(v) Analysis of the factual information referred to in (iii) and (iv) above based on the Code and related regulations, judicial and administrative rulings, and official policy statements of the Internal Revenue Service, where applicable (in connection with such analysis, we call to your attention the fact that there are certain transactions of the Corporation which are not directly addressed by such authorities); and

(vi) A review of the Internal Revenue Service Form 990 filed by or on behalf of the Corporation for its taxable year ending September 30, 2009.

Based upon the foregoing and subject to the qualifications set forth below, we are of the opinion that,

1. The Corporation is a nonprofit public benefit corporation duly incorporated and in good standing under the laws of the State of California.

2. The Corporation is an organization described in Section 501(c)(3) of the Code, is not a private foundation as described in Section 509(a) of the Code, and is exempt from federal income taxation under Section 501(a) of the Code, except for unrelated business income subject to taxation under Section 511 of the Code and any amounts deemed to be taxable by virtue of Section 527(f) of the Code.

3. The Corporation is a corporation organized and operated exclusively for charitable purposes (within the meaning of Section 501(a) of the Code), not for pecuniary profit, no part of the net earnings of which inures to the benefit of any private shareholder or individual, all within the meaning of Subsection 3(a)(4) of the Securities Act of 1933, as amended, and of Subsection 12(g)(2)(D) of the Securities Exchange Act of 1934, as amended.

The opinions set forth above are subject to the following additional qualifications:

No opinion is expressed as to laws of any jurisdiction other than the State of California and the United States of America which are in effect on the date hereof. We express no opinion concerning tax-exemption or nonprofit issues or status under any state or local laws or regulations.

The opinions expressed herein are based on the laws in effect on, and are expressed as of, the date of this letter. We assume no obligation to revise or supplement this letter should such laws be changed in any respect by legislative action, judicial decision or otherwise, and we provide no opinion concerning, and assume no obligation to advise you of, any circumstances, future events or developments or events or developments which may be brought to our attention following the date hereof and which may alter, affect or modify the opinions expressed herein. The opinions set forth in this letter are limited to matters expressly set forth herein, and we render no opinion which hereafter may be implied or may be inferred beyond the matters expressly so stated.

This opinion deals only with the specific legal issues it explicitly addresses. Accordingly, an express opinion concerning a particular legal issue does not address any other matters. An express opinion includes an implied opinion only if such implied opinion is both essential to the legal conclusion reached by the express opinion and, based upon prevailing norms and expectations among experienced lawyers in California, reasonable in the circumstances.

This opinion is furnished by us as special counsel to the Corporation and it may be relied upon only by the addressees, their counsel and Sidley Austin LLP, as Bond Counsel. This letter shall not be used, quoted, disseminated, circulated or relied upon by any other person or entity, for any purpose without our prior written consent, except that reference may be made to it in any list of closing documents pertaining to the issuance of the Bonds. It is understood that the opinions herein are provided solely by Hooper, Lundy & Bookman, P.C. and not by any of its shareholders or employees.

Very truly yours,

Hooper, Lundy & Bookman, P.C.

Grossmont Healthcare District
(San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B

Ladies and Gentlemen:

We have acted as special counsel to the San Diego County Health Facilities Financing Authority (the "Authority") in connection with the purchase and sale of $136,860,000 aggregate principal amount of Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds") pursuant to a Purchase Contract, dated February 23, 2011 (the "Purchase Contract"), among Goldman, Sachs & Co., Grossmont Healthcare District (the "District") and the Authority. In such connection, we have reviewed Resolution No. 12.17.10 (04) – 01, adopted by the Authority on December 17, 2010 (the "Resolution"), the Purchase Contract, certificates of the Authority and others as to certain factual matters, and such documents and matters to the extent we deemed necessary to render the opinions set forth herein.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings, and court decisions. Such opinions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the date hereof. With the delivery of this letter, our engagement with respect to the Bonds has concluded, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures presented to us (whether as originals or as copies) and the due and legal execution and delivery thereof by, and validity against, any parties other than the Authority. We have assumed, without undertaking to verify independently, the accuracy of the factual matters represented, warranted or certified in the documents referred to in the first paragraph hereof. Our engagement with respect to the Bonds as special counsel to the Authority was limited to the matters expressly covered by the opinions set out below. We express no opinion as to the validity or enforceability of the Bonds or as to the tax status of interest on the Bonds. We call attention to the fact that the rights and obligations under the Resolution and the Purchase Contract and their enforceability may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles and to the exercise of judicial discretion in appropriate cases. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, choice of venue, waiver or severability provisions contained in the Purchase

Contract. We also undertake no responsibility of any kind for the Official Statement, dated February 23, 2011, or other offering material relating to the Bonds.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Authority is a joint powers agency organized and existing under the laws of the State of California.

2. The Resolution was duly adopted at a meeting of the governing body of the Authority which was called and held pursuant to law and with all public notice required by law and at which a quorum was present and acting throughout. The Resolution is in full force and effect and has not been amended, modified or rescinded.

3. The Purchase Contract has been duly executed and delivered by the Authority and is a valid and binding agreement of the Authority.

This letter is furnished by us as special counsel to the Authority. No attorney-client relationship has existed or exists between our firm and the addressees hereof (other than the Authority) in connection with the Bonds or by virtue of this letter. This letter is solely for the benefit of the addressees hereof, and is not to be used, circulated, quoted or otherwise referred to or relied upon for any other purpose or by any person other than the addressees of this letter. This letter is not intended to, and may not, be relied upon by the owners of any Bonds or by any other party to whom it is not specifically addressed.

Re: $136,860,000
Grossmont Healthcare District
(San Diego County, California)
General Obligation Bonds, 2006 Election, 2011 Series B

Ladies and Gentlemen:

We have acted as counsel to you, as the Underwriter in connection with your purchase of $136,860,000 principal amount of General Obligation Bonds, 2006 Election, 2011 Series B (the *"Bonds"*), issued on this date by the Grossmont Healthcare District (the *"Issuer"*). The Bonds are being issued pursuant to a resolution adopted by the Board of Directors of the District on December 17, 2010 (the *"Bond Resolution"*). Capitalized terms used herein without definition shall have the meanings specified in the Bond Resolution and the Purchase Contract, dated February 23, 2011, among the Issuer, the San Diego County Health Facilities Financing Authority and Goldman, Sachs & Co., as Underwriter.

We have rendered legal advice and assistance to you as to the requirements of Rule 15c2-12 prescribed under the Securities Exchange Act of 1934, as amended (the *"Rule"*), in connection with your review, for purposes of the Rule, of the Continuing Disclosure Certificate, dated the date hereof (the *"Continuing Disclosure Agreement"*) of the Issuer. Based upon our examination of the Continuing Disclosure Agreement, the Rule and such other documents and matters of law as we have considered necessary, we are of the opinion that, under existing law, the Continuing Disclosure Agreement complies in all material respects with the applicable requirements of the Rule; *provided, however,* no view is expressed regarding the items to be included in the Annual Reports (as defined in the Continuing Disclosure Agreement).

Further, based upon our examination of such documents and questions of law as we have deemed relevant in connection with the offering and sale of the Bonds under the circumstances described in the Official Statement referred to below, we are of the opinion that, under existing law, the Bonds are not required to be registered under the Securities Act of 1933, as amended, and the Bond Resolution is not required to be qualified under the Trust Indenture Act of 1939, as amended.

In accordance with our understanding with you, we also have rendered legal advice and assistance to you in the course of your investigation with respect to, and your participation in the preparation of, the Preliminary Official Statement with respect to the Bonds dated January 10, 2011 (the *"Preliminary Official Statement"*), the Supplement to Preliminary Official Statement dated January 10, 2011 with respect to the Bonds dated February 16, 2011 (the *"Supplement"* and the Preliminary Official Statement, as supplemented by the Supplement, the *"Supplemented Preliminary Official Statement"*) and the final Official Statement with respect to the Bonds dated February 23, 2011 (the *"Official Statement"*) and certain other matters related to the subject financing. Rendering such assistance involved, among other things, discussions and inquiries concerning various legal and related subjects and a limited review of certain documents, opinions and certificates of officers of the Issuer, and other appropriate persons. We also participated in telephone conferences with your representatives and other persons involved in the preparation of information for the Supplemented Preliminary Official Statement and the Official Statement, during which the contents of the Supplemented Preliminary Official Statement and the Official Statement and related matters were discussed and revised. We note that, pursuant to the Rule, certain information was permitted to be excluded from the Supplemented Preliminary Official Statement (the *"Excluded Provisions"*), and therefore our views as to the Supplemented Preliminary Official Statement expressly exclude with your concurrence such provisions. The purpose of our professional engagement was not to establish or confirm factual matters set forth in the Supplemented Preliminary Official Statement or the Official Statement, and we have not undertaken any obligation to verify independently any of the factual matters set forth therein. Moreover, many of the determinations required to be made in the preparation of the Supplemented Preliminary Official Statement and the Official Statement involve matters of a non-legal nature.

While we are not passing upon, and do not assume responsibility for, the accuracy, completeness or fairness of the statements contained in the Supplemented Preliminary Official Statement, based upon our limited review of documents and participation in conferences as aforesaid, without independent verification, no facts have come to our attention which lead us to believe that the Supplemented Preliminary Official Statement (except for the Excluded Provisions), as of the date thereof and as of the date of the Purchase Contract, contained any untrue statement of a material fact or omitted to state a material fact necessary in order to make the statements made therein, in the light of the circumstances under with they were made, not misleading; provided that in making the foregoing statement (which shall not constitute an opinion), we are not expressing any view as to (i) the information relating to The Depository Trust Company and its book-entry only system, and (ii) the financial statements or other financial, operating, statistical, engineering, demographic or accounting data contained therein.

Furthermore, while we are not passing upon, and do not assume responsibility for, the accuracy, completeness or fairness of the statements contained in the Official Statement, based upon our limited review of documents and participation in conferences as aforesaid, without independent verification, no facts have come to our attention which lead us to believe that the

Official Statement, as of its date and the date hereof, contained as of its date or contains as of the date hereof any untrue statement of a material fact or omitted or omits to state a material fact required to be stated therein or necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading; provided that in making the foregoing statement (which shall not constitute an opinion), we are not expressing any view as to (i) the information relating to The Depository Trust Company and its book-entry only system, and (ii) the financial statements or other financial, operating, statistical, engineering, demographic or accounting data contained therein.

In further accordance with our understanding with the Underwriter, we express no opinion or belief with respect to the validity of the Bonds or the taxation thereof or of the interest thereon, and our expression of belief with respect to the Supplemented Preliminary Official Statement and the Official Statement assumes the validity of the Bonds and the status of the Bonds under the provisions of the Internal Revenue Code, all as set forth in the opinion of Sidley Austin LLP, bond counsel, dated the date hereof.

As to facts material to the views expressed herein, we have, with your consent, relied upon oral or written statements and representations of officers and other representatives of the Issuer and others, including the representations and warranties of the Issuer in the Purchase Contract. We have not independently verified such matters.

This letter is furnished by us as counsel to the Underwriter and is solely for the benefit of the Underwriter. This opinion is given as of the date hereof and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Re: Grossmont Healthcare District General Obligation Bonds
(San Diego County, California) 2006 Election, 2011 Series B

Ladies and Gentlemen:

I am a Vice President and Senior Counsel of Union Bank, N.A. (the "Paying Agent") and in that capacity have acted as counsel on the Paying Agent's behalf in its capacity as paying agent and bond registrar, in connection with the execution and delivery by the Paying Agent of that certain Paying Agent Agreement dated as of March 10, 2011 (the "Paying Agent Agreement") between the Grossmont Healthcare District (the "District") and the Paying Agent and relating to the above-captioned bonds (the "Bonds").

In that connection I have examined the following: (i) the Paying Agent Agreement; (ii) Articles of Association and Bylaws of the Paying Agent and resolutions of the Paying Agent with respect to signing authority; and (iii) such other records, documents, instruments and certificates of public officials and the Paying Agent, as I have deemed necessary for the purpose of rendering the opinions set forth herein.

In rendering this opinion, I have relied upon the facts and information obtained from the records of the Paying Agent, officers of the Paying Agent, and other sources believed by me to be reliable, and I have not undertaken to independently verify the accuracy of the factual matters represented, warranted, or certified in such documents. I have reviewed only copies of the documents, and I have assumed that such copies conform to the originals, which assumption I have not independently verified.

I have further assumed that each party to the Paying Agent Agreement, other than the Paying Agent, has the power to enter into and perform its obligations thereunder, has duly authorized, executed and delivered the Paying Agent Agreement and that the Paying Agent Agreement constitutes the legal, valid and binding obligation of each party thereto other than the Paying Agent.

Terms used herein which are defined in the Paying Agent Agreement shall have the respective meanings set forth therein unless otherwise defined herein. Based upon and subject to the foregoing, I am of the opinion that:

1. The Paying Agent is a national banking association, duly organized, validly existing and in good standing under the laws of the United States of America, having full power to enter into, accept and perform its duties under the Paying Agent Agreement; and

2. The Paying Agent has duly authorized, executed and delivered the Paying Agent Agreement and the Paying Agent Agreement constitutes the legal, valid and binding obligation of the Paying Agent enforceable in accordance with its terms, except as the enforcement thereof may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws or equitable principles relating to or limited by the rights of creditors generally.

I express no opinion at to any matter other than as expressly set forth above, and, in connection therewith, I specifically express no opinion as to the status of the Bonds or the interest with respect thereto under the Internal Revenue Code of 1986, as amended, and further express no opinion regarding any federal securities laws, including but not limited to the Securities Act of 1933, as amended, and the Trust Indenture Act of 1939, as amended, and any state securities or "Blue Sky" law, or any federal, state or local tax law.

This opinion is as of the date hereof, and I have undertaken no, and hereby disclaim any, obligation to advise you of any change in any matter set forth herein. Further, this opinion neither implies, nor should it be viewed to imply, an approval or recommendation of any investment in any of the Bonds.

I do not express my opinion as to the effect of any law other than the law of California and the federal laws of the United States of America on the matters referred to herein. This opinion is furnished by me solely for your benefit and may not, without my express written consent, be relied upon by any other person.

GROSSMONT HEALTHCARE DISTRICT
(San Diego County, California)
General Obligation Bonds
2006 Election, 2011 Series B

Ladies and Gentlemen:

We have acted as disclosure counsel to Grossmont Healthcare District (the "District") in connection with the preparation of its Official Statement related to the Grossmont Healthcare District (San Diego County, California) General Obligation Bonds, 2006 Election, 2011 Series B (the "Bonds"), in the aggregate principal amount of $136,860,000. The Bonds were sold to San Diego County Health Facilities Financing Authority (the "Authority") and simultaneously resold to Goldman, Sachs & Co. (the "Underwriter") and are being delivered on the date hereof to the Underwriter. The Official Statement, dated February 23, 2011, in the form prepared for use by the Underwriter in confirming sales of the Bonds, is hereinafter referred to as the "Official Statement." Capitalized terms not otherwise defined herein shall have the respective meanings set forth in the Official Statement.

The Bonds are issued under and pursuant to Section 1(b) of Article XIIIA of the State of California Constitution and Section 32300 *et seq.* of the State of California Health and Safety Code and pursuant to a resolution adopted by the Board of Directors of the District on December 17, 2010.

To assist us in our participation with others in the District's preparation of its Official Statement, we held discussions with, among others, representatives of the District, counsel to the District, G.L. Hicks Financial, LLC, as financial advisor to the District, representatives of the

Underwriter, counsel to the Underwriter, counsel to the Authority, representatives of Union Bank N.A. (the "Paying Agent"), representatives of Grossmont Hospital Corporation (the "Corporation") and counsel to the Corporation, and received from such parties various documents, written reports, financial statements and other material. The statements made and the information contained in portions of the Preliminary Official Statement, dated January 10, 2011 and supplemented February 16, 2011 (as so supplemented, the "Preliminary Official Statement"), and the Official Statement and, in particular, those under the captions "INTRODUCTORY STATEMENT—The District," "THE DISTRICT," and "LEGAL MATTERS—General" were on numerous occasions reviewed for their accuracy, completeness and materiality by responsible representatives of the District, and such representatives have certified or opined, as of the date hereof as to the accuracy and completeness of such portions of the Preliminary Official Statement and the Official Statement. As we do not serve as general counsel to the District and otherwise would not have any direct knowledge of such statements and information, we have relied upon such certifications and opinions of or information provided by such District representatives, without any independent investigation of such matters.

In addition, we have examined originals or copies, certified or otherwise identified to our satisfaction, of such other documents, legal opinions, instruments and records, and have made such investigation of law, as we have considered necessary or appropriate for the purpose of this opinion, and we have assumed, but have not independently verified, that the signatures on all documents, certificates and opinions that we have reviewed are genuine. In our examination, we have assumed, but have not independently verified, the legal capacity of all natural persons, the authenticity of all documents submitted to us as originals, the conformity to original documents of all documents submitted to us as certified or photostatic copies or by facsimile or other means of electronic transmission or which we obtained from sites on the internet, and the authenticity of the originals of such latter documents. As to facts and certain other matters and the consequences thereof relevant to the opinions expressed herein and the other statements made herein, we have relied without independent investigation or verification upon, and assumed the accuracy and completeness of, (a) certificates, letters (including opinion letters), and oral and written statements and representations of public officials, representatives of the District, counsel to the District, financial advisor to the District, representatives of the Underwriter, counsel to the Underwriter, counsel to the Authority, representatives of the Paying Agent, representatives of the Corporation, and counsel to the Corporation, and (b) the representations and warranties in the Purchase Contract.

In delivering this letter, we are not expressing any view on the validity or accuracy of documents, certificates or opinions that we have examined.

We have advised the District as to its responsibilities under and as to the application to its circumstances as represented to us of applicable laws, rules and other pronouncements of the Securities and Exchange Commission and the Municipal Securities Rulemaking Board, and judicial decisions, including particularly those relating to the materiality of factual disclosures in municipal and other securities offerings. We have considered the types of representations contained in offering documents distributed by other issuers, including states, localities and authorities, to the extent that we deem them relevant to the District. Because the primary purpose of our professional engagement was not to establish factual matters and because of the wholly or partially nonlegal character of many determinations involved in the preparation of the Preliminary Official Statement and the Official Statement, we do not pass upon and do not assume any responsibility for the accuracy, completeness or fairness of any of the statements contained in the Preliminary Official Statement or the Official Statement and make no representation that we have independently verified the accuracy, completeness or fairness of any of such statements.

We did not participate in the preparation of the portion to the Preliminary Official Statement and the Official Statement captioned "APPENDIX D – BOOK-ENTRY SYSTEM," and we express no view thereon, nor on any other reports, financial or statistical data, financial statements, numbers, estimates, assumptions, expressions of opinion or forecasts in or incorporated by reference in the Preliminary Official Statement and the Official Statement or any information concerning The Depository Trust Company or the book-entry system contained or incorporated by reference therein.

Based upon and subject to the foregoing and the qualifications respecting the scope and nature of our engagement, we advise you that, during the course of our representation of the District as disclosure counsel on this matter, no facts came to the attention of the attorneys in our firm rendering professional legal services in connection with such representation that has caused us to believe that the Preliminary Official Statement, as of February 16, 2011 and February 22, 2011, or Official Statement, as of its date or the date hereof (excluding, with your permission, portions identified in the preceding paragraph contained in the Preliminary Official Statement and the Official Statement, as to all of which, with your permission, we express no opinion or view), contained or contains any untrue statement of a material fact or omitted or omits to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading.

This letter refers only to the Bonds as delivered to the Underwriter, and no view is expressed as to any offering by the Underwriter or others of derivative instruments with investment characteristics not identical to those of the Bonds.

The opinions expressed and the statements made herein are expressed and made as of the time of closing of the sale of the Bonds to the Underwriter on the date hereof. Such opinions and statements may be adversely affected by actions taken or events occurring, including a change in law, regulation or ruling (or in the application or official interpretation of any law, regulation or ruling), after such time. We have not undertaken to determine, or to inform any person, whether such actions are taken or such events occur, and we have no obligation to update this letter in light of such actions or events or for any other reason. Our engagement with respect to this matter has terminated as of the date hereof.

This letter is being delivered to you solely for your benefit and may not be used, circulated, quoted, otherwise referred to for any other purpose, or relied upon by anyone else (including, but not limited to, any person who acquires any Bonds from the Underwriter) without our prior written consent, except that reference may be made to it in any list of closing documents pertaining to the issuance of the Bonds. No attorney-client relationship exists or has existed between our firm and the Underwriter in connection with the issuance and sale of the Bonds, and none is created by virtue of this opinion. This opinion is not intended to and may not be relied upon by owners of the Bonds or by any other party to whom it is not specifically addressed.

Respectfully submitted,

(To Blanket Issuer Letter of Representations)

SAMPLE OFFERING DOCUMENT LANGUAGE DESCRIBING BOOK-ENTRY-ONLY ISSUANCE

(Prepared by DTC—bracketed material may be applicable only to certain issues)

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for [each issue of] the Securities, [each] in the aggregate principal amount of such issue,and will be deposited with DTC. [If, however, the aggregate principal amount of [any] issue exceeds $500 million, one certificate will be issued with respect to each $500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.]

2. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation and Emerging Markets Clearing Corporation (NSCC, FICC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at **www.dtcc.com** and **www.dtc.org**.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner")is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity

of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. [Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.]

[**6.** Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.]

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

[**9.** A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to [Tender/Remarketing] Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to [Tender/Remarketing] Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to [Tender/Remarketing] Agent's DTC account.]

10. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

11. Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that Issuer believes to be reliable, but Issuer takes no responsibility for the accuracy thereof.
